ONLY A Common Cold,

but it becomes a serious matter if neglected. Pneumonia, Bronchitis, Asthma, Catarrh or Consumption is the result. Get rid of it at once by taking Dr. Wood's Norway Pine Syrup.

Obstinate coughs yield to its grateful soothing action, and in the racking, persistent cough, often present in Consumptive cases, it gives prompt and sure relief. In Asthma and Bronchitis it is a successful remedy, rendering breathing easy and natural, enabling the sufferer to enjoy refreshing sleep and often effecting a permanent cure."

Mrs. C. Townsend, Lockport, N.S., writes: "I feel it my duty to let you know of my experience with Dr. Wood's Norway Pine Syrup. I was troubled with a cold and severe cough all the time, and very severe spells of Asthma. The doctors did all they could for me, but could only give me relief for a short time. I happened to see your medicine advertised and purchased three bottles, and it gave me great relief, and I do not cough at all. I do not know how to express my gratitude for what Dr. Wood's Norway Pine Syrup has done for me."

Dr. Wood's Norway Pine Syrup 25 cts. per bottle at all dealers. Put up in yellow wrapper, and three pine trees the trade mark. Refuse substitutes. There is only one Norway Pine Syrup and that one is Dr. Wood's.

HIGH PRAISE FOR GENERAL BOOTH

The U. S. Treasurer Calls Him the Greatest Preacher Since St. Paul.

New York, N. Y., Nov. 4.—With his voice at times quavering from the weakness of age and from earnestness, General William Booth, founder and head of the Salvation Army, addressed a congregation tonight which filled Carnegie Hall. It was the formal farewell address of what will probably prove General Booth's last visit to America.

Leslie M. Shaw, ex-secretary of the United States treasury presided at the meeting.

Governor Charles E. Hughes was to have presided, but he was unable to be present.

Ex-Secretary Shaw, in his introduction of General Booth, called him "the greatest evangelist of our times, the greatest preacher the world has seen since Paul."

At this the great audience rose to its feet and those on the platform led in the wave of applause that greeted the general.

The general's address was a resume of Salvation Army work, and it abounded in anecdotes and incidents. He gave statistics showing the organization's growth from its inception 42 years ago, when, he said, "all the officers and soldiers were under one hat—and I wore that hat," up to the present time, when the army has 7,500 branches in 32 countries, comanded by 15,000 officers or ministers, with 50,000 local officers or deacons, and a membership reaching into the hundreds of thousands.

Itching Eczema's Cause and Cure

Teething, improper food, indigestion, vaccination, poisoning by clothing or from ivy, etc., are named among the causes of eczema.

There is inflammation, redness, heat, swelling, discharge, formation of crust and all the time annoying, troublesome, itching and burning, which often becomes so torturing as to be almost unendurable.

This ever present itching is what makes eczema so dreaded, and it is this feature to which Dr. Chase's Ointment gives relief from almost the first application.

Dr. Chase's Ointment is not only delightfully soothing, but is a wonder as a means of healing the skin. It is not long before the raw, itching sores are thoroughly cleansed, the itching subdued and the process of healing begun. Persistent treatment will then bring about a thorough cure.

Mothers use Dr. Chase's Ointment for the chafing and skin troubles of their babies in preference to unsanitary pore-clogging powders; 60 cents a box, at all healers, or Edmanson, Bates & Co., Toronto.

German Aeronaut Declared Winner of the Big Balloon Race.

New York, Nov. 5.—Oscar Erbloeh, of Germany, last night received the international cup, which marks him as winner of the balloon race, which started from St. Louis on Oct. 12. The presentation took place at the rooms of the Aero Club of America. At the same time it was announced that a special prize had been prepared for Le Blanc, of France, who was second in the race, and who broke the record for time in the air.

The official record for the race gives Erbloeh in the Pommern 871.74 miles, and Le Blanc in the Isle de France 866.59 miles.

KILLS MATE; ACQUITTED

Philadelphia, Nov. 4.—"Because of your good record as a sailor and the fact that our navy needs such men as you I will suspend sentence. You must be careful in the future not to use your strong arm in quarrels."

With this advice Judge Magill today liberated Samuel Dickerson, chief electrician aboard the battleship Kansas, when the latter pleaded guilty of manslaughter in killing Joseph Hoopes with a blow from his fist during a Tenderloin row last September.

The big sailor shook hands with the judge, and left the court room for League Island, accompanied by Capt. A. E. Harding and Lieutenant C. P. Rodgers.

Dickerson had, on the advice of his counsel, pleaded guilty to striking Hoopes, but said he struck in self-defense. Hoopes, the sailor testified, had tried twice to pick a quarrel with him, and struck Michael O'Donnell, a shipmate, in the face.
