R. R. R.
THE PROPHECY FULFILLED.

IN the month of August, 1849, we promised to the world that we would produce a medicine that would instantly stop the most severe pangs of pain, and speedily remove its cause.

We proposed to Hospitals, and all other Institutions for the reception of the sick; to Physicians, Surgeons, and all Medical Institutions and Bodies, to introduce our Remedy first of their extensive employment, to improve its merits and miraculous power over pain upon the patients.

We claimed that it would stay, in a few minutes, the most severe Cramps and Spasms—it would arrest the progress of that dread disease, the Cholera—that in a few minutes it would change the hard, hurtsy, cold, and listless body, to warmth, vivacity, and vigor.

That in a few minutes it would relieve the most severe pains in the bowels, that in five minutes it would stop all painful and diarrhœa discharges, and remove a general warmth to every extremity and secretion of the body; that it would positively relieve the most severe and disagreeable pains of sick and nervous headache in fifteen minutes, and effectually cure this distressing complaint.

That it would in an instant mitigate the cruel pangs of Neuralgic pains, and permanently cure this excruciating affection. That it would stop the most torrenting toothache in a few seconds.

That it would relieve all Rheumatic pains in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it possessed a miraculous soothing and relieving influence over all pains originating from Rheumatism, Neuralgia, Nervous, and Bilious complaints, and that the patient suffering the most excruciating torturs, would feel its soothing influence in a few minutes.

The world was startled at the publication of our discovery. The wise sneers of Medical Science shook their heads in doubt. The sick and afflicted hoped yet, feared that, like other remedies, it would cure sickness on paper than by practical experiments; thousands who were suffering with the most excruciating pains, at once determined to try it; the consequence was, that from six most every village, town, city, within 500 miles of New York, one were the daily recipients of relief from the extraordinary remedy. The people tried it and found it proved; the most torturing pains were mitigated; weak and feeble victims of Rheumatism, who had been bedridden for years, were suddenly relieved from pain and restored to health. So with the sufferers of Neuralgia, Sick and Nervous Headache, Chill Fevers, Diarrhœa, Cramps, Spasms, Cholera Morbus, and, in fact, all painful and distressing Acute complaints, were suddenly relieved from their tortures, and restored to health. Its fame spread from city to city, from place to place, sounded its wonderful virtues far and wide, and ere the earth had run a journey round,

FIVE ILLION BOTTLES WERE SOLD!

In every town in Maine, New Hampshire, Vermont, Rhode Island, Massachusetts, Connecticut, New York, Ohio; in Michigan, Wisconsin, Illinois, Indiana, Missouri; the people have tested its merits, and pronounced it a safeguard against disease, and a quick antidote for all pains. In New Jersey, Pennsylvania, Virginia, Maryland, Delaware, the Carolinas, Georgia, Alabama, and Louisiana—in every town in each State it has made friends, and proved its efficacy.

TO THOSE WHO KNOW NOTHING OF IT.

If you are unacquainted with the merits of Radway's Ready Relief, and if you reside in either of the States mentioned above, we refer you to the Jobbers, to Physicians, and the People. Take a bottle of it to any skilful Physician, let him test it, we will risk its reputation on his opinion. One drop has frequently cured the most tantalizing Toothache.

Forty drops, taken three times per day, will cure Sour Stomach.

Sixty drops, taken four times per day, will cure Weakness and Debility.

Ten drops, taken every ten minutes, will cure Diarrhœa.

Thirty drops has, in fifteen minutes, stopped the Sick Headache.

Sixty drops, taken every twenty minutes, has cured Cramps, Spasms, &c.

Thirty drops has, in fifteen minutes, cured Tic Doloreux.

Sixty drops has, in twenty minutes, stopped the pains of Neuralgia.

Thirty drops has, in fifteen minutes, cured Wind on the stomach.

Thirty drops has, in fifteen minutes, cured Cholera Morbus.

One application externally has stopped the most painful Rheumatic affection, and cured Sprains, Strains, and Sonness.

Three applications has cured the Salt Rheum.

Three applications has cured the worst Felon.

Three applications has cured Pimples and Blotches.

Six applications has cured the Erysipelas.

Three applications has cured the most painful Swelling.

Six applications, in twenty-four hours, cured Curved Spine.

One application, in 15 minutes, cured the Lumbago.

SOLEMN TRUTH.

Reader, do not reject the statements on account of the where assertions, we state only what it has done, what we know it will do. Therefore, if you suffer pain, give it a trial, and we pledge our word for it, you will become a firm friend of our pain and ready remedy.

Price of Radway's Ready Relief, 50 and 25 cents per bottle.

BEAUTY.

Complexion richly tinted with the bloom of health. With skin as pure and fair as infant's bosom unalloy—Soft and silvery as the fragrant rose.

Teeth as sound and white as alabaster.

Breath of sweetest fragrance, as Flora's breath of coral tint.

With flowing ringlets and glossy locks,

Luxuriant tresses unscented, nestling over the swan-like neck.

No dark repulsive spots, to mar the pleasing picture,

Or to cast dull shadows over beauty's master piece.

RADWAY'S MEDICATED SOAP,

Composed of the most delicious, rare and fragrant gums, of extracts, oils, and costly essences—

Of flowers, roots, trees, and oriental plants,

Possessing wonderous virtues over skin diseases.

TO THE COMPLEXION IT IMPARTS BEAUTY.

By cleansing the skin from all eruptive matter,

Makes clean the pores, gives action to the capillaries,

By which all poisonous substances are rejected,

And a healthy action to the skin restored.

To be fresh, it gives whiteness and prevents decay,

It makes the skin soft, smooth and smooth,

Transforms the most repulsive, and disfigured visage,—

To a clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM,

Imparts instantaneously to the surface of the skin,

Makes it strong, glossy, rich and luxuriant,

Cleanses the scalp from dandruff,—gives action to the hair—

Fastens the hair upon the scalp, and forces it to grow—

Like gauze in a barren soil, it makes it rich and productive.

To dress the hair, makes it smooth and glossy,—

Strong and beautiful, &c.

Radway's Improved Balm is the "ne plus ultra."

THIS GALVANIC EMBROCATION is an unparalleled remedy for the Cure of Rheumatism, Acute or Chronic, spread in the Head, Joints or Limbs, Tic Douloureux and Gout, in its worst forms, Palsy, Fits, Scrofula or King's Evil, Spinal and Hip Complaints, Stiffness of the Joints, Lumbago, Nervous Debility, Indigestion, Fever Sores, Salt Rheum, Ring Worms, White Swellings, Diseases of the Skin, Leucorrhœa, Goitre or Thick Neck. It is likewise highly recommended in the most confirmed cases of Scrofula and Scrofulous Affections of the Neck, Affections of the Spine, Mercurial Affections, &c., &c., &c.

It is now generally admitted, by the learned and scientific, that the mysterious power called *Galvanism* or *Magnetism* is in fact the principle of Vitality or Life, and that disease in many of its most painful forms is entirely owing to the absence of this Galvanic or Magnetic power in its healthy proportion. If, then, we can readily supply this wanting power, where it is thus deficient, we can successfully combat disease; and this has been fully and perfectly attained by this most wonderful scientific discovery, of combining Magnetism or Galvanism with a Fluid which has cost the inventor of this remedy years of study and labor.

There is not an intelligent Physician, who has kept pace with the progress of science, that does not readily approve of the use of the Magnetic power in various diseases, and there is scarcely a Medical Journal, either in this country or Europe, which makes its appearance, without the statement of various cases, showing some new effects of these wonderful agents, or corroborating previous experience of their beneficial use. The inventor of the *Galvanic Embrocation* has great pleasure in being able to state, that a majority of the most distinguished Physicians of New York constantly recommend this Embrocation in their practice, and from many of them he has received the kindest testimonials of approval and commendation.

HUMAN HAIR.—HYPERION FLUID.—This is a composition combining all the elements of the hair, and has the particular merit of being prepared purely from vegetable ingredients, so that its application is perfectly safe. Ladies often do we perceive young persons with hair merely grey, or affected with baldness, all arising from inflammation of the skin of the head, caused by severe study, violent grief, and other mental afflictions. By a liberal use of the Hyperion, in a short time they will find, to their delight, a complete change will have taken place in the action of the skin, and a rich and luxuriant growth of hair, of its original color, will shortly follow. Its effects in cleansing the hair from scurf and dandruff are also truly wonderful. The Hyperion should be one of the principal appendages to every lady's and gentleman's toilet.—*See advertisement.* 102

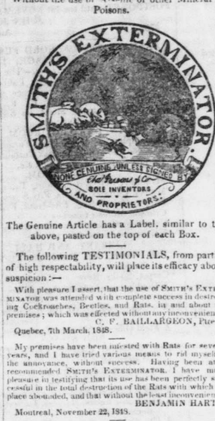
SMITH'S EXTERMINATOR

FOR THE ENTIRE EXTIRPATION OF
Rats, Mice, Cockroaches, Beetles, Crickets, Ants, &c.
Without the use of Arsenic or other Mineral Poisons.



The Genuine Article has a Label, similar to the above, pasted on the top of each Box.

The following TESTIMONIALS, from parties of high respectability, will place its efficacy above suspicion:—

With pleasure I assert, that the use of SMITH'S EXTERMINATOR was attended with complete success in destroying Cockroaches, Beetles, and Bugs in my house and premises; which was effected without any inconvenience.

Quebec, 7th March, 1848. C. P. BAILLARGEON, *Pre.*

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the nuisance, without avail, until I tried your Exterminator, recommended SMITH'S EXTERMINATOR. I have much pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my place abounded, and that without the least inconvenience.

Montreal, November 22, 1848. BENJAMIN HART.

I hereby certify, that by using SMITH'S EXTERMINATOR it has perfectly succeeded in ridding the College Premises of Cockroaches, Crickets, and such like disgusting Insects, which were before very numerous.

Montreal, April 20 1848. S. VILLENEUVE, Director of Montreal College.

From the Rev. B. Davis, D. D., Minister of the Baptist Church, Montreal.

I most willingly bear testimony to the good effects of SMITH'S EXTERMINATOR. I found my present dwelling over-run with Beetles; the nuisance had defiance to all efforts to abate it, until this preparation was applied. One Box has effectually exterminate the Insects almost entirely from the house. Similar cases of success have occurred in my neighborhood. BUNJ. DAVIS.

ELEGANT AND INVALUABLE ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,

FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Andrew Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar cases.

MR. WM. BOGLE.—Sir,—The preparation invented by you for the hair, has been extensively used in my family, and I have found it to be a decided improver over all other compositions of the kind. It invigorates and beautifies the hair, and leaves it free from the injurious effects produced by all other deleterious efforts, which are so frequently the result of many well-known patented compounds.

It is an indispensable article for the ladies, as it keeps the hair in place and curl, and the skin or partings of the hair free from dandruff and scurf. For children, it stays the foundation of a good head of hair.

BOGLE'S AMOLE,

A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything of the kind for shaving. The base of it is derived from the *Amole*, or "soap plant," of California, an article used by the natives of that country for washing; and thus the use of caustic alkali, so hurtful to the skin, is avoided. Its vegetable and detergent properties have the purest and most mollifying effects on the skin, of soothing and allaying irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a decided luxury to be served with this unexhaustible soap. It is done up in elegant style, calculated either for the dressing case of the fashionable traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following is from Stanner F. Barrett, Saranac Street, East Boston;

EAST BOSTON, Feb. 8, 1847.

Mr. William Bogle.—Dear Sir: For several years past, my wife has been troubled with baldness on the Crown of the head, she at six or seven inches in circumference.—After repeated failures of other so-called remedies, and by the advice of friends, she was induced to use your Hyperion as a bath, for the purpose of restoring her lost hair, and I am happy to say that its effect has been to cause the hair to grow all over the part affected. She has used only two bottles, and that very irregularly; had she used it according to the directions, I have no doubt the growth of the hair would have been accelerated. I am, Sir, yours respectfully, SUMNER F. BARRETT.

BOGLE'S HEBEAIONA,

FOR REFRESHING AND BEAUTIFYING THE SKIN.

Eradicating Tans, Pimples, and other eruptions of the skin, and rendering it fair, delicate, and blossoming. It is equally efficacious in preserving the skin from the bad effects of summer, and freezing blasts of winter, and is the most frequent and delicacy-suited of its kind found on the toilet of fashion.

All the above articles have stood the test of the strictest investigation, and are WARRANTED superior to anything yet invented.

SELF-PRESERVATION:

A MEDICAL TREATISE ON THE PHYSIOLOGY OF MARRIAGE, THE MISERIES OF YOUTH and MATURITY, usually acquired at an early period of life, which prevent the physical and mental powers, diminish and enfeeble the natural feelings, and exhaust the energies of Manhood—with practical observations on the Diseases of the Urinary Passages, Impotency, Sterility, arising from these causes, close study, or the Influence of Tropical Climates; Local and Constitutional Weakness, Syphilis, and all Diseases and Derangements resulting from Indiscretion,—with Forty Coloured Engravings, illustrating the Anatomy, Physiology, and Diseases of the Reproductive Organs, explaining their structures, uses and functions, and the various injuries that are produced in them.

BY SAMUEL LA'MERT, M.D.,
No. 37, Bedford Square, London.

Doctor of Medicine, Matriculated Member of the University of Edinburgh, Licentiate of Apothecaries' Hall, London, Honorary Member of the London Hospital Medical Society, &c.

This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their relative conditions in health and disease. Nor are these the sole contents of the Work; the means of escape, as well as the nature of the danger, are pointed out in clear and intelligible language. It deservedly requires the closest attention and study, for what subject can be of more import more than the preservation of health, and of the physical capabilities of which every man should be possessed. It unfortunately happens that the unhappy victim of excessive indulgence and vicious habits, whether acquired in early life, or from the follies of advanced age, while suffering from their inevitable consequences, unwisely entertains a fear of applying to a qualified physician for relief. Shame and the dread lest frequently, but erroneously, entertained, that those complaints are beyond the reach of art, alike restrict him, and prevent the seeking to assistance where alone it can be procured. In acting thus, he forgets that accurate discrimination in detecting the causes of disease, sympathy with the sufferer, and, above all, secrecy, invariably characterize the intelligent and practical physician, and to the medical man, who can show by his possession of the requisite legal qualification, that he is entitled to esteem and respect in his professional pursuits, the utmost confidence should be extended. Dr. LA'MERT has obtained the highest medical honors, as his diplomas testify, and the great extent of his practice for many years, is a guarantee for his professional experience, which has received almost solely to the treatment of these diseases.

The Work may be had in Montreal, of BENJAMIN DAWSON, St. Johns, of H. Cairns & Co., price 2s. 6d. Sterling; Halifax, Messrs. Morton & Co.

KEATING'S COUGH LOZENGES.

A CERTAIN REMEDY for disorders of the Pulmonary Organs—in Difficulty of Breathing—in Hoarseness, or Phlegm—in Incipient Consumption—for which Cough is the most positive indication—they are of unerring efficacy. In *Asthma*, and in *Winter Cough*, they have never been known to fail.

KEATING'S COUGH LOZENGES are free from every deleterious ingredient; they may, therefore, be taken at all times by the most delicate female and by the youngest child; while the *Public Speaker* and the *Professional Singer* will find them invaluable in allaying the hoarseness and irritation occasioned by vocal exertion, and consequently a powerful auxiliary in the production of melodious enunciation.

Prepared and Sold, in Boxes, 1s. 1½d., and Tins, 2s. 9d., 4s., 6d., and 10s. 6d. each, by THOMAS KEATING, Chemist, &c., No. 79, St. Paul's Church Yard, London.

Sold Retail for all Druggists and Patent Medicine Vendors in the Kingdom.

N. B.—To prevent spurious imitations, please to observe that the words "*Keating's Cough Lozenges*" are engraved on the *Government Stamp* of each Box.

IMPORTANT TESTIMONIALS.

Copy of a Letter from "Colonel Hawker," (the well-known Author on "Guns and Shooting.")

LONGPARISH HOUSE, NEAR WINCHESTER, Hants October 21 1846.

SIR,—I cannot resist informing you of the extraordinary effect I have experienced by taking only a few of your LOZENGES. I had enough for several weeks. Their effect was so perfectly good for my cough, and yet I got on comfortably out of it by taking about half a small box of your Lozenges, which I find are the only ones that relieve the cough without deranging the stomach or digestive organs.

I am, Sir, your humble servant,
P. HAWKER.

To Mr. KEATING, 79, St. Paul's Church Yard.

WILLIAM STREET, EAST INDIA ROAD, Poplar, Nov. 2nd, 1846.

SIR,—I conceive that it is merely the manifestation of a proper sympathy for the afflicted, by informing you of my perfect health and extraordinary relief which I have obtained from the use of your Cough Lozenges. I have for the last four years been afflicted with a distressing cough, with a difficulty of breathing. Accidentally hearing of your Cough Lozenges, I purchased a 2s. 9d. tin of your Agent, Mr. Kerrod, Medical Institution, Christ Street, Poplar New Town, by which I am now perfectly cured, and have no further occasion for them.

Sir, your obedient servant,
THOS. KEATING, Esq. CHARLES WOOD.

CHURCH STREET,
Folkstone, November 22, 1848.

SIR,—Having been troubled with a very bad cough for the last eight months, I was induced to try Keating's Cough Lozenges of this town, for some relief; he recommended me your "COUGH LOZENGES," which, I am happy to say, cured me in a week. I beg most cordially to recommend them, and beg you will not hesitate to make this use of my name you think proper, as I cannot do too much recommended. I have the honor to be,

Sir, your obedient humble servant,
JOHN HILL, Bart.

MEDICAL WAREHOUSE,
Halifax, N. S., August 15, 1846.

SIR,—In mentioning the sale of your lozenges, with second consignment of Lozenges, by the "Racer," we are gratified in being able to inform you that they have given very general satisfaction here, (having proved singularly efficacious in the removal of COUGHS AND COLDS,) which the increasing demand is a sufficient evidence. We shall, probably, require for the Winter a further supply of FIFTY OR FIFTY DOZENS, which you can forward at first convenience by one of the Cunard Steamers, via Liverpool, &c.

DR. HALSEY'S GUM-COATED FOREST PILLS.

THESE PILLS are warranted not to contain a grain of Mercury or any other Mineral. They purge without griping, nauseating, or weakening; can be taken at any time without hinderance from business, change of diet, or danger of taking cold; they are perfectly free from the odour or smell of medicine, and are five times more effectual in the cure of disease than any Pills in use.

The Proprietor has expended some three great and good Pills were first made known to the public, yet thousands have already experienced their good effects. Invalids given over by their friends, have found the blessing of health restored, and been restored to sound and vigorous health from their use.

Never has any remedy had more reliable and stronger proofs of its good qualities than Dr. Halsey's Forest Pills.

Testimony of the most respectable kind, showing their great powers of curing in almost every class of disease, have been tendered to us by individuals of undoubted character and respectability. The following testimony is from a respectable and wealthy farmer residing near Utica, New York:—

UTICA, Nov. 9, 1845.

Every fall, for several years back, I have had much sickness in my family of Bilious Disorders, and Ague and Fever. In the fall of 1845, two of my sons were taken at the same time with Bilious Fever. In former seasons, when sickness occurred in my family, I had always employed a Physician. But at this time having two laboring sons, who had expired some three months before, I gave to each of them six Pills, and four hours after I thought each of them was dead. Nature operated, bearing away much black and green matter. On the following day the two were able to be about their usual business without any more medicine. Since this time I have always kept your Pills at hand, and in all cases of sickness they have proved the most happy results.

Yours &c. ISAAC GOODHOW.

READER!!!—If you wish to be sure of a medicine which does not contain that lurking poison, Calomel or Mercury, purchase HALSEY'S GUM-COATED FOREST PILLS, and avoid all others.

If you desire a mild and gentle purgative, which neither immerses nor gives rise to griping, seek for *Halsey's Pills.*

If you would have the most concentrated, as well as the best compound *Sarsaparilla Extract* in the world for purifying the blood, obtain *Dr. Halsey's Pills.*

If you would have the most powerful purgative, and be subjected to a Physician's bill of 20 or 50 dollars, take a dose of *Dr. Halsey's Pills* as soon as unfavorable symptoms are experienced.

If you would have a Medicine which does not leave the bowels costive, but gives strength instead of weakness, procure *Halsey's Pills*, and avoid Salts and Castor Oil and other Purgatives.

Parents, if you wish your families to continue in good health, keep a box of *Halsey's Pills* in your house.

Ladies, *Dr. Halsey's Pills* are mild and perfectly harmless, and well adapted to the peculiar delicacy of your frequent and delicate ailments to be found at the toilet of fashion.

All the above articles have stood the test of the strictest investigation, and are WARRANTED superior to anything yet invented.

ST. LEON AND CAXTON SPRINGS.

MONTREAL, June 3, 1850.

For the past twelve months I have frequently recommended the Waters of the St. Leon and Caxton Springs, and have formed a favourable opinion of their efficiency as aperients in various derangements and diseases. I have found both Waters well adapted, in the generality of cases, for accomplishing all the purposes of the ordinary saline aperient draughts, over which their tonic and alterative ingredients give them, for continued use, a superiority.

THE BRITISH PERIODICALS

AND THE
FARMERS' GUIDE.

LEONARD SCOTT & Co.,
No 54, Gold Street, New York,

CONTINUE to publish the four leading British Quarterly Reviews and Blackwood's Magazine; in addition to which they have recently commenced the publication of a valuable Agricultural Work, called

"THE FARMERS' GUIDE TO SCIENTIFIC AND PRACTICAL AGRICULTURE."

By HENRY STEPHENS, F. R. S., of Edinburgh, Author of the "Book of the Farm," &c., &c., assisted by JOHN P. NORTON, M. A., New Haven, Professor of Scientific Agriculture to Yale College, &c., &c.

This highly valuable Work will comprise two large royal octavo volumes, containing over 1400 pages, with 19 or 20 splendid Steel Engravings, and more than 600 Engravings on Wood, in the highest style of the Art, illustrating almost every implement or mechanic now in use by the best farmers, the best methods of ploughing, planting, harvesting, &c., &c., the various domestic animals in their highest perfection; in short, the particular feature of the book is unique, and will render it of incalculable value to the student of agriculture.

The Work is being published in Semi-Monthly Numbers, of 64 pages each, exclusive of the Steel Engravings, and is sold at 25 cents each, or $5 for the entire Work at Numbers, of which there will be at least 22.

The British Periodicals Re-Published are as follows:

The London Quarterly Review, (Conservative.)
The Edinburgh Review, (Whig.)
The North British Review, (Free-Church.)
The Westminster Review, (Liberal.)

AND

Blackwood's Edinburgh Magazine, (Tory.)

Although these Works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to purely political topics. The literary character which gives them their chief value, and is that they are conducted by the ablest writer in each department of their class, *Blackwood*, still under the masterly guidance of *Christopher North*, maintains its accident celebrity, and is, as it has long been, unrivalled in the world, by any of the Works of Bulwer and other literary notables, written for this Magazine, and first appearing in its columns but in different Britain and in the United States. Such works as "The Caxtons" and "My Novel," "Lucretia," "Night and Morning," "Pelham," "Eugene Aram," "The Green Hand," and other serials, of which numerous rival editions are in quick demand, and unabated interest, have been, or will be, reprinted by those publishers from the pages of Blackwood, since its publication, in March last, now 2 Cts. to Subscribers to the Reprint of that Magazine now always ready on having the earliest reading of these fascinating tales.

Plantagenet Water.

Let all who wish sound health to get
Just try the famed Plantagenet;
Though others vainly try to puff
And gain a market for their stuff,
This only can make good its boast,
The friend of all who need it most.

AS this is the season of the year when the public are most disposed to seek the aid of mineral waters, it is necessary that parties should be strongly warned against the lame-and-impotent attempts to give a reputation to certain other Springs, by the unmeaning and unwarrantable puffing of some of the Montreal Physicians. To such an extent has this practice been carried, that one Physician of this city has been lately compelled publicly to deny that he ever gave a certificate testifying to the rare qualities of a certain Spring.

Another article had recourse to, by certain parties, is the publication of *old certificates granted to other Springs* as if they had been given in favour of their Spring. In fact, such is the spirit of jealousy excited at the overwhelming success of the Introduced Plantagenet Water, that it can hardly contain itself, and is now seeking the most unfair means to impose on the credulity of the public. Such attempts have been exposed every day the fame of the Plantagenet Waters is spreading wider and wider. What it has done in the Pharmacopœia, as one of the most immediate and efficacious of aperients, its use as a pleasant summer beverage is almost equally marvellous.

There never was a mineral water which combined so admirably the two qualities of medal and agreeable, and to talk of competition or comparison is simply absurd. Ask the medical man what is since cases of fire is the best thing he prescribes—he says the Plantagenet Water. Ask the merchant what is his morning's draught, still the reply is, Plantagenet Water. Ask the professional man what liquor his labors most invigorates his health, and again we are told Plantagenet Water. Ask the hard-working farmer, or labourer what is the cheapest medicine for himself and family, and he will reply, a bottle of the Plantagenet Water. This extraordinary success has induced attempts, both in Montreal and the country, to substitute other spring waters for those genuine waters, the fame of which the Proprietor has been directly informed by Medical gentlemen of this city. In vain, no attempt has been authorized by those persons who wish to trade on the unparalleled reputation enjoyed by the Plantagenet Water. To guard against such imposition, the public are requested to supply themselves *direct from the Depot, Place D'Armes, Montreal* The genuine article is put up in Imperial Pints, Three-quarts, 1s.; bottled, 3s. for dozen; bottles returned, and 1½d per gross. The demand for this Water, by the glass, averages one hundred gallons every morning.

NEW CERTIFICATE.

The following from Dr. Munro, Chief Physician of the Hotel Dieu, adds one other to the overwhelming testimonies borne to the virtues of the Plantagenet Water by all our leading Physicians:—

To Mr. LAROQUE, Proprietor
of Plantagenet Water, Place
D'Armes.

SIR,—I have hitherto refrained from giving you my opinion of the Plantagenet Water; but the time has now arrived when it is just, both to the public and yourself, that I should do so. I state, then, frankly that I have the highest opinion of the Plantagenet Water, which I prescribe almost daily. It has proved a remedy in many other mineral water with which I am acquainted. I have used it extensively in my practice at the Hotel Dieu Hospital, and with the most remarkable success. As a gentle aperient, its use is invaluable; and in numerous cases where other medicines could not be safely employed, I have found it most useful. I consider it a duty, both to the profession and the public, to bear my testimony in its favor; and I strongly recommend all the friends of families to keep a supply of the water by them, being perfectly satisfied of its good and salutary effects.

I have the honour to be, Sir,
P. MUNRO, M.D.,

Chief Physician in the Hotel Dieu Hospital, and Lecturer of Surgery in the School of Medicine, of Montreal.

Bellevue Street, 6th August, 1851.

In conclusion, let it be borne in mind, that it is not simply as a sailing drink that these waters are beneficial, but because they have an only, fattening property, unknown to any waters besides. There is, in fact, but one Plantagenet Spring, and the more that is known, the higher its reputation, and the more all others sink into insignificance beside it.

It is enough to state the names given below, of parties who have used the Plantagenet Waters, to be satisfied of their superior excellency over all others.
