SIX-GOAL MARGIN FOR DENTAL TEAM

Defeat Veterans in Senior Game at the Arena—Listless Hockey.

Dentals chalked up another win last night, when they defeated the Veterans, 8 to 2, in a senior O.H.A. fixture. Dentals were always best and did not play in the manner that they are capable of. Their work in the opening round was just a matter of skating around and checking when they took the notion. It was a very draggy affair, and the Dents scored two and the Vets one.

There was a lot of small stuff pulled, but nothing very serious was attempted in the whole fixture. Stan Brown was the outstanding player. His rushes were really the only bright spot in a very poor game. The Veterans paid more attention to the game than in any other bout this season, and were not far behind the Dents in the first period.

Smillie and Box did not appear until the second period, and Smillie was the best checker of the Dental forwards. Hudson showed some good work and bored right in to the net. Loose work let the Vets get to close quarters several times, and Charlie Stewart pulled off some good saves. It was not a game to do the Dents any good. Their work was away below their usual form and may crop up in a future battle. McCaffery showed spurts, and Olson, in his first effort with the Dents, was not effective.

Dents grabbed two goals and the Vets one in the opening period. Schumacher and Farlow played good hockey here, and Farlow was dangerous every time he rushed. Bennett rushed repeatedly, but his shooting was wild. Glen Smith had his shot dead on and collected four goals during the evening.

Dentals scored three and the Vets one in the second period, and the Dents three in the final session, the score being 8 to 2. The teams:

Dentals (8)—Goal, Stewart; defence, Brown and Smith; centre, Hudson; right, McCaffery; left, Olson; subs, Box and Smillie.

Veterans (2)—Goal, Storrine; defence, Farlow and Bennett; centre, Stroud; right, Dafoe; left, Schumacher; subs, Milne and L'Hereux.

Referee—Percy Lesueur.

U.T.S. TAKE THE LEAD IN PREP. COLLEGE JUNIOR

Defeat St. Andrews, Six to One—Munro as a Forward.

University Schools took the lead in the prep. college junior O.H.A. group by beating St. Andrews 6 to 1 at the Arena yesterday afternoon. St. Andrews opened strongly, but the spirit of stick-to-it carried the U.T.S. squad to victory. They passed better than their opponens and Rowell, Munro and Sullivan bored in until the goals came. U.T.S. checked strongly all thru the game.

Dunk Munro started at centre for the winners, but found that his wind was not of the best with the hard grind. He was forced to rest a couple of times. Rowell showed a big improvement over any other performance this season. The big fellow drove out the forwards nicely and was a strong rusher. Aggett got into the fray in spots and checked nicely. F. Sullivan opened great bursts of speed and watched his man at all times. Greey stuck to his knitting all afternoon and scored three goals.

The St. Andrews defence was good. They were big and bumped the boys cleanly and hard. Both Rendell and Finlay rushed often and well and were hard to stop. Cameron pulled off some pretty saves and Heap and Patten were the best of the forwards.

St. Andrews scored the first goal, but this was all they could get for the whole game. Rendell and Finlay rushed repeatedly, but could not beat Joe Sullivan. It was the good work of this pair of huskies on the Saints' defence that kept them in the hunt. U.T.S. got two goals in the first period, and no score resulted from the second twenty minutes of play.

U.T.S. walked away in the final round. They scored four to make the final 6 to 1.

The teams:

U.T.S. (6):		St. Andrews (1):

PRESIDENTS REFUSE TO SIGN AGREEMENT

Johnson and Heydler Balk at Tentative Agreement With Minor Leagues.

New York, Jan. 20.—Ban B. Johnson and John F. Heydler, presidents of the American and National Leagues, decided at a conference today not to sign at present tentative agreement with the minor leagues.

Following Johnson's refusal to sign the paper, John H. Farrell, secretary of the National Association of Professional Baseball Clubs, took the document to President Heydler, who also declined to consider it.

Heydler said that he and Johnson would not sign the agreement until they had time to go into the subect more fully. They may take up the situation as presidents of their respective leagues at the next meeting of the national commission, he stated.

"I see no use in signing a temporary agreement," said Heydler. "If there is any discussion let it be over a real agreement between the two parties. The minors wanted to break the national agreement and we gave them permission to do so. By a unanimous vote of the sixteen major league clubs at the joint meeting last Thursday we agreed to respect the contracts, reservations up to 21 players and present territorial rights of the minor leagues. This is all on record. What more can they want?"

Farrell, who had remained here to get the signatures of Heydler and Johnson, was greatly disappointed. He said he did not think there would be any trouble in getting the signatures after the agreement had been approved by August Herrmann, chairman of the commission, last Saturday. He added that while the big leagues had made several promises the National Association deemed it important that these promises should be in writing pending the drawing up of a lasting agreement.

Before leaving here for Washington, President Johnson appointed Col. Jacob Ruppert, president of the New York Club, and Frank Navin, president of the Detroit Club, as the American League committee which will act with the national commission on the question of finding an available candidate for the position of chairman of the national commission. They will act with the National League committee, Wm. H. Baker of Philadelphia and William Veeck of Chicago.

Johnson, while in Washington, will endeavor to make arrangements for the discharge of certain major league players in service in Europe. The American League clubs, as several National League clubs have, furnished Johnson with a list of players overseas whom the clubs regard as essential.

Heydler said he would go as far as Johnson to ask for the discharge of player soldiers in Europe. He said under one order of the war department officers and enlisted men overseas have the privilege of asking for their discharge if their ocean transportation is paid, and their services are needed at home.

Freeman, From Scratch, Won the Central Walk

Central Walkers' Club held a half-mile walk last night, but there was a poor turn out, with only five entries. Freeman from scratch showed good form and finished first; actual time, 3.35.

Findley, a promising boy, with 20 seconds handicap, came second in 3.40. This boy has the making of a good walker if he sticks right to it.

Art Dunn, the old reliable, who is now beginning to round into shape, started with 20 seconds handicap, and finished third in 3.46.

After much discussion, it was decided to raise the entrance fee of the rinks from $3 to $4. The passing of this motion raised a storm of protest from some of the clubs.

Rice, Queen City; Harold Beatty, Granites; Andy Heron, Aberdeens; Dr. Clark, Torontos, and A. W. Holmes and Hugh Spence, Lakeview. Neither High Park nor West Toronto was represented. JESS WILLARD IS STILL CHAMPION

Bout at New Orleans Between Dempsey and Miske Cannot Be for Title.

New York, Jan. 20.—The followers of pugilism do not take seriously the reports coming from New Orleans saying that Jack Dempsey and Billy Miske will meet there in a twenty round contest to decide the heavyweight championship of the world, and that Jess Willard, the present holder of the title by virtue of his ring activities in Havana, April 5, 1915, is not to be taken into consideration when this title bout is presented. A twenty round bout between Jack Dempsey, the leading contender for the heavyweight honors, and Billy Miske, the rugged St. Paul battler, would be welcomed by the fistic fans thruout the country, but when it is decided to have these two men meet to decide the championship they are going a bit too far. Jess Willard is the chamion and nobody can wrest the title from him by employing any tactics other than defeating him in the ring, declares Iconoclast.

Dempsey has hurled challenge after challenge at the champion, but the conqueror of Jack Johnson has turned a deaf ear to them. As champion that is his privilege. It is true that a majority of fight fans thruout the country are sick and disgusted with the actions of the champion, since he refused to defend his title, and it may be that some of those will die of their afflictions before he enters the ring again. Until he is defeated in the ring, or announces his retirement he must be regarded as the titleholder and to promote a "championship" contest with his crown at stake and without him having something to say about it, is a joke.

Miske has agreed to meet Dempsey in a twenty round bout and if the contest is advertised as a "championship" affair, it is not at all unlikely that it will not be looked upon seriously, as it would mean nothing, but if it was run off as a bout to decide the supremacy of the two foremost contenders for the crown it would attract widespread interest thruout the country. No date has been set for the battle, but it will probably be held before the present racing season in the Crescent City comes to an end.

Miske is one of the two men whom Dempsey has not knocked for a goal, the other heavy who was not put to sleep by Jack being Willie Meehan, the Frisco lad. Miske and Dempsey have met twice. Their last battle was fought in Philadelphia, Thanksgiving Day, and Miske was on his feet at the end of the sixth and last round, but he was outpointed. In the first round, which went to Miske, the St. Paul battler landed two solid blows to Jack's jaw, and altho Miske put all his strength behind the blows they were not hard enough to topple over Jack. During the bout Miske proved the better boxer, while Dempsey showed that more ring experience would do him no harm.

How Miske would fare in a long bout is the cause of much speculation. Dempsey has a death-dealing blow in either hand, and if Miske succeeds in dodging them during the first ten rounds, many believe that he has a good chance of staying on his feet the rest of the route. In the early going the St. Paul heavyweight may wear down Dempsey, and this may pave the road for a Miske victory later on. As to height and weight both appear about evenly matched. Dempsey is a fraction of an inch short of six feet, while Miske towers six feet. Jack, when he fought Gunboat Smith in Buffalo, weighed 190 pounds, while Miske weighed about 185.

NO ACTION BY LABOR.

Brantford, Jan. 20.—The executive of the Trades and Labor Council has decided to take no action that the recent municipal elections be upset. The members present decided that they would have nothing to do with any such proceedings, but if the elections were upset that they would take action to continue to have labor represented in the council.

FALL KILLS INFANT.

Ingersoll, Jan. 20.—A distressing accident occurred this afternoon at the home of Mr. and Mrs. Herbert Fulter, East Charles street, when their infant son, about two years of age, was killed by a fall from a kitchen chair.

Primary Tankard Games Postponed

Owing to the continued mild weather it is found necessary to postpone the preliminary Tankard games that were ordered to start today. Group No. 5 has been set back until Friday next at the High Park Curling Club. This group includes Aberdeens of East Toronto, Granites, Queen City and Torontos.

The draw will be made at 9 o'clock in the morning of Friday, and the winners of the morning will play off in the afternoon.

Umpire W. Philip, who originally ordered the clubs of Tankard group No. 4, viz., Richmond Hill, Orangeville, High Park, Lakeview, Parkdale, West Toronto and Weston, to assemble this Tuesday morning at the Granite Club, has ordered a postponement until he is satisfied that there will be ice for curling.

PROSPECTS FOR RACING BRIGHT across THE LINE

Many Horsemen Return From the War to Start Over Again on the Turf.

By Iconoclast.

New York, Jan. 20.—Prospects are bright for a successful racing season during 1919. For the past few years the sport of kings has been recovering from the blow it was dealt by adverse legislation. This progress was retarded somewhat, but not altogether halted, by the entrance of the United States into the world conflict, and now that the war is over the sport will boom.

Racing will benefit by the return of many prominent racing men, who confined their attention to winning the war, and had no time to devote to their favorite form of sport. Prominent among there is Major August Belmont, the president of the Jockey Club, who recently returned from France. During the past year Major Belmont was so busily engaged in war work that he seldom had an opportunity to attend the races, and he sold practically all of his once lengthy string of thorobreds. Naturally, it will take some time again to build up his stable, but the fact that he will once more take an active interest in the sport will be decidedly helpful.

A. K. Macomber, the California turfman, is another pillar of the turf who will return to racing this year. Last year Mr. Macomber was detained in California by his business interests, and after the close of the spring meeting at Belmont Park he saw little or nothing of the sport.

Toward the end of the local racing season Mr. Macomber began to dispose of his horses thru his trainer, Walter Jennings. The latter had sold several of the best in the stable, including the two-year-olds War Pennant and War Marvel and the three-year-old Motor Cop, when it became evident that peace was in sight. With the signing of the armistice Mr. Macomber stopped the sale of his horses, as it was apparent that he would again have time to see them run.

The Californian now has over thirty horses quartered at Belmont Park, and, judging by the liberal way he has spent money during the short time he has been a factor in local racing, he will add to his present string in an effort to regain the leadership from J. K. L. Ross, which he lost to the Canadian thru the sale of three of his best horses.

The steeplechase branch of the sport, particularly the amateur end of it, as represented by the hunt clubs, suffered more than the flat racing during the period this country was in the war. So much so, in fact, that gentlemen riders donned khaki last year that the hunt club meetings had to be abolished altogether.

Now that the forces of both branches of the service are being demobilized, the followers of the sport are being released in large numbers, and plans are under way for a resumption of the hunt meetings.

It is expected that there will be meetings at Piping Rock, Belmont Park Terminal, Meadow Brook and Rockaway in the New York district, as well as in Maryland and other parts of the country where hunt racing has been established.

Unfortunately, the number of horses will be rather limited when the cross-country sport is resumed, for it takes time to develop a jumper, and many of the old favorites have been put out of it, either thru accident or increasing age, while there have been few new horses to replace them. The coming season will be given over for the most part to the developing of new material, and events for three-year-olds will be given more prominence than usual.

The fact that last fall the events for three-year-olds drew out large fields is promising. There were many good prospects among the young jumpers, and from them may come more than one star to replace the old horses that have outlived the period of their usefulness.

For the big stakes to be decided on the flat it is probable that the fields will be rather moderate in size, but it may be that they will make up in quality what they lack in quantity. There has been a falling off in the number of nominations for the most important juvenile classics. This was partly because the yearling crop of 1918 was a slim one, and also because some of the leading turfmen were so occupied with war work that they withdrew from racing for the time being.

But, if the two-year-old classics have not filled well, there is every prospect of interesting competition for the three-year-old events. There seldom has been a year when so many high-class youngsters were rated on a par with one another as was the case last season, and it is more than probable that the championship of the class will be in doubt right up to the end of the year.

STOPPED BOWMANVILLE.

Oshawa, Jan. 20.—The Oshawa juniors tonight handed Bowmanville juniors a jolt in their race for O.H.A. honors in this district, by defeating them by a score of 6 to 2. Their recent victory over the motor kids filled them with confidence of victory, and as a result their fall tonight was extremely heavy. The rubber necks are a heavier team than the locals and it was thought would have the better of the argument on the soft ice which the weather man is now handing out. This evens the score between these two teams and the battles which are to follow will be watched very closely by their respective fans. The poor condition of the ice made any attempt at team work out of the question and the game proved very much of a grind from gong to gong. Bowmanville did not score until the third period, altho they made several rushes, but did not succeed in getting by the Desjardine combination.

J. DUNDEE IS EASY FOR THE CHAMPION

All But Two Rounds for Benny Leonard at Newark, N.J.

Newark, N. J., Jan. 20.—Benny Leonard, lightweight champion, had no difficulty in outpointing Johnny Dundee of New York, in an eight-round bout at the First Regiment armory here tonight. The contestants weighed in at 3 p.m., Leonard tipping the scales at 134½ pounds and Dundee at 130.

With the exception of the first and third rounds, which went to Dundee on aggressiveness, the champion led thruout, landing the more effective blows. Dundee was willing at all times but Leonard was too fast.

In the second and fourth rounds Leonard kept his opponent away with left hooks to the face and in the next round quickened the pace, cornering Dundee and sending in left hooks and short right uppercuts.

The champion landed several hard rights to the body in the sixth and drove Dundee about the ring in the seventh with successive jabs.

In the final round Dundee was turned completely around by a hrd left to the head. Dundee's face was marked when the bout ended.

Brantford Favors Ont.-Mich. League

Brantford, Jan. 20.—The proposal emanating from some of the former Canadian Baseball League centres that the league be reorganized, with eight Ontario teams therein, meets with little favor from the local baseball moguls, who have spent some money trying out such a league in former years. The London proposal is that Brantford, Hamilton, London, Chatham and four other western Ontario cities be lined up. The local men would rather see the first three cities and perhaps one other in line, with three Michigan cities. In that way the American and Canadian holiday dates would all be available for play, and double sums in the treasury would result. Given such a league, the local chiefs will be there with both hands, but are by no means so optimistic as to shout for the purely Ontario league. The latter, too, would be but Class D ball, as the population would not be sufficient to justify higher rating.

BALL PLAYER DEAD.

New York, Jan. 20.—Sergt. Jas. J. Hall, who played on the Montreal (Eastern League) and Bridgeport and Holyoke (New England League) Baseball Clubs, died of pneumonia here tonight. Hall enlisted in 1917, but transferred to the intelligence bureau, which prevented him from going overseas. He was 32 years old and is survived by a widow and one son.

COMING HOME.

Ray O'Donoghue, a well-known local ball player, will arrive home from France today. Ray, a member of the 17th Battery, was on championship teams overseas. Ray is a brother of Geo. O'Donoghue, manager of the St. Patricks, senior O.H.A.
