Yesterday's Edition!

THE LEGISLATURE.

[*Special Telegram to the Daily Tribune.*]

YESTERDAY'S PROCEEDINGS.

FREDERICTON, March 11.

Montgomery and Theriault arrived on Saturday night; also Hamilton of the Upper House.

Hamilton and Montgomery were five days on the road from Chatham to Fredericton, and report a greater quantity of snow than was ever before known in that section.

The train from Fredericton this morning was stuck nearly three hours half a mile from depot.

Maher introduced a bill to place the road leading from the Three Mile House in the Parish of Simonds to the old Westmoreland Road on the Great Rond List.

Willis presented a petition from Portland, and Coram from Simonds, against the Sessions Assessment bill.

Wedderburn introduced petitions from Portland Town Council praying for the passage of bills for the purchase of lands in certain cases; for paying for Steam Fire Engine, and Water and Sewerage bill.

Adams continued his speech against the Government, and reiterated his objections of Saturday's speech.

Girouard followed. He said when he came last year to the House a great many of the young members signed a paper to turn out the Government without giving them a trial, and then complained of some of their confreres for deceiving them. He thought it served them right. He said all he could make out of the present debate was that it was changez pour changez. Last year, with the Leader of the Opposition, Mr. Willis, he supported the Government on the School question. He voted against the non-sectarian clause, and thought the Government did wrong in making the regulations, and he would cast his vote against them.

Otty followed against the Government.

Ryan said he would support them.

Maher followed against the Government; announced himself in favor of direct taxation for Schools, and said the Catholics of the Province did not wish to agitate the question.

From Ottawa.

(*Special to the Tribune.*)

OTTAWA, March 11.

Hon. Mr. Muirhead has been here for some days; leaves to morrow.

He has submitted to Minister of Public Works a scheme for dredging the Bar at mouth of Miramichi River, which meets with Langevin's entire approval.

During last Session Parliament granted a charter to Huburtus and others for an Air Line Railway from Ottawa to Toronto. It is understood the building of the road was contingent upon the construction of the North Shore Railway from Quebec hither; as the latter is now under contract, the charter of the former becomes valuable.

Col. Maude, Senator Frank Smith and other capitalists have been here negotiating with Huburtus for the purchase of it. It is stated they offer him $50,000 and the Secretaryship.

He has not decided to accept, but is off to Montreal to consult Hugh Allan.

Huburtus is the Ottawa correspondent of the Toronto *Globe.*

British and Foreign.

[*By Telegraph to Associated Press.*]

The Prince and Princess of Wales departed yesterday for the South of France *via* Paris, where they will remain three or four days before proceeding South.

The *Observer* states that Secretary Fish's reply concerning indirect damages has been received, and expresses the desire of the American government for a final amicable settlement of the whole question.

The *Observer* adds that neither the British nor American governments is in favor of re-opening the proceedings of joint high commission.

Guizeppe Mazzini, at Tirano in the Tyrol, is making preparations for a revolutionary invasion of Italy.

Le Temps says that the authorities of Seville anticipate revolutionary outbreak soon, and measures are taken to suppress any demonstration.

L' Univers asserts that a revolutionary plot was recently discovered in Madrid, and several ringleaders executed.

There was a stormy scene in the Assembly Saturday, and a violent assault on Thiers by Garand, who said he had prevented a Republic or a Monarchy and nothing romained but the Empire and Chaos.

Freight Detained.

In consequence of the recent snow blockade, the transportation of heavy freight on the Government railways had been virtually suspended. The quantity detained was very great, and we presume the resulting loss has not been slight. From one to two hundred car loads are understood to have been "hung up" at the different points along the line, including about thirty cars at St. John Station alone. With a clear track we may anticipate an early straightening up of freight affairs along the several lines.
