MONTREAL PORT STILL OPEN.

Montreal, Dec. 10.—Open navigation this year is already later than last year. The close of navigation a year ago came on December 7. There are still four ships in harbor—the Lake Fostoria, the Castalia, the G. A. Flagg and the B. C. Pope. If the mild temperature of yesterday should continue, the port may remain open for another week. On the other hand, a cold snap would make navigation impossible within two days.

NOT RELEASING ALIENS.

Ottawa, Dec. 10.—Asked with regard to the report that the government was releasing interned aliens from the camp at Vernon, B.C., General W. D. Otter stated no action whatever had been taken along these lines, and any reports to the contrary were erroneous.

PHONE RATE INCREASES WILL ONLY BE TEMPORARY

Ottawa, Dec. 10.—Rate increases granted to the Bell Telephone Company will be temporary. "In my opinion," says Sir Henry Drayton, chairman of the railway commission, in a judgment rendered today, "should it be found necessary to increase the company's rates, they should be increased subject to the board's further order, and to the further provision, in the meantime, that such data be collected, and valuations made as will enable a proper telephone rate to be determined when conditions are ascertained to be constant."

"It would therefore give effect to the spirit of the municipality's (i.e. City of Montreal), application and provide merely for temporary increases if necessary. In my view, however, their duration ought also not to be fixed. They should remain in effect until operating costs and plant values become normal, when the permanent rates ought to be considered.

"I would treat the application as current, so that the onus of showing what the proper rate was would rest upon the company, and in order to bring about this result would grant temporary increases if found necessary as already stated, until further order."

Sir Henry also holds that the municipalities are entitled to the fullest amount of information that the company's books, as kept, will afford without recourse to special valuations and exhaustive cost studies.

In regard to the application of the City of Montreal that the railway commission should bear the cost of the audit, Sir Henry holds that "this board has no fund for such a purpose, and the matter is one in which the Canadian taxpayer as such is not in any event interested. If Montreal desires to proceed with the inspection of the company's records, it has the right to do so. Any contribution to Montreal's expenses would seem to me a matter to be considered by the municipalities interested."

Montreal's application for particulars, and that any increase granted in tolls should be temporary, was endorsed by the cities of Toronto, Hamilton, Ottawa, Quebec, Brantford, Guelph, Kitchener, the Brantford Trades and Labor Council and the Union of Canadian Municipalities.

German Potash Production Fallen Off Seventy Per Cent.

Amsterdam, Dec. 10.—Advices from Rhenish Prussia quote a trade circular as saying that the German potash production in November was seventy per cent. below normal. The circular adds that the increased profits from enhanced prices have been more than absorbed by the advance in wages paid the workers in the industry.

THREE SAILORS DROWNED.

Schooner is Driven Ashore on Coast of Cape Breton.

Arichat, N.S., Dec. 10.—Three of the crew of the schooner Emma Belliveau, from St. John's, Nfld., for Prince Edward Island, were drowned when the vessel went ashore at Cape Laronde, Cape Breton, in a storm yesterday. The captain and his crew of five launched a boat and left the schooner safely, but when approaching the shore three of the men jumped out into the surf too soon and were swept back into the sea and drowned.

GRANT HERALD LIQUIDATION.

Montreal, Dec. 10.—A meeting of creditors of The Herald Company, Limited, in liquidation, was held in the superior court yesterday, when a motion was submitted by the attorneys representing the creditors asking for the appointment of a liquidator and inspectors. Mr. Justice Duclos granted the motion.

TO TEACH AERONAUTICS.

LIVE STOCK MARKET

There were no outstanding features on the live stock market yesterday, prices in nearly all cases holding steady with Monday.

Anything with weight and quality is selling strong, butcher cows and bulls very slow, especially the latter, and feeders and stockers especially dull and hard to cash in. A few extra choice baby beets and heavy steers brought high prices, as The World's report will show. The run was 1248 head.

The lamb market was stronger and 40c up, over last week, grass calves, 50c lower; veal calves, steady; sheep steady, and hogs 18¾c fed and watered, with a few odd choice lots, selling at 18½c.

Special Market Notes.

A feature of the market yesterday was the sale by the commission house of Quinn & Hisey of an extra choice baby beef 11 months old fed and shipped in by J. Dickinson of Arras, Ont., and sold to George Rowntree for the Harris Abattoir at 20c per lb., a credit to Mr. Dickinson and the commission house. The same firm sold 13 steers, 875 lbs., at $14.50.
