UNION TYPOS CONVENE FOR THE 55TH TIME

Pension and Insurance Schemes to Be a Feature of the Week's Business Session.

ST. JOSEPH, Mo., Aug. 9.—The fifty-fifth convention of the International Typographical Uunion met to-day in the Coliseum, St. Joseph's big convention hall. Addresses of welcome were made by Mayor Clayton, President Burnham of the local typographical union, and others, and a response by President Lynch of the International Typographical Union.

The reports of President Lynch and Secretary-Treasurer Hays show great progress made by the union during the last year.

The International Typographical Union is fifty-seven years old, and with the present gathering has held fifty-five conventions during its lifetime. In 1896 and 1898 biennial conventions were held. Its sessions here are attended by three hundred delegates and eight hundred visitors.

Matters of importance that are to come before the convention are propositions for the establishment of an insurance feature, and certain changes proposed in the pension policy that was made effective by the union one year ago. The relations between the union and the American Newspaper Publishers' Association will also be up for consideration.

The International Typographical Union has many features that stamps this union as one of the most progressive in the labor field. The pension policy, for instance, is distinctive with the International Typographical Union. Under the pension law, members who have reached the age of 60 years and are unable to secure sustaining employment at the trade are paid $4 per week. The payments of pensions began with the first of last August, and up to May 31, when the union's fiscal year closed, $67,580 had been paid pensioners, while the administration of the fund had cost only $2000. The union also conducts a Home at Colorado Springs, and contributed during its fiscal year to this institution $86,518.31. The actual expense of conducting the Union Printers' Home was $72,598.94, and there was a balance in the Home fund of $32,337.63. The receipts and expenditures of the home from its inception to May 31, 1909, were $867,801.29 and $835,463.66. The home property at Colorado Springs is valued at $1,000,000.

The union pays a burial benefit of $75.

During the fiscal year there were 509 deaths and the benefits paid amounted to $38,175. For advertising its union label the union paid out $7617.48.

The expenditures of the International Typographical Union during its fiscal year were $161,544.55. From the year 1891 to 1909 the union received $6,188,045.75, and expended $5,950,898.90, this sum including the expense of conducting the Union Printers' Home. The union has a membership of 47,174.

The union also conducts a technical school at Chicago for the benefit of its members and apprentices who desire to perfect themselves in their trade.

WEATHER MAN MOVING

New Observatory on Bloor St. Ready for Occupation.

A start was made yesterday by the weatherman, otherwise known as director of the meteorological observatory, R. F. Stupart, on the removal to the handsome new observatory at the corner of Bloor-street and Devonshire-place. It will be the beginning of September before the moving operation is complete. The records are being shifted first.

The dome is now being placed on the tower. The telescope is already in the new building, but considerable fittings and adjustments will have to be made in the interior of the dome before it can be placed in position. It will hardly be ready before October. Pneumatic tubing has also to be installed between the telegraph office and the forecast room and printing press before the contractor will be able to finish the floors.

The fine meteorological library of between 8000 and 10,000 volumes, which is stored in the physics building and elsewhere in the university, will be placed in the new observatory.

Mr. Stupart leaves on Saturday on a tour of inspection of the meterological stations in the Province of Quebec. He will also attend the meetings of the British Association in Winnipeg next month.

NEW CARLTON NOT OPEN.

Mr. Percival, proprietor of the New Carlton, Yonge and Richmond, denies the story that his bar was open on Sunday under a restaurant license.

Niagara Navigation Company.

Niagara Navigation Co.'s steamers leave Yonge-street wharf six times daily, except Sunday, for Niagara, Lewiston and Queenston. Connections are made with New York Central and H.R.R.R., and Niagara Gorge R. R. at Lewiston, N.Y., Michigan Central R.R. at Niagara-on-the-Lake, and International Railway Co. at Queenston. Excellent dining service on all steamers.

Greek Reply to Turkey.

BERLIN, Aug. 9.—The Greek note in reply to Turkey's representations, which will be delivered to-morrow, will contain Greece's direct refusal to renounce Crete, and at the same time Greece will refer Turkey to the protective powers. The danger of an immediate conflict will thus be averted.

Violation of Factory Act.

Complaints having been made to the government of the employment of girls and women in shops of Hamilton and Toronto after 6 o'clock, Provincial Factory Inspector Burke is causing an investigation to be made.

DROWNING AT GUELPH

Thomas Webster Falls From Boat While Changing Seats.

GUELPH, Aug. 9.—(Special.)—Thos. Webster, a young Englishman, son of Frank Webster, was drowned in the Speed River this afternoon while out fishing with Wm. Rendew and J. Hatch. Rendew and Webster were changing places in the boat, when Webster, losing his balance, went over the side of the boat head first, so completely that he appeared to have dived in. He never rose to the surface.

Webster's young wife is crossing the ocean with her baby child.

TWO DROWN IN 5 FEET OF WATER

MIDLAND, Aug. 9.—Two Italians employed at the iron works, fell from a raft while bathing and drowned in 5 feet of water.

FIVE YEARS FOR MURPHY

His Second Offence Against Decency —Police Court Penalties.

Five years in Kingston penitentiary. That was the sentence passed upon Daniel Murphy in the police court yesterday morning for an offence against decency. This is his second term for the same kind of crime.

John Smith, colored, whose attempt to escape from the city hall whence he had been conveyed by a detective, was frustrated by two athletic newspapermen, was arraigned upon charges of robbery an dthreatening to shoot. He was remanded a week. It was not the Ambrose Kent Company's store where the robbery is alleged to have been committed, but A. C. Kent's store.

John Firman was committed for trial on a charge of attempting an assault on a young woman.

PRIEST SUPPORTS STRIKERS.

SYDNEY, N.S., Aug. 9.—(Special.)—Rev. Father Fraser, parish priest, yesterday in the course of his sermon, exhorted the Dominion Coal Company strikers to stand firm, and vigorously denounced the coal company and the P.W.A.

Amusements

Breezy Bill at Shea's.

Bright and breezy describes the bill at Shea's this week. Lots of music, singing and dancing is provided, and the whole show swings along just as a summer attraction should. Percy Chapman with Gus Edwards' Blonde Typewriters is the big noise in the merriment factory. Percy is clever and the girls are pretty enough to make anybody envy Gus, in addition to which two of them can sing. Following this big act on the bill is the National Quartet, whose voices are far and away above the average four-man singing stunt. The ancient and wearisome slapstick methods are pleasantly absent from their ways and the songs which they have chosen have real music in them.

Work and Ower have a comedy tumbling offering which is immense. Nothing quite so neatly handled of its kind has been seen in these parts for these many moons. Hal Godfrey & Co. have a sketch which is called "A Very Bad Boy." Hal is good. It doesn't say who wrote the sketch, which has been seen before.

Milt Wood is above the average in the matter of wood shoe dancing. Gavin Platt and Peaches have an act with an elaborate set. It is called "The Stolen Kid." They sing songs. The Peerless Mowatts are good jugglers and the kinetograph is fixed with good pictures.

The ushers are all in attractive uniforms this week.

Sam T. Jack's Company.

This week's attraction at the Star is one that will gladden the hearts of all lovers of real burlesque. It is presented under the title of "Sam T. Jack's Own Show." The entertainment is exceptionally bright and the singing is above the average, while it is seldom that so great attention is paid to the staging of the various acts as the management have in this attraction.

The first burletta is a humorous satire upon the social climbers. This act gives the actors great scope for individuality in their characters.

The last burletta is entitled "Girls in Girland," and is extremely pretty and smart.

An excellent olio is given. It includes Henry and Francis, in dialog and song; Welch, Francis and Co., in an Irish love song, and Leavitt and Co. in song and dance. The show closes with the Moulin Rouge Quadrille, danced by the entire company.

THURSDAY CIRCUS DAY

More Than Thousand People With Barnum and Bailey Show.

Thursday will be circus day, when all the poster promises that have decorated the city walls are expected to materialize.

Two stages, three rings and the hippodrome oval will be occupied with novel circus attractions during the two hours required to carry out the huge program.

There are more than 1000 people with the Barnum and Bailey Greatest Show on Earth, 400 of whom are performers. Fifty clowns will keep the fun element going merrily.

The riders, gymnasts, aerial artists, equilibrists and other performers of circus value are, in the main, new to this country, and were brought here by Barnum and Bailey for this season's show.

The five herds of elephants, the hippotamus, the polar bears, two tank cages of Arctic sea lions, a collection of royal Bengal tigers, groups of Asiatic lions, the tapirs, the monster sky-scraping giraffes, and a lot more of the rarest and most expensive wild creatures will hold reception in the menagerie. A kindergarten of monkeys is a unique feature of this department.

There will be a performance at 2 o'clock and at 8 o'clock. The doors will be open one hour earlier, allowing ample time for a thoro inspection of the animals in the menagerie.

GIRL CHARGED AS EMBEZZLER

Grace Henderson of Gananoque Must Go to Trial.

BROCKVILLE, Aug. 9.—(Special.)—The crown only got part way thru with the preliminary hearing of the charges against Miss Grace Henderson of Gananoque, of embezzling from the Thousand Island Railway Co. of Gananoque, in whose offices she was employed until January last. Previous to that time shortages had been found, and almost the entire staff was dispensed with. Recent expert investigation of the books led to Miss Henderson's arrest. To-day she was committed for trial on a charge of having cashed and applied to her use a cheque for $500.

Testimony was introduced to show that she sent a messenger to a bank with the cheque and that he, after receiving the money, deposited it with the defendant, who was working under the general cashier, John Marshall, who has since left the country. The books show no record of the receipt of the cash.

On a second charge, involving a cheque for $96, judgment was reserved until to-morrow, when a third accusation of the theft of $2620 will be gone into.

NEW FRUIT CO. BUILD CANNERY.

ST. CATHARINES, Aug. 9.—(Special.)—J. B. Berry, Winnipeg, has formed the Ontario and Western Fruit Company, provisional directors being Jas. Marlow, Grimsby, Geo. W. Keyes and W. H. Hough, St. Catharines, and A. N. Harris, Port Dalhousie, who will act as president. H. T. Hern, Port Dalhousie, is secretary.

The company contemplates erecting a large canning plant.

TORONTO 85 YEARS AGO

Interesting Painting for City Hall Presented by J. R. Robertson.

An interesting addition has been made to the series of topographical paintings which thru the generosity and historical interest of John Ross Robertson now decorate the walls of the north and east corridors of the council floor of the city hall. That which has just been placed in position is elaborated from a water color sketch made by a military officer of the Town of York in the year 1824. The painting is by Owen P. Staples and is one of the most pleasing of the series. The pretty little town fronts on the water's edge in the most peaceful rural fashion, and it is difficult to realize the transformation in 85 years. But there are George, Frederick and Caroline (now Sherbourne) streets, running to Lot-street (now Queen) and Princess and Parliament-streets. The parliament buildings of red brick, and subsequently burnt down, stand in an open space with some oak trees near, and beyond, near the Don, is the Block House of the period. The leading residences of the prominent citizens of the day are all perpetuated and a key-picture enables the visitor to identify them.

The Bobcaygeon License.

A contingency uncomtemplated by the license law has arisen at Bobcaygeon, where the proprietor of the Hotel Royal is in jail charged with the murder of his wife. Eudo Saunders, head of the inspection bureau, stated yesterday that as no offense had been committed against the license law and as the fee has been paid, the license cannot lapse until May next, when its time is up. Mr. Saunders has instructed the local inspector to see that some responsible person has custody of the license.

1000 Suits in Use.

There was great demand for bathing suits at the Island Baths on Sunday, the whole lot of 1000 suits being in use all the afternoon. With the water temperature 76 degrees, it certainly was the real spot for comfort.
