JACQUET RIVER.

Another of our boys has returned from doing his bit. The latest is Private Joseph McGovern who went overseas in the 171st Battalion. Pte. McGovern saw active service for some months and was gassed and wounded in the neck. He had an exceptionally lucky escape as the shell grazed his neck, and cut down a tree just beside him. Private McGovern's many friends are delighted to welcome him back.

Sheriff Craig was in town recently and appointed the Deputy Registers for the districts, Registration will take place in the school house here under Mr. D. McAlister with Misses Merle Trites, Hettie Dempsey and Marie Shannon as Assistant Deputy Register In Quinn's Point Registration is in charge of Mr. Herman Ultican, and in Nash's Creek in charge of Mr. Joseph F. Several more new cars are putting in an appearance in town. Mr. W. J. Davis is the proud owner of a very handsome McLaughlin and also Mr. T. A. Landry, has also acquired a very nice one.

Quite considerable excitement was created at Nash's Creek last week, when the engine and two coaches of the Ocean Limited left the rails, luckily no one was injured. Nash's Creek seems to have a hoodoo in the line of wrecks as they occur there quite frequently, and not always with such slight damage as the last one. The road bed was torn up considerably and traffic hung up for several hours.

The eclipse of the sun on Saturday evening was witnessed with great interest by everyone. At first the eclipse was seen at the bottom of the sun, then it moved to the side. It seemed as if a large bite had been taken out of the planet.

Traffic is becoming very heavy indeed these days. While out for a motor drive one evening the driver had to show his dexterity by continually dodging and trusting around vehicles and cars. If this state of affairs continues we will need a traffic policeman. It is all required to complete a flourishing replica of Broadway.

A procession of honor of Corpus Christi was carried out in Nash's Creek Roman Catholic Church on Sunday last. A large crowd were in attendance and a most impressive sight witnessed.

An ice cream sale under the auspices of the Red Cross Society was held in the Red Cross Rooms at Durham Centre on Saturday evening. The populace turned out in force to help the good cause. The rooms were in charge of Mr. William Winton and Mrs. D. McAlister with Misss Winnie and Janie Winton as assistants, and Misses Merle Trites, Laura McAuley, Margaret Casey and Marie Shannon as waitresses. The sum of $30.00 was realized.

The sad news of the death of William Carney one of our best known citizens was made known on Saturday. Mr. Carney has not been in good health for some time, so that death was not unexpected. He was in his forties, a very prosperous farmer, and a kind friend and neighbor, so that his loss will be felt by the community. An aged mother, one brother, Alpheus and a sister Mrs. John Harvie, survive who have the sympathy of a large circle of friends in their bereavement. The funeral took place on Monday. LEMONS WHITEN AND BEAUTIFY THE SKIN

Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

OUR SOLDIERS ARE HIGHLY MORAL AND TEMPERATE

According to Dr. J. D. Logan late sergeant, Canadian Infantry, France, who writes in The Canadian Magadine for June, the Canadian field army enjoys a high moral status, and he takes to task editors who sit in easy chairs at home and only criticize, and reverend doctors of divinity who went overseas and made alleged investigations of our soldiers' morals, yet could possess nothing more than "partial facts and a distorted view of the real truth." Dr. Logan gives proof positive of the high moral standing of the fighting forces in France. His article is exceedingly valuable just now.

BOYS, HOW ABOUT IT?

SUFFICIENT SUGAR FOR CANNING.

Housekeepers who are anxious about their preserves for next winter may take comfort. The Food Board announces that there will be sufficient sugar in the Country for the preserving and canning season and that the maximum fruit and vegetable crops that can be produced in this Country will be taken care of, so far as the sugar supply is concerned. To make sure of this, however, strict conservation will be necessary in the meantime.

WESTERN SOLDIERS ATTACK MILITARY POLICE.

Lively Row Took Place in Quebec, and Cavalry Was Called Out.

Quebec, June 9—Friction which has been smouldering here for some time between Western soldiers of the new army and the Military Police was fanned into flame on Saturday night when a party of soldiers under the fluence of liquor attacked the Military police on St. John Street.

A lively row ensued during which a plate glass store window was smashed. As the affair threatened to gain serious proportions a detachment of cavalry was called out as a company of armed infantry and order was promptly restored.

Six of the disturbers were arrested, and to night most of the troops quartered here are confined to barracks while several companies of armed infantry are policing the city.

The disturbance was purely a military affair and no civilians were involved.

Crowd More Into the Busy Day

THE CHEVROLET 490 is an investment, not an expense or luxury. Doctors, business men, farmers, salesmen and ladies—all should use the Chevrolet Four-Ninety and crowd more energy, activity and business into the busy day.

¶ The Four-Ninety stands unchallenged in its price class. The electric starting and lighting equipment is most efficient. The car is powerful, roomy, comfortable and economical. The time gained by operating a Chevrolet more than pays for the cost.

EVANGELINE'S LAND TO HAVE A SHRINE

A giant of the orchard in full bloom, Memorial Park, Grand Pre, N.S. One fisherman doing his bit.

A new Mecca is beckoning to devotees of art and religion. Its name is Nova Scotia. Already the artists have made their pilgrimage and returned with charming pictures of Evangeline's Land. A collection of sixty paintings, the work of six New York men, known as the Nova Scotia Group, were exhibited recently in New York and elicited much praise.

The pioneers of Nova Scotia have blazed a trail over which a brush and palette laden army will follow in seasons to come. They will come to paint the gentle beauty of apple-blossoms when the great Annapolis Valley is covered with a fragrant pink and white veil. They will come in cherry time to paint the rich red fruit and the happy people enjoying the Cherry Festival, a time honored custom. They will come in autumn to transfer to canvas the mad riot of brilliant coloring with which Nature paints the woods and hillsides and when the orchards groan beneath their heavy burdened boughs of ripened apples. They will come at all seasons to picture the quaint fisherfolk and their quainter surroundings.

The Dominion Atlantic Railway that swings you around a half-circle from Halifax to Yarmouth, takes you through a Land of Romance, the Land of Evangeline. At the little station of Grand Pre you will find a wide meadow which is soon to be transformed into a shrine. Here previous to 1775, stood the Roman Catholic Church of St. Charles, the church of the Acadians. To-day a massive stone cross marks the site of the old burying ground that surrounded the church and nearby is Evangeline's Well, with its long sweep.

The French Acadians have always cherished a reverence for this spot and now through the generosity of the Dominion Atlantic Railway Company they may call it their own. The railway company has purchased this meadow and will make it into an old-fashioned garden surrounded with a rustic fence and has deeded a portion of the ground to the Societe L'Assomption, composed of French Acadians, of whom the Rev. C. V. Landry of Butoche, N.B., is President. The only consideration for this transfer is the promise of the Societe to erect a chapel. This they are eager to do and plans are now under consideration.

With the dedication of the new shrine, large numbers of French Acadians from Quebec, Montreal and Upper Canadian points, will make pilgrimages to Grand Pre similar to those made yearly to Ste. Anne de Beaupre. Their numbers will be swelled by many others who cherish a fondness for the gentle Evangeline and who will be eager to visit the scene of her story and to walk under the ancient willows that still guard this storied spot.
