MOCK PARLIAMENT.

HARROW, March 20.—The Oxley Epworth League held an interesting mock parliament on Thursday night. Rev. C. R. Durrant represented the government. R. Craig was elected speaker; J. McVey premier and Charles Woodbridge leader of the opposition. A bill to make Arbor Day a general holiday and to organize the community into a picnic and tree-planting festivity was carried by an unanimous vote of both parties. The bill to enforce horse-drawn vehicles to carry a light was defeated.

Mrs. Robert Lypps aged 73, who had been suffering from influenza and pneumonia, passed away this afternoon at the residence of her son John. The funeral took place Saturday. Deceased was a daughter of the late W. Goodchild and has resided all her lifetime in this township.

CAMPAIGN AGAINST SUNDAY PAPERS IS STARTED IN SARNIA

Purchasers of Papers Required To Give Their Names Yesterday.

SARNIA, March 21.—Local residents, who have for years enjoyed their Sunday paper may be forced to visit Port Huron from now on as the result of activity on the part of the Lord's Day Alliance and the police officials, with the result that persons who bought papers here today may appear in police court during the coming week. Today as persons purchased Sunday papers their names were taken by the authorities and for the first time in many years it was impossible to purchase cigars or candy on Sunday. Drug stores and other places closed their doors when it was rumored that Lord's Day officials were active.

Service from Sarnia to Port Huron saw hundreds of people leaving the Imperial City, and the ferry officials stated that today more people visited the American side of the St. Clair than during the past two months, when the vaccination ban was enforced.

ASK FOR EXHIBITION.

The Sarnia Chamber of Commerce has been asked to arrange a manufacturers' exhibit in this city and it is expected that this question will be taken up at an early meeting of the directors. Advocates of the exhibit state that it could be held either in the city hall or in one of the rooms of the new chamber of commerce headquarters. All Sarnia manufacturers would be asked to send in goods for display. A permanent exhibit which could be used in industrial campaigns, in that it could be viewed by promoters or trade commissioners who visit this city is also urged in some quarters.

PROMOTION FOR W. H. STRINGER.

Word was received in the city today that William H. Stringer, provincial constable for this city and district since 1915, has been appointed an inspector of criminal investigation with the Ontario police and will leave next month to take up his new duties in Toronto. The family will follow at a later date. The announcement of his appointment in succession to Inspector Harry Reburn, who recently resigned, was made by Superintendent Joseph Rogers of the provincial police, Toronto.

BITRO-PHOSPHATE IS GOOD FOR THIN, NERVOUS PEOPLE

A PHYSICIAN'S ADVICE.

Frederick S. Kolle, M.D., Editor of New York Physicians' "Who's Who," says that weak, nervous people who want increased weight, strength and nerve-force, should take a 5-grain tablet of Bitro-Phosphate just before or during each meal.

This particular phosphate is the discovery of a famous French scientist, and reports of remarkable results from its use have recently appeared in many medical journals.

If you do not feel well; if you tire easily; do not sleep well, or are too thin; go to any good druggist and get enough Bitro-Phosphate for a two weeks' supply—it costs only fifty cents a week.

Eat less; chew your food thoroughly, and if at the end of a few weeks you do not feel stronger and better than you have for months; if your nerves are not steadier; if you do not sleep better and have more vim, endurance and vitality, your money will be returned, and the Bitro-Phosphate will cost you nothing.

RURAL CREDITS PLAN WITHIN A YEAR IS HOPE OF MINISTER

STRATFORD, March 21.—"I am no pessimist, I am an optimist. I feel that we may have to pass through a period which may tax us to the utmost to keep our heads and our strength. If we in this country develop a feeling of unity of purpose among all classes and couple with this the development of a spirit of toleration for the views of the other fellow, I feel that it is but a matter of a short time when we will Fenter a period of prosperity," were the closing words Saturday afternoon of the Hon. Manning Doherty, minister of agriculture, in an address to the agricultural section of the chamber of commerce. There were upwards of one hundred persons present for the luncheon, which preceded the addresses. The gathering was successful from every angle, and Mr. Doherty's address was listened to with the deepest of interest. In his able manner he dealth with some of the outstanding problems confronting the country at the present time and in a broad-minded manner told of the steps which he proposed to suggest as a remedy.

The meeting was presided over by S. J. Monteith, chairman of the agricultural section, and Mr. Doherty was extended a welcome by Mayor Stevenson and J. R. Macdonald, president of the chamber of commerce.

Need United Effort.

At the outset Mr. Doherty expressed his hearty approval of the proposal to bring the city and country people together. Both would benefit. There were, he said, problems ahead, varied and serious enough to require the united effort of all, no matter what their occupation. In no case are the interests of the city people and those of the country people antagonistic to one another. Efforts in the past inspired not by patrictic but by selfish motives had tended to keep these two interests apart The country faces the most critical period of its existence, he believed, and the need of time and united effort.

Touching on rural depopulation, Mr. Doherty declared that it was in the national interest that the policy in this regard should be broad-minded and generous in its expenditure, aiming to bring the people back to the soil.

Some persons had charged the farmers with being profiteers, but he held that no section of the community had profited less than the farmers during the war. The solution of the rural depopulation question lay, he said, in the providing of easier facilities for the marketing of what is now grown, so that while the farmer would get greater profit from his effort, the consumer would not have to pay more.

Farm Surveys Good.

Tribute was paid the late government for the institution of the farm surveys. They were good and would be continued, said the speaker.

The co-operative effort was spoken of, ang Mr. Doherty declared that the salvation of agriculture in the Dominion to a large extent would ultimately come through co-operative effort. In this Canada was 25 years behind Ireland and Denmark. Co-operative effort would tend to standards of quality for products and would facilitate marketing.

Mr. Doherty had no fault to find with immigrants coming to the country, but he declared that the best immigrant was the man who had never been out of the country. This assertion led to the rural credit question, and Mr. Doherty said he was asking the Government for a grant with which to investigate a system of rural credits, and "I hope that within a year we will be able to bring down a bill establishing such a system in Ontario," he said.

The big percentage of the foreign obligations of Canada would, said Mr. Doherty, will be met from the top six inches of the soil. Rural education is an important question, and demands attention.

No Lopsided Development.

"There was never a time when the interests of the business and professional man were regarded so sacredly as at the present," said the speaker. "We don't want a lopsided development. Two types of people must be suppressed, those who say everying that is, is right, and those who say everything that is, is wrong.

"If it ever comes to a show down between the red eyed Bolshevists and the landed man or the capitalists, the salvation of the country is going to be the farmer," said Mr. Doherty, but he added: "I do not think such a showdown will ever come. The farmer realizes the sacredness of the ownership of property, but he also realizes the sacredness of humanity. A new standard was set up during the war, which judges a man by the service rendered to the country rather than the wealth he has amassed."

Brief addresses were given by J. R. Macdonald, president of the Chamber of Commerce; Joseph Nagel of Dublin, and S. J. Monteith. There are now 40 members of this section.

Hogs—Receipts, 1,278. A few hogs were weighed upon contracts at $21, the balance selling for $20 50. The majority of lights were selling as selects. Selects, $20 50; light, $19 75@20 50; sows, $16 50.

GRAIN.

Chicago, March 22.—Opening: Corn—May, $1 56⅝; July, $1 50¾.

Oats—May, 87⅛c; July, 73⅛c.

Chicago, March 22.—Fresh upturns in the prices of corn took place today, owing chiefly to the relative lightness of receipts and to lack of selling pressure. The fact that arrivals were scanty emphasized the insufficiency of stocks on hand. Excellent weather failed to act as an offset. Opening prices, which varied from unchanged figures to 2⅝c higher, were followed by gains all around.

Oats were firmer with corn. After opening unchanged to ⅝c up, the market scored a moderate further advance.

WALL STREET.

New York, March 22—Wall Street, 10:30 a.m.—Sensational trading in speculative shares, particularly motors and their subsidiaries, was resumed at the active opening of today's stock market. The initial transactions in General Motors comprised one lot of 1,500 shares at 395 to 400, an extreme gain over the week-end of 20 points. This was soon extended to the new high record of 400, while Stutz Motors rose 8 points to the new maximum of 228. Crucible Steel made an early gain of 2½ points, and other steels, also equipments, coppers, oils, shippings and rails were 1 to 3 points higher. Sharp reactions in the motor group occurred within the first half hour.

GERMAN MARK IN MONTREAL.

Montreal, March 22.—The German mark is today quoted at 1.35c in Montreal.

Noon.—The morning was one of the wildest in the post-war history of the stock exchange. General Motors extended its reaction to 363, which wiped out its gain and an additional 17 points. Dealings in this stock were so erratic as to cause general apprehension and traders kept out of the market pending more settled conditions. Pools were active in other speculative shares, Crucible Steel rising 11 points, and some of the oils, equipments and miscellaneous issues were 3 to 8 points higher. The undertone of the market became extremely irregular before noon, many leaders selling under last week's final quotation. Call money opened at 7 per cent.

Chicago Society Aroused by Discovery on the Lake Shore.

CHICAGO, March 21. — Chicago's "Gold Coast" section was aroused today by a mystery started with the finding of the frozen body of a well-dressed young woman buried in the sand on the lakefront near Lakeshore drive, the city's most fashionable residence thoroughfare. One of the young woman's hands protruding from the sand led to the discovery of the body. No marks of violence were apparent.

PICKPOCKETS REAPED RICH HARVEST ON CARS

ESSEX, March 20.—Pickpockets did a good business on the 6 o'clock car from Windsor last Saturday, when they took about $100 from the pocket of John F. Millen, who was going to Cottam; $70 from Percy Hoggins of Cottam, and $32 in American bills, besides some orders and Canadian money from Meryl Fitch who was coming to Essex on a visit.

BUY NEW CARS.

The Windsor, Essex and Lake Shore Railway has ordered three new coaches, at a cost of $15,000, which are expected about the first of April. The past winter has been very hard on the motors of the company's cars, and as soon as the new coaches are received the present ones will be given a thorough overhauling.

The members of Enterprise Lodge, No. 218, I. O. O. F., will hold their annual "at home" and presentation of veteran jewels in the town hall, Essex, on Friday evening, March 26. The grand master is expected to be present and give an address, in addition to which there will be a choice program.

Dr. H. A. Bowie, who has been laid up for over seven weeks with influenza and its after effects is again able to attend his office practice.

HELP FOR MISSIONARY.

A large consignment of articles was shipped last Thursday to Miss R. E. A. V. Wilson in China. The boat which Miss Wilson sailed on for China last fall was shipwrecked, and everything but the wearing apparel she wore was lost. A valuable contribution of useful articles was received from Kingsville to be added to it. Some of her Leamington friends are shipping a parcel from that town.

DETROIT, March 19.—Captain William Deeney, recently retired U. S. naval officer, came to Detroit yesterday from Columbus, Georgia, bringing with him his wife and child. Some of his baggage failed to arrive, and Deeney started out to look for it. This was the last that has been seen of him. Today his wife notified the police. When he disappeared Captain Deeney had $3,800 in cash and Liberty bonds in his pockets. It was first believed he had gone to Saginaw, where he has relatives, but inquiry today showed the officer had not been seen there.
