TERRIBLE AGON'

"Fruit-a-tives" Alone Gave Him Quick Relief

Buckingham, Que., May 3rd, 1915. "For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, and I had chronic Constipation. I tried many remedies but nothing did me good. Finally, a friend advised "Fruit-a-tives". I took this grand fruit medicine and it made me well. To everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take "Fruit-a-tives", and you

will get well".
ALBERT VARNER. 50c. a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-atives Limited, Ottawa, Ont.

Winter Egg Production

The possibilities for making good profit from winter eggs last year, thinking that at the preset price of feeds, profits from eggs would be impossible.

flavour and general palatibility.

The most popular variety, taking the whole of Canada, is undoubtedly the Senator Dunlap. This is a very hardy from the poultry business does excellent variety for canning. It is not depend upon feed alone. desirable both for home use and The successful poultryman market. Like all varieties, it has some faults, the chief one being that on account of its making such a large ention to all the essentials of number of plants the fruit begins to get care, feeding and management small too early in the season in parts of Canada where dry, hot weather often if he is to make his work pro- occurs during the fruiting season; fitable. Even the slightest hence, where there are such conditions negligence on the part of some other sort is desirable, and in the Parson Beauty and Glen Mary there the poultryman in any of these are two commercial varieties which are essentials may mean the loss succeeding very well in many places in of many eggs. A high producing hen is like a very delicate machine, easily put out season. The Parson's Beauty is better of repair. Anything that in-terferes with the health of the but both should be tried to determine flock for even a day may cause which succeeds best in the particular a high producing flock to locality and soil where they are grown.

The Williams is a firm berry, which is a WM. A. HOWSE become non-producers for a very popular commercial sort in Westperiod of from two to three ern Ontario but is not very popular in weeks or longer. Remember a most other parts of Canada.
