This league was organized four years ago by the physical department of the Central Y.M.C.A., and has shown a steady growth each season. Last season there were in the league 23 clubs—3 senior, 8 intermediate and 10 junior. In all over 500 players took part in last season's games.

The league is managed by a special committee appointed and controlled by the Central Y.M.C.A. Every cent of money paid by the clubs, after deducting actual running expenses, is spent at end of the season for medals for the winning teams in the different sections. This fact alone should commend the league to all clubs in the city.

This spring there has been a considerable demand for a juvenile section, conducted on the same lines as the other sections, and in response thereto the management has decided to add this section.

The following clubs have signified their intention to play ball in the Interassociation League this season:

Senior—Alerts, Baracas, Broadviews, Chalmers, Chippewas, Conquerors, Eurekas, Mazeppas and Shamrocks.

Junior—Conquerors, Eurekas, Gladstones, Monarchs, Tecumsehs, Parkdales, St. Stephens, Tecumsehs and Victorias.

Intermediate—Alerts, Baracas, Broadviews, Chalmers, Manhattans, Parkdales and Royal Oaks.

In the senior division there are seven strong teams applying. This division has secured the splendid Victoria College grounds for all its games, and the executive will select five of the strongest teams. A silver cup has been kindly offered by Mr. Riley, for the fastest purely amateur league in town is sure to result.

The next meeting of the league will be held at Central Y.M.C.A. Thursday evening, April 13. Juveniles meet at 7.30, juniors at 8, intermediates at 8.30 and seniors at 9. All fees should be paid at this meeting, and players' certificates will be allotted. There are yet a few vacancies in each section (but are rapidly filling), and applications should be made to the league secretary, care of Central Y. M. C. A., at once.

John Macdonald & Co. would like to hear from Messrs. Gordon, Mackay & Co., the W.R. Brock Co., A. Bradshaw & Sons, and S. F. McKinnon & Co., with regard to forming a drygoods baseball league. Those interested kindly address H. Kerr, care John Macdonald & Co.

Eastern Section in Line.

The Eastern Manufacturers' League held a meeting last night in the Shamrock Hotel, with President W. Smith in the chair. The teams represented were: Dunlop Tire Co., Christie, Brown & Co., McDonald Mfg. Co., Crompton Corset Co. and A. R. Clarke & Co. The league is desirous of enrolling two or three more responsible teams as members. Applications may be forwarded to Secretary D. Goss, 180 Hamilton-street, for the league's consideration.

The Garrett League ball was officially adopted, and a vote of thanks was tendered the Harold A. Wilson Co. for their generous offer of a trophy for the champion team.

A preliminary meeting of representatives from each team will meet next Wednesday evening to draft a constitution, which will be presented to the league for adoption at their next regular meeting. The next meet is billed for Friday, April 14, at the Shamrock.

Club Managers.

All baseball league or club managers will do well to adopt the Stark official baseball for 1905. This ball has a clean guarantee, and Charles Stark & Co. are offering special inducements to the different leagues for its adoption. It has already been adopted by the various leagues thruout Canada, and has given the best satisfaction of any ball yet put on the market. ed7

"For chasing away the 'blues,' for clearing the brain of dust and cobwebs for developing buoyancy, cheerfulness, and the spirit of bonhomie and good-will toward all the world, I know of nothing more effective than a spin on a bicycle on a broad, level road in the open country."

The editor of Success has a pretty good idea of how useful the bicycle is in these strenuous times. Exercise now must be worked in as part of the day's necessities without breaking into the day's work. So it is that a trip to and from the office gives you that exercise your health demands and besides saves time.
