BUSINESS EMBARRASSMENTS.

A Well-Known Paint House in the City Seeking to Compromise at 60 Cents on the Dollar.

Some surprise was caused yesterday in commercial circles by the announcement that the well-known house of Sanderson Pearcy & Co., manufacturers of paints, etc., Adelaide-street west, were in financial difficulties and wanted to compromise with creditors at 60c on the dollar. The liabilities are likely to be heavy. The assets are valued at $200,000. There are a number of heavy creditors in Montreal, and Mr. Pearcy is now down there endeavoring to come to some arrangement. Besides their establishment on Adelaide-street, the firm hold considerable real estate. They have a large property on Bay-street, which they formerly occupied themselves. The firm some time ago absorbed the Toronto Lead and Color Company, and the former manager of that company, Mr. P. J. McNally, was until recently connected with Pearcy & Co. Since severing his connection, however, litigation has ensued between Mr. McNally and Sanderson, Pearcy & Co., and the matter is now in the courts.

The creditors of Boehmer & Co., general merchants, Berlin, met yesterday afternoon in the office of Mr. E. R. C. Clarkson. Boehmer & Co. recently transferred their business to the Boehmer Company, Limited, and the old company are now endeavoring to compromise with their creditors at 60c on the dollar. The statement shows liabilities of $150,000 and assets of only $105,000. There are about 250 trade creditors, and a number of Toronto, Hamilton and Montreal houses are interested. Among the principal creditors are: John Macdonald & Co., Toronto, $750; Caldecott, Burton & Spence, Toronto, $2000; J B Henderson & Co., Toronto, $1300; Flett, Lowndes & Co., Toronto, $1800; McKellar & Dallas, Toronto, $650; Gordon, Mackay & Co., Toronto, $1300; Gowans, Kent & Co., Toronto, $800; Toronto Carpet Manufacturing Company, $1500; Thomas May & Co., Montreal, $2700; Brophy, Cains & Co., Montreal, $5400; McIntyre, Son & Co., Montreal, $6000; S. Greenshields, Son & Co., Montreal, $890; Gault Bros., Montreal, $650; H Shorey & Co., Montreal, $1500; W H Gillard, London, $2800; Berlin Shirt and Collar Company, $10,160; W E Sanford Manufacturing Company, Hamilton, $3500; Arthur & Co., Glasgow, $2000; R C Struthers, London, $1800; John Calder, Hamilton, $2000.

Thorburn & Co., printers, Ottawa, have assigned to C. D. Chitty.

R. J. Orr, jeweler, Belleville, has assigned to W. Hope.

John H. Adolph, painter, Chesley, has assigned to John Adolph.

R. C. Bruce, drugs, Tara, has assigned to William Struthers.

John Brockert, tinware, London, has assigned to Alf. Robinson.

YANKEE MUSIC PUBLISHERS SORE

Their Popular Copyrighted Songs Said to Have Been Printed in Canada

New York, June 11.—The music dealers in session here for the past few days appointed a committee to investigate the falling off in the sale of sheet music. The committee telegraphed various cities in the West and South and the music men discovered by this means that many of their most valuable copyrighted words were being duplicated and counterfeited by a Canadian firm and shipped to the United States. This Canadian company, although publishing a name, gave no address. The inroads which this method of counterfeiting has made in the past year is enormous. The markets here are flooded.

Holiday Rates.

The Canadian Pacific Railway are now announcing Dominion Day rates in their usual unique and appropriate manner. A handsome card, portraying the typical Canadian beaver bearing in its mouth a maple branch, is on one side, and the rates and limits are on the reverse side. It can be obtained for the asking.

The Canadian Pacific are also looking after the interests of the wheelmen by giving exceptionally low rates for their meeting in Chatham on July 1. A very attractive card has been got out showing an up-to-date wheel on the front (finished in four colors), and the interior is devoted to the concessions that the company are offering.

They are Good.

Mr. James Hagan, the well-known ex-alderman of Kemptville, Ont., says: "For some years I have been greatly troubled with pain across my back. Urinary troubles caused me much loss of sleep, and I suffered from a tired, worn out feeling. Doan's Kidney Pills gave me relief in a short time. The pain in my back has disappeared, and I feel that I would be doing wrong not to recommend them to others suffering as I did. They are the best medicine I ever used."

Hunter v. Hunter

Yesterday Judge Morgan resumed the trial of the action brought by Dr. J. J. Hunter of Lemonville, against his brother, Dr. James Hunter of New Jersey, for arrears claimed to be due for salary. The trial was interrupted a fortnight ago by the sudden illness of the plaintiff. After hearing further evidence yesterday, the case was concluded, Judge Morgan reserving his decision.

A second case was then taken up, between the same parties, which was adjourned last evening until this morning.

Dyspepsia and Indigestion—C. W. Snow & Co., Syracuse, N.Y., write: "Please send us ten gross of Pills. We are selling more of Parmalee's Pills than any other pill we keep. They have a great reputation for the cure of Dyspepsia and Liver Complaint." Mr. Charles A. Smith, Lindsay, writes: "Parmalee's Pills are an excellent medicine. My sister has been troubled with severe headache, but these pills have cured her." ed

OUR CITY FATHERS

Have been puzzling themselves for some time about the cost of power. They should call at 92 Adelaide St. East and inspect

THE IMPERIAL GASOLINE ENGINE

They will there see power produced for 1½ cents per h.p. per hour. The cheapest power in Canada.

The Cooper Machine Co., Limited.

Reports from the Consular officers of the United States in Manitoba and Western Ontario indicate good crops of both winter and spring grain. The spring acreage in the Winnipeg Consular district is about 15 per cent. greater than last year, while crops are about ten days earlier. Reports from Eastern Ontario and Quebec are less favorable.

Later reports from the great grain sections of the Western States indicate beneficial results of warm rains after the recent frosts.

The latest estimates on the shortage in the French wheat crop ranged from 40,000,000 to 80,000,000 bushels, with a possibility of it reaching 104,000,000 bushels. Reports from Russia are irregular. Winter wheat in the South and Southwest does not improve, but rye has not suffered from killing. Reports from the Baltic and Poland are less favorable, but in Eastern Russia prospects are satisfactory. Stocks in Southern ports are light, but in the North they are large. The weather in Austria-Hungary is unfavorable, and the crops have been somewhat damaged by too much moisture.

McIntyre & Wardwell (John J. Dixon) received the following despatch from New York to-day:

The low-priced stocks have been the feature this afternoon, notably Northern Pacific, preferred, which advanced over two points above the opening price. Sugar sold 125, the highest price in the last two years. Nothing new, but belief prevails that sugar schedule, as adopted by Republican caucus few days ago, will pass Senate. Much warmer weather prevails west. There is more enquiry for time money. The demand is particularly noticeable for long dates. Some attention has been attracted by the reported declaration of President Cowan of the Baltimore & Ohio, that none of the trunk lines have maintained rates. Commission houses generally are advising purchases on all dips in prices. At the end of the day prices were generally well up to the highest level. London houses were buying on the expectation of a higher market there to-morrow.

Open Till 10 o'Clock To-night.

CHICAGO GOSSIP.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago:

Wheat—Market opened strong, nearly 1c higher than last night's closing prices. The Government report was considered bullish. The weather in the Northwest was cooler and raining in portions where it was already soaked. The Liverpool market opened strong, 1d higher. There was some good outside buying and the local sentiment was very bullish. The trading was active from start to finish. The situation of cash wheat is not one very satisfactory to the shorts, and is the occasion for much nervousness attending trading, especially in July option. Clearances were good from all ports. In the Northwest the mills are reported as making good sales of flour. No sales for export were announced to-day. In the last hour wheat reacted and most of the early advance was lost. New York became a heavy seller, which was said to be for foreigners. This was followed by some local selling, which was thought to be mostly Cudahy's holdings. Minneapolis was sending crop damage reports, claiming that the crop in that State is greatly injured by frost and grasshoppers. Dakotas are claiming that the seventeen-year locusts are playing havoc to their crop. July wheat sold at 70c early, then declined to 68⅛c, closing weak at 68⅛c.

Corn and Oats—Corn ruled active and oats moderately so. Opening prices were steady to a shade lower, but weakened on realizing by longs and free selling by commission people. Trade was good on corn and light on oats. Cash demand good. Receipts were 604 cars corn and 283 cars oats. The range on corn was 1c and oats ⅜c.

Provisions—The speculative market for hog products ruled dull and steady to-day. The trade was small. Prices ranged higher on lard and ribs on buying by packers and room operators. Cash demand nominal. Receipts were 26,000 hogs, with 17,000 estimated for to-morrow. Prices firmed up a little near the close on renewed buying by local operators and closed strong.

35c WILL BUY ONE. See our samples. We have larger for more money.

The KEITH & FITZSIMONS CO., Ltd. 111 King Street West.

McIntyre & Wardwell (John J. Dixon) received the following despatch from Chicago to-day:

Provisions—Opened steady at about yesterday's closing prices. Lard advanced about 5c on buying of Sept. by the Cudahy Packing Company. Swift & Co. sold Sept. ribs. Pork ruled weak all day. Local operators sold Sept. lard freely. Market closes steady. Estimated receipts of hogs to-morrow 17,000.

Wheat—The Government report had undoubtedly been fully discounted at the opening this morning. There were no shorts to frighten in by what is now thought to be an absurd estimate of the condition of wheat. There was some buying by St. Louis houses, but offerings of long wheat were very large and buying demand was quickly filled and a declining tendency inaugurated. Outside trade disappointing and buyers decidedly in minority, and after opening spurt the market ruled weak all day, closing nearly 2c under opening prices. Cables were firm and higher early, but later came easier and reported most of the advance lost. Export demand, and indeed a cash demand from any source, was very poor and but little reported worked. There is apparently no health in the speculative situation, and it looks as though the market was inherently weak or it would have had a better response to the news.
