CHAS. MADDOCK

Selected as Manager of the Torontos.

TO HUNT FOR PLAYERS WEDNESDAY.

This Is All Providing a League Schedule is Adopted—Will Indianapolis Join the International?—The Eight-Club National Circuit—A New Canoe Club for Toronto—The Fourth Argonaut Pipe Concert—That Tug-of-War—Racing and General Sporting News.

THE Veteran Charlie Maddock has been secured to manage the Toronto Baseball Club for the coming season. He has led in the race from the start. Four of the five directors favor him, including President McConnell. The latter gentleman is not yet certain of the International's stability, but this will be determined to-morrow at the Rossin House meeting. If Buffalo and Bay City post their guarantee a schedule will be adopted. Then Manager Maddock will start out to secure the signatures of the reserved players. All are anxious to sign and can be easily located, excepting Titcombe. However, if he is not presented with a contract before April 1 on account of inability to locate, the Arbitration Committee would scarcely say that Toronto was not entitled to that player. A letter was received from McMillan Saturday asking for instructions, a contract, and some advance money.

The International Baby.

SAGINAW, March 23.—The International League "goes" in Saginaw-Bay City. Subscribers to the club's fund have turned everything over to six reliable men of the two cities, who will run the club and boom it for all it is worth. About half the team has been secured, but it is desired to hear from players and managers in all parts of the country. Communications should be addressed to D. Z. Curtiss, secretary, Saginaw. Saginaw Valley has never been tailender in any league and does not propose to occupy that place now.

Dust from the Diamond.

The Chicago and Brooklyn National teams played in St. Augustine Saturday, the former winning by 15 to 14.

Delehanty has jumped from the New York National League team and will play short for the Cleveland Players' Club.

George M. Vail has been elected a director of the Detroit Baseball Club to fill the vacancy caused by the resignation of George H. Barbour.

Sixteen National Leaguers received an aggregate salary of $234,100 for nine years, an average of $22,131 for each man for that time, or $2360 per man per year.

The South Side Amateur Baseball League of Buffalo has organized with four clubs. They have arranged a schedule of Saturday games which begin April 27 and close Oct. 4.

Manager Leadley goes to London to-day, where he and Manager Fessenden will arrange a schedule to be submitted to the Schedule Committee, which meets at the Rossin House, Toronto, on Tuesday.

Indianapolis is 200 miles from Toledo and 300 from Detroit. Why could not Hoosiertown be induced to join the International along with Montreal, which would make almost as strong a league, according to population, as the American Association.

A. J. Reach's annual official American Association Guide is out. It is replete with valuable information concerning the American national game; gives complete records of all the important leagues, including the International, and portraits of President Jack Tees, champion batsman Tucker and the great base stealer Hamilton.

Jim Mutrie will make a great team with his combination with the Hoosiers. From Indianapolis he gets Glasscock, Denny; Pitchers Russie, Boyle and Burkitt; Buckley; Bassett, Somers and Scanlon. Crane, Welch, Tiernan, Murphy, Clark and Dooley are the New York's strongest men and the combination should make a strong one.

New York bought the Indianapolis players but not her franchise, so that club may return when any vacancy occurs which is not likely. Washington sold its franchise, retained its players and immediately joined the Atlantic Association. The clubs remaining in the National League are new York, Brooklyn, Philadelphia, Boston, Chicago, Cincinnati, Cleveland and Pittsburg. These club owners are now convinced that they are in proper shape to battle the Players' League to death.

The two greatest blunders the League ever made were these: The acquisition of Brooklyn and Cincinnati to the detriment of the Association and allowing the revolution of the Players' rebellion to kindle, lying back in its pride imagining a haughty look would put out the spark. The club owners say that success and plaudits have turned the Players' heads. The Players can more than return the compliment. If a body of men were ever caught asleep that body is the club owners of the National League.—New York Tribune.

M. J. Kelly, better known as Machael Jags Kelly, will be captain, manager, director and stockholder of the Boston Players' Club. John M. Ward will be captain, manager, director and stockholder of the Brooklyn Players' Club. Charles Comiskey will be captain, manager, director and stockholder of the Chicago Players' Club. Lawrence Statuesque Twitchell will be captain, manager, director and stockholder of the Cleveland Players' Club. Buck Kicker Ewing will be captain, manager, director and stockholder of the New York Players' Club. Jim Fogarty will be captain, manager, director and stockholder of the Philadelphia Players' Club, and Ed Hanlon will be the mogul of the Pittsburg Club. If the Brotherhood makes any money these men will reap the benefit. What will the poor dupes who have been led into this revolt get? Left, brethren, left.—Lehigh Free Press.

The Brotherhood Guide is out. Its quality is judged by two journals thusly: A Players' organ says: "The Players' National League Baseball Guide for 1890, published by Secretary H. H. Brunell, has been received and is a very fine piece of work. It contains all the records of former championship seasons, leagues and associations, besides much other valuable base ball information. And a Nick Young paper writes: The Brotherhood Baseball Guide, a dismal-looking indigo-colored volume, has made its appearance. It was prepared together by F. H. Brunell, secretary of the Brotherhood, who assures the public that it is "faceful" and "contains nothing but information." The book is simply a reissue of previous Spalding guides, with the addition of the averages of the players of the last season. It is a piece of cool impudence to put such a collection of baseball chestnuts on the market and ask the public to pay for it.

SATURDAY WITH THE RACERS.

Rain, Cold Weather and Fetlock-Deep in Mud at the Gut.

NEW YORK, March 23.—The weather at Gutenburg yesterday was miserable, a drizzling rain prevailing all day and a cold wind blowing across the track. The track was fetlock-deep in mud.

First race, selling, ⅝ mile—Extra 1, Wissahicon Celt 2, Seatick 3. Time 1.08¾.

Second race, selling, ¾ mile—Lotion 1, Bonnie Lass 2, Pericles 3. Time 1.20¼.

Third race, selling, ⅝ mile—Dynamite 1, Benedict 2, Blessed 3. Time 1.09.

Fourth race, selling, ⅞ mile—Oarsman 1, Wahoo 2, Bela 3. Time 1.38.

Fifth race selling, ⅞ mile—Miller 1, Esterbrook 2, Major 3. Time 1.08¾.

Sixth race, purse, ⅞ mile—John Jay S. 1, Harwood 2, Friar 3. Time 1.40¾.

The New Orleans Results.

NEW ORLEANS, March 22.—The races today resulted as follows:

First race, ¾ mile—Sheridan 1, Linda L. 2, Mary Hardy 3. Time 1.17.

Second race ¾ mile—Puente 1, Heely John 2, Relieve 3. Time 1.03.

Third race, ½ mile—Cliquot 1, Germauic 2, Lexington 3. Time .49.

Fourth race, 7½ furlongs—King 1, Billy Pickerton 2, Pritchett 3. Time 1.37.

Gossip of the Turf.

The Board of Review of the National Trotting Association will meet at the Sherman House, Chicago, on May 6.

It is said that Hettie, entered in the Liverpool Grand National, will be ridden by a near relative of the Prince of Wales.

The candidates for the O.J.C. May meeting will begin training at the Woodbine this morning. The track has been harrowed and is now in capital condition.

Charlie Brown has bought a fine pair of saddle horses from a gentleman in London. They are the b. m. Aileen, 6, by Junior Britoin-One-Eyed Lapidist, and the b. m. Flirt, 6, by Wild Bay-Judge Curtis. Both are fine jumpers. Mr. Brown also last week sold the pair of browns, Lancewood and Forest, to Mr. Threlkeld. They are both by Strachino.

Terra Cotta has been given the post of honor in the decoration handicap to be run at Latonia May 30 with 130 pounds, Spokane next with 124 and the same impost has been awarded Proctor Knott. Huntress has 120, Montrose 119, Retrieve 115, Sportsman 115, Libretto 114, Wary 114, Elyton 112, Maori 112, Catalpa 112, Heron 112, Cruiser 110, Monita Hardy, 110 and the others range from 109 down to 90 pounds.

TORONTO BICYCLE CLUB.

Their Saturday Run—A Great Track—The Oshawa Concert.

The Toronto Bicycle Club had a run set down to the Halfway House for Saturday, but the cold weather compelled the boys to do the city streets. About 20 riders under command of Capt. Chandler wheeled in Jarvis-street, a track that probably cannot be beaten in America. "But for the Carlton-street car track," said a member Saturday, "a cyclist could coast from Bloor to Queen and not touch a pedal. At that point, however, one must steady his wheel to get over the rough pavement and rails."

On Saturday night the Glee Club of the T.B.C. held their final rehearsal previous to going to Oshawa on Tuesday night, where they are to give a concert on that date. Present indications point to a most successful concert. A special Pullman car will leave the Union by the 5½ p.m. train and the captain requests that the members will meet at the station at 5¼. Lunch will be provided on the train and a most enjoyable time is anticipated. It is hoped that as many as possible will avail themselves of this trip.

HOW CARROLL WAS KNOCKED OUT.

A Blow on the Mouth that Did It—A Scientific Contest.

SAN FRANCISCO, March 23.—In Friday night's fight, after the 43d round, Carroll continued to gain the advantage, and in the next three rounds he pounded McAuliffe on the jaw and in the mouth and nose, until it seemed that the latter would go out every moment. McAuliffe, though very weak, returned the blows when he could, but they seemed to have little effect. At the opening of the 47th round it looked as if the fight was over. Carroll still acted on the aggressive, but when the round was about over Mac seemed to revive a little. The men were fighting hard at close quarters. It was a give-and-take contest for a few seconds, though both men were so dazed they could hardly stand upon their feet.

Finally Mac's right fist came in contact with Carroll's jaw and the latter went down. He rose in three or four seconds and Mac started in to finish him, though it was difficult to say which man was the weaker. Mac's face was well covered with blood, but there was very little on Carroll's. The men continued to pound away at each other's heads, though Mac's blows were the hardest, and he finally caught Carroll in the mouth and sent him down on the floor with a thump. Carroll lay insensible on his back while the seconds were being counted off. When 10 seconds were completed there was still no movement of his body and his seconds had to carry him to his corner, while Mac was declared the victor amid the enthusiastic cheering of the spectators. The battle was a scientific contest from the start.

LACROSSE IN BUFFALO.

Why Not Join the Canadian Association?—Drumming Up the Players.

BUFFALO, March 23.—The annual spring meeting of the Buffalo Lacrosse Club will be held next Friday. Every person interested in lacrosse is requested to be present at the meeting. Arrangements may be made by the Buffalo Lacrosse Club for a schedule of games with Eastern clubs if suitable grounds can be secured. It is hoped that the Brooklyn Lacrosse Club may be seen in Buffalo this summer. Lacrosse gained many friends in Buffalo last year, and a successful season is anticipated.

[Why does not Buffalo follow the example of Detroit and join the Canadian Lacrosse Association? They could have a representative at Woodstock April 15 and in the meantime correspond with H. O. Laughlin, St. Catharines.]

THE TUG-OF-WAR CONTROVERSY.

Mr. Harry Fortier of the Tam O'Shanters Gives a Liberal Reply.

Sporting Editor World: I am not surprised at the first part of Mr. VanKoughnet's letter in your issue of to-day re the tug-of-war which took place at the excellent smoking concert given by the Argonauts last Monday. I learned yesterday that he did not throw down the gauntlet to "any four men in Toronto," as stated in your paper of the 19th inst., but I learned it only after my acceptance of his supposed challenge had appeared, but surely we are not to blame for rushing into print to accept what we thought was a bona fide offer or challenge to pull; but with the remarks about our "crawling from our shells" I have this to say to Mr. VanKoughnet: If he did not know he ought to have known that we had two practices at the Argonaut Club house previous to the smoker; that we were present as a team on Monday evening, and that we wanted to pull, but were told that as we had not entered at the first of the series of pulls we could not fairly compete with teams who had been in the contest from the start—a point which we saw at once and which we agreed with, but when we read what we supposed was a challenge from the football team we naturally accepted it. I am sure our acceptance of the supposed challenge did not in any way detract from the honors won by the T.F.C. tug-of-war-team, and I am surprised that a gentleman so well and favorably known in connection with the purest of amateur sport should cast so unmanly a slur at so worthy an adversary as the team from the Tam O'Shanter Snowshoe Club. In conclusion I will add, in proof of the fact that we were not in our shells and are not now trying to get into them (whatever that may mean) that we are ready to "drop on the cleats" in front of the team so ably and feelingly championed by Mr. Vankoughnet.

HENRY C. FORTIER,
One of the Tam O'Shanters.

Toronto, March 22.

AT SPARROWS AND CLAYS.

The Torontos' Medal and Weekly Shoots—Some Stanley Scores.

The members of the Toronto Gun Club held the fourth shoot for the Verity medal on Saturday at the Woodbine, Mr. Black winning the handsome trophy for good, having also won the first and last shoots. They also had their regular weekly shoot at artificial birds. The scores:

For the Verity medal at 15 sparrows:

D. Black	13	Andrews	10
W. McDowall	12	T. S. Bayles	9
J. Townson	11	H. Gibson	8
H. George	11	J. James	7
Dodge	11	F. Pears	6
G. Henry	10	D. Tracy	6

At 20 artificial birds:

Dodge	16	Bugg	12
Martin	14	James	11
Andrews	14	Bayles	9
Henry	13	Caldwell	9
Dicks	12	Gibson	8

The Stanleys' Saturday Shoot.

The Stanley Gun Club held their regular weekly shoot on Saturday at the Woodbine with the following results:

Emond, 1st score	17	Carruthers, 1st score	14
Emond, 2d score	17	Carruthers, 2d score	11
Henry	16	Sawden, jr	12
Winchell	15	Tracy	12
Harrison	14	Bayles	10

A NEW CANOE CLUB.

The Messrs. Mackendrick Leave the Toronto and Will Start a New One.

Toronto is to have a new canoe club. Internal disquietude compelled the Messrs. Mackendrick to leave the Toronto Canoe Club. They have taken quarters in a boathouse in the Esplanade and will soon have sufficient canoeists with them to warrant a new organization. Mr. W. G. Mackendrick is the champion canoeist of America, while his brother, H. F., is also a paddler of excellent quality. Their loss will be severely felt by the Torontos, but the Queen City is big enough to support two clubs.

At a meeting of the Toronto Club John Sparrow was elected to the vacancy in the regatta committee caused by the withdrawal of W. G. Mackendrick. It was decided to hold a smoker April 18. A number of motions to change the constitution were under discussion. It was decided to change the number to constitute a quorum from 10 to 20. The motion to limit the membership to 100 was almost unanimously voted down.

A Pioneer Rowing Man Visits the City.

Mr. Walter R. Nursey of Winnipeg is at present on a short visit to Toronto, his former home. Mr. Nursey, with Mr. Henry O'Brien, were the founders of the Argonaut Rowing Club and the gentlemen who went to much trouble in the early history of the city to separate amateur from professional rowing. Mr. Nursey was the Argonauts' first secretary. He never tired of his favorite sport and in locating in the Prairie City assisted in organizing the Winnipeg Rowing Club.

The Argonauts' Fourth Pipe Concert.

At the request of many of their friends the Argonaut Rowing Club committee has decided to give a fourth smoking concert at an early date, which has not yet been fixed. This will be in the shape of a benefit to Prof. Halpenny, the club's able fencing instructor, who is arranging the program. One of the most interesting features of the former contests was the tug-of-war competition, which will be continued at the next pipe. Several clubs have already decided to pull, including the Royal Canadian Yacht Club, Toronto Canoe Club and Tam O'Shanter Snowshoe Club.

Ripples on the Water.

Yale has notified the University of Pennsylvania that she will not meet the Quaker crew this year.

It is announced by cable from London that the Queen has given a cup valued at 100 guineas to the Royal Albert Yacht Club to be raced for during the coming season.

Peterson, the California oarsman, has challenged Henry Heneman of Stockton, Cal., to a three-mile race for from $500 to $1000 a side, Heneman to be given five seconds of a start.

William O'Connor was banqueted in Australia recently. In a speech he stated he had journeyed to Australia as the representative champion oarsmen of America and he was anxious to row any man in the colonies for $2500 a side and the championship. O'Connor met with a grand welcome.

Spots of Sport.

Peter Jackson, who has been resting at Mount Clemens, Ill., for several days, will start on the road again under "Parson" Davies' management next week.

It has been decided to form an Athletic Association in Toronto. Plans have already been drawn up for magnificent buildings to contain all the apparatus necessary for a first-class institution of this kind.—Hamilton Times.

In a 100-yard foot race at West Side Park, Wilkesbarre, Saturday afternoon, between John Lehman of that city and Julius Englemann of Weatherly, Pa., for $500 a side, the former won, leading his opponent about 16 inches at the finish.

The police stopped the fight at Portland, Oregon, Saturday night between Mike Conley, the Ithaca giant, and Frank Glover, formerly of Chicago, after the men had fought two rounds. Glover was considerably punished.

Austin Gibbons, the Paterson light-weight, is coming home from San Francisco by the way of New Orleans. The Young Men's Gymnastic Club of the latter city has offered a $1000 purse for him to meet Cushing, Bowen or Hopper. Gibbons wants an outside bet as well, and Cushing has already accepted the terms.

All in a Heap.

Malarial fever left me with my blood in a terrible state, with boils breaking out on my head and face. I was too weak to work or even walk, but after taking a quarter of a bottle of Burdock Blood Bitters I was able to work. The boils all went away in a heap, as it were, and my strength fully returned before the bottle was done.

FRED. W. HAYNES.
Windsor, Ont.

Perjury in Liquor Cases.

James Mann was convicted in the Assizes Saturday on a charge of perjury in connection with a liquor case. Mann was charged at the Police Court on Nov. 20 last with having sold liquor illegally at 261 King-street east on Oct. 12. On his trial before Magistrate Denison he pleaded not guilty, and on that occasion, as it was alleged, committed perjury. The witnesses called for the crown were Magistrate Denison, Police Clerk Morrison, Sergeant Gregory and Staff Inspector Archabold.

The jury remained out 1½ hours and returned a verdict of guilty. Prisoner's mother, who was present, wept piteously as the verdict was recorded and the prisoner was led from the court.

The police consider they have scored a big point in Mann's conviction for perjury. In nearly all the liquor cases that are heard in the Police Court it is alleged perjury is more common than the truth. Magistrate Denison himself has on more than one occasion called attention to this fact. The police hope now to put a stop to this common crime.

Spring Cleaning and Dyeing.

One of the leading houses in this line of business is the well-known firm of Stockwell, Henderson & Blake of 103 King-street west. The senior member of the firm has just returned from an extended tour through the States. While there he was granted the exceptional privilege of going through and examining the far-famed Staten Island Dye Works. He also visited the best houses in Philadelphia. While the work in these houses is turned out on a much larger scale it is not done any better (as a rule) than by this Toronto firm. Stockwell, Henderson & Blake feel that they can do as good work as Staten Island, so that all the citizens have to do is to call telephone 1258, and your goods will be called for and delivered. If you have no telephone send post card or leave your order at 103 King west. Now is the time to have your spring suits and overcoats made to look new again by either cleaning or dyeing. They do ladies' wear of every description in strictly first-class style. Call and get one of their price lists giving the names of the thousand and one things they do—also giving a price for each class of goods. Parties at a distance can send goods per express and they will return them within one week.

That latent force of fluid, which permeates all matter, and which bears the conventional name of Electricity, is widely appreciated and recognized as a means of cure in various diseases. Its effects in the form of Dr. Thomas' Eclectric Oil are shown by the relief of pain, both neuralgiac and rheumatic, as well as the throat and lungs, and in various other healing ways.

Real Estate Sales by Auction.

Oliver, Coate & Co., Saturday sold three two-story brick houses on east side of Gladstone-avenue to J. A. Warrell for $5550; also a two-story brick house on south side Yorkville-avenue, 22½x165 ft., to A. J. Somerville for $2450. The sales at McFarlane & Co.'s were nine houses, with lot 130x100, in Boulton-avenue to W. B. Cherry for $10,950; three brick-fronted houses in McPherson-avenue, lot 150x115, to M. Henderson for $9500; two brick-fronted houses in Lansdowne-avenue, Nos. 237 and 239, to H. H. Williams for $3020; three lots on the north side Edward-street to J. W. Lang for $1050.

Out of Sorts.—Symptoms, headache, loss of appetite, furred tongue and general indisposition. These symptoms if neglected develop into acute disease. It is a trite saying that an "ounce of prevention is worth a pound of cure," and a little attention at this point may save months of sickness and large doctor's bills. For this complaint take from two to three of Parmelee's Vegetable Pills on going to bed, and one or two for three nights in succession and a cure will be effected.

The Mayor Should Go Slower.

Editor World: If secs. 15 and 24 of Mayor Clarke's bill No. 191 are passed it will cause something next to a revolution amongst the citizens, as their rights as property holders are therein dangerously curtailed. There are now many lots within the city limits that are not deep enough to build upon. If this legislation should pass the vested interest of the owner would be virtually confiscated. Property holders should arm themselves and go before the Private Bills Committee and ask that no such dangerous legislation should pass. We will have to insist upon our mayor going a little slower. He is asking for a lot of unnecessary, useless and dangerous legislation in this bill, No. 191. Every property owner can get a copy of it by asking for it at the Parliament Buildings.

CITIZEN.

THE GREAT NORTHWEST.

Exhibition of Specimens of Agricultural and Other Produce.

The C.P.R. exhibition car containing exhibits from Manitoba, Assiniboia, Alberta and British Columbia was viewed on Saturday at North Toronto by a large number of farmers and others. The exhibits are tastefully arranged and the various samples of wheat, being placed in bottles, are shown to advantage. One side of the car is devoted to the products of Manitoba alone, and the fine specimens of red Fyfe wheat, barley and other grains attracted much attention. The Fyfe wheat received praise from the farmers. Its kernels are bright and plump and of a good degree of hardness. There were several specimens of potatoes exhibited, some weighing 5 lbs. These were grown in Manitoba. The exhibits from British Columbia consisted of canned fruits, oats, peas, beans, flax-seed and linseed oil. There were also several specimens of oil-cake. The canned fruits embraced nearly everything in that line, including the prune. In the centre of the car was a collection of grasses and wheat in the sheaf. There were also specimens of gold and silver quartz from the northern shores of Lake Superior. The value of the gold specimens is said to vary from $50 to $5000 per ton. The coal exhibit was particularly good, the specimens shown being from Alberta. The various objects of interest in the car were minutely examined by visitors all day and it was the general impression that the C.P.R. had taken a wise step in placing before the farmer, the laborer and the speculator the products of a land so rich, so healthful and so accessible to the tide of emigration.

"ALWAYS WITH YOU."

The Good Work Carried On at the Home for Incurables—What Is Urgently Needed by the Lady Managers.

Those who visited the Home for Incurables in Parkdale Saturday afternoon—and there was a large number of them—could not but feel their hearts go out in sympathy to those whose maladies will only end in death. The afternoon was the occasion of the annual meeting and as the visitors walked through the airy corridors and peeped anon into the cosy rooms they were almost surprised to behold the faces of the inmates, though pinched and worn with pain and suffering, yet smiling and contented.

The interest by no means decreased when the audience assembled in the board room and the various reports were presented. President Alexander Manning occupied the chair.

The sixteenth annual report, read by Rev. Dr. Potts, showed that 41 patients have been admitted during the year. Of these 13 came from the Toronto General Hospital, 15 were sent by their friends, 8 were admitted from the county municipalities, 2 from the Convalescent Home and 1 each from St. John's Hospital, the Haven and the Bernardo Home. The deaths numbered 27, while at present there are 92 patients in the home. Although the library contains 800 volumes, there is still need for more books, especially those of a size which may easily be read in bed. Additional wheel chairs, book rests and invalid tables are wanted and donations in this line are requested, as the managers cannot venture to supply them on account of the daily increasing expenditure. The number of attendants has been largely increased and there are now 11 nurses besides a working staff of eight women and two male servants. Many other improvements have been added, such as the repainting of the building, additional safeguards against fire, etc. The report also asks for donations of pictures, ornaments and other things which will please the eye and interest the patient.

The medical report presented by Dr. Peters was satisfactory, not only in regard to the hygienic condition of the Home but also as to the kind attention of the nurses.

Treasurer Robert Kilgour's report showed a balance on hand of $900. The expenditure amounted to $14,577. Not less encouraging was the report of the treasurer of the building fund, Mr. W. B. McMurrich.

The Board of Management for the ensuing year is as follows:

President—Alexander Manning.
Vice-President—Rev. Dr. Parsons.
Lady Directresses—Miss Dieb, Mrs. Manning, Mrs. W. B. McMurrich.
Treasurer—Hugh McMath.
Secretary—Mrs. Cumberland; assistant, Mrs. Wurtel.
Treasurer Building Fund—W. B. McMurrich.
Lady Managers—Mesdames R. Brown, Blaikie, W. Beatty, J. Boyd, J. Campbell, M. Clark, G. Cox, Craveth, Canon DuMoulin, G. Dickson, R. Gooch, Harrison, S. Heward, Jennings, J. Kerr, J. Kay, J. Leys, Lauder, A. Morris, McGaw, D. McKay, G. Macdonald, H. Mortimer, W. W. Ogden, V. Ogden, J. Potts, H. M. Parsons, J. Richardson, E. M. Skae, Berkeley Smith, J. Thompson, Jay Williams, Winnett; Misses Burn, Carty, Gordon, Gilmour, A. Gilmour, Michie, Maynard, McGee, Monro, A. Monro, A. Martin and Scott.
Lady Superintendent—Mrs. Craigle.
Head Nurse—Miss Mowat.

There are also 17 well-known gentlemen on the board, several lady honorary members, life members, consulting physicians, visiting physicians, etc.

Addresses were delivered by Rev. Dr. Potts, Rev. Dr. D. G. Sutherland, Rev. G. Sandwell, Prof. Clark, Rev. Dr. Parsons, Rev. C. Langford, Goldwin Smith and W. B. McMurrich, after which a pleasant hour was spent in discussing a tasty lunch and again inspecting the building.

A Brilliant Record

Will soon end if not supported by genuine merit. The success of Burdock Blood Bitters is founded on merit and approved by trial. It purifies the blood, and cures dyspepsia, constipation, billousness, sick headache and all similar complaints. B. B. B. is purely vegetable.

The Late Mr. Irving Walker.

Special solemnity yesterday attached to the services in Carlton-street Methodist Church, where the late Mr. Walker was wont to worship, and whose pastor, Rev. Dr. Hunter, is brother-in-law of the deceased. The church was draped with black cloth and sermons and hymns had signification to the loss the congregation had sustained. The subject in the morning was "The Intermediate State of the Soul between Death and Resurrection," and in the evening "Are the Dead Interested in the Living?" The chief point made in the morning by the doctor was that the death of a Christian is but his removal to a higher service in a higher sphere. When the preacher announced Montgomery's beautiful hymn, "For Ever with the Lord," he stated that at the very hour on Friday when he presented that hymn to the choir for practice Mr. Walker and his family were singing it in the death-chamber, the last hymn he sang on earth. The discourse was founded on Paul's triumphant words, II. Cor., v. 8: "We are confident, I say, and willing rather to be absent from the body and present with the Lord." The evening's sermon was founded on "The Transfiguration," and some affecting references were made to "Brother Walker's first Sunday in Heaven." Next Sunday morning Dr. Hunter will preach on "What and Where is Heaven," and in the evening Dr. Johnston, president of the conference, will preach the "In Memoriam" sermon.

To Superintend the Shooting.

The Toronto Rifle Association has elected these officers for the present year: President, Walter Macdonald; vice-presidents, William McSpadden, John Agnew; secretary-treasurer, A. D. Cartwright; committeee, Joseph Johnston, A. G. Ronan, T. Mitchell, A. Bell.

Target practice will commence in May and be continued Tuesday and Saturday afternoons.

TEN POUNDS IN TWO WEEKS THINK OF IT!

As a Flesh Producer there can be no question but that

SCOTT'S EMULSION

SCROFULA, BRONCHITIS, COUGHS AND COLDS, AND ALL FORMS OF WASTING DISEASES. *AS PALATABLE AS MILK.*

Genuine made by Scott & Bowne, Belleville. Salmon Wrapper: at all Druggists, 50c. and $1.00.

THE ISBESTER BROTHERS.

Failure of the Big General Store Men of Petrolia, Port Arthur and Sault Ste. Marie.

Fve years ago Adam Isbester & Co., the well known Petrolea grocery, hardware and liquor merchants, established branches at Port Arthur and Sault Ste. Marie. The Petrolea business has since that time been conducted by Adam Isbester and the Northwest houses have been in charge of Malcolm, the junior member of the firm. It was generally supposed that a third brother, James, the well-known Ottawa contractor who is now building the Cape Breton Railway for the Government, was also a member of the firm, but he was, it is now alleged, only interested to the extent of $20,000 which he loaned the firm. The failure of Isbester & Co. is now announced, with liabilities of over $100,000. Those of the Port Arthur branch alone are $78,000. As an offset there is $45,000 worth of stock and about $20,000 book debts. The liabilities of the Petrolea firm are $36,000, but the assets are claimed to be $48,000, the assignment of this branch having been precipitated by the Port Arthur failure.

A meeting of creditors will be held in Toronto this week, when an offer of 70c to 80c on the dollar is expected to be made. Nearly all the Toronto wholesale grocery and hardware houses are creditors, although none will lose heavily, it is said.

Mr. James Isbester is understood to have a large claim for extras against the Dominion Government in connection with the Cape Breton Railway and the bridge across the Grand Narrows, which, if disallowed, would make his contract an unprofitable one. As for his brothers, Mr. James Isbester claims that all the interest he ever had in their business was to advance them considerable sums of money.

Other Business Troubles.

The estate of James Wallace, baker and confectioner, Belleville, shows assets of $31,000 and liabilities of $27,000. An offer of 30 cents cash has been made and will probably be accepted.

T. & M. St. Denis, general merchants, Alexandria, have assigned with liabilities of $14,000.

The general stock of Lyons & Burgess, Aylmer, is in the hands of the sheriff, owing to some misunderstanding between Mr. Lyons and his former partner, W. Scharley.

Prevost, Lamarche & Co., wholesale dry-goods, Montreal, who recently assigned, owe about $160,000. The principle creditors are the People's and Molson's banks, whose aggregate claims, which are secured, amount to $101,000.

Sill, Jones & Co., general store, Jarvis, are endeavoring to arrange a compromise. They owe about $10,700.

Assignments reported Saturday include Patrick Doyle, baker, Montreal, who owes $10,000; W. O. Markell, of Northfield; N. E. Cormier, extensive lumberman and furniture dealer, Aylmer, Quebec; J. Shapiro & Co., clothing and jewelry, Valleyfield, liabilities $6000, assets about $2000; W. A. Douglas, general store, Chatboro'; S. Gendron, Sherbrooke; John McIntyre, flour and feed, Strathroy; F. Billingsby, harness, Winnipeg; F. Flower, saddler, Elmira; D. W. Camp, furniture, Smithville.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing
