HOUSE AND OTHER PROPERTY to let. See advt.

CHATHAM INCORPORATION ACT for sale at the ADVANCE office—price 25 cents.

NEW HIGHWAY ACT:—Forms under the new Highway Act are for sale at the ADVANCE OFFICE.

LEAVE YOUR WOOL with W. T. Harris to be carded. He guarantees satisfaction and your wool will be returned in one week.

THE "ADVANCE" is for sale at Johnson's Bookstore, and the Circulating Library, Desmond building, next door to the Telephone Exchange.

PEOPLE who make request for street improvements are told that there's very little money therefor, as the public building will take it all—to say nothing of the "extras."

MIRAMICHI MARBLE WORKS:—If you are looking for the right kind of cemetery work, we are quoting prices that will draw the order from your inside vest pocket.

J. H. LAWLOR & Co.

THE FIRST "EXTRA" is being worked for in connection with the proposed new public building. The alderman who supplies the spikes &c. at good prices for the street work says it's only $75. Well, it's a beginning, and there are more like it to follow.

NORTHUMBERLAND COUNTY S. S. CONVENTION will be held in Chatham on 12th and 13th of July. S. S. Superintendents will kindly see that statistical reports and collecting slips are handed in by the last of June. EDITH J. SHIRREFF, Sec'y.

OBITUARY:—Much sympathy is extended to Mr. and Mrs. John Sinclair over the death of their son William, a promising young man of 20 years. The funeral, yesterday afternoon, under the auspices of the I. O. G. T. was very largely attended. The services at the house and grave were conducted by Rev. Jos. McCoy of St. Andrew's Presbyterian church.

DOMINION PULP MILL:—The new manager of the Dominion Pulp Company's Works, Mr. H. W. Wagon, has arrived from England and assumed control of the establishment across the river. We understand it is to have the necessary additional plant to make it a 30-ton mill put in this season.

THE LARGEST BASS caught with hook and line off Beaubair's Island this season was taken on Tuesday 1st inst., by Mr. Jas. O'Toole, of Mr. T. W. Flett's mill. It weighed 29 lbs. The lucky fisherman and his companion could not safely get it into their boat, so they landed it by towing it ashore.

JUBILEE AT THE ALMSHOUSE.—At a meeting of the managing committee of the county almshouse held on Saturday it was unanimously ordered that the sum of fifteen dollars be appropriated for the celebrating of the Queen's Jubilee at the almshouse, Chatham. The money will be spent for some jubilee extras to the bill of fare, illuminations etc.

THE MAMMOTH BAZAAR to be held by the congregation of St. Michael's Pro-Cathedral is to open on Tuesday, the 20th of July in the pavilion on the Hotel Dieu grounds, Chatham, and will close on the following Monday, July 26th. The preparations being made warrant the belief that it will be a great success.

MR. EARL JOHNSTON, of Bathurst, son of Mr. D. T. Johnston, formerly of Chatham, has been appointed junior in the Bank of Montreal at Wallaceburg, Ontario, of which Mr. Montizambert, formerly of the Bank's branch in Chatham, is manager. Mr. Johnston's many Chatham friends will wish him a full measure of success in the employ of Canada's greatest banking institution.

FOR WINNIPEG:—Rev. Dr. Neil McKay of Chatham, Rev. T. F. Fotheringham, of St. John Rev. Mr. Robinson, of Moncton, and Mr. W. C. Whittaker of St. John are amongst the New Brunswickers who have gone to Winnipeg to attend the Presbyterian general assembly. Rev. Dr. Bruce of St. John, who is now in Upper Canada, will also attend.

CAMP SUSSEX:—The staff for the Sussex military camp will be constituted as follows, viz.: Lieut. Col. Gordon, Royal regiment, commandant; Capt. Fiset, Royal regiment, brigade major; Capt. Taylor, Royal Berks, musketry instructor; Surgeon McLearn, Royal regiment, principal medical officer; Major Beckwith, 71st Batt., camp quartermaster; Capt. Wedderburn, 8th Hussars, supply officer.

SALMON IN ST. JOHN WATERS:—The catch of salmon in the harbor and down the shore Wednesday night and yesterday must have aggregated 500 fish. Bristol Hargrove of Chance Harbor sent up 23 as the result of his first night's fishing. Big hauls were made by all the drifters, as salmon are not usually caught in large numbers so early in the season. In the harbor No. 1 weir landed 22 salmon, and the other weirs and net fishermen did well.—Daily Sun, June 4.

REMOVAL OF TAILORING ESTABLISHMENT:—Mr. Weldon, owing to increased business, has shifted his quarters from Henderson Blk. to the store lately occupied by Jas. Nicol, Water St. Mr. Weldon is offering a large stock of the best material for suitings, overcoatings and pantings, and would ask all who wish to be well suited to call and see his goods and prices before ordering their clothes elsewhere. He guarantees fit and work.

PERSONAL:—Vancouver World, May 29:—Mrs. Doherty, of Richibucto, N. B., mother of Mrs. W. J. Bowser, is visiting her daughter.

Mr. and Mrs. Macdougall Snowball arrived in Chatham from Pasadena, California, on Friday night and are to reside here, Mr. Snowball's health being sufficiently restored to warrant his home-coming. His many friends on the Miramichi are glad to welcome him back, and hope that he and Mrs. Snowball may find the climate sufficiently agreeable to enable them to remain here permanently.

Mr. Alex. Bremner, formerly of Chatham, is Chief Engineer of the I. S. S. Company's steamer St. Croix, which is to be the express boat between St. John and Boston direct from July 5th until October 2nd. He is a graduate of the Miramichi Foundry and Machine works.

WHO WERE THEY?—The Campbellton Telephone says:—"Word has been received here that as Mr. Miller, who conducts a small store at Jacquet River for Mr. Haddow, of Dalhousie, was leaving the store at a late hour Saturday night with the cash box in his possession, he was assaulted by some unknown persons. He is unable to attend to business."

The gentleman referred to is Mr. W. J. Millar, late of Chatham, and his friends here will sympathise with him in his rough experiences. They will also sympathise with Mr. Haddow, if the cash was lost.

ISN'T IT a little singular that although the mud-hole public building advocates claim that the town cannot be protected unless both of its steam fire engines are kept together at the foot of King street, and that no intelligent authorities would think of keeping an engine so far west as No. 1 Engine House, they are now keeping the Ronald engine at No. 1 and the Amoskeag a quarter of a mile further west, at the Miramichi Foundry? What will be done should another fire break out on the Hill? Isn't that district entitled to any consideration?

WELCOME SOAP BICYCLES:—The competition of the Welcome Soap Co., St. John, for Brantford Red-Bird Bicycles, given away for the four largest numbers of "Welcome" Soap wrappers closed May 31st. 80,000 wrappers were returned to the Company by competitors. The lucky winners of the wheels were.

T. B. Morris, Wallace, N. S. 11,996 wrappers.
John C. Dingle, 68 Gottingen St., Halifax, N. S. 10,270 wrappers.
Jas. W. King, 54 Gilford St. Carleton, N. B. 9,243 wrappers.
J. A. Long, Fairville, N. B. 7,981 wrappers.

A GOOD OFFER:—The competition amongst the manufacturers of the better grades of laundry soap and household soaps has grown so keen that it has developed into a case of, the survival of the fittest. The makers of the famous "Welcome" soap, St. John, N. B. are nothing, if not enterprising in their advertising, and the liberal methods adopted for placing their soap before the consumers. Following up the competition for bicycles given away for the four largest numbers of soap wrappers from the Maritime provinces, they now announce the most liberal offer in the way of a premium proposition we have yet seen. To send to any address a lady's, gentleman's or boy's bicycle on receipt of $38.50 cash, and 300 "Welcome" soap wrappers. This is certainly a rare opportunity for everybody to obtain a good wheel for a small amount, as it must be understood in every particular, and equal to any of the high grade bicycles.

No doubt this opportunity will be taken advantage of very generally, and prove an effective method for placing a large quantity of "Welcome" soap, which is undoubtedly the Company's primary object.

Queen's Jubilee at Bathurst.

Our Bathurst neighbors are going to do the Queen's Jubilee every justice. Their programme is well advanced and includes a bicycle relay race on Monday, 21st, between Campbellton and that town—the riders arriving at Bathurst with their message about 6 p.m.

On Tuesday, 22nd, there will be two royal salutes fired—one at 9.30 a. m. and another at 1 o'clock p. m. The morning parade will start from the school grounds at 10 a.m. Three brass bands will furnish music. There will be boat and canoe races, five mile and half mile bicycle races, all kinds of running, jumping and other races, shot-putting, pole-vaulting and other jumping; a torchlight procession, illuminations, fireworks and a comedy and variety concert in the evening. When they undertake things of this kind in Bathurst they put them through with creditable energy and completeness: Bathurst ought to be a very attractive place on Tuesday, 22nd.

Express Steamer from St. John.

The International Steamship Company is to put its greyhound steamer, the St. Croix, on the route between St. John and Boston direct, beginning at Boston on Monday, 5th July and continuing until Oct. 2nd. The first trip from St. John will be on Tuesday 6th July, leaving at 4.30 p.m. Thereafter the St. Croix will make two trips a week, leaving St. John on Tuesdays and Saturdays at 4.30 p.m. and Boston on Mondays and Thursdays at 10.30 am. The running time of the St. Croix between Boston and St. John will be 18½ hours.

In addition to this fast express service, the steamers "Cumberland" and "State of Maine" will make the usual runs between St. John, Eastport, Portland and Boston leaving St. John at 8 a. m. every Monday, Wednesday and Friday, reaching Boston at 4 p.m. the day after leaving. These steamers make connection on arrival at St. John with I. C. R. night train for North Shore points.

The new feature of the company's service—the express steamer direct between St. John and Boston—will greatly attract travel.

John McDonald's Death

The parents of John McDonald, son of Mr. James McDonald of Chatham, west, have, for some time, been endeavoring to ascertain the facts of his rumored death in March last, and have finally succeeded, with the assistance of Mr. John A. Wilson of New York, who is ever ready to help his Miramichi friends in every possible way. The following letter was enclosed in one from Mr. Wilson to the bereaved parents and tells its own story:—

THE AUGUSTA NEWS.
AUGUSTA, GA., MAY 22, 1897.

Mr. John A. Wilson, New York,

DEAR SIR:—Replying to yours, addressed to Mr. Hyams, John McDonald was a member of our force for nearly three months. After receiving his pay Monday afternoon, March 15th, he left the office and the next we heard of him was that he had fallen from a train about three miles from the city and was badly hurt. We had him moved to the hospital, where he received every attention possible. He never regained consciousness and died the following Friday, 19th, and was buried by the local Typographical Union. Efforts were made to communicate with his family, but I think they were fruitless.

Yours truly,
S. H. MYERS,
Business Manager.

McDonald learned the printing trade in the ADVANCE office, and was an ambitious and pushing young man. His sudden and untimely death will be regretted by many old friends here, who sympathise with his aged parents in their bereavement.

Will They Explain

How much are the "extras" in connection with the mud-hole public building to cost? What will it take to provide the pipes and make the connection with the river for pumping water without taking the engines from the building? It is stated that the advocates of the structure claim that there will never—well, hardly ever—be a fire within reach of the building, so they have abandoned the water connection with the river. But, what about the steam or hot water heating plant? Are they going to get along without that? It isn't in the contract. And, then, what about the plumbing? There's nothing about that in the contract. And once more, what about the installation of the lighting plant? The contractor hasn't anything to do with that! All these pretty expensive things must be provided but they are all relegated to the limbo of "extras." When the $10,000 said to be now available for this Chatham "elephant" No. 2, are spent, where is the extra $7,500 to come from, and by what authority is the prospective debt being incurred? Has any member of the Council the courage to attempt an explanation? Now that the tax bills are going around, the people who have to pay the bills would like to be taken into the confidence of our somewhat reckless civic representatives.

Amusements.

Rice's Comedians will begin a week's engagement at Masonic Hall on Monday evening, 14th inst. This is considered to be one of the best repertoire organizations in existence and will undoubtedly have a successful season here. The play to be presented on the opening night is "Under the Lion's Paw," a piece with a well written plot, full of exciting situations and replete with new song and dances. The specialties introduced by this company are prominent features in all their performances, Edison's wonderful Vitascope will project moving pictures at every performance, and those who have never seen this truly wonderful machine, should not fail to visit Masonic Hall next week. The prices will be 15, 25 and 35 cents. Reserved seats at Mackenzie's.

Under the head of "Making a Great Name in Bangor," the News of that city says: "Rice's Comedians continue to do a good business in the Opera House. This company is a strong one and well merits the liberal patronage it is receiving. The bill on Thursday night was Lights and Shadows, an English melo drama of the Lights o' London type. It was full of stirring and exciting situations and the audience was well pleased. The company were admirably cast. Messrs Mantell and Frye and other members of the company presented specialities which won repeated recalls."

Miss Munyan's Concert

We have received a programme and newspaper description of a Concert at the Unitarian Parish House, Eliot St., Jamaica Plain, at which Miss Helen E. Munyan was the soprano. Miss Munyan's numbers on the programme were the following:—

Soprano Solos.	
(a) Love Song,	MacDonald.
(b) Rhenish Song,	Mendelssohn.
Heart's Delight,	Gilchrist.
In June,	Beck.

The newspaper report of the concert so far as it refers to Miss Munyan is as follows:—

"Miss Munyan, around whom, of course the chief attraction of the evening centred, was welcomed heartily. She was beautifully gowned in a rich white satin with low cut corsage and without ornament. She was in excellent voice and her renditions left nothing to be desired. In her solo, "Heart's Delight," her voice was shown at its best.

"One of the charms of Miss Munyon's voice is the reserve force which she possesses. As well as sweetness there is a power in her voice which she does not expend except in the most telling passages, thus making the most effective climaxes.

"Miss Munyan is to be congratulated upon the success of her recital as well as upon her vocal triumphs, for every detail of arrangement was managed by her. With these qualifications and the added charm of beauty and an attractive stage presence, Miss Munyan's future seems assured. She was the recipent of magnificent bouquets and at the close of the recital hosts of congratulations were showered upon her."

Miss Munyan's many friends here will be glad to hear of her success.—[Advocate.

Chief "Peter Joe" of Burnt Church and his Brother have a Close Call.

[Montreal Witness, June 1st.]

A serious, and it is feared in one instance, fatal case of asphyxiation, occurred yesterday morning in the Richelieu Hotel. Chief Joseph Julian of the Micmac tribe, Kinnecoutin, Northumberland County, New Brunswick, arrived in the city on Sunday night, accompanied by his brother, C. Joseph Julian. They bore letters of introduction from the Premier of New Brunswick to the Hon. Wilfrid Laurier, Premier of the Dominion, and were bound with them for the Capital. They stayed over in Montreal that night and took a room at the Richelieu. The brother, who is the elder of the two, retired to bed early leaving the gas burning, but the chief did not join him until later. Before retiring to rest the chief blew out the gas and sought his couch.

At ten minutes past ten yesterday morning one of the chamber maids in making the rounds of the corridors perceived a horrible smell of gas coming from the room occupied by the Micmacs. She notified the office, and on the door being forced open both men were found lying insensible, the chief on the floor partially under the bed and the brother on the bed. The escape of gas was very strong, and the windows of the room had to be broken to enable the relief party to remain in the place. Dr. Cormier was at once sent for, and is still in attendance on the two men. The chief is out of danger, although feeling far from well, but his brother is still unconscious, and on account of his advanced age it is not thought likely that he will recover. The chief was awakened, so he says, by the smell of the gas, but fainted on getting out of the bed.

Eighty in Every Hundred

SUFFER MORE OR LESS FROM THAT MOST OFFENSIVE OF DISEASES, CATARRH—THAT DR. AGNEW'S CATARRHAL POWDER IS A WONDERFUL REMEDY IS TESTIFIED TO BY THOUSANDS WHO HAVE BEEN CURED OUTRIGHT—MR. ALEX. EDMONDSON OF ROSEMUTH, ONT., SAYS:

"I have been troubled with catarrh for a great many years. Have suffered greatly from it. I had tried all the so-called cures, but never received any relief from them. Seeing Dr. Agnew's Catarrhal Powder largely advertised, I determined to try it, although very sceptical about any relief, but I was greatly and agreeably disappointed, for from the first dose I received very great relief, and to day I can honestly say that it has cured. I keep it constantly in the house, as we find it a quick cure for cold in the head. It gives almost instant relief. I have no hesitancy in proclaiming it the best cure for catarrh, and I heartily recommend it to all sufferers from this malady."

Money Letters Astray.

Several pages of the Postmaster General's report are devoted to missing money letters—registered and unregistered.

REGISTERED LETTERS.

James Wetmore's letter containing $17.25 addressed to D. Richard, Acadiaville, N. B., from Blackville. It was misdelivered to a person named Daniel Richard, who subsequently returned the contents to the addressee.

Neil Shaw's letter, containing $20, addressed from Dalhousie Junction to Alexander McIntyre. Mountain Brook, N. B. The registration of it was dropped at the Charlo station post office, and the contents made good by the postmaster of that office.

Z Haggett's letter posted at Newcastle, containing $15, addressed to Mrs. Jane Haggett, Harbor Breton, Newfoundland. This letter and others were received at the Newcastle post office, and are believed to have been stolen by a dishonest employe or employees of that office. The postmaster and his assistant were both brought to trial on a criminal charge. The case is not yet completed. The department was unable to recover any portion of the money stolen.

Letter containing $27, sent by Rev. E. Pattenaude, Upper Bay du Vin, N. B., to John McKane, Newcastle. This letter is also believed to have been stolen at the Newcastle post office.

Letter containing $6.26 sent by Israel Legere to the Bank of Nova Scotia at Newcastle. Stolen in the office.

Letter from Bank of Montreal, Montreal, to W. H. Byer at Whitney, N. B., containing $126. Stolen at Newcastle post office.

A. Bryenton's letter containing $11.79 to W. H. Thorne & Co., St. John. Stolen at Newcastle.

Letter from J. A. Johnston at N. W. Bridge, N.B., containing $30 to Mrs. J. A. Johnston, Berry's Mills. Stolen at Newcastle.

Charge against Col. Domville.

An investigation is about to be asked for by Major Markham, which will take the form of an enquiry into the action of Col. Domville, M. P., in appointing a junior major over the head of the senior major of the regiment, and also for the use of language unbecoming an officer and a gentleman of the service. If the hearing is granted, a pretty spicy time is sure to be had. This is a feud of long standing and the fight for supremacy promises to be of interest to militia men.—News.

Town Council Meeting.

Chatham Town Council met on Monday evening in Masonic Hall, Mayor Benson in the chair, and Ald. England absent.

The minutes of the previous meeting were read and approved.

Ald. Nicol, reporting for the Board of Street and Fire Commissioners, said as the contract for the new building was signed, it was now necessary to call for tenders for the remaining $10,000 worth of bonds and moved seconded by Ald. Murdock, as follows:—

That tenders be called for in the name of the Mayor and Town Clerk for the purchase of the remaining ten thousand dollars worth of debentures authorized by the Legislature—said tenders to be received up to noon of Monday, 28th inst., and the bonds to be delivered to the purchaser on the due date of the coupon on payment of the price. Carried.

Ald. Watt also reported that arrangements had been made with Patrick Desmond to remove No. 2 Engine house some 100 feet in the rear of present site, for $75.00; also arranged that providing Daniel Crimmin failed to have the building known as the Robinson house removed by the time the engine house was removed, Mr. Desmond receive $85.00 for removing both buildings. The Amoskeag engine is in first-class conditton and is at present at Mr. Ruddock's foundry with 500 feet of hose. The Ronald engine is in No. 1 engine house and will remain there until No. 2 is ready to receive it.

The report was adopted, on motion of Ald. Nicol.

Ald. McIntosh moved that William and Henry A. Muirhead be added to the list of lumber surveyors for the Town of Chatham. Carried.

Ald. Loggie reported that new sidewalks were laid as follows:—

On Wellington street, 600 feet; Sherriff street, 150 ft; Water street, 400 ft; St. John street, 500 ft. and Church street 350 ft.

Bills in connection with work on streets were passed as read.

A number of bills in connection with the Fire Department were also passed, including Mr. Ruddock's bill for repairing the Amoskeag engine. $250.

Ald. Nicol said the town clock in the Methodist church tower was now giving very good satisfaction, and as a great many of the citizens were benefitted by it he thought it only fair that the town should pay for the repairing and keeping of it in running order. There is now a regular attendant who does the work for $10 a year.

Ald. Watt was in favor of paying the cost since the Town became incorporated. The clock was doing good service now and would be much better if made to strike. He moved: that the town pay $10 a year for keeping the town clock in Methodist church in repair from May 1896, providing the attendant makes it strike the hours. Carried.

Ald. Nicol moved, seconded by Ald. Watt, that any person or firm having a claim against the Town for material supplied or labor performed, which claim was due and unpaid on or before the 5th day of June, inst., being the last day on which the discount on taxes is allowed this year, may receive the benefit of said discount, provided the amount of such taxes is paid on or before the same day on which the Town pays said claim. Carried.

A petition was read by Ald. Maher from the residents on Cunard street, requesting the Town Council to have the road commissioner repair the sewer on that street.

Ald. Watt thought the Public Works Committee should interest themselves and make it their business to go over the road and have the holes and gutters filled up on Water Street and have all the rubbish removed.

The Mayor said it was almost impossible to trot a horse on Water street and he hoped something would be done before Commemoration Day. Another thing that could be easily done and thus save the streets from being cut up would be to have the teams hauling wood turn the first corner and use the back streets.

Ald. Murdock approved of this idea. The carts not only cut up the streets, but there was inconvenience caused by the teamsters using the sidewalks while reining their horses in the centre of the street.

Ald. McIntosh thought if the matter was suggested to the employers this inconvenience would not continue.

The upper end of Water Street needed repairing and Ald. Watt said he would give the commissioner sufficient ballast to have this section filled in.

By-laws relating to the ferry, the Town Marshall and Town Treasurer were passed.

Ald. Nicol moved that the bye-law relating to the local Board of Health be rescinded as they could act and be guided by the Provincial Act.

Ald. Maher asked if citizens in the outer districts could not be given police protection.

Ald. Coleman said, now that the new policeman was on duty, they would have rules made requiring the police to do duty in the different sections of the Town.

Ald. Watt said instructions were given to the policemen to arrest any pedlar selling goods without a license in future.

Ald. Nicol said there was a difference of opinion on the subject of selling beer on Sunday. Beer that did not intoxicate was allowed under the Scott Act, and a section should be made in the bye-law defining these beers., and he gave notice of a motion for next meeting dealing with this section.

Adjourned.

Fourteen Years in Terror.

BUT DR. AGNEW'S CURE FOR THE HEART GAVE RELIEF IN 30 MINUTES AND THREE BOTTLES EFFECTED A CURE WHICH BAFFLED THE BEST OF PHYSICIANS.

This is what Mrs. J. Cockburn of Warkworth, Ont., says: "For fourteen years I have been a great sufferer from heart disease; troubled very much with sharp, shooting pains constantly passing through my heart. Very often the spasms were so severe that I would become unconscious. My limbs would swell and become quite cold. For these fourteen years I doctored with best physicians without relief. Having seen Dr. Agnew's Cure for the Heart advertised, I determined to try it, and before I had taken half a bottle I found great relief. I found the beneficia effects inside of thirty minutes. I have taken three bottles and it has done me more good than any medicine or any physician ever did. I can conscientiously recommend it to all sufferers from heart trouble."

News and Notes.

At a military tournament in London on Saturday four Canadians competed in the bayonet vs. bayonet bouts against four members of the New South Wales Mounted Rifles. The Canadian team won easily.

The Vancouver, with the jubilee contingent, sailed from Rimouski at 9.30 p.m., Sunday, and had 925 passengers in all. Over 10,000 people witnessed the departure from Quebec amid great enthusiasm. Cols. Domville and Tucker were on board.

VANCOUVER, B. C., June 1.—Fabulously rich free milling ore has been discovered at Takush Harbor, in the northern waters of the Gulf of Georgia, 140 miles from Vancouver. Every piece of rock taken out of the vein, which is said to be 10 feet wide, is ribbed with coarse gold. It assays many thousands of dollars to the ton, and the specimens are far richer than any ever seen before in the province. Like all other rich strikes here, it was found by accident and not by a mining expert. There is a stampede from Vancouver for Takush Harbor. Very rich milling finds have also been made in Lillooet and Squamish this week. Excitement is intense throughout the province, and American money and men are coming in very fast.

There is no great business depression in the United Kingdom. Traffic receipts of fifty-five railways in those happy islands for the week ended with May the 9th show, on a mileage of 19,766, receipts of £1,664,788 sterling, where for a corresponding week of 1896 they were £1,584,349, with 19.635 miles of road operated, being at the rate of £84.4 per mile as against £80.14. The increase was greatest in freight traffic. The aggregate receipts for the nineteen weeks of the current half-year amounted to £29,169,736, or an increase of £841,476. On the forty-one lines distinguishing freight from passenger receipts, the aggregate receipts for the nineteen weeks from passengers amount to £11,461,312, or £260,259 increase, and from goods to $16 574.80l. or an increase of over half a million pounds sterling.

BOSTON, June 1.—A special to the Journal from Bangor, Me., says:—

"Dr. G. R. Bailey, state veterinarian has returned from a visit to Blue Hill and other towns in Hancock county, after investigating a case of tuberculosis and its resultant effects in the family of Luther Bridges. Mr. Bridges has had a cow four years and his family of nine children all under 17 years of age, with one exception, have lived upon the milk, and while heretofore they have been quite well, they have lately been emaciated and poorly nourished. Five of them have recently had tubercular pneumonia, and one died Tuesday, one Wednesday, one Thursday and three others lie at the point of death. There is said to be a prospect that other deaths will follow. The cow was killed and Dr. Bailey states that the animal had the worst case of tuberculosis that has ever come to his notice. The little girl, the only child having an aversion to milk and not drinking any, is strong and appears to enjoy the best of health.

BORN.

At Chatham, on Sunday, June 6th to the wife of Arthur Sewell, a son.
[Moncton papers please copy.]

DIED

On Monday evening, June 7th, William Wilson, son of John and Maggie Sinclair, aged 20 years.

ALBERT'S THOMAS PHOSPHATE POWDER

(Registered)

IS THE

SOLUBLE BASIC PHOSPHATE OF ENGLAND.

☞ At the German Government Experimental Station at Darmstadt, Professor Paul Wagner has tested it most thoroughly, and unhesitatingly pronounces it the best phospheric fertilizer at his command. He says: "If you desire to enrich the soil, to provide the soil with a store of phosphoric acid to serve for continuous cultivation for perennial fodder fields, meadows, vineyards, orchards, etc., there can be no phosphate more suitable than Thomas' Phosphate Powder."

In another place he says that clover gave a higher yield on ground that had this powder put in it than on ground upon which phosphate manures had been applied.

It is the cheapest and most profitable Phosphate Manure in the World!

THE CONCENTRATED HORTICULTURAL MANURES,

For Fruiting, Gardening and House Work are the only absolutely pure and soluble manures in the Market.

☞ Our Pamphlet free.

GEORGE R. MARQUIS, AGENT

CHATHAM, N. B.

Fred Hambletonian

I have purchased the Stallion Fred Hambletonian which I purpose to travel the coming season, 1897, throughout the principal parts of

Northumberland County.

Fred is a Dappled Grey, stands 16 hands high and weighing 1200 lbs, and can strike a 2 30 gait. Parties wishing to breed had better see this beautiful horse before breeding elsewhere.

Terms made known by the Groom or Owner.

ALEXANDER REINSBORROW.

SHERIFF'S SALE!

To be sold at Public Auction on Saturday, the 10th day of April next, in front of the Post Office in Chatham, between the hours of 12 noon and five o'clock p.m.

All the right, title and interest of James Oates of, in and to all that certain lot, piece or parcel of land situate lying and being in the Parish of Nelson, in the County of Northumberland and Province of New Brunswick, and bounded as follows to wit:—Beginning at a Maple tree standing at the Southeasterly angle of lot number seven, granted to John Kent, junior, at the head of Napan River, thence North 21 degrees, West fifty chains; thence North sixty-nine degrees, East twenty chains; thence South twenty-one degrees, East fifty chains; thence South sixty-nine degrees, West twenty chains to the place of beginning containing 100 acres more or less, and distinguished as lot number fifty nine at the head of Napan River and was granted to Thomas Oates now deceased, by letters patent dated 25th February A D. 1876, and being the lands and premises on which the said James Oates at present resides

Also, all that other tract of land situate in the Parishes of Nelson and Chatham, in the county aforesaid granted to Richard Hutchison, and known and distinguished as lot number 60 at the head of the Napan River aforesaid, and containing 100 acres more or less, as by reference to said grant will more fully and at large appear.

Also, all other the lands, tenements, hereditaments and premises of the said James Oates what soever or wheresoever situate in the said County of Northumberland. The same having been seized by me, under and by virtue of executions issued out of the Northumberland County Court by James Clowry and by Leonard W. Johnston, against the said James Oates.

JOHN SHIRREFF,
Sheriff of Northumberland County.
