LIBERALS SEARCH FOR A SACRIFICE

Pretty Hard to Dig Up a Candidate for Election in Chateauguay.

[Canadian Press Despatch]

MONTREAL, Sept. 29.—The members of the Liberal party organization in Chateauguay gathered to-day to select a candidate to oppose James Morris, nominee of the Conservatives for the by-election which takes place on October 11.

Refusals having been made by Edward McGowan and Edward Brown, a son of the deceased member, who were favored by the many Liberals, Mr. Sidney Fisher, former minister of agriculture may again be pressed to accept the nomination, though, when approached before he intimated, it is understood, that he was not very keen about it. Failing Mr. Fisher, Mr. R. L. Calder a Montreal lawyer may be tendered the nomination.

There is a possibility of the appearance of a third candidate in the field as Mr. J. A. Dubois has intimated that he will run as an independent if he is not nominated by the convention.

A charge having been made against Hon. Robert Rogers, minister of public works that he is attempting to influence voters by building an ice plant and undertaking other public works in the constituency, a counter allegation is made by Conservatives that Sir Lomer Gouin, premier of Quebec, is doing the same thing, as a bridge for Chateauguay which has been promised for fifteen years, may now be constructed.

CONSECRATE THEIR CEMETERY

It was a most solemn ceremony which was gone through yesterday morning by local Jewish people, to the number of nearly 50, o nthe occasion of the dedication of the Jewish cemetery. Sometime over a year ago the Jewish people purchased 2 acres of Mt. Hope cemetery.

At 10.30 they gathered at the cemetery where is buried but one child, and led by Rabbi Gringarten, the local rabbi, and Rabbi Lewen of Hamilton, the gathering which included only four or five women marched seven times around the cemetery singing and reading the Psalms of David. A psalm was concluded at each corner.

At the conclusion of this very sacred ceremony, which made the cemetery a sacred place in which to bury the Jewish people, Rabbi Gringarten made a short speech in which he urged the people to build a synagogue here, which is badly needed. Rabbi Lewin also made a short speech. This concluded the opening cerremonies.

Thursday and Friday of this week the new year will be observed.

SUSPICIOUS

A negro woman in Savannah was preparing to get married. For four weeks before the ceremony she saved her wages and immediately after the wedding she hunted up her mistress and asked her to take charge of the fund.

"I'll take it, of course," said the puzzled woman, "but Mandy, won't you need money to spend on your honeymoon?"

"Miss May," said the bride, "does you think I'se going to trust myself wid a strange niggah an' al dat money on me?"

TAKE YOUR CHOICE

By HOLLAND.

MANUFACTURERS are of two kinds—the honest and dishonest. The one makes the best goods, the other makes the worst. Each has his own particular scheme of life.

The honest manufacturer aims to make the best goods he can and to advertise them so that all the world will know of their merits. He courts investigation. He wants customers to hold him to a rigid accountability.

The dishonest manufacturer hopes to profit by deception. He produces an article that will be offered as "just as good" though he knows it is inferior. He seeks to make a larger profit than the honest manufacturer, and this larger profit is necessary because he has to find new customers day after day.

MANUFACTURERS WHO ADVERTISE ARE THE HONEST ONES.

MUSIC

Popular Questions answered by a Popular Institution.

QUESTION—Which is generally recognized to be the most successful system of teaching piano, private tuition or attendance at a conservatory of music?

ANSWER—Mendelssohn was the founder of the conservatory system of musical education. Its success was so complete that all European countries quickly adopted the same method, and today nations boast of their national musical institutions, where thousands of students pursue their studies. The United States and Canada have their conservatories, which are conducted to the best interests of the pupils. Such men as Mendelssohn, Schumann, Reinecke, Siloti, Rubinstein, and hosts of others recommend the conservator system of teaching music.

PRECIOUS INFANT

Seven-year-old Mary was sturying her Sunday school Bible lesson. For several minutes she was still as a mouse, but a pucker between her brows betokened deep thought. Finally she asked:

"Mamma, how old are babies before they can talk?"

"You began talking when you were two years old, dear."

"Don't they begin any younger than that?"

"Not very often, dear."

"Never when they are very, very young?"

"No dear, why do you ask?"

"Because it says here in my Bible, 'Job cursed the day he was born.'"
