Judge Koon, of Minneapolis Recently Said:

"Making money and successfully caring for it are two things rarely combined in the same individual. Business men, after having acquired a competency, meet with reverses, lose the fortune acquired, and are often objects of public charity. The prudent business man guards his declining years by some form of life assurance."

WILL RUN FOR MAYOR

Mr. W. H. Bartram Enters the Field.

He Outlines His Policy—Favors Municipal Control of Corporation Franchises.

An Advertiser reporter called on Mr. Bartram to inquire as to the report of his being a candidate for the mayoralty, and his views on the situation. Mr. Bartram, in reply, said that the report was true. "I propose," said he, "to give the citizens of London an opportunity of placing the city of London on an Anglo-Saxon footing, as an object lesson to the cities of Canada and the United States, which will involve the taking of immediate and absolute control of the street railway and all other corporation franchises, as of inalienable constitutional right, so as to produce a revenue to this city; the reorganization of the law and engineering departments of the city service, so as to abolish ward-grabbing, and illegal and useless expenditure. There is a wide field for reorganization, but I have indicated enough for the present. I don't propose to elect myself, but simply to give the ratepayers the opportunity of electing a mayor and council who will abandon the Latin system in local government and prevent the corporation from becoming bankrupt and owned by its creditors.

"When the other candidates are announced, and the campaign opens, I shall take every opportunity of placing my views and the reasons for them before the citizens."

The reporter suggested that Mr. Bartram was about to undertake a big contract, to which he replied: "Oh, no; it will not be my contract, but that of the citizens. My role is only to indicate how to make the contract, and the means to carry it out."

LOCAL LABOR NEWS

Proposed Union of Tin and Sheet Metal Workers.

Mr. John Kennedy, one of the international vice-presidents of the Amalgamated Association of Tin and Sheet Metal Workers, addressed a meeting of the craft last evening in Labor Hall, with a view of establishing a local union of the organization in London. Several other speakers also addressed the meeting, and a committee was appointed to act in unison with the organization committee of the Trades and Labor Council to take the necessary steps to procure a charter and institute a union.

The Polishers', Buffers', Platers' and Brass Molders' Union held a very successful open meeting last evening. A number of addresses were delivered, all urging upon the unorganized the necessity of becoming identified with the union. At the close of the meeting a number present signed the application of membership. This union is making great progress, having enrolled 21 new members this month.

Nearly 200 new members have joined the ranks of the local trades unions during the last month, and an unprecedented boom is reported all along the line.

WORKMANSHIP WAS FIRST CLASS

An Expert's Opinion of the Plastering at the Hospital.

Walls To Be Painted—The Building Committee Already Have Uses for Some of the County's $15,000.

The hospital building committee met last evening to receive a report from Mr. F. A. Vanbrook, of the Royal Cement Company, St. Louis, Mo., on the plastering done at the new hospital by Contractors Pritchett & Murray Bros. Other matters came up and a long session was held.

Mr. Vanbrook said the work done at the Victoria Hospital was as good as he had ever seen. It was first-class in every respect, and much above the average. The streaks which the committee complained of were not the fault of poor workmanship. A finish of even color could not be expected, and it was intended that the walls be either painted or papered. The architect will report on a silica finish.

Accounts from Architects Matthews, Craddock and Bodley, for $700 each, on account of plans prepared for the new hospital, were again considered. Ald. Wilkey moved to file them. The mayor said they had been of assistance to the committee, and his motion that, while denying any liability, the city give each $50, without prejudice, was adopted.

The new contagious ward will be ready for the removal of the patients from the old ward in two or three weeks.

Tenders for the hospital elevators will be received up to Monday, Nov. 28th.

With the $15,000 from the county council now practically assured, the committee decided to recommend that marble be put in in connection with the plumbing, and that Smith Bros.' tender be accepted. They recommended also that the tile floor be put in, as desired by the doctors.

The members present were: Ald. Carrothers (chairman), Jolly, Hunt, Wilkey, McPhillips, the mayor, Architect McBride, Clerk of the Works Dodd, and Secretary Bell.

ENFORCING ALIEN LABOR LAW.

Toronto, Nov. 19.—The Dominion Government is instituting proceedings against two Buffalo contractors under the Alien Labor Law. The alleged violation occurred in connection with the erection of a sand-hopper in Welland county. The government is suing for $1,000. Yesterday Mr. F. E. Hodgins moved before the master in chambers for the examination of the defendants at Welland. Judgment was reserved.

LIFE SAVED.—Mr. James Bryson Cameron writes: "I was confined to my bed with inflammation of the lungs and was given up by physicians. A neighbor advised me to try Dr. Thomas' Eclectric Oil, stating that his wife had used it for a throat trouble with the best results. Acting on this advice, I procured the medicine, and less than half a bottle cured me; I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any remedy to do me good.

McLeod's annual sale of dairy cows, etc., is announced to take place next Wednesday, Nov. 23, on con. 5, lot 7, at 1 o'clock p.m. sharp. b
