BUY A WORLD EVERY DAY.

SATURDAY MORNING, JANUARY 13, 1883.

LOCAL NEWS PARAGRAPHED

Matinees at both theatres this afternoon.

During 1882 there were 9 sheep, 10 goats, 75 head of cattle, 34 horses, 312 dogs (of which 251 were destroyed,) impounded in the city pound.

Robt Webb, the brakeman who was injured on Thursday on the Toronto, Grey and Bruce, is lying at the hospital without hopes of recovery.

The police benefit fund committee for 1883 has been reorganized. Inspector Archibald was elected chairman, and Sergeant Armstrong secretary.

Mr Thomas Hodgins, Q C, the newly appointed master in ordinary of the supreme court of judicature for Ontario, will enter upon his duties on Monday next.

Mr. M W Mills, Canadian superintendent of agencies for the United States life insurance companies is advertising for a first class city agent for that company.

We learn with pleasure that Mr. Patrick Hughes' eldest son has just returned after an absence of nine years spent in France and England completing his education.

Every one has the opportunity of seeing that old reliable drama "Uncle Tom's Cabin" at the Royal this afternoon. The admission has been placed at 25 cents and 15 cents (children).

Mates, a powerful drama, accompanied by beautiful scenery, will be played at the Royal all next week. Mr. E A Locke plays the leading role, and has made a pronounced success in the character.

Judge Boyd didn't give his decision yesterday, as was expected he would, on the liability of the Law society for their share of the Queen street block pavement under the local improvement act.

The funeral of the late James McFarland, from his residence on the corner of Yonge and Edward streets, was very largely attended by citizens generally and by the Ontario Trades Benevolent society in a body.

The traffic of the Midland railway for the week ending Jan. 6 was: Passengers and mails $5810 42, freight $6060 59, total $11,871 01, as compared with $9,543 35 for the corresponding week of 1882, being an increase of $2327 66.

A musical festival was held last night at Shaftesbury hall, under the auspices of the Toronto Band of Hope union. The attendance was not very large. A fair program was presented, consisting of chorus, etc, by a choir of seventy-five Band of Hope children. Addresses and other attractions diversified the entertainment.

The case of Willby against the Standard Fire Insurance company of Hamilton occupied the attention of the assize court till 4 o'clock yesterday. The jury found a verdict for defendants. The case involved many questions as to the rights of insurance companies in voiding policies where alleged violations of stipulations occur.

At 6 o'clock last evening the cutter of Mr Thos May ran away at Yonge and King street. The sleigh contained three children and the driver. They were all thrown out, but none of them were serlously hurt: The horse ran till he came to the blacksmith shop at the end of Bay street, where he gets shod, and darted in. The cutter was smashed to pieces.

The Rev Dr Wild lectured last evening at the Bond street Progress society on "Bachelors and Poetry," which was replete with good points, both wise and harmonious. Solos and duets were given by the Misses Corlett, Mr Schuch and Mr Winter, readings by Miss Jessie St Croix, who received several encores, Mr Ling and a piano selection by Miss Spanner.

The annual meeting of the evangelical alliance was held on Thursday evening in the Carlton street P M church. The treasurer's report showed a balance of $14 88 on hand. The following officers were elected: President, Hon Oliver Mowat; vice-president, Revs Dr Reid, S J Munter, Dr Castle, H D Powis, Dr King and H Baldwin: secretaries, Rev Dr Cochrane and Mr J J Woodhouse; treasurer, Mr J J Woodhouse.

Judgment was given yesterday in the case of the Grip printing and publishing company against H B Butterfield. The case was an action brought by the plaintiffs for an injunction against an infringement of their patent for the Paragon Black Leaf counter check book, a book which differs from the ordinary style of check book in having a stationary black leaf. The case was tried before Chancellor Boyd last month and judgment was given yesterday in favor of plaintiffs, granting an injunction with costs to be paid by defendant.

At a meeting held last Tuesday evening by the Irish Catholic Benevolent association, No 1 of Canada and 451 of the United States, in their hall at King and Sherbourne streets, the following officers were elected for the year 1883: President, J J Murphy; first vice-president, J Harrington; second vice-president, M J Courtney; rec and cor secretary, Alex Cameron; financial secretary, J McMahon; treasurer, T Doyle; tylers, J J Dowling, T McDonald; master of ceremonies, M Ryan; chaplain, Rev Father O'Hagarty.

Police Court Notes.

In the police court yesterday Stella Belts and Emanuel Hart, a young man and woman, were charged with being disorderly on King street east on Thursday night. The girl's story was that Belts had made improper proposals to her on the street, and Hart's story was that Belts attempted to blackmail him. The magistrate believed the latter and both were discharged. Belts said she was from Pennsylvania. For assaulting his brother Michael, Daniel Ryan was fined $10 and costs. George Meek, a young emigrant, got 60 days in jail for stealing a pair of boots from Wm Damer's shoe store. Betsy Bowes was committed to the assizes for trial for stabbing Wm Brown in an Emma street fracas on Dec. 20 last. D. A. Stewart was sent to the assizes for trial on a double charge of forgery. Andrew Beaume was charged with having assaulted his wife, Emily Beaume. The magistrate imposed a fine of $10 and costs or 30 days. The charge against Emily Beaume, of having assaulted Andrew Beaume, was dismissed with costs.

"Rough on Rats."

Clear out rats, mice, roaches, flies, ants, bed-bugs, skunks, chipmunks, gophers, 15c. Druggists.

EXIT COUNCIL OF 1882.

Valedictory Meeting of the Board of Aldermen—The Lots of "Taffy" Dispensed.

The city council of 1882 is a thing of the past. The valedictory meeting of the board was held last night, Mayor McMurrich in the chair.

The mayor presented his annual message to the council. During the year he had issued 575 orders for admission to the hospital. Toronto was the only city of its size on the continent that the mayor knew of, which had not a sanitary or special health department. Of the hospital appropriation of $10,000, a surplus of $673 remained unexpended, or $442 in excess of the surplus of 1881. The staff at the hospital were complimented for their efficiency. The ambulance service might be greatly improved. He would recommend a grant to the hospital to cover the keep of a horse and attendance, so that it might be free of charge on all occasions. Two hundred and nine dollars' worth of passes had been granted to indigent persons; seventy-one paupers were interred by the city at a cost of $280. Eight foundlings were taken care of during the year at the city's expense. The city now maintains eleven at the Infants' home. The expenditure under this head was $413. Through the kindness of Dr U Ogden the mayor has been able to get a portrait of the late Thos. D Morrison, MD, the third occupant of the civic chair, so that there is now in the mayor's room a complete set of photographs of all the gentlemen who have presided over the respective councils from the year 1834 to the present time. The expenditures under the local improvements act during the year was $291,016. Forty-one new sewers were built at a cost of $85,108, making 81.22 miles of sewer now in use in the city. The revenue of the city had been reduced $7800 by the abolition of the market fees. Ald Hallam and Ald Taylor were congratulated on the passage of the free library by-law. The mayor closed by devoting a considerable space in his message on the importance of Union station enlargement.

The 47th and final report of the executive committee was considered in committee of the whole. The clause of the committee's report recommending that Mr McWilliams, the city solicitor, be not recouped in the sum of $330 as fees to Mr F Fenton in the "burnt contract case" was amended on motion of Ald Boustead, and that portion of the report was struck out. The rest of the report was concurred in. The final reports of the different standing committees were taken as read.

The use of the executive chamber was granted to the Toronto Electoral Agricultural association.

The third reading of the bill for a block pavement in Queen street, from Yonge to Simcoe streets, was put through.

A discussion of the terms of the lease of a portion of the jail for industrial home purposes took place, but no alteration was made.

The balance of the time of the council was spent in mutual congratulations and dispensing of "taffy." The aldermen all admired each other, the outgoing members were resoluted, his worship was told that he was the best executive officer that ever sat in the big red chair on the civic throne, and at exactly 29 minutes after 9 by Deputy Mayor Argue's dull-faced clock which rests placidly on the front rail of the public gallery the city council of 1882 expired.

A COUNCIL CAUCUS.

The Conservative Members Settle on How the Committees Shall be Constituted.

It is understood that the conservative members of the city council held a caucus yesterday afternoon and decided on the personnel of the various standing committees for the year. It was a meeting to divide the spoils. Ald Clarke, who last year refused to attend a caucus, put in an appearance yesterday. Mr Millichamp and Mr Pape also attended. Mr Booth did not. There are eighteen conservatives to nine reform aldermen. The plums consequently all go to conservatives, that is if the council adopt the drafts of yesterday's caucus.

Executive—Ald Clarke (chairman), Ryan, Davies, Blevins, Sheppard, Love, Irwin, Steiner, Crocker.
Waterworks—Ald Evans (St Patrick's, chairman), Bell, Clarke, Walker, Hallam, Adamson, Trees, Steiner, Downey.
Works—Ald Turner (chairman), Bell, Maughan, Millichamp, Carlyle, Booth, Pape, Hall.
Fire and Gas—Ald Farley (chairman) Maughan, Evans (St Stephens), Baxter, Piper, Love, Adamson, Sheppard, Davies.
Markets and Health—Ald Love (chairman).
Property—Ald Irwin (chairman).
Representatives on Railway Boards—Northern, Piper; Toronto, Grey and Bruce, Baxter; Credit Valley, Bell; Nipissing, Carlyle.
Harbor Board—Ald Walker, Davies.

Mr Bell it is said was very anxious to get the Northern seat, but Mr Piper beat him. Mr Irwin has out of his four years been chairman of the Property three. There was a disposition in some quarters to "give the reformers a show," but it is said that a well known ex-reformer insisted on a straight party deal.

***"Middle measures are often but middling measures." There are no "middlings" about Kidney-Wort. It is the most thoroughly refined "flower" of medicine. It knows no half-way measures, but radically uproots all diseases of the kidneys, liver and bowels. It overthrows piles, abolishes constipation and treats the system so gently and soothingly as to prove its true kinship to nature in all its phases. It is prepared in both liquid and dry form.

The Proposed New Iron Works.

Col. Collier was in the city last night on his way from Port Dover to Ottawa, where he will wait upon Sir John Macdonald and Sir Leonard Tilley in reference to the iron works that a number of Georgia capitalists talk of establishing in Canada. The colonel's object in interviewing the ministers is to see what prospects there are of affording increased protection to manufactured iron, as the projectors of the scheme would like some assurance of this kind before proceeding to business. Col Collier is anxious to have the works located at Port Dover, which town he feels sure would give the company a bonus of $20,000.

"Buchupaiba."

Quick, complete cure, all annoying kidney, bladder and urinary diseases. $1. Druggists.

Gaining a World Wide Reputation

About 150,000 bottles of medicine and 3000 Spirometers, the invention of M. Souvielle of Paris and ex-aide surgeon of the French army, have been used by physicians and patients during the last year for the cure of catarrh, catarrhal deafness, bronchitis, asthma, consumption in its first stages and many diseases of the head, throat and lungs. Consultations with any of the surgeons belonging to the institute free. Poor people showing certificates can have spirometers free. Write enclosing stamp for pamphlet giving full information to either of the Canadian offices where competent English and French specialists are always in charge. Address International Throat and Lung Institute, 13 Philips square, Montreal, P. Q., or 178 Church street, Toronto, Ont.

A BASE INSINUATION DENIED

The Statement of Clara Porter Contradicted—An Abandoned Girl.

The case of the girl Clara Porter, which seems to have been shrouded in a good deal of mystery at the police court yesterday, will probably be set right by the following letters which were handed to us last night:

(To The Editor of The World.)

SIR: We the undersigned employees (not bosses, as stated,) of the Dominion Bolt company, referred to in the papers of this evening in connection with the girl Porter, beg to say in the most emphatic terms that the sensational items that have appeared in the evening papers of to-day reflecting discredit through an intended act of humanity on our part, are cruel and unjust. We were in the office at our work between 8 and 9 o'clock. The girl Porter knocked at the door, and walking in made complaint that some one had snatched her cap and that she was very cold. She was permitted to remain to warm herself. She said she was from Brantford where also the undersigned Cox came from, and who on hearing the name identified her as the daughter of a minister, who formerly lived there, but who is now of St Catharines. It was while she was warming herself that the factory watchman on his rounds observed her. After she had remained some time to get warmed, we endeavored to get her out of the office and offered to pay her expenses to St Catharines, but she cried so that we had not the heart to force her out, and without the knowledge of the watchman sent her up to an unoccupied room over the office and left—thinking it best as a humane act to let her sleep off the effect of her spree. This was done not only as an act of humanity, but as an act of respect for her father. We did not give her either wine or any other drinkable; we had none to give. Our only wrong was in permitting our humane feelings to do what has brought upon us the censure of Mr Livingstone in permitting any one into the place after hours. We accept all the blame attaching to our indiscretion and breach of the rules of the factory.

Will you, as an act of justice to us, kindly give insertion to this and the following from the night watchman.

WM. G. COX,
Toronto, Jan 12. JAMES HAY.

I, the undersigned, Fred D Capps, night watchman of the Dominion Bolt company, say, in respect to the allegation that wine was given to the girl Porter in the Dominion Bolt company's premises, that no liquor, as far as I could see, was given to her, nor was there any sign or smell of liquor about the office or any one in it except that arising from her.

FRED. DANIEL CAPPS.

Osgoode Hall Notes.

There were no judges in chambers at Osgoode hall yesterday. Chambers adjourned till to-day.

Re Atlantic railway company against the township of Cambridge: A motion was made for a mandamus to compel the township of Cambridge to deliver debentures to the railway company, which the township refused on account of irregularities in the by-law. Judgment reserved.

The Grand Trunk against Dissette. Upon agreement of counsel it was decided to try the issues upon affidavits, and the case was adjourned for the purpose of putting in further affidavits.

Grip against Butterfield: An action for injunction brought by the proprietors of Grip to restrain the defendant from using plaintiff's patent. Judgment was given for the plaintiff with costs.

An application was made for a mandamus to the council of Penetanguishene to compel the payment of taxes to the public school (which is catholic there) which had been paid to the separate school (which is protestant). The school act provides that in a municipality where the teacher of a public school is a catholic, on the petition of twelve residents a protestant separate school may be established. This has been done in Penetanguishene, and some taxes have been paid to the separate school which are claimed by the public school. The matter stands till Tuesday. D A O'Sullivan for the motion; D McCarthy, Q C, and Pepler contra.

A New Telephone.

From the Hamilton Times.

Mr R Gray, agent of the Grand Trunk railway at Acton, has invented and patented a new telephone. The instrument has been in successful operation over a three mile circuit at Acton for some time, and although it has received no greater test so far its its utility for this distance leaves no doubt as to the possibility of its successful operation over longer stretches. The chief feature of the new telephone is that you can hear a message in an office without putting your ear to the instrument and that it does away with the necessity of using a bell to call the person up with whom you wish to speak.

Catarrh—A New Treatment.

From the Weekly (Toronto) Mail, Aug. 24.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for catarrh. Out of two hausand patients treated during the past six months fully ninety per cent have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent of patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissue, Mr. Dixon at once adapted his cure to their extermination—this accomplished, he claims the catarrh is practically cured and the permanency is unquestioned, as cures effected by him two years ago are cures still. No one else has ever attempted to cure catarrh in this manner, and no other treatment has ever cured catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Mr. A. H. Dixon, 305 and 307 King street west, Toronto, Canada, and enclose stamp for his treatise on catarrh 246

KIDNEY-WORT

FOR THE PERMANENT CURE OF CONSTIPATION.

No other disease is so prevalent in this country as Constipation, and no remedy has ever equalled the celebrated Kidney-Wort as a cure. Whatever the cause, however obstinate the case, this remedy will overcome it.

PILES. This distressing complaint is very apt to be complicated with constipation. Kidney-Wort strengthens the weakened parts and quickly cures all kinds of Piles even when physicians and medicines have before failed.

☞ If you have either of these troubles

PRICE $1. | USE | Druggists Sell

KIDNEY-WORT

Acts at the Same Time on Kidneys, Liver and Bowels.

Sold in bottles, 25c. and 50c. 246
WRIGHT'S DRUG STORE,
Cor. Queen and Elizabeth streets.

CONSUMPTION

And all the various diseases of the respiratory organs successfully treated at the ONTARIO PULMONARY INSTITUTE, No 135 Church street Opposite the Metropolitan church, Toronto, Ont. M. HILTON WILLIAMS, M D, M C P S O, Proprietor and General Consulting Physician. John Baxter, M D, M R C P S E, Assistant Consulting Physician. Prof P W Stewart, Secretary Treasurer and General Correspondent.

All diseases of the respiratory organs treated by "Medicated Inhalations" combined with proper constitutional remedies for the blood, etc. Nearly 40,000 cases successfully treated during the past sixteen years.

The citizens of Toronto, as well as neighboring lake and inland cities, have observed the alarming prevalence and increase of that dangerous class of maladies known as throat and lung diseases. Year by year is adding to the army of victims, and new types and phases of these affections are also multiplying. The reports of the city undertakers will disclose to the inquirer a fearful bill of mortality from this cause alone; nor is the gloomy record relieved by a comparison of results in the oft-repeated trial of the various prescriptions in common practice. The time-worn customs of bye-gone years, calomel, burning, leeching, morphine, iodine and digitalis, have in each new patient awakened fresh hopes of recovery, hopes, alas, to be blighted as were those in the hearts of patients who hoped and ed while using the remedies.

More effectual remedies than those which generally prevail are called for, and it is to this end and the belief that scientific investigation in one class of complaints will be more certain to attain success in this direction, than by occasional research and observation, while the mind is divided by general practice, that led to the establishment of the Ontario Pulmonary Institute in this city during the year 1881, an institution which does afford the best possible treatment of this class of diseases.

By the permanent establishment of such an institute, invalids can at all times consult the doctor personally—being an advantage that will readily be seen and appreciated by all.

Earnest and persevering investigation and fruitful experiments with different remedial agents have within a few years been made by men of eminent scientific attainments, which have been attended with the most gratifying success. By careful research in the paths opened by these pioneers, and by independent investigation through our system of practice, we have obtained results well worthy of public attention, and our course of practice has elicited the attention of many of the best physicians of the day, as well as drawn upon us the gratitude of very many persons rescued from disease and death.

The mode of administering remedies by the system of inhalation is acknowledged by all to be the most reasonable of any ever adopted, and most satisfactory in its results.

Invalids who have failed to derive benefit from medical treatment, and who have made fruitless trials of nostrums of the day, will find in this practice abundant reason for hope, as numerous instances have been reported even of the entire restoration to health of parties in this city and vicinity who have made thorough trial of the remedies, although they had previously been pronounced in an advanced stage of consumption.

Its particular efficiency is especially noticeable in throat diseases, which, if neglected, end in consumption, nasal catarrh, bronchitis, asthma, and diseases of the heart. To this class of cases Dr. Williams gives his individual attention.

Those who desire to consult me in regard to their cases had better call at the office for an examination, but if impossible to visit the office personally, may write for "List of Questions" and a copy of my "Medical Treatise," both of which will be sent free of charge. Address

ONTARIO PULMONARY INSTITUTE,
135 Church street, Toronto Ont.

LEGAL NOTICE.

NOTICE

Is hereby given that application will be made to the legislature of Ontario, at the next session thereof, on behalf of the corporation of the city of Toronto, for special legislation authorizing the said corporation to institute an issue of stock, to be styled 'The stock of the corporation of the city of Toronto,' and which may be issued to parties willing to take the same in the place and stead of debentures of the said corporation.

W. G. McWILLIAMS,
Solicitor for Applicants.
Toronto, December 2, 1882.

BOOKS.

IMPORTANT TO
USERS OF CHECK BOOKS.

High Court of Justice, Chancery Division.

Grip Printing and Publishing Company versus H. B. Butterfield.

We hereby give notice to all users of check books that an injunction has this day been granted in the above suit against the defendant to restrain him from the manufacture and sale of his infringement of the PARAGON BLACK LEAF COUNTER CHECK BOOK.

Parties are hereby warned from ordering, receiving or using the same or any colourable imitation thereof, as by doing so they will be liable to action for damages.

The PARAGON BLACK LEAF COUNTER CHECK BOOK is acknowled by hundreds of users to be the Best Check Book in the Market.

Read the following testimonials to its worth:

Scott & Paisley, Dry-Goods Merchants, Brandon, Manitoba, write: Permit us to say that the Paragon Check Books you printed for us are the best class of check books we ever saw or used. There is no need of soiling the fingers with the black leaf, and further we are not annoyed with the loss of the black leaf as we were in other books.

A Dickson, Dry-Goods Merchant, Bowmanville, writes: Your Paragon Check Books have supplied a great want in my business. They are hard to beat.

F McAlister, Dry-Goods Merchant, Napanee, writes: The Paragon Check Book is a vast improvement on any I have ever used, and certainly ahead of anything of the kind manufactured in Canada at the present time. I have great pleasure in recommending it to the trade.

J G Berg, General Merchant, Wendigo, writes: I am well pleased with the Check Book.

We have scores of others of similar value, the originals of which can be seen at our office. Now is the time to order.

Orders sent by mail or telegram promptly executed.

GRIP PRINTING & PUBLISHING CO.,
Sole Patentees of the
Paragon Black Leaf Counter Check Book.
