
The World For The Sports

The World is the most reliable paper for general sporting news published in Canada. A goodly portion of its space is devoted to the daily happenings on the track, diamond, crease, flood. While you are sure to find it at your club you should have it in your home. It will be sent to any address for 25 cents per month.

THE U.S. TARIFF OUTLOOK.

The situation at Washington in connection with the McKinley Tariff Bill can be understood only by bearing in mind the fact that the politicians there always have in view the next presidential election. Every political interest in the Republic centres about the White House. Major McKinley of Ohio, the author of the bill, was not far from being the winning dark horse at the last Republican national convention at Chicago, and will have a strong following two years hence. His card, as evidenced by the measure now before Congress, will be a home market, particularly for the agricultural interests. The Blaine-Harrison combination think that there will be a general revolt against increased imposts, and propose if possible to place Harrison in the field on the general policy of the administration with a leaning toward reduced duties; failing that, to dictate the nomination. Senators Allison and John Sherman, who have been looking for lightning to strike them at every convention within the memory of the present generation, are not far off in their policy from the administration's views. These, with Speaker Reed on a federal election law fad, are the chief Republican candidates.

Democratic aspirants have not yet become so numerous, ex-President Cleveland and Gov. Hill of New York being the only ones of any prominence. Either one would run on a Free Trade platform, the latter with a free whisky plank.

If it is borne in mind that in Congress every sail is trimmed to catch the wind of popular favor in 1892, and that from the Speaker to the member for Buncombe none cares a straw for the present or any other tariff measure except in so far as it bears upon the next presidential election, it will be seen how conflicting are the interests to be satisfied and how slight a chance there is of any radical legislation during the dogdays. The Republican majority is a narrow one in both Houses, and half-a-dozen disaffected members of the party can block legislation.

In the meantime Canadians whose interests would be affected by the passage in its entirety of the McKinley Bill have no occasion for alarm. President Harrison and Secretary Blaine naturally desire the support of the majority in Congress, but the administration, if we may judge from the Premier's recent outspoken utterances, is not afraid, should occasion arise, to go it alone, and the Ohio idea is not in favor with the wielder of the veto.

In this connection it may be mentioned that The Buffalo Commercial—the "stalwart" Republican organ of Western New York—printed a leading article yesterday stating that the barley schedule of the bill would cause Buffalo to suffer—would absolutely ruin the greatest business interest of Oswego while Rochester, Syracuse, Albany, Troy, New York and Brooklyn would be very injuriously affected, and calling upon the New York senators to secure a reduction of the rate to 15 cents at the outside, instead of 30, as provided in the bill, or 25 as proposed by the Senate Finance Committee.

Alligators are getting to be as scarce in the States as buffalos are. There is a great demand for the leather made from their hides, and it is getting so scarce that soon there will not be enough alligator hide left to make a pair of gaiters.

The civic committee that has decided to hold its meeting in private is inviting adverse criticism from the start. There is no analogy between their business and that of private citizens. The people who elected them have a right to be informed of their every move.

There are one hundred opium fiends in jail in New York, and of these only ten are Chinamen. It may not be generally known, but it is a fact, that opium is doing a more deadly work than alcohol on the American continent. There are many "opium fiends" who are little suspected.

The editor of The St. Catharines Gazette has been fined $50 for smuggling butter knives into Canada. His habit was to go on a churney to Buffalo, and return with the knives, but a few such fines will take the cream off the business.

The Reform papers are showing a great deal of unanimity in discussing the leadership of the Reform party in the House of Commons. Read between the lines, this means that there is uneasiness in the ranks as to the future, and from a vague hint in The Toronto Globe Sir Richard Cartwright may be the coming man.

At a recent church picnic at Dorchester station, Middlesex county, the clergyman introduced politics in his speech, and said there were Conservatives who would "vote for a wheelbarrow if put up to run." Without going this far, The World is willing to wager that if a man runs with a wheelbarrow the barrow will come in ahead.

A good deal of talk goes on among those who criticize municipal affairs as to the rate of taxation on the dollar. It is a matter of no consequence whatever. So much money must be raised. The real point is to have the assessment equitable; that once settled, it makes no practical difference whether the rate is ten or twenty mills.

The proposal to appoint a colored man from Essex County assistant postmaster in the Ontario Legislature creates a great deal of talk. The "new coon in town" bids fair to raise a large amount of talk if he does not keep well in the "shade."

"Money talks," the dollarous man exclaimed in tones intense;
"You bet it talks!" his chum replied, "and what it says is cents."

"Pay as you go!" The motto's good, and kindly bear in mind
Hotels will strict enforce it, or you'll leave your grip behind.

A man has had his watch taken from his pocket in Queen's Park. Now, for a word of advice: Keep out of crowds and no man can get in your pocket. The process can only be accomplished while the victim is being jostled. Don't push against anything or allow anybody to push against you and the cleverest pickpocket on earth cannot relieve you of your valuables.

There appears to be a decrease in crime in New York. It is estimated that since 1880 the population has increased by 400,000, yet the arrests for assaults, burglary, larceny, receiving stolen property and intoxication all show a decrease most creditable to the great American metropolis.—St. John Telegraph.

But before such statistics are of any value you want to know just how far the police stand in with the criminals. The number of arrests made do not always indicate the amount of crime.

SUNDAY STREET CARS.

One of the questions that ought to receive the attention of the Street Car Committee is that of Sunday cars. If these gentlemen do not care to make a deliverance on the subject they might at least recommend the council to submit it to the electors for decision. We believe the great bulk of the citizens of Toronto desire Sunday street cars; if they do, provision should be made in the new deal for that convenience. Ald. Vokes is chairman of the committee.

"Bleeding Kansas" is again the central figure of a State's rights question. If the "original package" decision is found to be good law state prohibition is knocked in the head. It is a safe bet, though, that many of those now most clamorous for the upholding of the "original package" decision have been in times past blatant defenders of "states' rights."

Now that the term of his banishment is expiring O'Donovan Rossa expresses a desire to revisit England. So far as we know of there is no chain around him to keep him in America, and if he should happen to lose himself in transit nobody would feel greatly worried.

Why should a doctor return "heart failure" as a cause of death? All death is of course heart failure, but it is equally lung failure. "Heart failure" is about as meaningless as the coroner's jury formula of "Died by the visitation of God," which is—probably unconsciously—in one sense as rank a bit of blasphemy as was ever uttered.

THE END OF KEMMLER'S CASE.

After many delays brought about by the obtrusive interference of an electric-light company with the orderly course of justice, the case of Kemmler has at last been finally disposed of by the New York Court of Appeals.

Kemmler will now be sentenced anew and in due time executed by electric shock. That, however, is the least important part of the matter. Had any of the absurd contentions urged in his behalf been sustained, every murderer under sentence for a crime committed in the State of New York since Jan. 1, 1889, must have been set free for want of authority to execute the sentence of death.

It is now settled that New York has a valid law for the punishment of murder. The validity of that part of the law which essays to forbid newspapers to print the facts about the execution of a judicial sentence is yet to be tested in the courts, however.

In Ottawa the proportion of deaths from lung diseases is about one-third and nearly as high a rate holds in Montreal. In Winnipeg the proportion runs to nearly one-half. Toronto shows a proportion of less than one-quarter. The northern cities, notwithstanding their "dry atmosphere," are not favorable to those of weak lungs.

The Prison Reform Congress has closed its session in Russia and escaped without being sent to Siberia.

Of the five largest cities in the Dominion, Toronto had the smallest percentage of deaths during May. So that Toronto is not only the best place to live in, but it is the place to live longest in.

It is alleged that a Canadian farmer named Alonzo Peppers has had a colt imprisoned in a box stall for seven years because it kicked him. The Humane Society are trying to find out where he lives. If they discover Peppers, he will be salted.

Jolly Excursionists from Jersey.

Toronto was besieged by a small army of jolly excursionists from Jersey City yesterday. The visitors, numbering about 250, left home Tuesday morning by the West Shore Railway and after "doing" Niagara Falls took the G.T.R. to Port Dalhousie, where the steamer Empress of India was in waiting to convey the party to Toronto. They arrived here at 1 p.m. yesterday and spent the afternoon in seeing the city. In the evening they went to the Island. The visitors leave for home at 8 o'clock this morning.

The excursion is under the auspices of the Jersey City Park Reformed Church, of which Rev. Howard Snydam, D.D., is pastor.

O'CONNOR-STANSBURY RACE

TO BE ROWED OVER AGAIN NEXT MONDAY.

The Canadian's Claim of Foul Must Have Been Allowed—Salvator Wins the Big Match Race from Tenny at Sheepshead Bay—The Baseball Dilemma—The Big Lacrosse Match.

SYDNEY, N.S.W., June 25.—Owing to the dispute over Monday's boat race, in which O'Connor was defeated by Stansbury, the two oarsmen will row again on Monday next.

KINGSTON'S RECORD BROKEN.

Salvator Beats Tenny in a Phenomenal Race at Sheepshead Bay.

SHEEPSHEAD BAY, June 25.—The Tenny-Salvator event led over 15,000 people to the track to-day. The weather was all that could be desired and the racing apart from the main event all that could be desired. That the main event was a great one is evidenced by the fact that both contestants beat the best previous records at the distance.

First race, Futurity course, about ¾ of a mile—Geraldine 1, Volunteer 2, Worth 3. Time 1.10.

Second race, 5 furlongs—Picknicker 1, Bermuda 2, L'Intriguante 3. Time 1.02.

Third race, 1 mile and a furlong—Castaway II. 1, Sluggard 2, Theodosius 3. Time 1.54 2-5.

Fourth race, a match race, two entries, $5000 each, with $5000 added by the association, selling allowances, 1¼ mile. The competitors were: Tenny, best previous record at the distance, 2.07¾, made this year; and Salvator, best previous record at the distance made at this year's Suburban race, 2.06 4-5.

J. B. Haggins' ch h Salvator, 4, by Prince Charlie—Salina (122) ..... Murphy 1
D. T. Pulsifer's b h Tenny, 4, by Rayon d'Or—Belle of Maywood (122)....Garrison 2
Time—2.05.

Post betting: 3 to 5 Tenny, 6 to 5 Salvator.

The race: There was no delay at the post and they were sent away at once, Salvator took the lead and made the pace a very fast one. Passing the stand Salvator was half a length in front of Tenny and this lead he increased to 1½ lengths at the upper turn. As they reached the far turn Salvator drew away and was leading by nearly three lengths. Then Garrison commenced to ride and whip and Tenny closed up the gap inch by inch. At the last sixteenth Tenny was gaining fast when Murphy brought his whip down twice on Salvator and he managed to keep his head in front, winning by about half a head. The fractional time of the race is as follows: Quarter, 0.25; half, 0.49 3-5; 1 mile, 1.39¾ (equalling Ten Broeck's time); 1 mile and a furlong, 1.52¾; and 1¼ miles in 2.05.

Fifth race, 1 mile—Little Jim 1, Sorrento 2, Barrister 3. Time 1.41 4-5.

Sixth race, 1 mile and 3 furlongs—Tristan 1, Eon 2, Charley Dreck 3. Time 2.21 3-5.

Seventh race, 1 3-16 miles—Falcon 1, Tarragon 2, Esquimau 3. Time 2.03.

The ½ mile running race in heats was won by Bass Viol, Warlock 2 and Scout 3. Time 52.

HE WILL SELL THE TORONTOS.

President Mike Is Dropping $150 Daily on His Ball-tossers.

"Yes, I have sent Von der Ahe my terms for the sale of Grim and Coleman, but have not yet received an answer," said President McConnell to The World last evening.

Continuing he declared that he would be only too glad to let the whole aggregation slide if he got a fair price. He declared that his loss daily was from $100 to $150 per day. Grand Rapids is the only place that has turned out a crowd. McConnell will continue the team next year, he says, if he receives financial assistance, which is not at all likely.

The president declared that he would run the season through if the league held together. A report was out that Mr. McConnell would throw up his 5-years' lease of the grounds in the fall, but yesterday he declared he would hold it for the benefit of athletics, etc.

Detroit to Quit the International.

ROCHESTER, June 25.—The persistent attempts of the citizens of Irondequoit to break up Sunday ball playing add color to a pretty well authenticated report that negotiations for the purchase of the Rochester Club by Detroit are in progress. The negotiations have made sufficient headway to lead to the expectation that the sale will be completed within two days. There is some difference as to price, but it is expected that will be satisfactorily adjusted. The Rochester Association Club wants $25,000 for its franchise and players, while the latest offer of the Detroit gentlemen, it is stated, is $20,000. There is no question as to the negotiations. They are in progress and it is probable they will be adjusted within two days. President Brinker and Treasurer Sidney McKay are out of town, presumably at Detroit.

Leadley Goes to St. Louis.

DETROIT, June 25.—Chris Von der Ahe sailed out of Detroit to-day, having in tow Billy Higgins, Charley Campau and Jake Wells. Before going he made arrangements by which Bobby Wheelock and Jake Virtue will join the St. Louis Browns after July 4 and Bob Leadley will go there as manager.

Yale beat Harvard Tuesday by 7 to 1. Only one hit was made off Stagg, while Bates was knocked out of the box.

In a rapid game of baseball in Island Park yesterday afternoon between the attaches of the City Clerk's department on the one side and the combined Assessment and Board of Works Departments on the other the City Clerk's men defeated their opponents, 5 to 1.

THE OLD BOYS BEATEN.

By the Toronto Cricketers in the Bloor-street Grounds Yesterday.

An eleven of the Toronto club played the Old Boys of Trinity College School, Port Hope, yesterday afternoon in the Bloor-street ground. Eight of the O.B.'s wickets fell for 37 runs, but when J. S. Broughall and G. H. P. Grout got together a stand was made and Trinity's score ran up. For Toronto Goldingham's 24 was the result of sound cricket, while Fleury's batting brought a hard hit 21. Boyd, Kingsmill and Davenport were the remaining double scorers. The bowling of W. W. Jones was really phenomenal. He is credited with five wickets in three overs, three of which fell in his fifth. He also took two stumps later. Grout got three wickets for 36 runs. Boyd trundled best for Toronto, taking five wickets for 19 runs. The other five wickets fell to Leigh. Dickey also bowled eight overs. Score:

The return match between the Trinity University nine and Col. John Powell's aggregation took place on the college lawn yesterday afternoon. The batting of the visitors was the feature, while the fielding of both sides was phenomenal. Only five innings were played. A one-sided score of 12 to 0 at the end of the third did not shake the Colonel's confidence, and when Baines went into the box they saw that victory was theirs. Score:

The Toronto Cricket Club's at home to the Winnipegers takes place on the Bloor-street grounds, June 30. Five hundreds cards of invitations have been sent out.

East Toronto meets Trinity University this afternoon at 2 o'clock. The match will be played on the Trinity ground. The following team will represent East Toronto: R. Cameron, J. Chandler, W. J. Awty, E. A. Harrison, G. D. Nicol, T. Collins, E. Smith, G. H. England, J. Hoare, Rev. J. Scott, Howard, G. Caldecott.

PRIZES FOR ATHLETES.

Several Gold Medals Offered for Competition at Rosedale.

The Rosedale Athletic Association has decided to give prizes of gold medals for different athletic events to take place within the next three months at the Rosedale grounds. The association now boasts of two lacrosse clubs, including the Torontos; a cricket club, perhaps the strongest in playing ability in the city; lawn tennis and an athletic club. A valuable gold medal will be up for competition in each of the following events:

100 yards dash, ¾ mile race, ½ mile race, mile race, running high jump, running hop, step and jump. The opening of the series takes place next week and the final will be on Saturday, Sept. 27.

The Capital Lacrossists.

The Capitals will have practises to-night and to-morrow night in preparation for their match with Brantford at Rosedale July 1. Teams representing the president and vice-president will have a match on the grounds Friday evening, commencing at 6½.

Saturday's Lacrosse Struggle.

The interest in the Shamrock-Toronto lacrosse match on Saturday next is daily on the increase, as the Shamrocks are bringing up a much stronger team than the one which met the Montrealers in their 3 to 4 game of two weeks ago. The largest crowd that has ever attended at Rosedale is expected, and the committee have found it necessary to allow no carriages on the grounds, to make accommodation for those who do not go on the grand stand. The sale of tickets at Messrs. H. P. Davies & Co., 81 Yonge-street, continues brisk.

At "Headquarters."

Mr. Fred Mossop is now fully installed at "Headquarters," and has gone to a good deal of trouble and expense in making it comfortable for his friends and patrons. "Headquarters," as its name indicates, will always be a popular Toronto resort. 246

THE CALEDONIAN CUP.

Toronto League Member to Mr. Mueller on the Inter-Association Match.

Sporting Editor World: It affords to that member of the committee of the Toronto League who has been termed "densely ignorant," and upon the construction of whose letter Mr. Mueller is anxious to place the "most charitable construction," much pleasure to answer the "real facts of the case" and let the public place what interpretation they may upon them and judge which letter deserves the "charitable construction." The writer will avoid personalities, which are never an argument. What the letter in reply does not deny it is to be presumed its writer has at least tacitly assented to, consequently the following will be devoted to the differences.

The writer did not assert in his former letter that Galt, etc., were the only places where the cup competition could take place, but asserted that the League had offered to play there. The unwritten rule Mr. Mueller speaks of is rather a surprising one in view of these circumstances: (1) The League have played for the cup twice, the first match last spring in Berlin June 1, the semi-final in the West between Galt and Berlin was played June 8, two days after. (2) This year, on May 8, the secretary of the W.F.A. officially announced, which last Christmas had unofficially been intimated, that the match was to come off in Seaforth. The arrangements for the game, it will be seen, were made without any regard to the championship whatever. Where is the custom? On the Caledonia Cup rules, upon which Mr. Mueller bases much of the facts in his letter, the writer notes in passing that they have never been adopted by the W.F.A., as he is credibly informed, and a careful perusal of the minute book of the League does not either disclose their adoption. Granted, however, they are in force, they specify that the game shall take place in June. The W.F.A. committee, consisting of three members, extended, as it is said, the time for the match until July 5, and in default of a match ordered the League to hand the cup to Seaforth. The W.F.A. committee could on their part, if assented to by the League, vary the rule, as it takes two to make an agreement; but that they should take upon themselves to order (mind, they are treating with an equal, as they did, is beyond the writer's comprehension. The League have not defaulted in any way that the writer maintains that the conclusion mentioned in the first letter, drawn by him from the facts appearing, is warranted by them.

Toronto, June 25. THE SAME MEMBER.

Spots of Sport.

In the shoot yesterday on the Greenwood-avenue grounds the score was: C. Charles 21, T. Sawdon, sr., 18, E. Dodds 17, H. Davidson 13; C. Winchell 15 and T. Bayles 12.

This evening at 7¼ the Wanderers bicyclists will meet at their club rooms for a short run through Rosedale, after which the special meeting to complete arrangements for Ottawa will be held. Every member is requested to attend both run and meeting.

The Owl Gun Club will hold a shoot, open to members only, at artificial birds Friday and Saturday, June 27 and 28, at W. McDowall's grounds, Greenwoods-avenue, for six moneyed prizes and three special prizes. The members are divided into three classes, three prizes in each class. Shooting to commence at 2 p.m.

The Dominion Government and the Water Rates.

Mr. Justice Ferguson yesterday heard argument in the case of the Attorney-General of Canada against the city of Toronto. One of the clauses of the waterworks bylaw is being disputed. This clause denies the discount of 50 per cent. to Government and other institutions which are exempt from taxation. The Government takes a letter at the custom house, the postoffice and the inland revenue office and tenders the amount less the discount. The present motion is for reference to determine the amount of rebate to which the Government is entitled. It is claimed by the Government, first, that its buildings do not come within the definition of the clause and, if so, that the clause is ultra vires of the City Council.

Mr. Biggar appeared for the city and James Reeve, Q.C., and H. J. Wickham for the Government. Judgment was reserved.

Justice Ferguson said the bylaw was perfectly clear to him. This 50 cent discount was a favor which the corporation did not extend to those who did not contribute taxes to the public treasury. "There seems," said the judge, "to be a high principle of equity running all through the bylaw, but it may nevertheless be contrary to law."

Jottings About Town.

The executive of the District W. C. T. U. will meet to-day at 86 Richmond Hall, upstairs.

The floral decoration and at home at the Y.M.C.A. to-night promises to be a pleasant event.

Mr. E. A. Levian has returned from the German markets, where he has been for the last six weeks purchasing the firm's stock of tie silks.

There is great need of a drinking fountain at York and King-streets. There was one last year, but for some unaccountable reason it has been removed.

The St. Basil's garden party will be held to-day on the grounds of St. Michael's College, St. Joseph-street. The Royal Grenadiers band will be in attendance. Tea from 4 to 8.

Around the Wharves.

The Jessie Stewart is unloading gravel at Yonge-street.

The schooner Northwest cleared light for the lake shore yesterday to load gravel.

The schooner Lillian, Captain McCully, cleared for Port Credit yesterday.

The schooner Cornet cleared yesterday for Port Credit.

The schooner American cleared yesterday for Oswego.

Osgoode Hall Briefs.

In the case of John A. Macdonnell against Hon. S. H. Blake and the Law Society, wherein the right of Mr. Blake to sit as a bencher as a "retired judge" was in controversy and decided against Macdonnell, an order was made yesterday that the bond given on appeal by the plaintiff be handed to the solicitor for the Law Society in order that action may be taken against the sureties for the defendant's costs of the appeal.

Judgment was given yesterday in a motion recently made for an injunction on behalf of Mr. Lyall against Dick, Ridout & Co., to restrain the latter from infringing the plaintiff's patent on binding twine. This decision holds that there is not such a strong resemblance between the two twines as to constitute an infringement and refuses the injunction, leaving the matter to be disposed of at the trial of the action.

James H. Scott, a Kincardine barrister, is before the courts for neglecting an order of the Common Pleas to pay over $600 which he had collected to his clients, Messrs. Frost & Wood of Smith's Falls. The case comes up again tomorrow.

Yesterday counsel for William Burgess, the excanner of Mimico, issued a writ against G. M. Gardner for $8835, being the confoined amounts of a promissory note and an overdrawn account. Gardiner was the assignee of the Burgess' insolvent estate, and the debtor claims that his assignee owes him the above amount of money.

The Queen's Own on Parade.

The Queen's Own paraded last night 460 strong under command of Col. Hamilton. The route was Jarvis, Carlton and Yonge-streets. Both bands were in attendance.

The regiment will parade for divine service on Sunday at 2½ p.m. to the New Richmond Methodist Church, McCaul-street, in conjunction with the Dufferin Rifles of Brantford, who will arrive on Saturday night to participate in the Dominion Day celebrations.

Sergeant W. Hart, Q.O.R., has been appointed sergeant instructor in musketry for the right half battalion and Color-Sergeant M. Donnelly sergeant instructor in musketry for the left half battalion.

After parade No. 2 tent, A Co., Q. O. R., Peterboro', assembled in the armory, where a pleasant evening was spent. This is the second of a series to be held by the tent. The next will be after parade on Dominion Day, to which all members of No. 2 tent are requested to be present by Sergeant Gorrie.

Parent and the Carnival.

Editor World: The funniest article I have read for so me time is the letter in your issue of Wednesday signed "Parent." The indignant father (no mother would pen such an idea) exclaims that he is "surprised that the entrance examinations to the city and Parkdale collegiate institutes are to be held during the Carnival!" My, what a startling statement! Just think of it! All Ontario surprises "Parent" because it does not bow to Toronto's Carnival and conform to his desire on behalf of his boy, or girl, as the case may be. Let me tell "Parent" that the dates for examinations for the province were made as far back as
