THIS COMPANY, which has been established 30 years, commenced with a subscribed Capital of $3,000,000, and was the first, 20 years ago, to offer to the Public two Scales of Premium—the lower, to insure only a fixed amount; the higher, entitling the Insurers to a participation in the profits.
Advantages Offered to Insurers.
Very low Rates of Premiums on Young Lives.
The security of a large realised and invested Capital.
Large Bonuses on Policies effected on the high Scale.
Prompt settlement of Losses.
The full value given for Policies when discontinued.
On Insurances for the Whole of Life: one-half of the Premiums, if desired, permitted to remain unpaid for the first seven years, as a Loan at interest, and then to be paid, or to remain as a permanent Loan, at the option of the Insurer.
Loans upon Policies for the Whole of Life, after payment of three Premiums, in proportion to the value of same.
The acceptance of Naval, Military, Climate, and Special Risks of all kinds, on payment of a commensurate Premium. Age admitted on the Policy when issued, if desired, on proof of date of birth.
Permission for the Lives assured to reside in any part of Europe, without extra premium or special license, and to, at and from California, at a small extra premium.
Insurances, if required immediately, may be effected any day between the hours of 10 and 4.
The Pamphlets published by this Company fully set forth the merits of Life Insurance; and copies thereof may be had, gratis, on application to the Agent, who is also prepared to furnish every information that intending Insurers may require.

CONNECTICUT MUTUAL LIFE INSURANCE COMPANY, HARTFORD.

Incorporated by the Legislature of Connecticut in 1846.
Guaranty Fund and Accumulated Premiums $400,000.

THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY is established upon the purely mutual system, with a Tariff of Premiums as low as is justifiable with the permanence and security of an Institution of this character. Every person taking out a Policy is a member, and entitled to vote at the Annual Meetings. The Dividends are declared annually on the 31st January. All persons insuring previous to that day, participate in the profits of that year, which are passed to his credit upon the books of the Company; to be paid during the life of the insured, in the order of rotation, from the excess of a capital of profits of $200,000. The stipulated capital of profits having been obtained, the Directors will be authorized to pay the first year's Dividends at the close of the present fiscal year; afterwards, each year's Dividends, in regular order, will be redeemed, as the funds of the Institution exceed the above two hundred thousand dollars. It is supposed that each person will be required to pay three annual Premiums before his Dividends will be redeemed. This feature in the conditions of this Company, over those who do not redeem or pay the Dividends until the death of the insured, is peculiarly favorable to the member, as the redemption of Dividends will assist in the payment of the Annual Premiums, after a few of the first years have elapsed, or take up notes given for Premiums.
The assured, on surrender of his Policy, at any time after three years, will receive its equitable value. All Premiums amounting to fifty dollars, or more, on Policies running five years or longer, may be paid one half by Note; to remain a debt on the Policy, until cancelled by Dividends; or the Policy becomes a claim.
This Company was organized in December, 1846, and its prosperity has hitherto been unparalleled. It is now in the third fiscal year of its existence; and numbers (October, 1849) nearly seven thousand members; with a constantly increasing accession. Its losses have been small, compared with the numbers which might have been expected, according to the Tables of Mortality upon which Life Insurance is predicated. By unparalleled success in business, and a strict economy in the administration of its affairs, larger Dividends have been made to Policy holders than by any other Company in the United States; averaging more than 90 per cent. annually.

LIFE ASSURANCE COMPANY,
No. 1, PRINCES STREET, BANK, LONDON.
CAPITAL, ONE MILLION STERLING.
Empowered by Special Act of Parliament, 4 Vict. Cap. 9.
REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution has induced the Directors to REDUCE the RATES originally required in British North America to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits of Life Assurance at much lower Rates of Premium than those of any other Assurance Company transacting business in Canada.
The Directors have also resolved to extend to British North America the advantages afforded by the HALF CREDIT RATES of PREMIUM which have been so highly approved and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their Interest in their respective Policies.

THE Advantages offered to the Public by this Institution are MANY and IMPORTANT, and the Rates of Premium quite as LOW as security to the Assured, and safety to the Office, will admit of.
The following are some of the advantages offered by this Society:—
The peculiar Benefits secured to the Assured by the principle of the LOAN Department.
One half of the Premium for the first five years may be paid by the Assured's own Note. These Notes need not be paid, but may remain on Interest, to be deducted from the Policy on the death of the Assured.
Insurers can at all times demand, as a right, a Loan to the extent of two-thirds the amount of Premium they have paid—upon deposit of their Policy, and guaranteeing it will be kept in force. This important advantage removes the fear so many entertain of being obliged, through pecuniary embarrassment, to let their Policies lapse, and at a time such a provision is absolutely needed for their families.
No Charge for Stamp Duty, nor for Medical Examination.
The Bonuses divided Annually, either in Cash, Reduction of Premium, or in addition to the sum Assured, whichever of these three ways the Assured may each year desire, after being a Policy holder for Four Years, at which period a Bonus is payable for the Four Years—Annually afterwards.
THIRTY DAYS allowed after each Payment of Premium becomes due, without Forfeiture of Policy.
The General Agency for the British North American Colonies being established in Montreal, RISKS will be accepted by the General Agent and Temporary Policies at once granted.
The Local Board meet regularly at the Office, and by them the business of the Colonies conducted, thereby affording to the Assured every facility.
LOANS will be Granted, and LOSSES PAID, at the General Agency, without referring to London.
Pamphlets, Blanks, and all requisite information, may be had on application at the MONTREAL OFFICE, or to the AGENTS throughout the Province, through whom proposals for Assurance will be transmitted.
