DOES IT PAY TO ATTEND HIGH SCHOOL OR COLLEGE

"Will a college education pay? Can I afford the time and the money it will cost? Could not the money and the time for four years' training be better invested in other ways? Would it not be better to get to work and make an early start in the business world?" These are some of the questions of the average high school student. Ours is a practical one. We are tempted to measure life itself in terms of dollars and cents.

We hear much of the self-made man, and many an earnest young man hesitates to spend four valuable years in college after high school is finished. Some become discouraged and yield to the lure of the dollar even before the work of the secondary school is completed.

Careful statistics show that the average uneducated man earns \$1.50 a day. Omitting Sundays he earns \$450.00 a year. In forty years he earns \$18,000. The average high school graduate earns \$1000.00 a year. In forty years he earns \$40,000. The difference in favor of the high school man is \$22,000. To get this added amount he spends twelve years in school, nine months per year, twenty days per month, or 2160 days. In other words, he earns at the rate of \$10.00 for each day he remains in school.

A college education increases one's earning much more rapidly. The United States Commissioner of Education has asserted that a common or public school education increases a man's productive ability 75 per cent, a high school training increases it 100 per cent, and a college education increases it from 200 to 300 per cent.

November is "Stick to School Month" for Tuxis Boys and Trail Rangers. Stick it out boys; if you have left school, go back, or get in some extra study somehow.

(We have been giving the above correspondent access to our column in the interest of our boys, believing he would confine himself to the truth. The above is the worst yet. Where is there a man, educated or uneducated who will work for \$1.50 a day or \$450.00 per year? The above letter contains good advice to the boys, but the correspondent will have to tell the truth in order to have his letters appear in this paper.—Ed)

### WARMLY WELCOMED

(St. John Telegraph)

H. Price Welber, who has delighted thousands of people as a comedian, and who is one of the most popular actor-managers on the continent, is in the city, and is being warmly welcomed by a host of friends. Mr. Welber is managing Palmer's Opera House in Parrsboro (N. S.) but will take the road again in the early spring.

## Men's Overcoats Half Price

Our price and policy is closing up mills because they can't compete. Catalog houses sell at \$10, \$15 and \$20 more, others ask \$65 for what we sell at \$27.85, delivered to your door.

A giant purchase permits these dwarf prices. The British Government sold the cloth below cost. We bought enough for 5,000 overcoats in one lot.

**\$27.85** Delivered to Your Door

All wool of e-ver-las-t-ing quality, in Borsalino Greens, three shades of Brown, and Marine Blues. Interlining of felt adds warmth without added weight. Reinforced stitching, double and triple buttons, three position collars.

Collars lie snug and shaped whether open or buttoned at neck, or raised in storm style. Shoulders follow prevailing lines without extremes. Waist in-curve deftly suggested but not exaggerated.

You can't surpass their style at any price or equal their quality below \$65.

For measure, slip a tape around your chest close up under the arms and over your suit coat.

Military quality cloth, civilian dyes, tailored in Canadian styles.

Don't consider a coat at any price in any place until you have had one of these on your shoulders—seen the style, considered the quality, appreciated the saving.

Then allow an extra inch, sign and send the coupon below or write an ordinary letter. You run no risk—money back after 3 days' examination if not delighted.

### ORDER FORM

Send me one of the coats described, for which I enclose \$27.85. You return my money if I am not satisfied.

QUEEN ST. BRIDGETOWN

Made in Canada

WE know the sale of the Chevrolet Light Delivery Wagon depends on the satisfaction it gives in actual service. We also know that its valve-in head motor eliminates fuel waste and delivers fullest power, that its ample bearings cut friction to a minimum, that its perfect balance—strength without weight—insures stability and makes a maximum of power available for actual hauling.

These are only a few of the obvious reasons for Chevrolet ability, durability and economy.
