We acknowledge the receipt of a political pamplet entitled the "*Chronicles of New-Brunswick.*"—The subject matter of which is the memorable Plot of the Smashers to obtain office, and to get the handling of the public monies. The book is evidently the production of a person intimately acquainted with the whole scheme, and so far as we have been able to learn, is a faithful picture of that truly disgraceful transaction, and which has brought about such a painful and a disgraceful state of things as never before disgraced the annals of this Province. The Courier in noticing the work, and wincing under the lash so mercifully laid on *his party*, endeavors to draw attention from the expose with which it is replete, to the style in which it is written, and because it in some measure resembles that in which the old Jewish Chronicles are recorded, calls it blasphemy. With the same propriety might it dub a Blasphemer, a lay-man, who would wear a clerical hat. The Courier and all its Smasher friends may rest assured that the little book is doing its work, remembering always that "Truth is powerful, and will prevail."

Between 11 and 12 o'clock this morning, a fire occurred in one of the buildings comprising the New Brunswick Foundry, which was soon extinguished, although damage to a considerable extent was caused thereby.

SOUND AND WHITE TEETH

Are indispensable to PERSONAL ATTRACTION and to health and longevity, by the proper mastication of food.

ROWLANDS' ODONTO,

OR PEARL DENTIFRICE,

A WHITE POWDER, is composed of the choicest and most recherché ingredients of the Oriental Herbal, it eradicates all tartarous adhesions to the Teeth, and imparts a pearl-like whiteness to the enamelled surface. Its astringent and anti-septic properties excite a healthy action of the gums, and cause them to assume the healthy and colour indicative of perfect soundness, while, by maintaining their adhesion to the Teeth, they are rendered firm and immovable as ivory. By its mild and refreshing effect, and entire absence of acrid matter, the breath is also, from the salubrious and purifying qualities of the compound, sweet as a rose—fresh and fragrant truly grateful to the possessor.

As the most efficient and elegant article ever in practice of the Teeth and Gums, ROWLANDS' ODONTO has for a long series of years received a distinguished place at the Toilet of the Sovereigns of the Nobility, thus doubly recommended, while its general demand for a period of nearly half a century is a sure test of its merit. Price 2s. 9d. per box.

CAUTION.—The genuine ROWLANDS' ODONTO is sold by the Inventors, A. ROWLAND & Son, 20, Hatton Garden, and receives the exclusive patronage of Royalty and the Nobility, and by Chemists and Perfumers.

A MEDICAL REVOLUTION!

THE WORLD UNANIMOUS.

HOLLOWAY'S OINTMENT.

THE GREAT COUNTER IRRITANT!

The virus of disease often makes its way to the internal organs through the pores of the skin. This penetrating Ointment, melting under the hand as it is rubbed in, is absorbed through the same channels, and, reaching the seat of inflammation, promptly and invariably subdues it, whether located in the kidneys, the liver, the lungs, or any other important organ. It penetrates the surface to the interior, through the countless tubes that communicate with the skin as summer rain passes into the fevered earth diffusing its cool and regenerating influence.

SKIN DISEASES & GLANDULAR SWELLINGS.

Every species of exterior irritation is quickly reduced by the anti-inflamatory action of this Ointment. Angry Eruptions, such as Salt Rheum, Erysipelas, Tetter, Ringworm, Scald Head, Nettle Rash, Scurfs (or Itch) &c., die out, to return no more under its application. Hospital experience in all parts of the world proves its infallibility in diseases of the skin, the muscles, the joints and the glands.

ULCERS, SORES, AND TUMORS.

The effect of this unrivaled external remedy upon Scrofula, and other virulent ulcers and sores, is almost miraculous. It first discharges the poison which produces suppuration and proud flesh, and thus the cures which its healing properties afterward complete are safe as well as permanent.

WOUNDS, BRUISES, BURNS, AND SCALDS.

In cases of the fracture of the bones, injuries caused by steam explosions, Burnes, Bruise, Scalds, Rheumatism, Stiffness of the Joints, and contraction of the sinews, it is employed and warmly recommended by the faculty. This marvellous remedy has been introduced by its inventor in person into all the leading Hospitals of Europe, and no private household should be without it.

UNDENIABLE TESTIMONY.
