On motion of Mr. Weldon, the House having gone into consideration of the said Report; when William End, Esquire, a Member for Gloucester, having explained, that in his observations he meant no personal offence or insult to the Speaker or any Member of the House; therefore *Resolved*, this House take no further proceedings.

THE OBSERVER.

ST. JOHN, TUESDAY, MARCH 15, 1836.

The Halifax Mail, with the February Mail from England, arrived at 9 o'clock yesterday morning. The dates from London are to the 4th, and Falmouth to the 6th of that month.—Parliament was opened on the 4th, and the Speech of His Majesty on the occasion will be found in our columns. It proposes and recommends various reforms and improvements in both Church and State. An extract from a Speech of Mr. Spring Rice, at Cambridge, will also inform our readers of some of the intentions of Ministers.

We have inserted in preceding columns a number of Resolutions passed by the House of Assembly on the 7th instant while in committee on the State of the Province, respecting the alleged evil nature of the system pursued in the management and sale of the Crown Lands, &c. and the great powers of the Commissioner of those Lands,—the want of satisfactory statements of the income and expenditure of the Casual Revenue,—and the composition and constitution of the present Executive and Legislative Councils; on which subjects the House have agreed to address His Majesty's Government.

The Assembly the same day determined on sending a Deputation to England with their Address, as well as for the purpose of personally consulting and negociating with His Majesty's Ministers on the several subjects brought before them in the Address, and to render such other information as may be necessary, relative to our Provincial affairs.—WILLIAM CRANE, Esquire, Member for Westmoreland, and L. A. WILMOT, Esquire, Member for York, are the Delegates appointed.—The proceedings on the subject will be found among the extracts from the Journals.

On Tuesday last, His Excellency the Lieutenant Governor went to the Council Chamber, and gave his assent to thirty-seven Bills passed the present session of the Legislature.

The Bay Verte Canal Bill, and the Bill to incorporate the Shediac and St. John Rail Road Company, have passed both Houses.

The Temperance Society held its Quarterly meeting on Tuesday evening last, in the National School Room, King's-square, Rev. Dr. Gray, President of the Society, in the chair. The meeting were addressed by L. Donaldson, Esq., the Rev. G. L. Wiggins, Mr. William Nisbet, the Hon. Mr. Justice Parker, (one of the Vice Presidents,) Mr. G. Blatch (Secretary,) Mr. C. H. Dimock, of Nova Scotia, and the Rev. President.—The number of new members enrolled at the meeting was 47.

We refer our friends in King's County to an advertisement in another column from the Sessions' Court of that County, on the subject of Temperance Inns.

The King has been pleased to appoint Colonel Sir John Harvey to be Lieutenant Governor of Prince Edward Island.

The King has also been pleased to appoint Jeffrey Hart Bent, Esq., to be Chief Justice of the Colony of British Guiana.

On the morning of the 5th inst. the houses Nos. 102 and 104 Broadway, New-York, were destroyed by fire, with all their contents—one of the buildings was occupied by Mr. Debehr, as a book store, his loss is $50,000.—insured to half that amount. The people in the houses could only escape with their lives.

CITY BANK.—The Act for Incorporating this Institution, passed at the present Session of our Provincial Legislature, has been received in town, and will be published on Monday next.—We understand that the greater part of the stock is already subscribed, and that it is intended to get the Bank in operation without loss of time.

We are authorised to state that so soon as the original Subscription List for Stock in the City Bank can be obtained from Fredericton, no perfect copy having been obtained here, the remaining Stock will be opened to the public. A List of applicants now lies at the office of John M. Robinson, Esquire.—*Courier.*

Mr. Warren, of New-York, the celebrated Bridge Engineer, is now in this City for the purpose of making plans and specifications for building the Bridge on the "Town" double truss principle, across the Falls. We wish every success to the undertaking.—*Ibid.*

CENTRAL BANK.—At the Annual General Meeting of the Stockholders of the Central Bank of New-Brunswick, held on Monday the 7th instant, the following Gentlemen were elected to serve as Directors for the ensuing year:—Francis B. Beckwith, Henry G. Clopper, William J. Bedell, Thomas Pickard, John Simpson, Oliver Smith, James Taylor, George J. Dibblee, and John T. Smith.—And at a Meeting of the Directors held subsequently on the same day, HENRY G. CLOPPER, Esquire, was unanimously re-elected President for the ensuing year.—*Fredericton Royal Gazette.*

We understand that the "Cumberland Steam Navigation Company" have made arrangements with the proprietors of the new Steamer "*Royal Tar*," to have her run once a week, the ensuing season, between St. John and Portland.—*Portland Advertiser.*

UPPER CANADA.—An extract from the Toronto *Courier*, of the 18th, shews that Sir F. B. Head is not altogether such a great radical as was imagined. His answer to the great grievance address has not reached us in the original words, but the notice taken of it shews that he has refused to listen to any *dismissals of public officers for conduct under preceding administrations*, saying that he would see that the *officers did their duty under his own*. This is indeed a fair rule; it is the rule of the criminal law, that you cannot frivolously indict, much less condemn, after a certain lapse of time. Sir F. B. Head will not go back to 1822 nor 1825, to gratify hatred, avarice, and ambition, and to appoint men who are much worse qualified, as far as experience and ability go, and fully less to be trusted than those they wish to replace.—*Quebec Gaz.*

John Henry Dunn, (Receiver General,) Robert Baldwin, and John Rolph, Esquires, have been appointed Members of the Executive Council of Upper Canada.

John Simcoe Macaulay, Esquire, has been appointed to act as Surveyor General, in the room of the Hon. S. P. Hurd.

A house was burnt down at Niagara, U. C. on the 19th February, in which a woman and two children were burnt to death.

A "St. Patrick's Society" has just been formed at Quebec, and George Pemberton, Esq. appointed President.

Out of 223 convicts received into the State Prison at Auburn, New York, during the last year, sixty are stated to be totally illiterate. Of the same number, *one hundred and seventy-five were intemperate*, forty-two temperate, and only *eleven* total abstinants. This single *fact* should have more weight in favor of the diffusion of knowledge among the people, and of the benefits of Temperance, than volumes of fine drawn theories and arguments.—*Montreal Vindicator.*

The Bill rechartering the Bank of the United States, for thirty years, with a capital of thirty-five millions, having passed both Houses of the Pennsylvania Legislature, and received Governor Ritner's signature, is now in force.

LOSS OF THE BRIDE.—We feel unfeigned sorrow in communicating to our readers the following affecting statement of the loss of the ship Bride, Captain Bennett, on her passage from Miramichi to this port, and the loss of most of the crew. It has been received by Messrs. Wilson, Hudson, & Co., in a postscript to a letter received from Captain Wharton, of the Swift of this port, dated Rotterdam, Jan. 19, 1836.—"I have opened my letter to announce the appalling intelligence of the loss of the Bride, of Hull, with twelve of the crew. The survivors are the carpenter and James Russell. Captain Bennett died fifteen days previous to the vessel being fallen in with. The sufferers on board were then in such a state as not to be able to take hold of a rope thrown to them; they had been 21 days on the wreck, and had sustained life by gnawing from time to time the dead bodies of their shipmates, and drinking salt water. The vessel, with the survivors, has arrived in the Texel from Cuba.—*Hull Gazette.*

H. M. Ship *Melville*, 72, was put into Commission on Wednesday, by Capt. P. L. Douglas, for the Flag of the new Commander-in-Chief in the West Indies and North America, Sir Peter Halket, and to relieve the *President* Frigate. She will doubtless very soon be manned, from the numbers of prime young seamen at present at this port unemployed. The Melville has undergone extensive repairs since her return from the East Indies with Admiral Sir John Gore.—*London paper.*
