DECKED THE GRAVES OF DEAD BROTHERS

Knights of Pythias Observed Decoration Day This Afternoon--Impressive Service Held at Fernhill--Knights Made a Splendid Showing in Annual Parade

The annual parade of the Knights of Pythias to decorate the graves of their departed brethren was held this afternoon. About two o'clock, the procession left the hall on Germain street and marched via Germain and Princess streets to Charlotte, where two barouches, handsomely trimmed with floral tributes, were taken into the line and the procession proceeded along Charlotte, Union and Waterloo streets to the Church of England burying ground and thence to Fernhill.

The Knights presented a fine appearance as, headed by the Artillery band, they paraded through the streets on their way to do honor to the dead. Adjutant Alfred Dodge, of the 1st Regiment of the maritime provinces, was in command, and in company with Captain F. A. Godsoe, Col. LeB. Wilson and Col. James Moulson, walked at the head of the procession. The band came next, followed by the two Uniform Rank companies, Victoria Co. No. 1, in command of Capt. W. E. Hopper, and Cygnet Co. No. 5, in command of Capt. W. S. Kee. The members of New Brunswick Lodge No. 1 and Union Lodge No. 2, attired in black clothes and silk hats, followed.

A REIGN OF TERROR PREVAILS IN RUSSIA; YESTERDAY'S MASSACRE

PLOCK, Russian Poland, Aug. 16.—Last night five policemen were killed and two were wounded. The assassins escaped.

ST. PETERSBURG, Aug. 16—The war of terrorism which the fighting organization of the social revolutionists declared immediately after parliament was dissolved seems now to have begun in earnest. From all parts of the empire the telegraph brings the same story of attacks on police officials of all classes, accompanied in the majority of cases by plunder. The Polish revolutionists are especially active. There is a veritable reign of terror from the Vistula to the German frontier. Almost fifty cases of assassination were reported early last night. The Novoe Viremya today heads its list of murders and other crimes "St. Bartholomew's Night in Poland."

MOSCOW, Aug. 16—While the constitutional democrats were conferring at the house of Prince Dolgoroukoff today, a sergeant of police appeared and ordered them to dispense, but on the representations of Prince Dolgoroukoff to the prefect of police that the meeting was of a private nature the conference was allowed to continue. It is the intention of the constitutional democrats to issue a campaign text book containing articles by M. Roditcheff, Prof. Paul Milukoff and other leaders.

WARSAW, Aug. 16—It is now stated that during yesterday's massacre thirteen policemen, four police sergeants, seven gendarmes and four soldiers were killed, and that eight policemen, two sergeants, two gendarmes and six soldiers were wounded. The soldiers in replying to the attacks on the police with volleys and charging the crowds, killed thirteen men and two women, and severely wounded seventy persons and slightly injured ninety-five. During the night shots were heard in different parts of the city but the casualties have not been ascertained.

ST. PETERSBURG, Aug. 16.—The Official Messenger today prints a denial of the recent announcement that the Ropp commission had returned indictments against Lieut. General Stoessel, the commander of the Russian forces at Port Arthur; Lieut. General Fock, who commanded the 4th East Siberian Division at Port Arthur and others. The Official Messenger says it is the duty of the commission simply to present the results of its investigation, upon which the indictments will be based.

The denial is more technical than real, as the conclusions of the commission under the regulations necessitate indictments on the lines published.

WARSAW, Aug. 16.—The Polska Gazeta and the Dzvon Polska, organs of the Polish nationalists, today published strong leading articles denouncing the state of anarchy which the socialists are producing in Poland, whose object, the papers declare, is not the attainment of freedom but the bringing about of a civil war.

LODZ, Aug. 16.—Three bombs were thrown into the station house of the third police precinct here at six o'clock last evening, and, exploding, wrecked the building and an adjoining lodging house and wounded six soldiers of the guard seriously, three patrolmen and the wife of the captain of the precinct.

A bomb was thrown at two Cossacks in Nicholas street, killing one of them and wounding the other. A soldier was killed and a soldier and a policeman wounded in Alexander street, and another patrolman was killed in Peter street. Cossacks repelling an attack in Seavodsk street killed two persons.

Following on the bomb outrages, infantry patrols fired volleys in all directions in several streets, the firing continuing till ten o'clock at night. Over twenty persons were severely wounded and many others were slightly injured. Traffic was suspended and the shops were hurriedly closed.

WARSAW, Aug. 16.—The massacre of yesterday is supposed to have been planned by the revolutionists in revenge for the arrest recently of socialist workmen in the iron working suburb of Praga. Simultaneously the attacks on policemen began at ten o'clock in the morning.

In Ostrovskia street four men attacked a sergeant of police, but the latter was able to bag three of them who were armed with revolvers.

In a fight on Torgovia street, revolutionists shot down two patrolmen and a Jewish merchant was killed by a stray bullet.

A band of ten men invaded a grog shop in Choledena street, where they wounded a soldier. The clerk and wife of the proprietor opened fire on the invaders, and a passing patrol, attracted by the disturbance seized the entrances to the shop, stormed the house and captured all of the band.

CAUGHT WITH THEIR LOOT

TORONTO, Aug. 16—A raid on suspected pickpockets was successfully carried out by local detectives yesterday and three men and three women were placed under arrest. Their names are: Harry Thompson, alias Woods, alias Baker alias Thompson, his wife; Harry Martin, Mrs. Hattie Dineen, Wm. Lennox, Mrs. Lennox.

The police believe that these form part of an organized gang of shoplifters and pickpockets who have been operating very extensively in all parts of Ontario and also in Quebec province since early spring. There are known to be more than a dozen members of the gang, Toronto and Montreal being headquarters.

For several weeks past two boarding houses on Church street, north of Queen, have been under police surveillance. Here the prisoners were arrested, and a large quantity of furs, ladies' wearing apparel, etc., which it is believed were taken from stores and a considerable sum of money and an opium-smoking outfit were secured.

Among the goods that the gang is charged with stealing in Toronto are eight seal jackets from Holt and Renfrew, one piece of Russian fur valued at $500 from Fairweather's; two Persian lamb jackets from Dineen's, and four from Robert Smithson Co. All these goods are reported to be in the hands of the police at New York. This gang is also believed to have committed the $7,000 diamond robbery at Ritie Bros. about a year ago. Thompson, the leader of the gang, has $9,000 cash in a local bank.

WIFE VANISHES AMID FIREWORKS

MINNEAPOLIS, Minn., Aug. 16—John Bradley of Montpelier, Vt., has lost his wife, and neither he nor anyone else with whom he has been able to communicate knows where to find her.

Mr. and Mrs. Bradley reached this city on Monday about noon and registered at the Hotel Hyser on Nicollet avenue. In the evening they went out to see the fireworks and in some way they became separated in the crowd and she has not been seen since.

Judgment was to have been delivered this morning in the city court in the case of Dykeman vs Grant but owing to Judge Ritchie's absence from the city the matter stands over.

COTTON MILLS SHORT OF HELP

BOSTON, Aug. 16—Reports from many cotton mill centres show that in numerous mills the marked shortage of help which became apparent last spring still continues, although some of the corporations have made additions to the names on their payrolls since the recent general advance in wages. Many agents say that in the entire cotton textile trade there has been a curtailment of 20 per cent during the past two months, largely due to the shortage of help. The decreased production has affected the cotton market to some extent and has been influential, it is said, in lowering the price of the raw material.

In New England several strikes have closed entire mills for a week or more thus taking large quantities of goods out of the market. On account of the curtailment of production, it is expected that the cotton goods will sell at higher prices.

TO CUT OUT BUCKET SHOPS

BIRMINGHAM, Ala., Aug. 16.—Without a dissenting vote, and in the presence of a large gallery of spectators, the city council of Birmingham last night finally passed an ordinance which will prohibit operation of any kind of brokerage house in the city which deals in futures, after Oct. 1. The action is the result of the sentiment brought about by the defalcation in the first National Bank of Birmingham.

HOME RULE FOR IRELAND

DUBLIN, Aug. 16.—John Dillon, member of parliament for East Mayo, addressing a Nationalist meeting last night at Ballaghameehan, claimed for Ireland a measure of home rule on the lines adopted for the Transvaal and said that in that case Irishmen would be found practical, reasonable and willing to give concessions where they are necessary.

SYMPATHY FOR BEREAVED ONES

FREDERICTON, N. B., Aug. 16. —(Special).—The terrible tragedy of last night, resulting in the death of Albert W. Edgecombe and Lemuel A. W. Tibbits, is the sole topic of conversation here today and the greatest sympathy is felt for the grief stricken relatives. The flag on the Bicycle and Boating club house is flying at half-mast today out of respect to the deceased, both of whom were actively identified with the organization.

Mrs. Edgecombe learned of the sad news in St. John, and returned home this morning, accompanied by her two youngest children. Miss Hazel Edgecombe, the eldest daughter, was the only member of the family at home last night. Edith, another daughter, has been at Saulnierville, Digby county, and will return home this evening. HALIFAX, Aug. 16—The Canadian Municipality delegates are having a good time here. Yesterday afternoon and evening were spent in a harbor excursion as the guests of Halifax. Four papers were read and discussed at yesterday's session.

The first by F. W. W. Doane, city engineer of Halifax, on Municipal Central Power Station, favoring the idea as both practicable and economical. This was followed by a paper on Poles, Wires and Conduits, in Toronto, by Mayor Coatsworth, and one on Franchise Troubles, or the Problems of a Great City, by Ald. L. A. Lapointe, of Montreal.

Mayor Sears, of St. John, spoke of the hold that partizan politics has on the people as one of the greatest evils in a municipal government.

Whereas the report of the Royal Transportation Commission recommends:

1st.—That the grades and curves on the I. C. R. between Moncton and the Atlantic ports be as far as possible reduced in order to secure faster and cheaper transportation.

MRS. NORTHRUP SAYS HUSBAND DESERTED HER

Mrs. James Northrup, of Brussels St. says that her husband is not willing to support her and according to her story he claims she is not his wife. She also states that he left home last Saturday and has not since returned.

Mrs. Northrup called at the central police station this morning accompanied by her twelve-year-old daughter, and told her story to the police and produced a marriage certificate in which it is stated that she was married to Northrup at Havelock about nineteen years ago. Judging from her story the union has not been the happiest that she could have expected.

According to her story she had some words with Northrup on Brussels street, last Monday evening and she says he would have struck her had not Sergeant Baxter prevented it.

Frank Boone, she said was living in the house with them or, to use her own words: "We all lived together and Mr. Harrigan rented the place to him."

She seemed very much disturbed over the condition of affairs and said that she felt justified in seeking advice from the authorities, as she wanted to "put a check" on her husband and keep him from talking about her and scandalizing her, outside. She was advised to lay a complaint against her husband if he assaulted her.

The unfortunate woman also stated that Northrup had been drinking.

WERE MUCH RELIEVED.

AMHERST, Aug. 16.—(Special). — A feeling of intense relief was experienced this morning when the St. John papers arrived. There had been a general feeling of uneasiness among the members of the St. John delegation, on account of the fact that the mayor, the Times new reporter and so many members of the board of trade were all away from the city at the same time. It may be stated positively that they will all return at the earliest possible moment. It is understood that the people of Amherst and Halifax will offer no objection.

THEY GOT A STORY.

OYSTER BAY, Aug. 16.—(Special). — A large delegation of press correspondents waited on President Roosevelt this morning and urged him to do something. They said they had worked the Bryan boom as far as it would go at the present stage, and Bryan was only an ordinary citizen, anyhow. They had been waiting patiently for the president to do or say something, and felt that the occasion demanded it. The Czar of Russia had poked his nose out again, the Sultan of Turkey had got himself talked about by having a sick spell, the King of England and Emperor of Germany had rushed into the limelight, the Shah of Persia had made a wild bid for attention by announcing that he would summon a parliament, and Swiftwater Bill had sued for a divorce from his last wife. All that the president had supplied the press with lately was a little bit of a thriller about a crazy woman who disturbed his devotions in the church. Now that the Longworths had returned, the press representatives felt that the president should put them in the way of a sensation.

The president stated in reply that he appreciated the solicitude of his many friends, and would they please wait until this afternoon? He would then assist his hired man in getting in another load of hay, and would be pleased to have them sit on the fence and see him handle the pitchfork.

The correspondents replied that they had been instructed to get a story, and therefore accepted the invitation. The story will be in all the morning papers.

UNION STREET, WEST END, DROPPING WITH THE TIDE

The dredge Beaver was idle for a time this morning, owing to the fact that there was no scow in which to dump the mud. Great difficulty has been experienced all along in dumping the mud, as it sticks to the sides of the scow and very often cannot be dislodged without considerable difficulty. Sometimes scows have to be towed back into the slip and the material dumped there with the aid of a powerful stream of water from the dredge.

The cause of the delay this morning was that one of the scows had been towed outside to be dumped and the other one was filled up, so that operations had to be suspended for a while.

There has been but little change in the condition of Union street during the past few days, the roadway keeps dropping with every tide, but until the dredging operations are carried in toward the street farther than at present, not much change is expected.
