HAMILTON HAPPENINGS

CLAIMED COUNTY GRANTS WERE SPENT FOR BOOZE

Wentworth Cuts Off Donation to Soldiers in Camp—The 77th an Exception.

HAMILTON, June 11.—(Special.)—Roy Carey, before the county council Saturday morning, charged that the military organizations to which money grants have been made in previous years had spent the money for booze and had made orgies of the last days in their annual camps. The council refused grants to all the King's soldiers who have been accustomed to receiving money from the county, except the 77th Regiment.

Mr. Carey's application for a grant to the Wentworth Fruit Growers' Association was also turned down, and the same treatment was meted out to the Home for the Friendless, the House of Providence, South Wentworth Women's Institute and Wentworth Historical Society. The South Wentworth Agricultural Society got $150, and $25 was voted to the Hamilton and Wentworth Poultry Association.

No. 3 police station overflowed today with the laws' transgressors, and the cells in the new station had to be used for the first time. Nearly all the present occupants of the cells succumbed to the effects of spirituous thirst-quenchers. A trespasser and a "vag" keep them company until their appearance before the local cadi to-morrow morning.

The suicide of Rev. Milton Baker has left the local spiritualist society without a leader, and services have been abandoned until further notice. Baker's body was shipped to his home in Elyria, Ohio, to-day for burial.

Louis Menchanie, the Italian, whose legs were crushed by a shunted T. H. and B freight car at the Oliver works yesterday morning, died last night in the City Hospital as the result of his injuries. Coroner Anderson will hold an inquest to-morrow.

An overturned boat on the bay this afternoon gave rise to the report that a young man and girl had been drowned. An investigation by the police established the error of the report.

The St. Thomas and Hamilton ball teams both pounded the ball all over the lot here on Saturday. The Kolts got 13 of the 21 runs which crossed the plate and broke up the game in the fifth innings with 6 tallys, a triple by Barton scoring 3, and a homer by Kenney producing the same number.

Hotel Hanrahan, corner Barton and Catharine-streets, Hamilton, conveniently situated and easily reached from all parts of the city. Erected in 1906. Modern and strictly first-class American plan. Rates $1.50 to $2.00 per day. Thos. Hanrahan, proprietor. Phone 1465. 135

LIGHTNING BOLTS BRING FIRE AND DESTRUCTION

Toronto Brewing Company Sustains $15,000 Damage — Home Life Building Struck.

The electrical storm, which arrived according to meteorological prognostications yesterday morning, and enveloped the city in temporary gloom, succeeded in chusing $15,000 damage to the property of the Toronto Brewing & Malting Company on Simcoe street. The fire was located in the tower shortly after a sharp flash, followed at once by an unusually heavy peal of thunder.

The first started shortly after ten o'clock, and in a few minutes several stations had responded. Considerable damage was done to the roof of the building, and, altho the fire was confined to the upper storey and the malt room, some machinery was well scorched. No employes were, fortunately, working in the damaged portion when the lightning struck, but the dense volume of smoke drove the firemen back repeatedly. Chief Thompson himself penetrated the building to direct the operations of the men.

A large quantity of malt was distributed thru ten bins. This is susceptible to smoke and water, and if it is at all damaged the loss may run to $50,000. The company is well protected by insurance.

A lightning bolt also struck the roof of the Home Life Building, at the corner of Adelaide and Victoria streets, demolishing a section of the terra cotta tiling, portions of which descended like anathema upon Toronto Electric Light officials in the next building.

The hydro-electric passed thru the trial uninjured. There was no interruption of service.

The street cars were stopped for a few minutes, and candles were required in some down-town offices. The telegraph companies experienced some little difficulty, and there were other minor casualties thruout the city.

Lightning struck the office building of the Niagara Navigation Co., completely demolishing the flagpole on the Yonge-st. dock and setting fire to the tower of the building. Tho there were a number of people near at the time, no one was injured, and the fire was quickly extinguished by the dock fire brigade, in charge of Alex. Wilson.

Industrial School Annual Meeting.

The Industrial School Association of Toronto held its 25th annual meeting on Saturday afternoon at the Victoria School, Mimico. There was an excellent turnout, among the visitors being many prominent people.

The proceedings opened at 2.30 with the distribution of prizes on the lawn, and were replete with interesting items from start to finish. The brass band dispensed music at intervals; the program included a series of pictures, illustrated of the various branches of the work. Also, several reports were read. Light refreshments were provided at the entrance to the grounds and late in the afternoon lunch was served in the open air. At the close of the meeting in the large hall, the visitors were conducted around the building for a tour of inspection. Altogether a very enjoyable time was spent.

REV. H. S. MAGEE'S SAD END DUE TO OVER-KINDNESS

Responsibilities Assumed Led to Worries Which Unbalanced His Mind, Said Rev. T. A. Moore.

The body of the Rev. H. S. Magee was laid away in Oakville Cemetery on Saturday afternoon. The funeral service held in the Methodist church was conducted by the Rev. W. J. Magwood, the local pastor, Rev. Dr. Albert Moore, general secretary of the department of the temperance and moral reform of the Methodist church, and Rev. Messrs. Armstrong, Rankin, and Agar, ex-pastors of the deceased.

Dr. Moore, the head of the department in which Mr. Magee served, said that the deceased had always been a faithful and energetic worker in his department and had given himself unreservedly to the work of the church. He was a great hearted man, a characteristic that was seen in his readiness to help those who were down. In fact he was too ready and not discriminating enough for in rendering assistance to some, he was led into associations that caused him to assume certain responsibilities, the worries of which had evidently unbalanced his mind and caused him to end his life.

To his personal knowledge, having supervision of his work, Dr. Moore said that Mr. Magee's whole business career was honest, and above board. His record was as clear as the noonday sunlight.

Was Generally Beloved.

Tender and sympathetic tribute to the brotherliness and Christian character of Mr. Magee was paid by his former pastor. A beautiful personal tribute was also given by Rev. W. J. Magwood, who had known the deceased from boyhood. He had always been a big, loving, generous boy, beloved by all who knew him and to the last one of the most popular young men in his home neighborhood.

Among the floral tributes, there was a wreath from the Westside Church, Owen Sound, of which Mr. Magee had once been pastor. There was another from High Park-avenue Church, of which he was a member, and another from his ordination class, 1896. Six members of this class, Rev. Messrs. I. G. Bowles, H. A. Fish, A. P. Brace, A. J. Paul, A. T. Ingran, and E. Ryerson Young, acted as pall bearers.

Among the members of Toronto conference, who attended the funeral, besides the pastors above mentioned, there were Rev. Dr. Burns, W. B. Caswell, Wesley Dean, W. S. Fallis, W. J. Morgan, Henry Berry, W. N. Chantler, Ben. H. Spence, secretary of the Dominion Alliance; A. J. Avearst of the license department and Alderman McCarthy.

There were also many ministers present from the Hamilton conference, amongst whom were Rev. W. J. Smith, ex-pres. of the Hamilton conference, Rev. Messrs. C. T. Scott, A. J. Terryberry, A. H. Going, and Mr. Boyd.

CONGREGATIONALISTS CONDEMN NE TEMERE

Also Pass Resolution Approving Anglo-American Arbitration Pact to Preserve Peace.

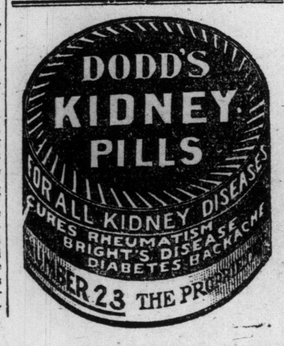
KINGSTON, June 10.—(Special.)—By unanimous vote and with much enthusiasm, the Congregational Union passed the resolution read on Friday, protesting against the Ne Temere decree. The discussion was intensely enthusiastic.

This afternoon delegates made a trip among the Thousand Islands on the steamer America as guests of B. W. Robertson, one of the most active workers in the Congregational Church in this city.

Rev. E. D. Silcox, Rev. J. W. Pedley and H. O'Hara were appointed delegates to attend the Methodist conference in Toronto.

Rev. Dr. Schofield reported on behalf of the Peace Arbitration Society, submitting a resolution that the union desires to put on record its great satisfaction that a treaty of arbitration has been agreed upon by Sir Edward Grey and President Taft, representing their respective governments, looking to the submission of all questions which may arise between Great Britain and the United States, to a board of arbitration, with a mutual agreement to abide by the decision of such a board.

The union believes the effect of such a treaty will be far-reaching, that it will do much for the extension of the principles of arbitration as a method of settling international difficulties and help the ultimate realization of permanent and universal peace.



PLEASED WITH WORK OF INDUSTRIAL SCHOOL

Visitors to Mimico on Saturday Splendidly Received—Superintendent Ferrier's Report.

Victoria School, Mimico, was a centre of attraction on Saturday afternoon, it being the occasion of the annual meeting of the Industrial Schools Association of Toronto. Glorious weather prevailed thruout the afternoon and evening, which resulted in a large body of people being present. Superintendent Ferrier and his many helpers were freely congratulated upon the marked success of the gathering. Everybody was given a royal welcome, and when the time came to depart it was with reluctance that visitors left the grounds.

The school is delightfully situated, and has extensive, well-kept grounds. The enjoyment of the lunch on the lawn, served by gentlemanly boys of the school, was enhanced by the sweet strains of the boys' brass band playing popular airs. Quite a number who were at the school for the first time on Saturday, and who heretofore knew little of the excellent work that has been going on there for the last twenty-five years, went away with their sympathies manifestly awakened. Many an expression of pleasure was to be heard, as the boys filed past under able leadership, at their erect bearing and cleanly appearance; boys who, but for the work of the Victoria school management, might have been physical and moral wrecks upon the street, but who to-day are being trained to become men of character.

Presented Medals.

From 2.30 to 3.15 was occupied in the presentation of medals to certain boys (16 in all) as a recognition for proficiency in school and shop work. The speakers briefly impressed upon the lads the importance of developing good habits early in life, if they were to ultimately become worthy citizens. The donors of the medals were Sir Edmund Walker, W. R. Brock, W. D. Matthews, H. P. Dwight, Hon. G. A. Cox, W. C. Matthews and Frederic Nicholls. Watches were also presented to two boys for good conduct.

Following this the party adjourned to the large hall, where an enthusiastic meeting was held. Beverly Jones occupied the chair. Several reports dealing with the different branches of the work were read, all of which showed encouraging results. A number of photographs were then thrown on the sheet illustrative of the varied nature of the work done by the school. These included some pictures of raw recruits as they looked when entering the school, and, again, showing the marked change for the better which had taken place after they had been in the institution for some time.

Superintendent's Report.

The lucid report of Principal Ferrier contained many items of interest relative to the Victoria School. There were 168 boys, average age 12 1-2 years, admitted the year ending April 30 last, 86 of whom were committed for stealing, and the remainder for other offences. The number in attendance on the above date was 266, an increase of 24 over that of the previous year. There were 144 boys paroled or transferred during the year, the average time spent in the school being eighteen months. Of the 61 who were sent out to farm life, 15 ran away from it; the majority claiming the work was too hard, or the life too lonely. A patrol officer is engaged to look after the welfare of the boys after they leave the school, helping them to secure satisfactory homes, situations, etc.

Departments Flourish.

The general work of the institution is in a flourishing condition. A department of photography has been introduced, with much success. Every boy's picture is taken on entering, and again on leaving, the school. The half-time system, whereby each boy's day is divided between school work and shop work, works admirably, and tends to produce an all-round developed boy. A tailor shop, a shoe shop, a printing department, a carpenter shop, are all being managed efficiently, and are able to cope with the growing needs of the school. A shower bath has lately been installed in each cottage, which will undoubtedly prove of great benefit. The superintendent expressed the hope that some wealthy citizen would provide the necessary amount (estimated at about $12,000) in the near future, for the erection of a first-class swimming bath. This would complete the equipment. The bakeroom, where an abundance of wholesome bread is made, is another important feature of the school. The institution has its own laundry, also heating and electric plant on the premises. Miss K. A. Clark of Toronto has donated between four and five hundred books, thus forming the nucleus of a school library.

In conclusion, Mr. Ferrier expressed warm appreciation of the excellent work done by his loyal staff of faithful officers, recalling for their encouragement the unselfish service of the school's saintly founder, the late William H. Howland.

UNNATURAL MOTHER HALED BEFORE COURT

Threatened to Kill Child, and is Jailed in Default of Sureties to Keep the Peace.

MONTREAL, June 10.—A threat made in court to kill her own son just as she stepped off the witness stand, caused Mrs. Jas. Brennan to assume the role of accused forthwith. The father had been before, Mr. Recorder Weir, for beating the lad in the street the previous night, and the mother had been called to give evidence. When she heard the sentence of $50 or two months, she burst out:

"Two months; what do you think of that? I will kill that brat."

Constable Pelletier immediately arraigned the woman, who was required to give two bondsmen in $500 each to keep the peace for a year. As she was unable to do this, three months was the alternative, and the parents both went to jail later in the day.

Granite Lawn Bowling Tourney

Twenty-Seventh Annual Opened With Record Entry—The Scores and Play in Detail.

The twenty-seventh annual tournament of the Granite Bowling Club started promptly on time, with a record entry—78—under ideal conditions, Saturday afternoon. The rain of the morning and Burley's skill had the grass in perfect condition. The usual kick about poor greens that wouldn't draw was for once not even whispered.

The play was unusually good—quite equal to mid-season form. The tournament was notable for the number of old-timers playing. All the old players were on the green.

The prizes are exceptionally costly, and do great credit to Secretary Huestis' taste in selection.

Many of the games in the preliminary round were as hard-fought as if they were finals. That of Rev. Cayley of St. Simons against the veteran Wigmore of Canadas was tied on the last end, the rev. gentleman winning out with his final bowl. Dr. McKenna (Gr.) and Loughead (K.B.) were 14-all at the fifteenth end, and had to play an extra end, the Granites winning out. Dr. Moore (Can.) was in his old form and trimmed Henderson (Oakland) 24 to 8, with an end to play. Champion Barker of St. Mattaews lost to Dalton of Granites, 16 to 7, with an end to spare. McEwen of Weston swamped Hutchins of R.C.Y.C., 27 to 6, and two ends to go. The newcomers, High Park, led by Hy. Martin, were only defeated on the last end by Marks (Alex.), by a point, 11 to 10. The following are the scores:

In opening the tournament, President Norman Brown welcomed the players with a few remarks. Their reception showed the great esteem in which the Granites' presiding officer is held by his fellows. In the games of the first round the ax fell on many favorites. Knowles' crack rink lost in the last end to Skip Douglas, R.C.Y.C., whose bowling was superb. City Solicitor Chisholm swamped Boulter (Q.C.), 29 to 5, the latter only scoring three ends out of 15. Dr. Carr (Hamilton) was defeated by E. Boisseau (Granite), 14 to 12, after leading nearly all the way. The game was close and called forth frequent applause from the gallery. Hellwell (Parkdale), with a well-played two in the last end, won his game from Parsons (St. S.) by a single shot.

This game possessed a remarkable feature. The finish of the third end found each with a bowl kissing the jack. This, it is needless to say, happens but once in a lifetime.

Most Folks Crave a Wheat Food

The craving of the normal system for wheat food is natural. Wheat is the most perfect food given to man—his "staff of life" for four thousand years. The whole wheat berry contains ALL the elements needed to build the healthy human body.

SHREDDED WHEAT

Biscuit is the whole wheat prepared in its most digestible form. Nothing added—nothing taken away.

The crispness of the shreds compels thorough chewing and a thorough mixing with saliva, which is the first process in digestion.

Shredded Wheat Biscuit every morning for breakfast, served with milk or cream, will build sturdy, robust bodies—best for children or grown-ups. Delicious in combination with fruit. Your grocer sells them.

ALL THE GOODNESS OF THE GOLDEN WHEAT.

INVADES NEW ZEALAND

Tudhope Motor Company Establish Agency in Sister Dominion.

ORILLIA, June 10.—Advices from the Tudhope Motor Co. state that Messrs. Easson, Limited, of Wellington, New Zealand, have successfully tendered for the agency of the Canadian-made "Everitt," as built by the Tudhope Motor Co., Limited, of Orillia. Mr. Percy G. Easson has been touring Canada in the interests of his firm and in an interview stated that the development of this country is proceeding at as great a rate as that of Canada, altho it is not so well advertised. New Zealanders especially welcome trade with Canada and Canadian mnufcturers who will take the trouble to investigate will find big market possibilities in New Zealand.

Mr. Easson, after a careful review of the motor car situation in Canada and the United States, focussed his attention on the "Everitt," and successfully tendered for the New Zealand agency. He predicts heavy sales, as the "Everitt" combines the qualities of staunch, up-to-date construction at a moderate price.

Four Excursions.

Four excursions left on the Chippewa, Saturday morning. Robertson Bros. and Gurney Foundry, Ltd., went to Niagara Falls, and Carlton-street Methodist Church and the Otto Higel Co. to Queenston Heights.

Cayuga's First Trip.

The Cayuga, of the Niagara Navigation Co., made her maiden trip this season, leaving with a large crowd on board, on Saturday afternoon for Lewiston.
