9361 Fine-Corded Petticoat, 26 to 36 waist. Price 10 cts.

For the medium size the corset cover will require 1¾ yards of lace or embroidery 14 inches wide with 3½ yards of ribbon 1 inch wide and the petticoat 3¾ yards of material 36 or 44 with extra for the ruffles.

The pattern of the corset cover No. 8378 is cut in sizes 34 or 36, 38 or 40, 42 or 44 bust, of the petticoat No. 9361 in sizes from 26 to 36 inches waist.

Price 10 cents each.

THREE FASHIONABLE COLLARS

Collars are so extensively worn that they make really important adjuncts to the toilet and here are three very attractive models, any one of which can be trusted to convert a plain blouse into a dressy one. Fashionable materials are Georgette crepe de chine, handkerchief lawn, and even white cotton lawn, and sometimes one sees collars made up in the heavier silks, washable satin and the like. No. 1, shown on the figure, tells its own story. No. 3 allows a variety of outlines.

9356 Collars for Coats or Dresses one size. Price 10 cts.

For a the medium size any collar will require ⅛ yard of material 36 or 44 inches wide and for finishing No. 1 will be needed 2¼ yards of ruffling.

The pattern No. 9356 is cut in one size. Price 10 cents.

SMART SCHOOL FROCK

9351 Sailor Dress 16 and 18 years. Price 15 cts.

Blue serge always suggests itself for dresses of this sort and that is the material shown here, but white serge dresses are pretty and a little later you will find the design a good one for the cotton gabardine that is exceedingly beautiful and exceedingly fashionable this season. White gabardine with blue collar and blue cuffs makes a very smart frock and a serviceable one, for the gabardine washes perfectly, or, if you make a middy blouse, you could use two colors, as a skirt of blue and blouse of white.

For the 16 year size will be needed 5¼ yards of material 36 inches wide, 4½ yards 44, 3¾ yards 54 with ½ yard 54 inches wide for the collar and cuffs.

The pattern No. 9351 is cut in sizes for 16 and 18 years. Price 15 cents.

TO WEAR TO TOWN

You can use this model for a silk frock, or for a linen frock or for a cotton frock. If you do not like the sleeves with the close fitting cuff portions, you can make them shorter and in bell style, and bell shaped sleeves are to be much used throughout the season.

For the medium size will be needed, 7 yards of material 44 inches wide, 5 yards 54, with ½ yard 54 inches wide for the trimming. Price 15 cents.

IT'S A DRESS OR APRON

This is a simple kimono dress. It can be made to serve as a dress or as an apron or as a negligee. It means only two seams to sew up and there is the least possible labor required to make it. It can be made of any material that may be desired and suited to its special use. Here it is a morning dress and is made of a washable material held by a sash that matches the trimming. If you wear it over a garment it will serve as an apron; and in such case you can use a simple belt in place of the sash. If it is made of a pretty kimono crepe or kimono challis and is worn without sash or belt and made without pockets, it becomes a simple negligee that can be dropped over the head in a moment, and is always comfortable and satisfactory.

To make the garment will be needed 4½ yards of material 27 inches wide, 3¾ yards 36 inches wide or 3¼ yards 44 inches wide, with 1 yard of any width for sash or trimming.

The pattern No. 9290 is cut in three sizes: 34 or 36, 38 or 40, 42 or 44 bust. Price 15 cents.

THE NEW COAT DRESS

Soutache braid applied over a stamped design is being much used and would make a handsome trimming for this frock while it comes easily within the reach of any woman who can sew, or, if you like you can make the body portion of the dress of charmeuse or of some such material and the skirt of a thinner one, or, you could use a serge body portion with a charmeuse skirt to be pretty, using the charmeuse again for the trimming.

For the 16 year size will be needed 4¼ yards of material 36 inches wide, 4½ yards 44 with ½ yard 36 inches wide for the trimming.

The pattern No. 327 is cut in sizes for 16 and 18 years. Price 15 cents.

Orders for patterns should be addressed to The Pattern Dept., Grain Growers' Guide, and ten days to two weeks allowed for the filling of all pattern orders.

Green garden vegetables rapidly deteriorate after being pulled. In a few hours they lose that crispness which makes them so appetizing. Those who live in cities, whose vegetables are brought in from considerable distance, never really know the taste of freshly gathered garden stuff. It is estimated that vegetables lose at least fifty per cent. in quality before they reach the table of the average urban dweller. Fresh, crisp vegetables throughout the garden season are at the command of the farm woman. Let each one see that they have a nice lot of garden stuff planted this spring.
