THE
TWOPENNY MAGAZINE;
OR
Weekly Museum of Literature, Amusement, and Instruction.

AMONG all the periodical publications of New-Brunswick and the sister Province, there is none devoted exclusively to general instruction and amusement. The very nature of *Newspapers* prevents their affording to readers much interesting matter, unconnected with politics and the daily occurrences of life; and more especially are they unadapted for the indiscriminate perusal of YOUTH. The writer has had repeated opportunities of discovering, that something of a different nature is very desirable; many parents wish for the establishment of a small publication, exclusively composed of such instructive and entertaining matter, as they may safely furnish for the regular perusal of their children; while country residents, by whom a frequent accession of *books* is unattainable, greatly desire an opportunity of obtaining a periodical supply of useful and amusing information, at a *cheap rate*. To accomplish this desideratum, and thus to afford an agreeable companion for the leisure hours of such persons, it has been determined to commence the publication above named. The work will consist of a pleasing and varied succession of brief articles, comprising every description of useful information, (exclusive of politics and daily news,) in LITERATURE, SCIENCE, and the ARTS; original and selected TALES, SKETCHES, BIOGRAPHIES, ANECDOTES, ESSAYS, REFLECTIONS, *Notices of New Publications*, POETRY, &c.; in short, it is intended to form a complete *Museum* of useful and interesting reading, such as may be acceptable to all ages and classes, and which, while it will occupy the mind with very varied subjects, will in every thing be auxiliary to the promotion of religion and morality.

The TWOPENNY MAGAZINE will be printed on good paper, with new type; each number will contain eight handsome octavo pages, which will be *paged successively*, so as to form a neat volume at the end of the year. From its exceedingly low price, (*only twopence per weekly number*,) it will be within the reach of all classes, and it is therefore to be presumed that it will meet with an extensive circulation; which, alone, can ensure its continuance. The first number will appear on *Wednesday, December 3d*, after which it will be published on every succeeding *Wednesday*, and sold at the store of the Editor and Proprietor.

GEORGE BLATCH.

Market Square, St. John, Oct. 4.

☞ Editors of Newspapers will confer a favour by bestowing a friendly notice on the above; and they, as well as other respectable individuals, are respectfully requested to act as Agents for the work.—*Every Agent*, obtaining and guaranteeing subscriptions for twenty copies, will receive an additional copy *gratis*.—Liberal allowance to Booksellers, &c. purchasing quantities.—It is desirable that, as far as practicable, orders should be forwarded to the Editor previous to the publication of the first No.; for the purpose of regulating the number of copies to be struck off.

MARINE INSURANCE
AGENCY.

THE subscriber having been duly authorized by the PROTECTION INSURANCE COMPANY of HARTFORD, Connecticut, to take Risks upon Vessels, Cargoes, or Freights, agreeable to the general principles of MARINE INSURANCE, and having obtained by a late arrival from the United States, Blank Policies duly signed by the President and Secretary of the aforesaid Company—Now begs leave to inform the Merchants and Ship-Owners of this City and the Province at large, that he will attend to applications in writing to that effect, fairly stating particulars of the Risks required to be covered.—He would also remark for the information of the public, that the above Company have had a Marine Insurance Agency established at Halifax for some time past, under the management of J. L. STARR, Esquire, who has done a good deal of business in that line, and which he believes has given general satisfaction to the assured,—and that although the Company reserve to themselves the right of settling Averages, Partial or Total Losses, agreeable to the usage of Marine Insurances in the United States—that in any case where the claim for Loss is so dubious as to warrant an appeal to a Court of Law or Equity, the Office will submit to the decision of the Courts in this Province.
