CRICKET clubs are being reorganized in Newcastle and Chatham.

TU QUOQUE,—The *World* complains of the *Times* stealing a steamer item from its columns. Who is it that steals our ship news?

SCHOOL CHANGE—Owing to a re-arrangement of the grades in the Schools in No. 1 district Chatham, Miss Duffy's School is to be located in Masonic, instead of St. Patrick's Hall.

MR. COYNGRAHAME late of the Newcastle advanced School has become Principal of the Schools in No. 9 district Chatham. He has the reputation of a thoroughly good teacher.

LOOKING OUT FOR No. 1. Hereafter no child living outside of No. 1 district, Chatham will be permitted to attend any of the Schools, save the Grammar and High School, within said District.

PRESENTATION.—We are pleased to learn that the members of the Newcastle Brass Band have presented their leader, Mr. T. M. Stewart, with a fine Guitar, imported from Riviere & Hawkes, London England.—*Advocate*

DENTISTRY.—Dr. Cates, of St. John, Dentist, has determined to locate himself at Newcastle for the purpose of practicing his profession and will also spend a part of his time in Chatham. Announcement as to his location, etc., in each place will be made in a week or two.

INLAND REVENUE.—Inspector Hanford of the Inland Revenue Department has been here since the funeral of the late Collector Griffin and has directed Mr. Thomas J. Griffin, son of the deceased, to discharge the duties of the office until a permanent appointment is made.

SHAME! The *World* gives prominence to a miserable appeal (entitled "Party and Patronage") against any "Grit" being allowed to have the late Collector Griffin's office. The matter may, we think, be safely left in the hands of the Government at Ottawa, advised as they will be by Mr. Mitchell, Senator Muirhead, Mr. Burns and Mr. Moffat.

MIRAMICHI ABROAD.—A Milwaukee correspondent says: In Chicago and also here, we found plenty of Loggie's smelts during the winter, and they seemed to meet with good sale. Wisconsin has a representative in its House of Assembly from Lafayette County, in the person of Mr. O'Neill, a Nelson boy, who left Miramichi in 1846.

PERSONAL.—Rev Mr. Chapman of the Methodist church, Chatham, has been ill for some time, but we are glad to hear that he is somewhat better.

Rev. E. Wallace Waits of St. Andrews church Chatham, is also reported ill.

Inland Revenue Inspector Hanford is in town.

PRESENTATION.—Rev. George Howell, who has resigned the pastorate of Immanuel Church here, to accept another charge in Philadelphia, was presented, on Wednesday evening last, with addresses from his congregation and Sabbath School accompanied by a well-filled purse from each. His late congregation, and others who enjoyed his acquaintance here, esteemed him very highly as an earnest worker in his church and among the people by whom he was surrounded.

NEW STORE.—We are pleased to learn that Mr. J. A. Flett, who, has for the last three years resided in New York where he held a position in the house of H. B. Claflin & Co., (the largest dry goods house in the U. States), is about starting a general business in Nelson. Mr. Flett is having a new and commodious store fitted up with large glass front etc., and expects to open about 1st June. We wish him every success.—*Advocate*

A SOCIAL was held in Chatham Head Lodge Room on Tuesday evening last under the management of Messrs. John Cameron, W. J. Henderson, J. Jackson and Misses Annie McLeod, Bessie Carvel, Rebecca Harper and Bessie Jackson. The music by Mr. Andrew Williamson was much praised and the affair pronounced a thoroughly enjoyable one by all who participated. About sixty couples were present.

PRESENTATION.—A very pleasant episode in connection with Miss Reese's resignation as teacher of the school in District 1½, Napan, was the presentation to her, by her late pupils of a handsome silver napkin ring accompanied by an address. This is the first presentation to a teacher yet made in the district and, therefore, all the more gratifying to the recipient, who is, we understand, to leave the teaching profession.

SUDDEN DEATH.—Mr. Michael O'Brien of Nelson, was found dead last Sunday morning at the house of Mr. Daniel Baldwin, where he had lodged for the night. When found he was lying face downward on a pillow and had evidently died of suffocation. An inquest was held by Dr. Smith, Coroner, of Newcastle and a verdict of death by suffocation returned. The funeral on Tuesday was largely attended. A requiem mass was said at the Catholic church Nelson by Rev. Father Egan.

FIRE AT NAPAN.—About one o'clock on Friday last Mr. Jonathan Dickson, jr's. dwelling house, Lower Napan, was discovered by the inmates to be on fire in the up stairs portion and attempts to extinguish the flames were altogether ineffectual, no appliances for such emergencies being at hand. Most of the furniture from the down stairs rooms was got out, but that up stairs was nearly all destroyed. Among the property up stairs was a trunk belonging to Mr. James Dickson, which had some $80 in it, which was also consumed. There was no insurance on the property. Mr. Dickson estimates his loss at $600.

THE ODDFELLOWS of Chatham invited a number of their friends to their celebration of the 64th anniversary of the founding of the Order in America, which took place in their Hall, Pierce's building, on Thursday evening last. The room was very tastefully prepared for the occasion and the attendance abundantly showed the popularity and influence of the Lodge in Chatham. Past Grand Master, J. D. B. F. Mackenzie discharged the duties of presiding officer in an acceptably dignified manner and an ode being sung by the brethren an eloquent address was delivered by Rev. E. Wallace Waits. Following were a duet by Miss Nellie Loggie and Mrs. Nicol, a reading by Mr. A. D. Smith, address by Mr. Marriage, a reading by Major S. U. McCulley and a song by "The Musical Merry-makers." The speakers, readers and singers acquitted themselves admirably. Refreshments were afterwards partaken of by most of the guests and brethren at the Canada House, the conclusion being an improvised quadrille assembly. All the arrangements reflected credit on the Lodge and its committee, Messrs. J. D. B. F. Mackenzie, Major McCulley, C. A. Patterson and A. D. Smith.

Don't Forget It.

When the *Advocate* and the *World* attribute our just criticisms on Messrs. Call and Adams, to un lue political spite, they ought not to forget that those distinguished personages hunted and "hounded" as a couple last summer and were not particularly careful in respecting the feelings of the gentleman against whom they now employ the aid of their local organs; and if we mistake not, it was this same thin-skinned and sensitive Mr. Call, who refused to have anything to do personally with a certain public undertaking, or to make a customary arrangement for the running of his subsidised steamer, because the gentlemen from whom he now begs to be protected, was acting with other citizens in said undertaking. Mr. Call would save himself a good deal of discomfort and get along very peacably and smoothly if he would only remember that he is not born to "that dignity that hedges in a king," that he cannot, with impunity, persecute everyone who fails to recognise his infinite superiority over his fellows and that so long as he fails to do unto others as he would have them do unto him just so long will he be made to realize the inexorable law "with what measure ye mete, it shall be measured to you again." There are persons who, when treated with charity and forbearance by those whom they have persecuted, attribute it to fear instead of to pity and a reasonable consideration for limited mental and moral horizon. Charity and kindness should, in such cases, be pushed aside by duty, just as the lash may be applied by the hand while pity is in the heart. Titus was not saved from execution though it required of Brutus that he should master an agonized father's feelings to nerve him to give the fatal signal.

The Schools.

We shall give brief reports on the School examinations as we can find room for them—probably the whole of them in town, next week. We make room for the following this week,—

MISS BENSON'S SCHOOL.

Miss Benson's school was examined on Monday of last week. It was opened with devotional exercise and singing. C class reading from wall cards. Classes A and B then showed some printing done on their slates. B. class read two or three lessons from the primer and spelled and told the sounds of letters; then the sounds were given and they gave the letters. Next came physical exercises and then class A worked questions in addition, subtraction, multiplication and division.

Immediately after recess there were the following recitations:—

"The Sparrow," Stuart Benson.
"Golden Head," Gertie Jardine.
"Tired Out," Willie Murray.
"Baby Dimple's House," Annie Johnstone.
"True Mother Love," Annie Bowser.
"Somebody Loves the Baby," Annie Shank.

After recess there was a lesson on the points of the compass, the pupils showing where the sun rose, etc. Class A then read from the first Royal Reader and B class showed a table which they had on their slates, after which they worked a few questions mentally. Following was arithmetic by class C. Class A then showed some questions which they had worked on their slates. A spelling match now took place to decide who was to get a prize presented by Miss Maggie Shank, the last on the floor to be the winner. It was very exciting towards the last. John Reid was the last on the floor, Gertie Jardine and Stuart Benson missing the last word given. Dr. J. S. Benson presented the prize with a few words of encouragement.

MISS QUINLAN'S SCHOOL.

At the examination of Miss Quinlan's school about forty visitors were present. The pupils entered in order singing, "Here are the friends we love." Classes C and D were examined in reading and spelling, class D in arithmetic and grammar. Classes A and B drew maps of England, Ireland, Scotland, Quebec and Ontario. Class A was exercised in Algebra. Grades 7 and 8 were examined in reading and spelling; also in British History. Grades 5 and 6 were next examined in geography by Mr. J. F. Connors and grade 8 in geometry by Sister O'Keefe. Biographical sketches of prominent Canadians, were given by grade 6 and grades 6 and 7 were examined in chemistry by Miss Quinlan.

During the examination the following were given at intervals,—

Recitation, "Power of Love," by Jeanie Overton.
Recitation, "May Flowers," by Annie Carroll.
Song, "Come Away," by the pupils.
Recitation ——, by Mary O'Keefe.
Essay, "Storm at Sea," by Maggie Barden
" "Flowers," by Mary Tillisch,
" "Spring," by Emily Doyle.
" "Picnic Party," by Nellie Walsh.
Song, "Rocks Beside the Sea," ——
Dialogue, "Lilies of the Field," ——
Recitations by M. McIntosh, Bessie O'Keefe and Minnie Curran.

There was also instrumental music by Jeanie Overton, Laura Morrison, Ida Hickey, Nellie Walsh.

At the conclusion Mr. Jas. F. Connors addressed a few words of deserved commendation and encouragement to the pupils. This school, as usual, made an excellent showing which could only result from the closest attention and faithful discharge of their duties on the part of the teachers.

MISS WILLISTON'S SCHOOL.

The semi-annual examination of the advanced department of the High School—Miss Williston's—took place on Tuesday afternoon. A large number of visitors were present, including Revs. Messrs. Waits, Forsyth, and Crawford. The reading, and advanced arithmetic classes were first examined. The intermediate reading class was examined in History—Norman and the Plantagenets,—and read simultaneously, "Lochiel's Warning" and the "Battle of the Nile." The juveniles were examined in map-drawing and arithmetic. The classification of words and the order of the slates by the juveniles, spoke well for both teacher and scholars. Recitations were given by Ada Mowatt, Mary Grey, Susie Gillespie and Maggie Walls. Three young boys also recited,—Jos. Rattie, Jas. Dickson, and last, but not least, was Master George Howard, dressed up as an old genteman, who rendered Longfellow's poem "Children" in splendid style. The singing by the scholars was well spoken of and, altogether, the examination was a highly creditable one to both teacher and scholars.

13 Henry H. James v. Cummings Burk—H. H. James.
14 Robert Hutchinson and James D. Phinney v. Urbain Richard—Hutchinson and Phinney.

ARGUMENT.

James J. Allain and Mary T. his wife v. Dominick Melancon—Hutchinson and Phinney to move for judgment, quo nonsuit.

The criminal cause was tried on Tuesday, the prisoner being undefended. The prosecution was for unlawfully and maliciously inflicting grievous bodily harm on Andrew McIntosh. The prisoner who bore the appearance of a tramp, acted on the preliminary examination and throughout the trial in a very eccentric manner, frequently interrupting the proceedings and insulting the witnesses and the court. A question having been raised as to his sanity and responsibility for his acts, the jury disagreed on that point, and after a lengthy deliberation were discharged. It is understood that they stood ten for conviction and two for acquittal.

The case was again tried on Monday, when the court assigned Mr. Richardson to defend the prisoner. On this occasion he was much quieter and attentive to the proceedings during the trial until the close of the case when he repeatedly interrupted the counsel for the prosecution in his address.

The jury, after a short absence, returned a verdict of guilty. The prisoner was remanded for sentence.

In the first and second causes on the bastardy docket, the recognizances were estreated, the defendants not appearing. In the third cause the defendant appeared by counsel and paid into court $100 and costs.

The first cause on the civil docket, O'Brien and Kieran vs. McInerney, was settled by cognovit for the amount of claim.

In Carlyle vs. Powell, the defendant applied to postpone the trial in consequence of the absence of a material witness. The motion was resisted, and further time was given the defendant to obtain additional affidavits in reply.

The trial of Riley vs. White and Nickerson, which commenced on Wednesday, is still before the court. It is an action to recover the amount of a promissory note alleged to have been made by the testator in favor of the plaintiff, his daughter.

Bathurst Notes.

May 1st, 1883.

INDUCTION.—The Rev. J. C. Quinn, lately of Tabusintac, was duly inducted to the pastorate of St. Luke's Presbyterian Church here this morning. The induction services, which were very impressive, were conducted by the Rev. Mr. Aitken of Newcastle, who preached from the text, Nehemiah, 3rd chapter and 28th verse. The newly inducted pastor was addressed by the Rev. Mr. Nicholson of River Charlo, who was followed by the Rev. Mr. Russel of Dalhousie, in a very practical and wholesome address to the people. After the services Mr. Quinn was individually welcomed to the parish by each one of the large congregation present.

SCHOOL EXAMINATIONS.—The examinations of the public schools in town and village took place last week. The Grammar School under Mr. Mersereau, was examined on Tuesday morning, last, in all the different branches taught. The scholars acquitted themselves very fairly. History, Roman, English and Canadian was very good as also Virgil and arithmetic. The junior class reading was good but the senior class not up to the average. In geometry, considerable discussion took place among the visitors over the statement by the principal that the junction of two lines was not absolutely necessary to the formation of an angle and, on which all the gentlemen present took issue with him. Prizes for regular attendance were awarded to Bella Hodgins, 1st, and Grace Lindsay, 2nd.

It is but justice to Mr. Mersereau to say he complains very much of the almost continual changes in the complexion of the school, there being only five scholars on the register who were in the school a year ago, and eleven who were there six months ago. The Superior School in the Village, under Mr. Burnham, was examined on Friday afternoon last. Classes were examined in Natural history, arithmetic, geography, writing, reading, English history, physiology and spelling, in all of which, except English history, they did very well. Prizes were awarded as follows,—Master Napier—prize for general proficiency, geography, 1st class arithmetic, and spelling. Master Earl Thomson—2nd class arithmetic and boys' writing. Miss Rainey—girls' writing. The drawing in the Grammar School was very good.

A MYSTERY.—The almost naked body of a man was found yesterday, frozen in the ice on the beach at Clifton. The greater part of his clothing was in a pile quite near the body, with the right hand resting on them. The ice and snow melting disclosed the clothes and body frozen solidly in the ice with about a foot of ice below them. Who he is, or how he came there is a mystery that remains to be solved. The fact of the body being almost naked and the clothes piled near it, raises the suspicion that the man was not in his right mind and met his death through not being looked after.

General Notes and News.

As the wintry frosts disappear before the rising sun, so do Kidney Diseases leave the body when **Dr. Van Buren's Kidney Cure** is faithfully taken according to directions. Ask your Druggist for it. Sold by J. D. B. F. Mackenzie, Chatham, N. B.

Alexis Cyr, of Grant Isle, Aroostook Co., Maine writes: "Having used Northrop & Lyman's valuable Emulsion of Cod Liver Oil with Hypophosphites of Lime and Soda, and derive great benefit from it I take the liberty of asking you for quotations, and also whether you would be willing to give me the agency for this place, as I am confident there would be a large sale for it in this vicinity when its merits were made known.

Mr. George Tolen, Druggist, Graven hurst, Ont., writes: "My customers who have used Northrop & Lyman's Vegetable Discovery and Dyspeptic cure say that it has done them more good than anything they have ever used." It has indeed a wonderful influence in purifying the blood and curing diseases of the Digestive Organs, the Liver, Kidneys, and all disorders of the system.

Mr. R. C. Winlow, Toronto, writes: "Northrop & Lyman's Vegetable Discovery is a valuable medicine to all who are troubled with Indigestion. I tried a bottle of it after suffering for some ten years, and the results are certainly beyond my expectations. It assists digestion wonderfully. I digest my food with no apparent effort, and am now entirely free from that sensation, which every dyspeptic well knows, of unpleasant fulness after each meal."

W. T. Dodson, under arrest for murder and arson, has confessed and states that he hired two negroes to bring a dead body to the house Sunday night. They came that night with a third negro whom they killed and he paid them $50 for the job. He then poured kerosene oil over the body and over the bedding in his house leaving burning pieces of candle to ignite the kerosene. His scheme was only partially successful as the fire was extinguished by the neighbors and the dead negro was found. Dodson escaped but was tracked and captured. He had sent his wife and children away. His plan was to have the dead negro pass off for his own body, on the supposition that the house would burn down. He recently insured his life for $5,000, which he wanted his family to have.

A pair of babies were married the other night in Kenton County, Ky. The groom, George F. Kyle, is 14 years old, and the bride, Lizzie M. Hollinshead, is one year younger. The combined age of the twain is only a few years more than the lawful matrimonial age in the commonwealth. The bride resembled a child that had not passed the spanking age, and the groom was not much her superior in this respect. The bride was modestly and neatly attired, and resembled a little girl that was dressing for her first attendance at a children's party. The twain were evidently quite fond of each other. There was none of that style of love there is generally displayed at a wedding, and when the minister pronounced them man and wife they faced each other for a moment, and suddenly the childish groom bashfully embraced his diminutive bride.

Pedigree, etc of Abdallah Messenger.

Abdallah Messenger is by Jupiter Abdallah, bred by Peter Vandervier, Esq., of Flatbush, Long Island, N. Y.

Abdallah Messenger is a blood bay, 16 hands high and weighed 1,200 lbs at 4 years old. He trotted a mile in 2.50, and was never trained. He was sired by Jupiter Abdallah, he by old Jupiter, he by Long Island Black Hawk, he by Andrew Jackson, he by Boshaw, he by Imported Bashaw.

Jupiter Abdallah's dam was by old Abdallah, grand dam sired by Engineer, he by Mambrino, he by Imported Messenger.

Old Jupiter's dam was by Almack, he by Mambrino, he by Imported Messenger.

All of Jupiter Abdallah's blood runs back to Imported Messenger, except the Bashaw, which is considered the best stock of trotting blood in the country. Abdallah Messenger's dam was sired by Hoghland's Grey Messenger—the sire of the New York Ledger Privateer, Young America, Stonewall Jackson—raised and owned by James Weaver, Esq., Long Island—Blonde and many other celebrated trotters.

There is not a better bred horse in the country than the Abdallah Messenger; he traces back to two of the best bloods in existence, viz: Abdallah and Messenger. While we do not wish to question the qualities of other horses we are correct in saying that the blood of Abdallah Messenger, together with his fine 32, earnest kind temperament and great muscular power, stamp him at once as one of the best and first stock horse for all purposes that now stands in America.

Abdallah Messenger's Colts

have made the fastest trotting and he has sired more trotters than any other horse imported to P. E. Island of the same age. He came from Long Island, New York, May 14th, 1877. Captain Irving's colt, 2 years old, took first money Somerset Track last fall and John O'Donaghan's mare also took first money, and John Dabson's colt, 2 years old, took first money on Tryon ice last winter; several other of Abdallah Messenger's colts have taken first money in races and also at several of our exhibitions on P.E. Island. They cannot be beaten for style, muscular power and speed. The Abdallah Messenger's stock has taken and is taking higher and more prizes than any other stock that can be produced on P. E. Island.

HIGHFIELD, April 9th, 1883.

JOHN O'RONAGHAN, Esq.

DEAR SIR,—As I thought you would like to hear how Abdallah Messenger stock is turning out, I might say I purchased one from George Cellmore, Esq., which is a credit to Abdallah and his owner. He is rising four years old and can trot a mile inside of three minutes, has never been trained, and if he is properly handled he will make one of the fastest horses ever raised on P. E. Island. His weight is about ten hundred pounds; color, dark brown. There are several other colts around here sired by Abdallah Messenger which give every prospect of fast trotting and I consider Abdallah Messenger stock the best for speed on P. E. Island.

I remain yours truly,

GEORGE ESSERY,
Highfield.
