118TH BATTALION WINS CLOSE GAME AT GLENCOE

Davenport of Homesters Is Star of Game, Scoring Seven Goals—Hagerman Does Great Work in the Last Period.

GLENCOE, Feb. 12.—The 118th Battalion Intermediates won out here tonight against the local seven in the second round of the O. H. A., pulling out a victory in the last period after they had apparently been beaten. The score was 12—10.

The home crowd led in the first two periods, when they played the visitors off their feet, but in the last frame the soldiers came from behind, tying goals to the bad, and ran in seven goals to the locals' two mainly through the sensational work of Hagerman, who carried the puck the length of the rink time and again.

Bud Kelly of the soldiers was laid out shortly after play commenced. He received a nasty four-inch cut over the eye, being hit by the puck. Shortly after the goal judge was hit, and he too had to be escorted to the doctor. The boys played six-man hockey through the rest of the game.

The lighting of the rink was poor, which accounted for so many goals, and the injuries to Kelly and the goal judge Martin, the Glencoe goaltender, did not play, and Dobson, who took his place, did not put up as good an exhibition as Martin usually does.

London, three-men combination was extremely good, especially so in the last period, when Hagerman, Arthurs and Hiller chased up the rink on many occasions.

Davenport was the real star of the game, scoring seven goals for Glencoe. He is a fast boy, and should do good work against London Wednesday night in the return game.

Glencoe led in the first period, Davenport scoring one, Hamilton 2, Weaver 1, while Arthurs scored twice for London. Hagerman, Arthurs and Le Roux all scored for London in the second, while Davenport got four for Glencoe. He got two for the homesters in the last frame. Hagerman grabbed 2, Hiller 2 and Arthurs, Legg and Le Roux each one for the 118th.

Referee, Tommy Munro of London handled the game satisfactorily, meting out but three penalties. Hamilton, Arnott and Davenport were the unfortunates. The teams:

Glencoe.		118th.

HAD BRONCHITIS FOR YEARS

Bronchitis comes from a neglected cold and it, if neglected, will surely turn into pneumonia. The first symptom is a short, painful, dry cough, accompanied with rapid wheezing and a feeling of oppression or tightness through the chest.

The phlegm raised from the bronchial tubes is at first of a light color but as the disease progresses it becomes of a yellowish or greenish color and is very often hard to raise.

Dr. Wood's Norway is just the remedy you require as it loosens the phlegm and heals the lungs and bronchial tubes.

Mrs. Chas. Brean, Amherst, N. S., writes: "I was troubled for years with bronchitis, and could not find any relief. I was especially bad on a damp day. I went to a druggist and asked him for something to stop the constant tickling in my throat. He gave me a bottle of Dr. Wood's Norway Pine Syrup, which I found gave me instant relief. I think it is the best medicine for bronchitis I know of. I now take care that I always have a bottle on hand."

"Dr. Wood's" is the genuine, put up in a yellow wrapper, three pine trees the trade mark, price 25c and 50c.

SCOTSLAND'S GREAT GOLFER AT FRONT

Braid Has International Reputation in the Golfing World.

Washington, Feb. 13.—James Braid, who is at the front for England, is a golf player of international fame.

He is one of the very few Scotchmen to capture the English open title, which he won on the Muirfield links, Gullane, Scotland, on June 8, 1901. After his first victory in the annual open tourney abroad, Braid came back as a repeater four times, winning the championship in 1905, 1906, 1908 and 1910.

Braid has competed in many open events against the greatest golfers of all time, and is rated as one of the most consistent players in the game. Vardon, Hilton, Taylor, Herd and Massey are some of the players who have fallen before Braid at various times.

Has Reputation as Driver.

As a driver of extraordinary ability Braid has a reputation wherever golf was played. He is known as the longest driver, amateur or professional, in the whole golf world.

Braid is proof of the often-made argument regarding physique and the golfer. He is not a giant in size; not a man of great physical power, yet he is the longest driver in the world. His success with the clubs has been attributed to skill, not strength, and it proves conclusively that efficiency in the handling of clubs means more than the shoulders or the swing behind them. So seemingly uncanny is Braid's skill that it was often said he could take a golf ball and it would do his bidding.

Born in Scotland in 1870.

Braid was born in Fifeshire, Scotland, in 1870, and he received his education as a golfer on the Gullane links. His first bid for fame was when, as a lad of 16 years, he won his first championship. Naturally, it was a local title.

Braid then continued his success, winning many of the smaller tournaments in the British Isles, until, in 1901, when many of his admirers urged him to enter the open championship event, he did so, and won it.

DOG RACE POSTPONED.

NOME, Alaska, Feb. 12.—Because of the unusually bad conditions of the trail, the 26-mile dog race for the silver trophy cup presented by John Borden, millionaire sportsman of Chicago, and $1,000 prize money, was postponed from today until Wednesday.

STECHER WINS.

Cedar Rapids, Ia., Feb. 13.—Joe Stecher of Dodge, Neb., claimant of the world's heavyweight wrestling championship, won from Bill Hokuf of Omaha here last night in straight falls, the first in 9 minutes, 53 seconds, and the second in 4 minutes, 58 seconds.

Matty Still Has Speed

"I have read, times without number, that Mathewson pitched with his head instead of his arm, and that he had, of recent years, but little speed," says Joe Tinker.

"Say—I wish the ducks who write that stuff had been forced to bat against the old boy! True, he handed you slow curves and fadeaways and balls that came up as if they were weary of walking, but every now and then, just when you were all set to knock the cover off a slow one—zam!

"The ball would be past you before you could get your bat unlimbered, and you wouldn't even know where it had gone till you saw the catcher passing it back. Matty had lots of speed, and he used it, too, whenever it came in handy."

KOPPER WINS OVERTIME CONTEST IN LIBERAL

Defeats Bill Mace's Seven 2—1 in Fastest Game Yet.

In the fastest game yet played in the Liberal league, Jack Nopper's "Niffties" won from Bill Mace's "Mashers" at the Simcoe rink last night, after ten minutes of overtime play. The ice was keen and so were the players. Both Smith and Shutter in goal had some hard ones to stop and they came across in fine style.

The Clarke boys played some strenuous hockey for the winners and were on the puck all the time, while Selak and Brown came through with great stickhandling for the losers. Nopper's team is going at top speed at the present time and will be hard to head in the race for league honors. Joe Chapman referred his usual good game.

The teams:

Nopper.		Mace.
Smith	Goal	Shutter
B. Campbell	Defense	Lancaster
Walden	Defense	Hawkey
R. Clarke	Rover	Brown
Pete Clarke	Centre	Selak

GRABS COIN FOR FIRST BOUT—THEN RETIRES

Milwaukee, Wis., Feb. 12.—Sporting history may add another unique chapter to the list, if Harry Wagner, the Racine middleweight, sticks to his word that he will not enter the ring again. Oh, no, you probably never heard of him, but his name was in the papers just once—the day after New Year's.

Wagner is the son of Father John Wagner, the Racine promoter, and he met a person named Joe Robedeau on January 1. The thing began as a joke, but Wagner insisted on going through with it. His father protested and finally extracted a promise that, no matter what the outcome, Harry would not don the mits again. As it was, Father John feared Harry would get marked. It was lucky for the Robedeau person that the gloves were pillowy, or he might have taken a visit to dreamland.

Father Wagner told the boy he would give him the whole proceeds from the show, and here is the funny part: Harry drew down just about $600 for his bit, a sum that many a boxer of reputation would have been glad to receive.

TORONTO'S MANAGER IS THROUGH WITH HOCKEY

Toronto, Feb. 12.—Manager Livingstone of the Toronto Club had no comment to make in regard to the "freezing out" of his club by the N. H. A., further than "that he would be money in pocket," by the league's action. He declares that he is through with hockey. It is reported that Randall, Noble and Skinner will not join the club to which they were allotted.

BRITISH ATHLETES FALL

London, Feb. 12.—The names of a large number of prominent sportsmen again figure in the latest casualty list, issued as the result of the activities on the Somme.

Sergt. Harry Cook, who died from wounds, was one of the most popular professionals of the Middlesbrough Soccer Club, of the English League.

Three famous rugby footballers have fallen: Lieut. A. M. Edwards of Uppingham; Lieut. W. R. C. Gunn, of Durham and Cambridge University, and Lieut. H. H. Woodward, the brilliant forward of Christ's Hospital and Oxford University.

TRAVIS RETIRES

New York, Feb. 12.—Golfers here learned with regret today that Walter J. Travis had decided to retire automatically from the ranks of amateur golfers in accordance with the new ruling of the executive committee of the United States Golf Association, which bars links architects. The veteran is spending the winter at Palm Beach, Fla.

Travis won the American amateur championship in 1903, and the next year became the British amateur champion, being the only American who ever won this honor.

LOVE TAPS

THE N. H. A. DIRECTORS have frozen the Torontos out of their circuit now that the 228th Battalion has dropped out of the pro ranks. Toronto fans should worry with fast senior O. H. A. stuff being pulled off at the Arena.

WAR IS ABOUT as catching as the German measles. The Detroit hockey club staged their little scrap and the N. H. A. doesn't seem too proud to fight. Davy Fultz and his gang are after Ban Johnston's scalp and Jess Willard swears that he is going to don the mitts in the spring. The first thing we know Bill Bryan will sign up with the American army.

THE PATHS OF THE pro hockey promotors are not strewn with modest violets according to Manager Livingstone of the Torontos.

WILLIE JACKSON, LIGHTWEIGHT hope, fought for $9—two years ago. Things have changed since Hannan died. He gets $400 for tripping the light fantastic now.

WATCH THOSE "Y," juniors in the O. A. B. A. Physical Director Taylor of the "Y" has the kids in great shape, and playing basketball all the time, a combination team work will win, it is all over but the shouting as far as the locals are concerned.

Les Darcy states that he will become an American citizen because he likes the Yankees and the boxing "conditions" in the States.

Boxing conditions across the border are fine for the pugs and bunk for the public at the present time. When the U. S. fans will stand for another of Bat Nelson's perennial comebacks, and will watch Les in vaudeville, "conditions" depend from which angle you slant them.

We submit that the following paragraph, culled from the Detroit Free Press, relative to Darcy's free advertising campaign, is humorous:

And all the other Darcys, including Pa Darcy, Ma Darcy and Les' five brothers and four sisters, also may make the "land of the free and the home of the brave" their permanent abode.

Frank Gotch, undefeated wrestling champ., has lined up a boy wonder, Earl Caddock by name, who, according to Frank, will be some "rassler" by the time the war is over. Gotch picks him to be the coming champion.

Joe Jackson announces that he will be champion batter of the American League this season. Joe is about as bashful as Benny Kauff and Fred Fulton. Mayhap one Ty Cobb and Tris Speaker will have something to say in the matter before the 1917 season is over.

Johnny Evers will not be the only prof. in baseball. Hank Gowdy of the Boston Braves has been offered a job at Colon in the Panama Canal zone, by some American capitalists, who purpose establishing a school there, and will teach the young an idea how to perform behind the bat.

Les Darcy seems imbued with the great American idea. He has been in the States for some time, and as far away from a fight as ever. J. H. F.'s hound dog has more fight in him than Lester.

The London Juniors worked out at the Simcoe rink last night and showed a lot of pep. Manager Johnston put the boys through a strenuous game against some of the Liberal Leaguers and they showed up well. The kids played combination for a change, and they are developing team play fast. According to Hoyle the Cheese Town seven is in for an honest to goodness surprise tomorrow night.

Shutter in goal looks to be a second edition of Joe Dwyer, the Sarnia net guardian, who gave a grand exhibition of how nets should be guarded here last week.

A. McGIBBON WINS McKENZIE MEDAL

SARNIA, Feb. 12.—A. McGibbon won the McKenzie medal tonight after some strenuous curling, against J. M. Hunt. The players were tied at the end of the game, and in the two extra ends that were played McGibbon ran up six points to Hunt's one. The McKenzie medal is one of the oldest in the country, and has been competed for by Sarnia curlers for 38 years. A gold band is put on each year, with the winner's name. A. J. Johnston won it in 1916 with a score of 42.

Some of the scores were:

E. L. Macdonald, 29; H. J. Watson, 29; W. A. Watson, 27; A. J. Chester, 26; J. McGibbon, 26; R. McKenzie, 25; J. G. Barr, 25.

HEAMAN'S RINK TAKES PEARL-HANDLED KNIVES

Wins A. H. Purdom's Prizes at Thistle Club Last Night.

A. M. Heaman's rink won the pearl-handled knives donated to the winners of the Thistle Club bonspiel last night by A. H. Purdom of the Purdom Hardware Company. Bert's collection of trundlers won all three games. Phil Fetterly's boys were a close second. They won two games and tied the other, losing out to McLean on an extra end. The scores:

MILVERTON SADLY BEATEN BY KITCHENER'S FAST BOYS

Locals Run Up Twenty Goals in Easy Fashion.

KITCHENER, Feb. 12.—Milverton was easy money for the intermediates tonight, the score being 20 to 0, or 27 to 4 on the round, and Kitchener is a step closer to the championship cup. It was 9:50 before Milverton arrived on the scene, having come via Elmira and the stage coach route. The whitewash pot was used quite freely and in the first period eight goals were rolled up for the locals. In the second four more were scored, while in the third period the brush was again applied and eight more were batted in. Solomon scored seven. Line-up:

DISTRICT CUP GAMES AT TORONTO TODAY

TORONTO, Feb. 12.—Secretary G. S. Pearcy of the Ontario Curling Association, made the draw tonight for the district cup competition, which begins tomorrow morning at 9 o'clock on the rinks of the Victoria and Queen City curling clubs.

Palmerston, who won their group, defaulted and Owen Sound, the runners-up and winners of the district cup last year, and the Ontario Tankard this year, will take their place in the competition.

The London Thistles also sent word that owing to so many games being billed at their club this week they found it impossible to be present and had notified Sarnia of their intentions. Whether the Sarnians will be here could not be learned tonight, but they were placed in the draw and will play the Hamilton Victorias if they come.

The draw:

At Victoria Rink—Sarnia vs. Hamilton Thistles; Peterboro vs. Waterloo.

At Queen City Rink—Barrie vs. Owen Sound; Kingston vs. Toronto Lakeviews.

SARNIA SAILORS PLAY IN PRESTON TOMORROW

SARNIA, Feb. 12.—The Sarnia Sailors will journey to Preston on Wednesday evening to engage in a return O. H. A. senior contest with the septet in that town. The locals invade the town with a two-goal lead, which was marked up here on January 14, after one of the fastest games ever witnessed on the local arena, and Wednesday night's contest will be a battle royal from gong to gong.

Although eliminated from the intermediate series, the Sailors are still in the running in the senior series, and will do their utmost to register a victory against the Preston outfit.

FRED FULTON BEATS UP CHARLEY WEINERT

Referee Stops Scrap in the Second Round to Prevent Knockout.

NEW YORK, Feb. 12.—Fred Fulton, of Rochester, Minn., scored a technical knockout over Charley Weinert, of Newark, N. J., in the second round of a ten-round match at Madison Square Garden tonight. Referee Bill Brown stopped the contest to prevent a knockout.

Fulton weighed 222 pounds, and Weinert 183. Fulton also had an advantage in height and apparently did not seem to extend himself. In the first round he sent over many left jabs, occasionally using a right to the jaw. Weinert, however, continued to bore in, landing solid blows to the body, but at the bell showed the effects of the punishment received.

Weinert fought pluckily in the second round, placing several left and right hooks to the head. Fulton then took the aggressive and with well-placed left hooks and a few hard rights soon had his opponent staggering, the referee calling a halt after two minutes and twelve seconds of the round had been fought.

BASEBALL MAGNATES MEET AT NEW YORK

Will Thresh Out Players' Fraternity Trouble Among Other Business.

New York, Feb. 13.—Major and minor baseball magnates from all parts are gathering here today for what is expected to be one of the most momentous series of conferences in the history of the game. The National League will set the ball rolling with its re-convened annual meeting this afternoon, which will be followed by the meeting of the National Commission tomorrow. On Thursday the American League club owners will gather to pass on the schedule and to consider matters previous to the opening of the pennant season, while on Friday the International League will meet in Newark to prepare the 1917 schedule and to discuss the baseball situation in the minor leagues.

Trouble With Players.

During these various meetings there will be a number of general conferences at which there will be discussion of the trouble with the Players' Fraternity, changes in the rules governing the financial arrangements of the world series, proposed reduction in the size of the playing squads, conduct of baseball in case of war and other matters, in addition to the usual efforts to trade or purchase players.

Changes in Rules.

Several changes in the playing rules have been suggested by both players and fans since the close of the 1916 playing season, but it is not likely that the joint committee on rules will take any drastic action this year. The spitball may be doomed after the 1917 season is completed, but other changes which have been spoken of to strengthen the offence of the game may go over for consideration probably a year hence.

When the National Commission meets it will announce its decision to the requests made by the special committee representing the National Association of Minor Leagues, one of the most important of these being the plea for the elimination of the draft on Class AA and A league clubs.

NO CONSIDERATION FOR PLAYERS' FRAT.

Chicago, Feb. 13.—The Baseball Players' Fraternity will not be given much consideration in the meetings at New York of the major leagues and the National Commission, if President B. B. Johnson of the American League has his way.

"There is no chance for the players' fraternity to talk terms at this meeting," said Mr. Johnson, before he left for New York today. "The American League severed connections with the fraternity a long time ago."

Johnson said the question of what to do in case the country became involved in the European war would be brought up at the meeting of his league on Thursday, and he considered that issue far more important than "this squabble with the ball players."

SOME SCORE, THIS

DUNNVILLE, Feb. 12.—In the last scheduled O. H. A. game of the season, Dunnville beat Welland by the record score of 45 to 0.

HERMANN OUTPOINTS SANDOW.

CINCINNATI, Feb. 12.—"Pete" Hermann of New Orleans, claimant to the bantamweight championship, easily outpointed "Sammy" Sandow of Cincinnati in a ten-round bout here tonight. Sandow forced the milling but Hermann was too clever for him. Both boys weighed 118 pounds.

BIG STAKE LIST FOR WINDSOR JOCKEY CLUB

Over $30,000 To Be Distributed at July and August Meets.

WINDSOR, Feb. 11.—More than $30,000 in stake and handicap purses will be distributed among the horsemen that compete at the Windsor Jockey Club's plant during the meetings there July 14 to 21, and August 15 to 22.

There are ten fixtures ranging in value from $10,000 to $2,000 in added money, in addition to the double event, which will produce $2,000 in added cash for each section.

The feature of Windsor's racing season is the Frontier handicap for three-year-olds and up. With its valuation of $10,000, in addition to the nomination and starting fees, it will be the second largest thoroughbred turf classic in America, only the Kentucky Derby exceeding it from a monetary standpoint.

Each year the Windsor Jockey Club has increased the Frontier's value. Last summer the horsemen raced for the privilege of cutting $5,000, just one-half of what the club is offering as an inducement to the stable-owners this summer.

New Events.

Two new events have been listed, each in itself a classic designed to attract the cream of thoroughbred campaigners to the busy racing centre across the river from Detroit. The Windsor Jockey Club handicap, with $5,000 in added money, is one of them, and the Martimas stake, named for the famous sire and futurity winner, is the other.

The complete list of stake and handicap events follows:

Frontier Handicap—$10,000 added.
D. & C. Stake—$2,000 added.
Edenwold Stake—$2,000 added.
Provincial Selling Stake—$2,000 added.
Windsor Jockey Club Handicap—$5,000 added.
George Hendrie Memorial Trophy—$2,000 added.
Canadian Handicap—$2,000 added.
Martimas Stake—$2,000 added.

Liberal overnight purses have been pledged by the club, the average for these events being $800. This is an increase of $100 for the average purse, a decision the officials reached to encourage the small fry owner, as well as the wealthy horsemen.

Stable room to accommodate 1,200 horses has been provided for, and it is predicted that quarters will be at a premium before the first bugle blows, July 14. Wonderful attendance during the past three seasons encouraged the club to offer inducements designed to attract a galaxy of horses, and they feel reasonably certain that conditions will demand additional quarters for the steeds when list of stakes is circulated among the horsemen.
