"ENGLISH" LIQUID PAINT

A Handsome Paint

One special reason why **"English" Liquid Paint** gives your house such a handsome finish is because the 70% pure white lead used in its manufacture is Brandram's B. B. Genuine White Lead. This lead, ever since it was first manufactured, over one-hundred years ago, has been the standard of the lead trade and commanded the highest lead prices.

Yet **"English" Liquid Paint** is not an extravagant paint—it is the most economical paint you can use.

Made by Brandram-Henderson Limited, in 45 handsome shades, in addition to black and white.

Prices are right. Come in for a color card. 6

MAGISTRATE LOVE DOWN ON WIFEBEATERS

But As Usual the Woman in the Case Pleaded for the Man and He Was Let Off.

William Hardwedge appeared before Magistrate Love this morning on a charge of assaulting his wife, Ellen Hardwedge, and was found guilty. The court had intended to deal severely with Hardwedge, but the wife interceded for him and he was let go with a warning.

"Don't you ever come before me again on a charge of this kind," said the court. "If it wasn't for your wife's pleading I would deal as severely with you as you deserve. This wife-beating business has got to stop."

John Pennicott was arrested early this morning for being drunk.

"Sorry to see you here again Pennicott," said the court. "You have managed to keep away for quite awhile and I am going to let you go in the hope that you will not come back again for a long time."

CASTRO AT ST. NAZAIRE

Suffered Greatly on Voyage, Says Friend, But Captain's Story Differs.

St. Nazaire, April 23.—The steamship ship Versailles, with Cipriano Castro, the deposed president of Venezuela aboard, arrived here at daylight. An intimate friend of Castro's and a number of Venezuelans and journalists boarded the vessel as soon as possible. Castro had not emerged from his cabin and his friend was the first to reach him. When the friend appeared after fifteen minutes he announced that Senor Castro still complained of being ill and that he had suffered severely from the rolling of the ship. The captain of the Versailles took a contrary view, however, saying that Castro appeared to be in fairly good condition during the voyage, had appeared frequently on deck talking with compatriots and gesticulating wildly.

SEVEN CUT OFF.

LONDON FOUNDRY CO. MAY LEAVE THE CITY

Mr. D. J. Cowan Says the Concern May Locate on Packing Co's. Site in the East End.

The property of the Canadian Packing Company, consisting of the land and buildings which were not destroyed in the fire, were sold yesterday afternoon at auction by Thomas Clark to Mr. David J. Cowan, for $3,100.

Mr. Cowan stated to The Advertiser today that in all probability the factory of the London Foundry Company, now located on King street west, will be moved to Pottersburg, and a new factory built on the site of the packing company.

Mr. Cowan is vice-president of the London Foundry Company, and states that the move will be made owing to the high tax rate of the city.

The residence and grounds of the late Col. Leys, at 111 Elmwood avenue, were put up by auction yesterday, but were withdrawn, as the highest bid was only $10,000.

A house just west of the London Electric Company's powerhouse on York street was sold to Mr. William Scarrow for $800.

"MUST EXTERMINATE ACCURSED RACE"

Motto of the Fanatical Moslems in War on the Armenians

MASSACRES CONTINUE

The Entire Armenian Population of Ancient Antioch Wiped Out.

Constantinople, April 22.—The situation in Asiatic Turkey, according to the latest intelligence received here, is distinctly threatening. The wave of fanaticism, which originated in Adana some ten days ago and found its expression in the killing of Christians, apparently is spreading generally through the eastern provinces.

Upwards of 10,000 Armenians were massacred in Syrian towns and villages principally in the village of Adana, during outbursts of fanatic zeal at the time of the spring festival in honor of Mohammed and upon the receipt of the news of the overturn of the "theretical" Government at Constantinople. One embassy places the estimates of killed as high as 15,000.

The Government has sent urgent commands to the Vali of Adana that the mobs must be put down and the leaders severely dealt with. The attacks on the Armenians appear to have been instigated soley by the reactionaries.

A dispatch from Merzina says the Armenian town of Hadjim is beleaguered by Moslems, who are only awaiting sufficient numerical strength to rush the improvised defenses erected by the Armenians. The Armenians, however, are well armed and will put up a vigorous defense.

A dispatch from Antioch, dated April 14, via Aleppo, April 20, and received here today, says that when the message was filed murdering and plundering in the city was still going on.

Another message from Tarsus, dated April 20, and sent by courier to Merzina, sets forth that the missions there were giving shelter to 3,000 refugees and were well protected. Martial law has been declared and the situation was showing some improvement. Five hundred houses have been burned in the Armenian quarter of the city, where fifty persons had been killed. Others had been killed in the surrounding villages.

Aleppo, under today's date, reports the situation of all Armenians to be dangerous. No mention is made of anyone being killed or injured. There is great insecurity even in Aleppo, owing to the arrival in the city of bands of ferocious tribesmen. Collective consular representations were made to the governor-general of the district urging him to relieve the situation in that territory.

The governor promised to do all in his power, but he admitted he was not able to accomplish much as there were only 400 soldiers in the city.

Even Babes Massacred.

Aleppo, Tuesday, April 20. — The entire population of Kirikan, located betwen here and Alexandretta, even unto the last babe, has been massacred.

The French mission at Ekbaz is besieged by fanatical Moslems. The Armenian village of Deurtyulla is surrounded, and according to a messenger who came through the Arab lines at night and made his way here for help, the situation there is hopeless.

The buildings on the edge of the town already were in flames when he escaped. The massacres are being carried out with the greatest violence.

Neither women nor children are spared.

The motto of the Moslems is: "No twig of the accursed race shall be suffered to live."

The Armenians, recognizing that the massacres have been organized and carried on by the old Turkish regime, are looking to the Young Turks for future protection.

Thousands of Refugees.

Tarsus, Asiatic Turkey, April 23. — The rioting that originated in Adana began here on April 16. Several Armenians were killed, and the whole Armenian quarter was burned down and the churches were sacked. More than a thousand refugees still are gathered in the yard of the American College. Their condition is pitiable. The missionaries in Tarsus are safe, but they are still apprehensive for the refugees.

Massacres are reported today in the neighboring Armenian villages. Instant relief is needed.

Maurer and Rogers Perished

Constantinople, April 23. — A cablegram received here today from Merzina sets forth conclusively that both Henry Maurer and D. M. Rogers, American missionaries, were killed during the rioting in Adana.

Troops at Beirut.

Beirut, April 23.—The Armenian population of Antioch and vicinity has been wiped out in the massacres of the last few days by fanatical moslems. Thousands of destitute Armenians, widows and orphans, still are in the district unable to get away.

There is no security anywhere in the vicinity of Antioch. The situation in Alexandretta continues to be serious. Bellan is still holding out against the tribesmen that surround it.

Beirut is quiet, but there is great tension between the Christian and the Moslem populations.

Troops are arriving here, and the authorities are taking energetic measures for the preservation of order. Many people are leaving Beirut for Lebanon. The British cruiser Diana came into port today.

A PLEASANT ENTERTAINMENT

Given in Christ Church by the Church Club.

A very pleasant evening's entertainment was presented by the Christ Church Choral Club in the school room of the church last evening. There was a large audience, and the programme was much enjoyed. Mr. C. R. Franks acted as chairman.

The first part was all music, songs being given in good style, by Mr. C. Westman, J. Percy, J. Wilson and B. Parsons, G. Richard and W. Taylor. Several choruses were also rendered most pleasingly.

In the second part, a reading was given by Mr. H. Whiddison followed by a solo by W. Taylor. A short sketch was presented by C. Westman, J. Percy and J. Nichols, and it was most interesting.

The members of the chorus are: C. R. Franks, S. Bending, W. Taylor, J. Cartlidge, B. Parsons, J. Percy, C. Westman, J. Wilson, P. Harding, G. Rickard, F. Skeave, H. Whiddison, G. Long, R. Harding, C. Smith, G. Hicks, C. French, H. Wakerly, C. Wilson, J. Nichols, B. May and J. Walton.

LAKE CAPTAIN SAYS THE MEN WILL LOSE

Gives His Side of the Big Strike Which Is Now Tying Up Business.

Captain Dan McLaughlin of the steamer Pendennis White, a large freighter, belonging to the Mitchell line, was in the city this morning for a few hours, prior to his departure for Mackinaw City, where he joins his boat.

Mr. McLaughlin when spoken to regarding his opinion of the present strike on the lakes, said that he felt positive that the men would have to submit to the open shop policy or else be idle all the season, as the vessel owners had tolerated what he termed "the impositions of the union long enough.

"I am not prejudiced against unions at all," he said, "and I believe in them to a certain extent, but the sailors have gone too far and that is why the present trouble has been brought about.

"It would take too long for me to tell you some of the grievances that the owners have against the men, but a few of them are intoxication while on duty. Now, if a man was discharged for being in this state, the whole crew would sympathize with him and 'jump' the boat, the result would be that the vessel would probably be tied up for two or three days waiting for a new crew, or perhaps we would be compelled to take that man back again in order to fill our contracts.

"These are the sort of things that have prevailed for the last five or six years, and undoubtedly something definite will be done. The owners will not cut the wages, but they will certainly enforce the open shop policy, and I do not see how they can lose."

Mr. McLaughlin also said that he had his crew all picked and that he did not anticipate any trouble at all.

MAN WITH A "JAG" DIDN'T KNOW HIS HOME

Slept in a Neighbor's Until He Was Removed by the Police.

Geo. Fullerton got gloriously drunk last night, and when he wanted to go home didn't know the way. All houses looked alike to him, and when he saw one that he thought looked a little more like his own than the others, he promptly walked in. He was found sleeping on the floor some time later by the people who lived there, and was promptly removed to the police station, where he slept peacefully on the floor of his cell all night.

"I don't think you did this deliberately," said the court, "and as you have never been here before, you may go."

E. Poile, charged with being a carter without a license, agreed to take one out, and was given until Monday to pay the $4, as he said he had no money now.

Seven bicycle riders who rode the sidewalks paid $1 each.

DETECTIVES NOT LOOKING FOR TRAMP

That Theory Said To Have Been Abandoned by Detectives on the Kinrade Case.

(Special to The Advertiser.)

Hamilton, April 23.—The climax in connection with the celebrated Kinrade case is expected this evening.

That is the expectation of the authorities, but it may turn out an anti-climax and the great mystery remain unsolved.

There is no disguising the fact that the detectives are not looking for a tramp.

That theory has been long abandoned, and by a process of elimination there are now but two persons who they are certain can throw light on this most baffling case.

Miss Florence Kinrade will undoubtedly be subjected to close questioning.

Mrs. Kinrade will also be taken over the case.

Of course, there will be a legal battle. Mr. George Lynch-Staunton, K. C., will not sit idly by, and allow his client to be questioned without objecting.

The detectives state that Jimmy Baum will likely give some interesting testimony. There is much secrecy as to the sort it will be, but he would not be brought here from Virginia for nothing. The detectives guard him as closely as if he were a prisoner, and it is not likely that anything will be given out until he goes on the stand.

"The luxurious Miss Elliott," as Mr. Blackstock, spoke of her has not yet been located. She is now Mrs. (Col.) Warburton, but her present address is not known.

The crown have been anxious to find her, but so far have been unsuccessful.

GREEK PEANUT MEN NEVER ASK QUESTIONS

Take It for Granted That They Will be Fined If Hauled Into Court.

The popcorn trust, in the person of Mr. George Sam, and the peanut trust, in the person of Mr. Sam Stotz, were represented in the police court this morning, both being up on charges of selling on streets prohibited by the bylaws.

The bylaw was read over to the two magnates, but from the expression on their faces they showed about as much understanding of it as a bag of rags would.

At the mention of the $1 fine, however, they brightened up.

All the Greeks that appear in court seem to have the idea that they must come up every so often and pay out a dollar each.

So when they heard the dollar fine mentioned they instinctively placed their hands down in their pockets and hauled forth a pile of nickels and counted out enough to pay their fines and left court apparently well satisfied that things were no worse.

CHINESE SMUGGLED FROM WINDSOR, CAN.

Found in a Freight Car at Chicago Travelling Comfortably.

Chicago, April 23.—Customs Inspector O'Gallagher has seized two Chinamen in a box car in the Wabash freight yards and turned them over to Chinese Immigrant Inspector Plummer. The prisoners will be given a hearing next week. Inspector Plummer began an investigation at once in an attempt to discover the smugglers sending Chinese emigrants across the Canadian border.

The two prisoners came in a sealed car of merchandise from Windsor, Canada. They were well-provided with food and water and were found complacently lunching when the car was opened.

SEND "DOPE" FIENDS TO INSANE ASYLUM

Authorities Have Now the Power to Do This—A New Law.

Arrangements have just been completed by which the local authorities can place all inebriates and persons addicted to the use of morphine and other drugs in the asylum for a course of treatment.

As stated in The Advertiser some weeks ago the scheme was being placed before the Government, and the measure has now become law.

This will be welcome news to many persons in this city to whom the care of habitual inebriates and members of their family addicted to the use of harmful drugs has been a sore trial.

All patients will be treated in a part of the asylum set aside specially for the work, and they will be given every care and means known to science to try to break them of the unfortunate habits they have contracted.

A Great Boon.

"This scheme will be one of the greatest boons in many ways that has been obtained for a long time," said a physician to The Advertiser this afternoon. "There are many homes in this city which have been made unhappy through the misfortune of one or more of its members being either a drunkard or a dope fiend. The relatives would willingly have had them treated had there been any place to treat them. A sanatorium, however, was too expensive, and no one cared to have their relatives sent to the jail. Now, however, they can be treated specially at a place provided in the asylum at a mere nominal cost, and they will get the very best of attention."

Now that the season for Crumpets is over why not try our Sally Luns? Don't forget to take home a box of Candy.
