Y. W. C. A. "AT HOME."

A very delightful "at home" was given by the board of managers of the Y. W. C. A. to contributors and friends on Thursday evening. The library, with its cosy grate fire, made a very pleasant reception room, where the guests gladly lingered to chat over association work with the workers, an interesting topic of conversation being the desired new building for women's work in the city. The lecture room, tastily decorated with red roses, pink carnations and palms, was turned into a tea room, where dainty refreshments were served. Misses Morphy, Fraser and Gunn provided music during the afternoon, and altogether a very bright, social time was enjoyed.

The bride and bridesmaid were gowned in white cashmere, trimmed with silk and buckles, while the bride wore the veil and orange blossoms, carrying a bouquet of choice carnations. Mrs. Gilroy, 353 Johnston street, Kingston, says: "My little boy, aged 3, has been subject to croup during the winter seasons since his birth. We have had doctors' medicine and all other croup remedies for him, but nothing ever gave him such quick relief as Griffith's Menthol Liniment; it always seems to touch the spot at once. I have always found it superior to any other remedy for Croup and Colds. I believe a bottle should be kept in every home where there are children." Anderson & Nelles, druggists, 25 and 75 cents.

ROBERTS' SUCCESS

In Handling Civic Problems at Bloemfontein

For the Moment Eclipses Interest in the Military Situation—British Welcomed at Aliwal North.

London, March 16.—Lord Roberts' success in handling the civil problems at Bloemfontein, and the manifest equanimity with which the residents of the capital of the Orange Free State accept the British occupation, momentarily eclipse in interest the military situation. Great Britain is quite content to listen for a few days to the acclamations of the people of Bloemfontein, and permit the troops to enjoy a few days' rest before expecting further success. Lord Roberts made a quaint speech to the Guards at Bloemfontein today, when in his first congratulatory words he expressed pride in their splendid march of 28 miles in 28 hours, and gave ample assurance of his ultimate design. "Through a small mistake," said Lord Roberts, "I have not been able to march into Bloemfontein at the head of the brigade, as I intended. I promise you, however, that I WILL LEAD YOU INTO PRETORIA."

Gen. Gatacre is holding Bethulie and the whole line of railroad south of Bloemfontein is now in the hands of the British. Gen. Brabant's column having crossed the Orange River, after a forced march, at Aliwal North, on Sunday, and Gen. Clements' column being across at Vanzyl, the three columns will form an army of 12,000 to 15,000, which is expected to replace the forces of Lord Roberts at Bloemfontein as he pushes northward.

MAFEKING.

Further news has reached the outside world from Mafeking, dated Friday, March 9, showing that though the garrison was in hard straits, they were buoyed up by the knowledge that their plucky fighting was appreciated at home.

TROOPS WELCOMED IN ALIWAL NORTH.

There was much enthusiasm at Aliwal North when Gen. Brabant's troops occupied that place. Commandant Olivier, the Boer commander, apologized for the action of the Boers during the last days of the occupation, saying he could not control his men. The British are now entrenched on the Free State side of the Orange River, with the Boers holding an advantageous hill in front of them. Gen. Brabant is greatly hampered owing to the lack of artillery, having only two 15-pounders.

LOSSES AT DREIFONTEIN.

It was officially announced today that the British casualties at Dreifontein on March 10 were 62 men killed and 321 wounded, including one Canadian wounded.

MADE WOUNDED BOERS HAPPY.

London, March 16.—Gen. Roberts reports that he found seven British officers and 43 men wounded in the hospital at Bloemfontein, and that they had been well cared for. He adds: "I rejoiced the wounded Boers by telling them they would be allowed to proceed to their homes instead of being made prisoners, as soon as they can leave the hospital."

London and Western Trusts Company.

The London and Western Trusts Company's usefulness and reliability is gradually gaining wider recognition. In another column will be found an extended report of the last annual meeting of the company, which shows continued prosperity. It has been the policy of the management from the start to build upon a sure foundation, and "steady progress" has attended the pursuance of this policy. In the handling of estates the advantages of this company over private executorship are patent. As the president points out, safety is insured by the capital stock, and the trusts have full benefit of the constant attention and experience of the managing board of a company whose sole business it is to care for estates. The amount of the year's expenses, as shown in the financial statement, is eloquent evidence of economy, and there could be no better proof of the care exercised by the management than the fact that although a 6 per cent dividend was earned, only a 4 per cent dividend was paid to the shareholders, the balance being placed to the credit of profit and loss account.

St. Patrick's Day In the Morning

Will Be Celebrated in a Unique Way By Many Londoners.

Many people deeply admire the beautiful, and when to extra beauty is added the charm of reduced prices, their admiration can only be appeased by possession. That is the reason there will be a rush to the fine flower store of Gammage & Sons, Dundas and Clarence streets, tomorrow, in the desire to possess one of those dollar boxes of lovely cut flowers for 50 cents; a dozen dainty sweet violets for a dime, or a pot of brilliant and fragrant tulips or hyacinths for another dime. Besides these special bargains the general stock of flowers and plants is very tempting, and will do much to brighten the home these dull days. **

Terrible Suffering From Asthma.

Mrs. J. Wethom, of Mount Forest, Ont., says: "For a number of years I have been a sufferer from asthma, and during that time I have consulted many doctors on my case, and have used many of the so-called cures for Asthma, but never got relief. At times I have been so bad that I found it necessary to have all the doors and windows open to get my breath. I had given up in despair of ever being cured till I heard of your preparation—Catarrhozone. I have used it and am now perfectly cured—thanks to your wonderful medicine. I recommend it as a positively sure cure for Asthma." Catarrh-o-zone is a guaranteed cure for Catarrh, Asthma and Bronchitis. Sold by all druggists. Trial outfit sent for 10c in stamps by N. C. POLSON & CO., Kingston, Ont., Proprietors.

WEAKNESS OF HOSPITALS

Said To Be Incapable of Curing One of the Most Deadly Diseases of the Age.

Montreal, March 12.—Mr. Wm. Brownley tells an alarming story of utter failure of the hospitals to cure him of Bright's Disease. He was treated in the best hospitals both in Canada and the United States. They gave him up as incurable. Medical science had failed; the hospitals were powerless to help him. Nevertheless Mr. Brownley is cured. Dodd's Kidney pills cured him, and he is a well man today.

Says Mr. Brownley himself: "I have been subject to Bright's Disease of the Kidneys for many years. I have been in all the best hospitals in Canada and the United States. I could get no relief. I have just finished eleven doses of Dodd's Kidney Pills, and am completely cured. I am a locomotive engineer, and well-known, so many can vouch for this statement."
