AROUND TOWN.

—Mr. John Bell is seriously ill.

—Mr. S. J. King, Post Office Inspector, was in town yesterday.

—Dr. H. S. Trueman has been seriously ill of inflamation of the bowels, but is recovering.

—Mr. Chamberlain, representing the book firm of D. C. Heath & Co., was in town last week.

—Housekeepers wishing choice plums and pears for preserving would do well to leave their orders early with H. E. Bowser.

—Mr. Cogswell has a fine specimen of the Lilium Auratum, or Gold-banded lily of Japan, in bloom in his office window.

—Even persistent wet weather is not without its compensation. There have been very few complaints of dust during the last month.

—Mr. Cogswell's grass sale was postponed last Saturday on account of the rain, but was held on Monday, when very good prices were realized.

—There was a remarkably heavy rainstorm last Saturday, but since that time the weather has been fine and a large quantity of hay has been secured.

—Rev. George F. Dawson, A. B., a Mount Allison graduate of the class of '88, has joined the noble army of Benedicts—his bride being a daughter of Rev. S. F. Huestis.

—Rev. Dr. Pickard, who is a member of the General Misssonary Board of the Methodist church, started for Winnipeg last Monday night to attend the annual meeting, which opens in that city on the 10th inst.

—The annual meeting of the Westmorland Co. Teachers' Institute will be held at Dorchester on the 27th and 28th inst. Prizes will be awarded for the best work in arithmetic, book-keeping, letter writing, drawing (pencil or ink), and map drawing.

—The Prize List for the Annual Fall Show of the Sackville and Westmorland Agricultural Society has been issued. The Society make a new departure this year by offering $24 in prizes for work done in the public schools. The Secretary informs us that there is an error in the list of prizes in Class 10. The prizes in that class (Polled Angus) should be the same as in classes 8 and 9 (Shorthorn and Ayrshire).

—A very interesting ceremony took place at the residence of the Rev. D. C. Lawson, Westmorland Point, on Wednesday morning, 5th Sept., inst., when his youngest daughter, Mary A. was joined in matrimony to T. A. Kinnear, Esq., of Sackville, Barrister-at-law. The father of the bride, assisted by Rev. W. B. Wiggins, of Moncton, performed the ceremony. The bride looked charming as all brides do. She was dressed in pure white, and carried a handsome bouquet. The bride was given away by her brother, B. J. Lawson, and was attended by her little niece, Mabel Carter, and by Miss Ellen Carter, while the groom was ably supported by G. A. Hetherington, M. D., of St. John. After the ceremony the guests, numbering about 30, sat down to a bounteous repast prepared by the bride's mother, after which the happy couple left by the noon train for St. John, Boston, New York, and an extended trip through the Eastern States, returning by Niagara and Montreal, accompanied by the best wishes of their friends. The handsome presents betoken the high esteem in which the bride is held by her numerous friends. Among the number was a handsome gold watch and chain—the gift of the groom, and a solid brass work 5 o'clock tea table and accompaniments, from the groomsman.

LOCAL MATTERS.

SACKVILLE RIFLE CLUB.—The regular monthly competition of the Rifle Club will be held on Saturday, 15th inst., commencing at 1 o'clock, sharp.

ALBERT ELECTION.—The *Observer* says that Dr. Lewis and Judge Steadman are now squarely in the field. Peter Duffy, of Hillsboro, also announces his intention to offer his services and expects to visit the lower part of the county next week. Nomination day, September 21st.

FIRE.—The house of Mr. Stewart Richardson, Midgic, and an adjoining outbuilding, were destroyed by fire last Thursday afternoon. Mr. Richardson was from home at the time, but his neighbors succeeded in saving the furniture on the lower floor. The loss, which is quite heavy, is partially covered by insurance.

BAIE VERTE S. S. PICNIC.—The annual picnic of the Baie Verte Sabbath School was held last Friday on the grounds of Mr. Jacob Silliker, Fort Monckton, and passed off very pleasantly. The teachers and scholars presented Superintendent A. C. A. Wells with a valuable cap, accompanied by an address, to which Mr. Wells, although taken entirely by surprise, returned a suitable reply.

HONORS ARE EASY.—The Kentville *Chronicle* of a late date has the following:—

"POSTED.—The 'New Star' speaks of the well known M. P. for Northumberland as 'Isaiah' Wood."

Both papers have reference to the member for Westmorland, and the moral seems to be that it is easy to make a mistake.

PROMENADE CONCERT.—A promenade concert, under the auspices of the Y. M. C. A. of Point de Bute, will be held on the grounds of Mr. J. A. McQueen on the evening of the 18th inst. The ladies of Point de Bute and vicinity may safely be trusted to provide an abundance of good things for the entertainment of visitors, and all who attend may expect to have a good time.

EASTERN MAINE STATE FAIR.—Mr. Bliss Anderson took to the Bangor Fair last week a four-year old mare and foal, the latter being sired by Lord Clyde, and a yearling mare sired by the same. Both mares took first prize in their respective classes. Lord Clyde was also exhibited and took first prize. He is the best bred Clydesdale in New Brunswick and one of the best in the Dominion.

GILT-EDGE BUTTER.—Mr. F. A. Dixon is turning his attention to the manufacture of a superior quality of butter, in the hope of obtaining something more than current market rates. His dairying is conducted on the latest scientific principles, and he has introduced a butter worker, a new style of mould for stamping and an ice box especially designed for marketing butter. The result has been entirely satisfactory, and Mr. Dixon proposes to enlarge his herd by the addition of several pure bred Jerseys.

THE STOCK IMPORTATION.—The stock recently bought in the old world by Hon. Mr. McLellan have arrived in Fredericton. The importation consists of one shire stallion and four mares; two Percheron mares; one Clyde stallion and 14 mares—all two years old, with the exception of one mare, three years old; seven Leicester rams; 15 Shropshire Down ewes, and 65 Shropshire Down rams. All the stock is in prime condition, and is considered an exceptionally fine lot. Dr. McEachern, the well known veterinary surgeon, pronounced the mares a superior lot. He also said the sheep were choice. One sheep was lost on the way out from Liverpool, and one of the mares was sick when landed at Quebec. She is now in charge of a veterinary surgeon here. Three Berkshire pigs were also brought out.—*Globe.*

Amherst.

—County Court opens at Pugwash next Tuesday, Judge Morse presiding.

—The Church of England Sunday School picnic took place to-day, Wednesday, at old Fort Cumberland.

—W. T. Pipes has purchased Judge Townshend's Amherst residence for $6000. He will take possession next month.

—Word has reached Amherst, that the contract for the construction of the Chignecto Marine Railway has actually been signed. That the report may be true is the wish of our citizens.

—Tenders are out for the building of the new Roman Catholic Church here, but the contract has not yet been awarded. The building is to be wooden, and be erected on the site of the old church, on Church Street.

—As predicted in my last "budget" the Amherst Band gave a good account of themselves at the Spring Hill tournament, carrying off the first prize of $100. This they kindly divided with the defeated Lunenburgers to assist in defraying their expenses.

—With the construction of the Railway and the introduction of a large class of new people in our midst, the idea of incorcorating our town is being again talked of. But as large bodies move slowly, it is not unlikely that some time will elapse before the project is carried into operation.

—The Cumberland stock raising Company's Percheron horse "Gold Spray" took first prize at the Bangor Fair. The horses of Messrs. J. E. Page & Sons and Frank Black, were also awarded prizes. It is the intention of the owners to take their horses to the Lewiston Fair which opens next week.

—Messrs. Rhodes, Curry & Co.'s men, in putting in one of the large plate glass windows in Dunlap, Fowler & Co.'s tailoring establishment, let it fall and break. This is quite a loss as the windows are the largest in Amherst, if not in the Province, and it was so badly broken that the window is of no use whatever.

—Mr. and Mrs. Mack and Miss Mack arrived home last Friday.

Moncton.

—We are just now being surfeited with amateur things of all kinds, including the "base ball fiend."

—Stone masons, carpenters, brick layers, mechanics and laborers of all kinds find plenty of employment.

—The city scavengers, under the Board of Health are making it expensive for those who "revel" in dirt.

—$10,000 worth of additional brick and pipes sewers are being laid in the newer portions of the city.

—Everything is "booming," over one hundred new buildings have been erected this summer, all good, and many of a superior class.

—There is an opening here on the night "police" force, as the last "sample" from King's Co., lacks one essential, viz.: common sense.

—Real estate is stiff and stiffening. Judge Botsford has realized over $13,000 cash for the front of his square and still owns the greater part of the land.

—We have three banks, all doing a profitable business in addition to the curbstone "brokers," who cater to the wants of the clerks in the service of the Intercolonial.

—The Moncton sugar mill has just declared a dividend of six per cent on preferential and six per cent on ordinary stock. As a consequence, holders of stock are elated and don't want to sell.

—The Indian contingent of the Salvation Army packed the Opera House at 10 cents admission and drew the pennies from the "brownies" when they recited the tale of the 250 millions in ignorance and darkness of spiritual life. It was unnecessary to go so far, they are right here.

—The Moncton Gas Light & Water Co'y. will get the contract for supplying the city with fifty hydrants and thirty electric lights. No parties have tendered, it will be a private contract, and the City Council are disposed to treat the company generously. The city wants better water and more light for which they are willing to pay.

Dorchester.

—Sheriff Phillips, of Restigouche Co., was in Dorchester on Friday last.

—All visitors to the Dorchester penitentiary are now requested to ante up twenty-five cents.

—Sackville sent a driving party of about a score to Dorchester last Thursday. The visitors were shown through the penitentiary, and afterwards took tea at the Dorchester Hotel, returning home in the evening.

—Dorchester intends glorifying herself in a base ball nine of the first water. A match is to be played on Thursday, with Memramcook, on their own ground. Excitement runs high, though all are confident.

—The telephone connection between Sackville and Memramcook has been completed, and on the 30th ult. the first message passed between the two places. The line now runs from Sackville to Calhoun's Mills, and will probably be taken to Moncton before long.

—On Saturday of last week, a convict named Beat had the misfortune to run his hand against a circular saw in the pail factory. The saw passed up between the fingers, cutting into the hand for over an inch. Dr. Church assisted Dr. Mitchell to dress the wound.

—Dorchester has had a large number of more than ordinarily good entertainments this summer, and all in aid of some laudable object. The friends of the "Weeping Willows" gave one Tuesday evening, which was a credit to those taking part. The songs, recitations, tableaux, farces, &c., making up the programme, were splendidly given and highly appreciated by an audience that nearly filled Robb's Hall. The proceeds are to go towards supplying implements of war, wherewith the "Willows" will overcome all opponents in the base ball line.

—The Imperial and Dominion governments purpose taking joint action with a view of strengthening the coast defences of British Columbia. The war ship Caroline, now on Pacific coast, has been ordered to harbor off San Juan, to make a survey, with a view of fortifying the place. Mr. Smith, Deputy Minister of Marine, has gone to British Columbia to report upon the cost of making a harbor of refuge for war vessels at San Juan, which point, if properly fortified, will, it is claimed, command the entrance to the Puget Sound and straits of Fuca.

—A. Robb & Sons sent out of their siding, one day last week, two Hercules Engines, with Monarch Boiler and smokestack complete, both going to Kings Co., N. B., and also one of their Shingle Machines to Newfoundland. This makes four Shingle Machines this firm have shipped within a month or two.

The first shipment of salmon from the Skeena river was sent forward over the C. P. R. the other day. It comprised 340,000 cans and required a special train of fifteen cars.

GENERAL NEWS.

—A Jacksonville despatch of the 3rd inst. says: 37 cases of yellow fever were reported to the Board of of Health to-day; two deaths. Total number of cases to date 295, total deaths 36.

—F. W. Beckman's extensive lumber mill at Beaver Bank, on the W. & A. Ry. near Windsor Junction, was destroyed by fire on Wednesday afternoon, of last week, together with a large quantity of lumber piled near the building. The mill was insured for $2,000 and the lumber for $3,000, both in the Commercial Union.

—A Boston fish dealer wrote to the Mayor of Chicago that he had shipped several barrels of fish to Chicago which had not reached their destination. "I wish," said he, "you would run around the depots and see if you can find the fish anywhere. If you do, write me and I will send the postage."

—A cold blooded murder occurred in Brandon on Saturday. W. H. Webb, a lumberman, instantly killed his wife by shooting her through the head. The deed was committed in the presence of their four young children. Webb gave himself up. Domestic troubles were the cause of the deed. At the coroner's inquest a verdict of wilful murder by Webb was returned.

—A Mormon elder, who is acting as missionary in Nova Scotia, imported a number of Mormon bibles through the mail. The Collector of Customs detained them until he could ascertain whether they came under the clause in the Customs Act prohibiting the importation of indecent immoral literature. The Customs Department at Ottawa decided that the book could not be excluded as immoral or indecent, nor could it be admitted at 5 per cent. duty as a Bible, but it could come in as an ordinary book at 15 per cent. duty.

West Brook.

—We take solid comfort in the weekly visits of the POST, which we must candidly confess contains more news than all the Cumberland papers put together.

—Miss Ruth Jenks, of New York, is spending the heated term in the land of her nativity. Her friends welcome her once familiar presence and enjoy her flying visits immensely.

—The sad accident at Port Greville resulting in the death of the two promising young men, Canning and McNudge, has called forth many expressions of sympathy from friends in this vicinity. It is just a year since the Canning family were called upon to mourn a death scarcely less sudden and tragic.

—Mr. Wm. Harrison is building a new double house on his fine farm, on the Sand River Road. This is one of the prettiest places hereabouts, being situated at the terminus of civilization with its buildings nestled among the hills, and in the background the dark green of the forest, the happy hunting ground of sportsmen, not only from our own and neighboring provinces, but also from American cities; and sometimes even real live earls enjoy the hospitality of this estimable family on their way to and from their hunting excursions.

—This muggy weather is reflected on the faces of the husbandmen. He who smiles through these discouragements is either a philosopher or a christian. The unusual promise of the crops of vegetables and cereals, however, are the results of this very rain that moulds and ruins the hay. It is said that this district never had a finer prospect as regards oats and potatoes. Even the beetle has left for "fresh fields and pastures new," possibly following the advice of Horace Greely—"Go West!" We hope it will not do as the average exodian—return before another season, disgusted with its living.

Parrsboro.

—The report from Annapolis indicates a large crop of fruit.

—Mr. W. F. Jones has purchased the schr. Flora E. and intends loading her with laths for Messrs. B. Young & Son.

—We had a short visit last week from Judge Townshend, W. D. Main, Esq., and R. L. Black, M. P. P. But what their special business was is not generally known.

—Another heavy rain Saturday, causing quite a freshet and wetting considerable hay. Farmers are getting nearly discouraged, haying being not nearly done and oats all ready for harvesting.

—We had a large excursion from Spring Hill on Saturday, but as it was very wet we are afraid they did not enjoy themselves as they otherwise could have done. There was to have been one from Windsor, but the rain prevented.

—We are to have a real paper edited and printed here. A company has been formed and bought out the *Leader*, of Spring Hill. Mr. Jos. Hanney, of the Saturday *Gazette*, will be the editor. This fills a long felt want and we wish it every success.

—A mill owned by Silas Newcomb and used as a carding and grist mill, together with Fredrick York & Son's mill, was burned Sunday morning about four o'clock. The fire was started by friction of the edger which was started by the freshet in the night. Twelve years ago the first Sunday in September a mill owned by the same person was burned on the srme spot. Mr. Newcomb's loss will be about $1,200, with no insurance.

Point de Bute.

—Sportsmen are banging away, with what results deponent sayeth not.

—Mrs. Dr. Gray, of Fairville, is making her friends here a short visit.

—Farmers are beginning to finish their English hay. Three fine days this week.

—Rev. Mr. Crisp will take a number of persons into the church on Sabbath evening next.

—The Y. M. C. A., here, propose a refreshment table on the 18th inst., to raise funds for the better prosecution of the work they have in hand.

—The W. M. Society continues to prosper. The annual election of officers was held this week, and, judging from the reports, the society bids fair to do good work.

—Mr. Martin Trueman, who is a member of the Methodist Missionary Committee, which meets at Winnipeg on the 10th inst., left for that place by the train on Monday night.

Yours truly, E. T. GAUDET, M. D.
