GREAT DISCRIMINATION AGAINST ST. JOHN AND OTHER MARITIME PLACES SHOWN

Railway Commission is Given Striking Details by Hon. R. E. Finn.

Communities in the maritime provinces have been much discriminated against through the Crow's Nest Pass commodities rates. Speaking before the Railway Commission on Wednesday at Ottawa, Hon. R. E. Finn, K. C., appearing for these provinces, pointed to some examples as filed.

On agricultural implements shipped from Sussex, N. B., to Winnipeg there is a dicrimination against the former in favor of Montreal amounting to 8½ cents per 100 pounds.

On furniture by carload lots there is a discrimination against Windsor, Truro and Oxford, N. S., in favor of Montreal of 42 cents.

On cast iron pipe carload lots there is a discrimination against Windsor, Truro and Oxford, N. S., in favor of Montreal of 42 cents.

On cast iron pipe carload lots the discrimination against Halifax in favor of Montreal to Winnipeg is 15 cents per 100 pounds.

On building paper the discrimination against St. John, N. B., as compared with the rate from Montreal to Winnipeg, is 24½ cents.

On iron bands, galvanized sheets, nails, spikes, pipe fittings and connections the discrimination against St. John in favor of Montreal to Winnipeg is 34½c. per 100, and the same is true of shipments from New Glasgow and Sydney.

Bar iron. Sydney labors under the disadvantage of a discriminatory rate, as compared with Montreal, of 20 cents.

On carload shipments of glass St. John is discriminated against by 34½ cents as against shipments from Montreal to Winnipeg. On glass, ribbed and stained, etc., the discrimination is 17½ cents.

On paints, carloads shipped to Winnipeg the cities of Halifax and Dartmouth are discriminated against to the extent of 34½ cents as compared with Montreal, and there is a similar discrimination against St. John and Moncton on shipments of wire, iron or steel. On wire, brass or copper, the discrimination against these cities is 42 cents.

On cordage and twine shipments, Yarmouth in shipping to Winnipeg is discriminated against in favor of Montreal to the extent of 32 and 34½ cents per 100 lbs. On woodenware, St. John is discriminated against on shipments to Winnipeg 17½ cents as compared with the rate from Montreal.

September Brides

Sullivan-Wark.

A wedding of much interest to many friends in the city will be solemnized in St. Andrew's Presbyterian church this afternoon at 5 o'clock when Miss Dorothy Constance Wark, daughter of Mr. and Mrs. E. E. Wark, Spring street, will become the wife of Herman E. Sullivan, son of Mrs. Elizabeth and the late Herman Sullivan of Alexandra street. The bride, who will be given in marriage by her father, will be gowned in a becoming dress of sand flat crepe, with small French hat, and will carry a shower bouquet of Ophelia roses. She will be attended by Miss Hazel Peters as bridesmaid, who will wear a shrimp taffeta dress, with black Gage hat, and will carry sweet peas. Little Miss Dorothy Steele will be flower girl, in pale green organdy, with hat to match, and carrying a basket of sweetheart roses. The groom will be supported by his brother, Charles Sullivan.

Rev. J. S. Bonnell will officiate, and during the signing of the register Mrs. Thomas Guy will sing "Because." Mrs. Harold McKay will play the wedding music. The church has been tastefully decorated by girl friends of the bride.

The young couple were the recipients of numerous gifts, testifying to their popularity, including a chest of silver from the staff of G. E. Barmour Co., Ltd., where the bride and groom were employed. The groom's gift to the bride was a magnificent seal coat. Immediately after the ceremony they will leave on a short honeymoon trip, after which they will make their home in Gooderich street.

Cromwell-Niles.

At 4 o'clock this afternoon Miss Edna May Niles, daughter of Mrs. Isabel and the late Henry Niles, will become the bride of Frederick Albert Cromwell, a popular traveler of The S. Hayward Company. The wedding will take place at the home of the bride's mother, 302 Douglas Avenue, and the officiating clergyman will be Rev. Dr. David Hutchinson, pastor of Main street Baptist church. The home has been artistically decorated for the occasion with cut flowers and potted plants and presents an attractive appearance. The bride is to be given away by her brother, Allison A. Niles, and will be attired in a French beaded dress of platinum grey and will carry a bridal bouquet of Ophelia roses. She will be attended by her cousin, Miss Florence Akerley, as flower girl, who will be costumed in a dress of crepe de chene of flame shade and will carry an old-fashioned bouquet of sweetheart roses and forget-me-nots. At the conclusion of the ceremony there will be a buffet luncheon after which the bride and groom will leave on a honeymoon trip to Boston and New York. On their return they will reside in Douglas Avenue. The bride's going away costume will be a suit of navy tricotine with grey shoes and stockings and a French hat of blue with grey steel trimmings. The popularity of the young couple was attested by the large number of magnificent presents received. The groom's present to the flower girl was a white gold bracelet. A host of friends of the popular young couple will unite in wishing them every happiness.

Reiker—Merritt.

At the residence of the bride's parents, Mr. and Mrs. Melbourn Merritt, Kars, Kings county, on Sept. 17, Hattie Elsie Merritt was united in marriage to H. Bruce Reiker, son of Mr. and Mrs. Lemuel Reiker, of Hatfield's Point, Kings county, Rev. C. S. Young, of Norton, officiating. After the ceremony supper was served. Mr. and Mrs. Reiker will reside at Hatfield's Point.

Abbott—Hennessey.

A wedding of interest to St. John people took place in New York city on August 20, when Rev. Father Flynn united in marriage Miss Mary Margaret, daughter of Mr. and Mrs. J. Hennessey, 22 Celebration street, to Walter B. Abbott of New York City. A wedding luncheon was served at the Hotel Pennsylvania, after which Mr. and Mrs. Abbott left by automobile on a business and pleasure trip to the Pacific coast.

The bride is a graduate of the City Hospital, Worcester, Mass., and has been very popular in her profession both here and in the U. S. A. Previous to her marriage she was operating supervisor at the New Rochelle Hospital, New York.

JUVENILES WARNED.

Three juveniles who were taken into custody on Thursday for failing to give a satisfactory account of themselves and had been remanded to jail, were again brought into court this morning and allowed to go by Stipendiary Magistrate Henneberry after a warning about their future conduct.

GOOD PASSENGER LIST.

The Eastern Steamship liner Governor Dingley arrived in port this morning about 11 o'clock from Boston via Eastport and Lubec with approximately 175 passengers and 70 tons of general cargo. She will return to Boston this evening by the direct route and will take away a capacity passenger list.

TRIED TO OPEN SAFE.

The Swift Canadian Co., Ltd. premises in City road were broken into last night and although nothing of value was taken there was evidence that the safe had been tampered with. An entry was made by means of a window in the rear of the building.

TRAFFIC CASE.

James Belyea was today reported for neglecting to stop his automobile at the intersection of King and Prince William streets on September 18 when ordered to do so by Traffic Policeman Young. He pleaded not guilty and the policeman told of the circumstances. The defendant then swore that he had misinterpreted the signal. A fine of $10 was struck and allowed to stand.

HURT IN FACTORY.

W. J. Hawkins, engineer at the Connors Bros. Ltd., factory at Black's Harbor, was injured on Thursday in the factory. He is reported from Black's Harbor this morning to be considerably improved. It is expected he will be able to return to work in a few days. His clothing was caught in a shaft, causing the accident. Dr. H. I. Taylor attended him. Mr. Hawkins is known in St. John, being an ordained Baptist minister. Early reports about the accident were that he was badly injured but these were today declared incorrect.

LANDMARK OF LORNEVILLE BURNS

Heavy Loss in Fire Which Takes House and Outbuildings.

One of the oldest landmarks in Lorneville was removed last evening when fire totally destroyed the handsome building, formerly known as the McGuire estate and recently purchased by William Dean, of this city. The building, which was a two-storey structure, had been renovated and painted this year and had been used as a summer residence. In addition to main building two outbuildings, the dairy and wood house, were both burned. The loss is estimated at more than $2,000 with only approximately $300 insurance.

The blaze was first noticed about 11.30 o'clock by Mr. Driscoll and it was breaking through the roof at that time. The flames had secured a firm grip and, in spite of the hurried arrival of neighbors, nothing could be rescued from the building. The building burned right to the ground and it was more than three hours before the people could leave the scene. The efforts of the fire-fighters confined the blaze to these buildings and a few adjoining fences.

The house was deserted at the time the fire was discovered but two persons had been in the building during the afternoon, cleaning it up in readiness for a hunting party who were expected to occupy it early next month. The only explanation of the fire that the owner can give is that it caught from the flue as there was a fire on in the range during the after noon.

The building was well known to all visitors to Lorneville and, in spite of the fact it was one of the oldest in that village, it was remarkably well preserved. Since Mr. Dean purchased it considerable repairs had been made. The house had a concrete cellar and foundation and also steel ceilings. The loss is a very heavy one.

LETTER FROM POWER CO.

To the Editor of Times-Star.

Sir,—Since our appointment to the board of directors of the New Brunswick Power Company, with the understanding that we would be free to conduct the affairs of this company along fair lines, we have several times been amazed at the treatment this company has received from the City Hydro Commission.

Requests that the company be given such treatment as business ethics demand, have been of no avail. This week the City Hydro Commission cut the company's wires, removed the company's transformers from the poles of the company, and left them lying on the ground, without advice to or permission from the company.

It is with keen regret that we have felt obliged to appeal to the courts to protect the company and its property against the actions of a department of our own city, but as this department seems to be lacking in its knowledge of what ordinary fair treatment and decency demand, there seems to be no other course for us to pursue, much as we regret having to do so.

Yours truly,
THE DIRECTORS OF NEW BRUNSWICK POWER CO.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

IMPERIAL THEATRE MONDAY PROGRAM

After the splendid week of attractions just finishing at the Imperial it is interesting to note how the big house is going to maintain the pace next week. To begin with, the film feature will be the delicious comedy-tangle, "The Marriage Circle," conceded to be the finest picture play of the domestic type ever filmed. The stellar players are Monte Blue, as a fashionable, home-loving physician; Adolphe Menjou, a husband suspicious of his wife's affections; Florence Vidor, the physician's wife, sweet, loving and innocently the victim of a persistent admirer, and Marie Prevost, erstwhile bathing beauty, now elevated into big production stardom. She is the daring wife. All these folks are bosom friends, but they get terribly mixed up. The picture goes to show just how these tangles start, what causes them, who is to blame and how they should end. It is really a lesson, a mode of procedure for impressionable married folks. The Canadian Club convention movies will also be shown Monday.

THREE GIFTS TO REV. ROY M'DONALD

Presentations Made on Eve of Departure for Rome to Study.

Rev. Roy McDonald, who is to leave on Monday for Rome to take a two years' post graduate course in theology leading to the degree of Doctor of Divinity was the recipient of two addresses and also two purses of gold last evening. The presentations took place in the St. Vincent de Paul rooms, Waterloo street. The members of the Holy Name Society of the Cathedral parish, of which he was chaplain, and of Division No. 1, A. O. H., of which he was also chaplain, arranged the affair in Rev. Father McDonald's honor.

L. J. McDonald, president of the Holy Name Society, presided, and after a few preliminary remarks read an address to Father McDonald in which was expressed the sincere regret of the society at his departure from the city. With their regret was intermingled a spirit of congratulation to Father McDonald for having been chosen by His Lordship, the Bishop, for further studies in Rome. Of his success they were assured, but their good wishes went with him also.

The address was signed by the officers of the society, L. J. McDonald, W. L. Walsh, George McDermott and John Coughlan.

The presentation of the purse of gold was then made by Mr. McDonald.

John Stanton, president of Division No. 1, A. O. H., read an address from that body to Father McDonald, in which much the same sentiments were expressed as in the address of the Holy Name Society. He also made a presentation of a purse of gold to Father McDonald.

The address was signed by William Stack, secretary of the division, and James McCarthy, on behalf of the members.

Makes Reply.

Father McDonald, in replying to both addresses, thanked his friends for their kindness and good wishes. He regretted leaving St. John, but realized that the studies he was about to undertake would better fit him on his return for greater work for the glory of God. He promised the members of the societies that he would remember them while in Rome, and in concluding gave them his blessing while they all knelt.

Father McDonald with Father Milligan and Father LeBlanc, leave for New York in the course of the next few days, and will sail from there for Rome about the end of September.

Another presentation to Father McDonald was made during the week. It was made during the week. It was by the Ladies' Auxiliary of No. 1 Division of the A. O. H. The address in this case was read and the presentation made by Miss Mary O'Brien.

Leaves Monday Evening.

Father McDonald will leave St. John on Monday evening for New York. He will be joined by Father Milligan at McAdam junction and Father Le Blanc will meet them in the U. S, he having gone to visit friends there. All three young priests will sail from New York on the steamship Majestic. They are followed by the good wishes of many friends in the city and province.

IN 7 MONTHS 87 KILLED IN N. B.

Safety League Compiles Grim Record—Drownings Number 37.

The Maritimes Safety League has compiled an estimate of the accidents which resulted in death or serious injury in New Brunswick during the last seven months. Of 87 deaths due to various preventable causes, drowning leads by a large margin. Thirty-seven lives were sacrificed, many of which could have been saved by proper instruction and preventative measures at various beaches and rivers of New Brunswick. The average age of the victims of drowning accidents range from 14 to 24 years.

Automobile accidents, while accounting for seven fatalities, resulted in no fewer than 75 cases of serious but non-fatal injuries. The property loss from this cause was enormous.

Burns also caused seven fatalities. The vast majority of deaths throughout Canada due to this cause affected children of ten years and under.

The necessity for the continuance of the excellent work already accomplished by the Maritimes Safety League in N. B. is stressed in view of this summary.

Three times more serious accidents occur in the streets and in the homes as compared to those which occur in industries. About one-third of all public accidents involves the loss of life or serious injury of school children.

Accidents which resulted in deaths or serious injuries in the Province of New Brunswick during the last seven months were:—

	Fatal	Non-fatal
Railway accidents	3	7
Falls	5	24
Street car	..	1
Fractures	1	21
Lumbering	2	7
Burns	7	6
Machinery	..	7
