AT CRIMINAL COURT.

The Sessions Opened — Numerous True Bills Brought in—A Sentence Shortened to 30 Days.

At the Criminal Sessions yesterday Mr. H. O'Leary Q. C., of Lindsay, moved to quash the indictment for fraud and intimidation against R. W. Ewer. Mr. R. A. Hunter of East York owed Ewer some money and Ewer threatened to prosecute for theft. The case was investigated by Magistrate Ellis last February and dismissed. Mr. O'Leary claimed that the private prosecutor should have put up security for costs before the indictment could be lodged. After considerable argument on both sides the motion was enlarged for a week.

The grand jury returned a true bill against Thos. McKillop and Fred. Bonfock. They are accused of setting fire to a stable in the rear of 367 Spadina-avenue, on May 8. Mr. Dewart asked that the prisoners be not arraigned until next week, owing to the absence of material witnesses.

The other true bills returned were against Neeley May for stealing a stove and a quantity of furniture the property of Mary J. O'Connell; against Alice Long for theft from the T. Eaton Company on June 2; against John Holstead for burglary at the home of C. S. Richmond, 10 Florence-street, on Sept. 3; against F. J. Craig for the theft of a live sheep from Wm. Waugh on May 19, and against Chas. Jeffries for perjury.

Holstead was arraigned and will be tried to-day.

Nicholas Murphy, Q. C., asked that Jeffries be not arraigned until to-day, when it is probable that an application will be made to quash the indictment.

The time of the Court in the afternoon was taken up with an application by Barrister Edward Meek to quash the conviction against George and Frederick Ranney of Georgetown, who were sent to the Central Prison for six months each on Aug. 18 by Magistrate Kingsford for vagrancy. The evidence produced in the Police Court was contested and Mr. Meek called several prominent citizens of Georgetown to testify to the two boys' previous good character. His Honor confirmed the conviction, but reduced the sentences to thirty days each. The two brothers will be released on Saturday next. H. H. Dewart appeared for the Crown.

Silver Question to Be an Issue.

Chicago, Sept. 14.—W. D. Bynum, chairman of the National Gold Democratic Committee, was in Chicago to-day and held a conference with the other leaders of the Palmer-Buckner party. The gold men believe the regular Democratic organization intends to press the silver issue again this fall, and they intend to do what they can to defeat it.

S. Ackerman, commercial traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for Inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with Rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others as it did so much for me." ed

What's the Game?

Mayoralty guesses are rife at the City Hall, one knowing guesser having made the startling proposition that Dr. Sheard would make a good Chief Magistrate to handle the sewage question. Thos. Crawford, M.L.A., bearded the Mayor in his den yesterday morning, and the result, it is stated, is to be something of a Mayoralty shuffle.

The charge of infraction of the Township bylaw brought against John Campbell of New Toronto in Etobicoke was dismissed. It was alleged that he let his horses run at large, but in defence it was shown that they had been impounded, and had paid poundage fees.

WHEAT OPTIONS RISE AGAIN

After Early Weakness Chicago Firmed Up Yesterday.

Liverpool Prices Unchanged to Lower—Corn Was Heavy Yesterday—Good Demand for Cash Article on This Side of the Water—Quotations and Gossip.

Wednesday Evening, Sept. 14.

The Chicago wheat market was weak early to-day and prices receded temporarily. The good demand for the cash article and a falling off in primary receipts firmed up the situation, and at the close this month's delivery stood ⅝c per bushel higher than yesterday's final figures, and the December and May options ¼c and ⅛c higher, respectively.

On the Liverpool board to-day, September wheat closed at yesterday's final figures, but the December and March options were off ⅜d and ⅛d per cental, respectively.

Paris wheat closed 25 to 35 centimes higher, and flour 50 to 80c higher for the day. Antwerp closed steady to 12½ centimes higher.

The bearish Iowa crop report to-day caused a reaction of ¼c per bushel in Chicago corn futures. At Liverpool, maize eased off ¼d to ⅜d per cental.

Lard advanced 3d at Liverpool to-day.

Total clearances to-day: Wheat and flour, 551,000 bushels; corn, 217,232 bushels.

New York to-day reported 40 loads of wheat taken for export.

Mr. Sage of the Iowa Crop Bureau says the discrepancy between the Government Iowa corn figures (211,000,000 bushels) and the State figures (185,000,000 bushels) is in the acreage. The Government makes the area 7,286,000 acres, and the State authorities make it 8,396,000 acres.

It is reported that The Marche Francaise estimates the French wheat crop at 386,000,000 bushels, or the largest in 10 years. Best crop in recent years was 340,000,000 bushels in 1895.

Car receipts of grain at Chicago to-day: Wheat 174, corn 485, oats 280. Estimated for Thursday: Wheat 170, corn 540, oats 315.

Primary receipts of wheat to-day, 1,189,000 bushels, against 1,371,500 bushels the same day of 1897. Corn receipts, 774,000 bushels, against 1,634,000 bushels.

St. Louis receipts of wheat to-day, 38,000 bushels, as against 79,000 bushels the corresponding day of last year.

Toledo received 69 cars of wheat, of which 49 graded contract.

Receipts of wheat at Minneapolis and Duluth to-day, 948 cars, as against 588 cars the corresponding day of last year.

Weather in the Northwest.

A Duluth despatch reads: The three Northwestern States—North and South Dakota and Minnesota—will this year have surplus farm products for sale that will bring them not less than $148,000,000. Besides these things, there are lumber, iron ore and other products that will make the total which the three States, with a combined population of 2,200,000, have to sell, not less than $180,000,000. In detail these products are shown in the following table:

Wheat, 150,000,000 bu., at 50c on the farm	$75,000,000
Corn, 75,000,000 bu., at 20c	15,000,000
Oats, 90,000,000 bu., at 12c	10,000,000
Flax, 10,000,000 bu., at 80c	8,000,000
Barley, hay, potatoes	20,000,000
Live stock	15,000,000
Lumber, 1,000,000,000 feet at $12 a thousand	12,000,000
Butter, at 20c	5,000,000
Iron ore, at $2, at Minnesota lake ports	13,000,000
Gold, South Dakota	7,000,000
Total	$180,000,000

This makes a per capita production of about $82. Already the turning of this farm produce into money has begun. The farmer gets spot cash on delivery of his grain at his nearest roadside elevator, instead of waiting, as in times past, for returns under the consignment method.

Chicago Gossip.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago:

Wheat—The speculative feeling was a little bearish this morning, and this is about the only market that has displayed any weakness whatever. There was some Continental buying in New York, also sales of No. 2 spring for shipment to English markets, the first that has been noted for some time. A French statistician, estimating the crop at about 386,000,000 bushels caused some talk, and perhaps a little speculative selling at the same time, was offset by Paris buying with an advance in Paris of over a cent per bushel. Our best information would give the French crop at 320,000,000 bushels. Clearances large, 550,000 bushels. About 40 loads reported taken for export for United Kingdom and Continent. Primary receipts in the Northwest continue liberal, but there was a large falling off in the winter wheat section, making the total primary receipts about a quarter of a million less than a year ago. Cash situation was strong all round, showing a good advance in all markets outside of Chicago, which showed a slight advance here. Closing was rather in favor of holders.

The Iowa agricultural report was bearish on both wheat and corn. The latter, together with the probability of the general belief that the corn crop will not be injured by early frosts, encouraged liberal short selling and discouraged some of the traders who long believed in better prices. Even if the Government is correct and we are going to raise 1,9 0 000,000 bushels, it seems to us that it ought to bring at least 30c per bushel on the basis of last year's demand. Receipts are light. Cash demand good, some large sales having been made the past few days, but the market closed rather weak.

Provisions have held very steady, considering the weakness in corn, but the volume of business is light, with few local features to the market. Swift & Co. have been moderate buyers of January product. Cash demand is good. Shipments about 4,000,000 pounds.

Napanee, Ont., Sept. 14.—There were 500 colored and 500 white, all August, boarded. All sold at 8 1-16c.

Tweed, Ont., Sept. 14.—There were 525 cheese boarded; all sold; all white and all August make. Brintnell bought 715 at 8¼c; Bailey bought 210 at 8 1-16c. Board adjourned for two weeks.

Caledonian Society.

A large number attended the regular monthly meeting of the Caledonian Society Tuesday night in St. George's Hall. The chair was occupied by President Dr. Clark. Dr. Mason was elected a member, and Mr. George Wilkie, a recently made member, was introduced to the order. Secretary Campbell reported on the annual excursion, which was a huge success, the receipts being over $42. A concert and dance will be held on Oct. 11 in St. George's Hall, and the society also intend to celebrate Hallowe'en by a dinner at the Walker House.

Bought the Indian Clock.

Yesterday Judge Morson and a jury heard the suit of F. X. Cousineau, proprietor of the Bon Marche, against Jacob Gratz, a jeweller of Cayuga, for $165, the price of the Indian clock which hangs outside of the plaintiff's store. Mr. Cousineau claims that he sold the clock to the defendant for $185 and received $20 on account. Mr. Gratz afterwards refused to take the clock and Mr. Grant, his counsel, argued that the clock was a fixture and was not sold until taken from the building. The jury returned a verdict for Mr. Cousineau, but Judge Morson will further consider several points in the case. In any event the finding will be appealed.

RALLY IN STOCK MARKETS

Wall Street Securities Up on Easier Money Rates.

Sugar Declined, While Other Stocks Advanced — Canadian Securities Firmer in Sympathy, But Still Dull—C. P. R. Higher—Quotations, Notes and Gossip.

Wednesday Evening, Sept. 14.

After a weak opening, Wall-street stocks took a decided upturn this morning. The easing off of the money market and the taking of gold for import from London by one big firm was the basis of the recovery. The statement is made that nothing like stringency in the money market is feared for the reason that before the liquidation of loans can go far enough to affect legitimate business enterprises it will become profitable to freely ship gold from Europe to the United States. A break in Sugar near the close caused a little reaction, but the final figures showed such net gains for the day as follows: A.C.O. 1½, P.O. 1, Pullman 1, Atchison pref. 3½, B.R.T. 1, C.B.Q. 1¼, St. Paul 1, Rock Island 1¼, G.E. 1½, Manhattan 2, Metropolitan Traction 3½, Wabash pref. 1, U.P. 1, U.P. pref. 1, N.P. ¾ and N.P. pref. ¾. Sugar closed 6½ lower than yesterday, ex-dividend of 3 per cent.

Though remaining dull, Canadian securities this afternoon firmed up in sympathy with New York. On the Toronto board, C.P.R., after selling down to 85⅝, closed at 86¼ bid. London Electric Light brought 113, and War Eagle sold from 290 up to 294. At Montreal, C.P.R. and Toronto Railway manifested strength.

American rails to-day closed ⅛ to ¾ lower than yesterday.

C.P.R. went off ⅝.

Consols closed 1-16 lower in London.

In Paris, 3 per cent. rentes were at 102f 92½c.

French exchange on London, 25f 28c.

Bar silver at New York, 60½.

A New York wire says: Messrs. Lazard Freres have engaged $1,600,000 gold in London for import.
