LISTOWEL STANDARD.

FRIDAY, AUGUST 8, 1879.

TOWN AND COUNTRY.

MR. T. C. MURRAY'S many friends will be pleased to see him around again, and able to attend to his business as usual. He has completely recovered from the low fever with which he was prostrated for several weeks.

THE days are growing perceptibly shorter at both ends, and the industrious house fly and busy mosquito are making the most of the declining year. As an early riser, the lark aint a circumstance to either.

SOCIAL.—About $18 were netted at the social given at the residence of Mr. A. D. Freeman on Monday evening. It was well attended, and passed off very pleasantly. An entertaining programme of music, etc., was rendered during the evening.

TANKS.—MR. Morey has completed his contract for sinking four large water tanks, for fire purposes, in the eastern and western parts of the town. There adaptability will be tested when the new rubber hose arrives, of which some 200 feet have been ordered.

CRICKET.—Listowel cricketers visited Hawkesville on Monday, and in a match with the club of that place succeeded in defeating their opponents by about half a dozen wickets. Our cricketers are evidently handling the willow to good purpose these days.

PUBLIC SCHOOL BOARD.—The passing of the following accounts constituted the business transacted at the regular monthly monthly meeting of the Listowel Public School Board of Trustees, on Tuesday evening, 5th inst.:—W. Bradley, goods, for school, $1.80; Tatham & Campbell, for lawn mower, $9; H. Steinberg, for work on grounds, $19.50.

Newspapers are the merchants' best salesmen. They enter almost every dwelling, and with unparalleled impartiality the latest intelligence, foreign and domestic, local and provincial, they silently yet forcibly solicit patronage for each advertiser. With thousands of these our home salesmen, travelling through the country every week, who can estimate their potent aid to business prosperity?

HIGHLAND.—The P. D. & L. H. Ry. Company intend running an excursion train in connection with the Grand Trunk to Point Edward, near Sarnia, on Tuesday and Wednesday next, 12th and 13th inst., being the occasion of Hanlan's visit to that place. Fare for the round trip from Listowel, including admission to the park, $1.25. Tickets good to return by any regular train on the 14th. Go and see the Champion oarsman before his departure for Australia.

FAIR.—Considering it being the busy season with farmers, the cattle fair on Friday last was as well attended as was expected. Something under fifty head were on the ground not many of the animals, however, being in marketable condition. The sales effected averaged from about 2½ to 3 cents per lb. It is quite probable that the next monthly fair will witness a market improvement. A change for the better is certainly needed if cattle fairs in this town are to be made a success.

CIVIC HOLIDAY.—To-day being the annual town holiday, there will be a general suspension of business and it is quite probable that a large proportion of our citizens will take an outing and spend the day at the lakeside. Thanks to the accommodating railway companies, the privilege of visiting either Ontario, Erie or Huron, for a mere nominal consideration, is open to all who choose to avail themselves of it. It is, together likely that both of the railway companies will be largely patronized, and we trust that the excursionists will have a day of healthy enjoyment.

STORM.—Towards evening on Saturday last a severe storm, almost a hurricane, prevailed in this section, and for some time threatened the section generally. No very serious damage was wrought by it in this immediate neighborhood, but we are aware of, although several instances are reported of houses being uprooted, and standing grain, both uncut and in the shock, is said to have been beaten down considerably. The present season seems to be unusually prolific of such storms, and we are inclined to the opinion that they scatter the much of the electric temperament indigenous to the equinoctial zone of Uncle Sam's public to be appreciated by the staid inhabitants of Canada. Something on a more moderate scale will satisfy us just as well, and even a little better. As "exclusive" duty might not be out of place.

CANADIAN MONTHLY.—The following are the contents of the August number of this excellent magazine:—The Seat of War in South America, by J. Douglas jr.; In My Garden, Poem, by Mrs. Frances L. Moore; Some Irish Minor Poets of the Century, by the Rev. C. P. Mulvany; Forest Restoration, by P. S. H., Halifax; An Old Story, Poem, by G. G., Niagara; Under One Roof, chaps. XXIV-XXVIII, by Jas. Payn; Woman as a Nurse, by Mrs. Francis Rye, Barrie; Neptune's Address to Hadian, by Robert Awde, Toronto; The Fallen Leaves, chaps. XV-XVIII, by Wilkie Collins; Ab Initio, a Poem, by Miss Isabella Sinclair; The One Who Loved Him, by Mrs. Frances L. Moore; Say When Every Zephyr Sighs, by R. Martin Seaton; Newfangle and Its Opinions, by a Non-Resident of the same; Papers by a Bystander, No. 4; Round the Table; Book Reviews.

FALL TRADE.—The various boxes and packages which are being dumped in front of the stores indicate that our merchants are preparing themselves for the fall trade. Commercial men report that they are taking larger orders this season than for several years past, and speak very encouragingly of the improved tone which trade is assuming throughout the province. The certainty of the farming community having an unusual quantity of grain to dispose of this fall, with the prospect of fair prices being realized, especially for the wheat, is no doubt encouraging merchants and dealers to make more extensive preparations at present than the past several seasons would have warranted. We trust that the next few months will witness the business revival which has been so long looked for in vain, but which happily there is now fair promise of.

NEW WHEAT.—On Tuesday the first load of new wheat brought in this season was purchased by Messrs Climie. It was grown by Mr. George Sangster of Elma, and was of the Clawson variety. The grain was plump and altogether a fair sample. Mr. Sangster states that the yield was close upon 40 bushels to the acre. He received $1.03 per bushel for his load, which was a slight advance on the market price. Several loads of new wheat have since been bought by Messrs. Climie at $1 per bush. With a good crop, $1 per bushel is considered a fair price, and now that the farming community have been blessed with a bountiful harvest, we would suggest that they make no great delay in marketing their grain, and thus provide themselves with the wherewithal to settle the numerous small accounts which they have found it necessary to keep open for some time past. By doing so they will materially assist others in meeting their obligations, and thus hasten the return of general prosperity.

INDIGENT COUNTY PATIENTS.—The Toronto *Mail*, in its issue of last Saturday, publishes this bit of information:—Yesterday morning an invalid named Robert Bradford, from the County of Perth, made his appearance at the Police Court dock, charged with vagrancy. Bradford stated he was ailing from chronic rheumatism and had been advised by the residents of his locality to come to Toronto and try to gain admission into the Hospital. On enquiry at the Hospital he found they would not admit County patients without means. The Magistrate said it would be well if persons outside the city were made to understand that the City Hospital was not established to support invalids from all sections of the Province, and as it was kept up by subscriptions from the city, County patients would have to be paid for by the County.

PARK AT PORT DOVER.—We learn that a fine plot of ground overlooking Lake Erie, and in close proximity to the bathhouses recently erected at Port Dover, has been converted into a public park. A pleasant resort of this kind has been a long felt want at the Port, and now that it has been supplied, there is little doubt that it will be the means of attracting many visitors, especially from places along the line of the P. D. & L. H. R., to which it easily accessible, and at very little expense.

VOTER LISTS.—The voters' list for the township of Wallace has been issued at this office, and the clerk's notice will be seen in another column. In accordance with the new regulations, persons qualified to act as jurors are designated, and the post office address of every elector of Wallace is recorded. The total number of electors entitled to vote at both municipal elections and elections to the Legislature Assembly is 770; at municipal elections only, 20; jurors, 534.

FOUNDRY.—As will be seen by notice elsewhere, Messrs. McIlwraith & Austin have dissolved partnership, the latter gentleman retiring. Mr. McIlwraith will continue the business as usual. We understand that he is open to either sell out the entire business or to enter into partnership with any individual or company possessed with large capital, and to conduct the foundry on a much more extensive scale than formerly. We should like to see such an arrangement effected, being convinced that few places in Canada afford better facilities for carrying on a large agricultural implement manufactory than is possessed by this town.

"BRANTFORD TELEGRAM."—We are indebted to our old friends the Jaffray Bros., formerly of the Norwich *Gazette*, for the initial number of the Brantford *Telegram*, which they have lately started publishing in that city. The *Telegram* is newsy and well got up, and gives promise of taking a creditable position among Canadian journals. From our acquaintance with the Messrs. Jaffary, we are confident that the reading community of Brantford and neighborhood will be well catered for in the columns of the *Telegram*. Being Conservative "bred in the bone," their sheet will not be found wanting when the "cause" is in need of a champion. We wish our young confrere a successful career.

The Dominion Exhibition, under the auspices of the Agricultural and Arts Association of Ontario, will be held at Ottawa, from the 22nd to the 27th September, inclusive. Twenty thousand dollars will be given in prizes, and it is expected that not only Ontario, but Quebec will be largely represented. The Governor General and the Princess will be present. The committee of arrangements is making every effort to provide for the comfort and accommodation of exhibitors and their products, and the exhibition promises to be one of the most successful ever held in the country.

PARLOR CONCERT.—A Parlor Concert will be given at the residence of Rev. Mr. Bell, on Monday evening next, 11th inst., in aid of the improvement fund of Knox Church. The following programme has been prepared:—

PIANO DUET	*Schubert.*
SONG.....Misses M. and A. Climie.	*Millard.*
SONG.....Miss Smith.	
SONG.....Miss Stella McKenzie.	*Trovatore.*
READING.....Selection. Mr. H. Rothwell.	
SONG.....Miss Henderson.	
QUARTETTE.....Mrs. Green, Miss Jessie Anderson, Messrs. McKelvey and Johnson.	*Carpenter.*
INTERMISSION.	
INSTRUMENTAL.....Miss Stella McKenzie.	*Faust.*
DUET.....Misses Climie.	
READING.....Selection. Mr. A. McIlwraith.	
SONG.....Miss Smith.	

Selection by Knox Church Choir.

After the rendering of the programme, various parlor games will be furnished. The chair will be taken at 7:30 p. m. Admission 15 cents. A cordial invitation given to all.

DEPUTATION.—A deputation, consisting of Messrs. George Draper, Chairman of the Listowel High School Board, D D Campbell, Secretary of the Board, and B. Rothwell, Principal of the Public School, waited upon the Municipal Council of the township Morningtons, on Monday last, with a view to obtaining a grant from the township towards the erection of the new High School. We understand that the deputation were courteously received by the intelligent gentlemen who compose the Council of Mornington, and that their mission was treated the respect due to its importance. The Council, however, thought it not advisable to make any grant until legal advice was obtained as to the power of the High School Board to levy a rate upon the township as part of the District, for the erection of the school, should the Board feel so disposed. We believe that the deputation and council were alike satisfied to let the matter rest upon legal advice, with the understanding that should it be decided that the township is held liable, a grant will be made towards the new school. We are pleased to learn that such an amicable arrangement has been effected, and whatever the decision may be, it is desirable that the friendly relationship existing between the township and this town should be maintained. Should the township be called upon to contribute a few hundred dollars towards so laudable an object as the advancement of their educational facilities, it will most probably be cheerfully responded to, and in event of the decision being adverse to the High School Board, the loss of the small grant looked for from Mornington will not be apt to materially effect the calculations of the Board financially.

OBITUARY.—By the death of Mrs. John A. Tremain, a notice of which is elsewhere recorded, this town has lost one of its oldest residents, and in fact the first female settler in Listowel. Mrs. Tremain, whose maiden name was Ellery, was a native of Cornwall, England, and emigrating to Canada with her husband, John A. Tremain, in 1844, they located themselves in the township of Clarke, where they remained until 1852, when they removed to the spot which is now the family homestead, within the town of Listowel, but which at that time was part and parcel of the "Queen's Bush," with not a clearing of any extent for miles around. Mr. Tremain was the second or third settler to locate within the limits of the present corporation, and we believe the first to take up land on the east side of the river. The Tremain property has since become quite valuable, the principal portion of the East Ward of the town having been built upon it. The rough experiences of the early settler's life were endured with Christian fortitude by Mr. Tremain and his helpmate, and we are informed that for a considerable period before the advent of a physician, Mrs. Tremain used to perform the services of doctor for the families in the neighborhood, gratuitously relieving affliction wherever it was within her power. She lived the life of a Christian woman, and is attributed with having accomplished much for the sake of her Divine Master. Her health latterly has not been good, having been troubled with rheumatism of the heart. Though a lengthy tenure of life was not expected, her sudden demise on Saturday morning last at the age of 63 years and 9 months, was unlooked for and naturally caused the afflicted family a sore trial. She was the mother of five children, all of whom are living in this town. The remains were interred in the Listowel cemetery on Monday morning, the citizens and relatives of the deceased evincing their esteem for the departed by attending in large numbers. Rev. H. Norris of the M. E. Church, conducted the funeral service.

PALMERSTON.

HARVEST.—The farmers in this section are about through with the fall wheat harvest, which has been a very good crop. Spring grain of all kinds is looking well. In fact, Mr. Editor, we feel jubilant with the present prospect of our country. We feel that "hard times" will soon be a thing of the past.

PROGRESS.—The main characteristic of Palmerston at present is the building up of the manufacturing element of the place. Dr. Clark's "Mammoth Brewery" a building in course of construction, stands first in the list of manufacturing enterprise. This building is close on to two hundred feet square, and has a capacity for manufacturing its own malt, and we are told that all the barley grown in this section of country will be bought for malting purposes, which will prove to be a rich boon to the farming community, as they will find a home market for all the barley they raise. Schaefer & Wetzel's saw mill and furniture factory stands next in the list of manufactures. This firm does a very extensive business, and it is not too much to say that for style and elegance of finish their furniture cannot be well beaten.

Main street is being graced with a great many good, substantial buildings, among which we find T. McDowell's brick block, Henry Touchborne's brick block—both of which are in course of construction—and numerous other buildings of lesser importance. Among the hotels we find the Watt house (kept by Mr. John Watt) holding a prominent position. Mr. Watt is a very attentive and gentlemanly landlord, and we would advise the travelling public to patronize Mr. Watt, whose house for comfort and cleanliness speaks volumes for its proprietor.

J. W. C.

Seven Palmerston men were weighed the other day, and the figures reached 1,552 lbs., as follows: Geo. Johnston, sen., 295 lbs.; Hugh McEwing, 227; Æneas Shaw, 224; Wm. Dean, 217; G. S. Davidson, 214; George Gregg, 213; and Geo. Johnston, jr. 212 lbs.

STRATFORD.

ESCAPED FROM JAIL.—On Thursday morning, 31st, it was discovered that John Rumford, who was confined in Stratford jail awaiting his trial at the fall assizes, for forgery, had made his escape during the night. With a fine saw, which must have been handed him from the outside, he sawed the bars of his cells and also the keeper of the door leading into the jail yard. He then wrenched the bashboard off the hall, and winding his blanket around it, he set it against the outside wall and climbing up easily, jumped over and was free. A reward of $50 is offered for his recapture. It is thought that a prisoner from Wallace, who has lately been discharged, got the saw and other implements necessary to procure his escape and handed them to him by some unknown means.

MILVERTON.

Mr. V. Kertcher has sold the Milverton hotel to Mr. Samuel Roe for $5,500. Possession is to be given within six months, when Mr. Roe will assume the business.

BUILDING.—J. G. Grosh & Co. are erecting a new brick boot and shoe store on *Main* st., opposite J. D. Pierson's dry goods store. Finding their present quarters too small they have determined to put up an establishment more convenient and that will be an ornament to the place.

ELMA.

The Municipal Council of Elma held a special meeting at Newry at 5 o'clock on July 29th, caused by the municipality of Grey appealing against the assessment in the drainage matter, stating that an arbitrator had been appointed, and calling upon the Municipality of Elma to appoint another arbitrator within ten days from that time. The Council appointed Mr. Bolton, of the town of Listowel, arbitrator. Pursuant to previous adjournment, the Council met at Newry on the 2nd day of August for the purpose of levying the different rates for the current year, members all present, except Mr. J. G. Alexander; minutes of last meeting read and adopted. A By-law was passed for levying rates, as follows: Co. rate $3,693 being 2 8-10 mills in $; Tp. rate $1,326, 1 mill in the $; G. W. R. R. rate $3,300 or 2 5-10 mills in $; Stratford & Huron R. R. $963 or 1 mill in $. Also a By-law for levying school rates, as follows: S. S. No. 1, $875; No. 2, $448; No. 4, $475; No. 5, $460; No. 6, $400; No. 7, $370; No. 8, $270; U. S. S. No. 1, Elma and Mornington $262.50; U. S. S. No. 6, Elma and Logan, 4 mills in the $ (1876 roll). The Reeve and Clerk were then authorised to take the proper steps towards drawing upon the Government fund in the drainage matter. Orders were issued as follows: A. Gordon $3.47, lumber; Sheriff $15 for sub-dividing polling places; T. Fullarton, $20.50, being $20 for making out voter's list for Legislative Assembly, and 50c. for a box of pens; R. Bell, $8.20 for 164 loads of gravel; D. Edgar $7.20 for lumber; C. Williams postage and telegrams up to date $5.75. A deputation composed of the Reeve, Deputy Reeve and Mr. Oliver, Councillor of Grey, interviewed the Council relative to the assessment of the boundary between Elma and Grey (drainage matter), stating that it was their intention to have the matter settled amicably rather than let it be arbitrated upon. After a short discussion and examining of plans &c., they agreed to withdraw their notice of arbitration, admitting the assessment to be equitably performed, but in the event of the construction and maintenance of that portion of boundary costing less than the estimates that their Township should pay only one half of that cost, provided the rest of the Council of Grey were satisfied with that settlement.

T. FULLARTON, Clerk.

THE HUMMING-BIRD MOTH.

Lately a strange and remarkable insect has made its appearance among the flowers in the gardens in this vicinity, and as some of the readers of the *Standard* are interested in entomological investigations, we submit a short description. In size, form and habits, this interesting creature bears a close resemblance to the humming bird. Its general color is grey, with various markings running down the wings and variegating the body. It has four wings, two on each side, the upper and larger ones being about one and a half inches in length from tip to tip; the under and hinder ones are much shorter, but are more beautifully marked with dusty black and white. The body, cylindrical in form, is about two inches long, and from the junction of the wings tapers gradually to a point; this portion of the body is also regularly divided by parallel rings, and on each side is a row of spots with dark edgings; in some cases these spots are white, in others yellow; the whole is covered by dusty matter which easily rubs off when the creature is entangled and struggles for liberty. The eyes, which appear to have no covering, are large and deep black. It has six feet, three on each side, the hinder ones having several claws; and on each side of the head, just above the eye, projects a horn about an inch long. But the most remarkable appendage possessed by this creature is its tongue, a long flexible, fiber-like membrane, which it can extend at will to the length of four or five inches, and it is by means of this that it collects its food from the flowers over which it hovers like a humming bird. Its food appears to be pollen and honey, and when it has collected a quantity on the end of its tongue it draws it into its mouth by coiling it up like the trunk of an elephant. When at rest this membrane remains coiled up in a sheath that covers the real mouth, and which the insect can open or shut at will. When hovering over the flowers, collecting food, the wings vibrate with a rapid motion, and cause a humming sound similar to but not so loud as that of the humming bird. It is nocturnal in its habits; the time when it is chiefly active is the evening twilight. Numbers of its race are destroyed by bats, night-hawks and other night wandering creatures. The flowers to which it seems particularly partial, are a large yellow variety known as the Evening Beauty. Like others of the moth tribe, to which it evidently belongs, its progeny passes through various stages of existence, from the larvae to its winged state, and it appears to require several months of very warm weather to enable it to do so. The present season appears to be favorable to its development in this latitude, as it has not been previously noticed in this neighborhood. Among naturalists it may be regarded as a connecting link between the feathered race and lower orders of animated existence.

NATURALIST.

FALL SHOWS, 1879.

Industrial Exhibition at Toronto, Sept. 1 to 19.
Provincial Exhibition at Ottawa, Sept. 22 to 27.
Western Fair at London, Sept. 29 to Oct. 3.
Stephen & Usborne, at Exeter, Sept. 23 and 24.
Northern Exhibition, Walkerton Sept. 23 to 26.

South Huron at Seaforth, Sept. 25 and 26.
Turnberry at Wingham, Sept. 25 and 26.
North Perth at Stratford, Sept. 25 and 26.
North Oxford and Blanford at Woodstock, Sept. 25 and 26.
Elma Township Fair, at Newry, Sept. 30.
East Huron at Brussels, Oct. 2 and 3.
Elma and Wallace Exhibition, at Listowel, Oct. 2 and 3.
South Perth at St. Marys, Oct. 7 and 8.
Huron live stock at Clinton, Oct. 15 and 16.
West Wellington, at Palmerston, September 30th and October 1st.
East Huron, at Brussels, October 2nd and 3rd,
East Wawanosh, at Blyth, on Oct. 8.

A Remedy That Has Been Remedied.

The invincible repugnance felt by almost every one to the smell and flavor of **Cod Liver Oil**, has prevented tens of thousands of the victims of debility, from reaping the benefits of its peculiar healing and nutritive properties. The hopeless consumptive, the martyr to Rheumatism, the barely living shadow of men, women and children that emerge from the clutches of malarial fevers, all of these know, or at least their doctors know, that of all discovered remedies, this Oil is the best, and often the only one that will build up their wasted bodies, and restore their shattered nerves, and far more effective than the **Oil** by itself is **Scott's Emulsion** of it, with the **Hypophosphites of Lime and Soda.** This is the finest and most natural food and medicine in the world, and wholly deprived of its disagreeable qualities.

MARRIAGES.

TYTLER—HARRISON.—At St. Mary's Ont., on the 29th ult., W. Tytler, B. A. Head Master Guelph High School, to Mattie C., youngest daughter of Milner Harrison, Esq. St. Marys

BIRTHS.

SCOTT.—In Grey, on the 2nd inst., the wife of James Scott, of a son.

STEWART.—In Elma, on the 2nd inst., the wife of James Stewart, of a daughter.

FAWCETT.—July 28, on con 16, Maryborough, the wife of Joseph H. Fawcett, of a son.

DEAVITT.—On the boundry line Wallace, on the 6th inst., the wife of Wm. Deavitt, of a son.

DEATHS.

KELLY.—In Listowel, on the 5th inst., David, son of Mr. Wm. Kelly, aged 6 years and 21 days.

TREMAIN.—In Listowel, on Saturday morning, 2nd inst., Rosa Ellery, wife of Mr. John A. Tremain, aged 63 years and 9 months.

LISTOWEL FOUNDRY.

NOTICE!

Notice is hereby given that the Partnership heretofore subsisting between the undersigned, ANDREW McILWRAITH and ADAM AUSTIN, both of the Town of Listowel, in the County of Perth, under the style and firm of McIlwraith & Austin, has been dissolved by mutual consent.

All debts owing to the said Partnership are to be received by the said Andrew McIlwraith, and all claims against the said Partnership are to be presented to the said Andrew McIlwraith for payment.

Dated at Listowel, this thirtieth day of July, A. D., 1879.

Witness, J. E. TERHUNE. { ANDREW McILWRAITH. ADAM AUSTIN.

N. B.—The business of the late firm will continue to be carried on by the undersigned, who hopes by strict attention to business, and employment of competent workmen to merit a continuation of the patronage so liberally accorded to them.

ANDREW McILWRAITH.

HOLLOWAY'S PILLS

This Great Household Medicine ranks among the leading necessities of Life.

The famous Pills purify the BLOOD, and act most powerfully, yet soothingly on the

Liver, Stomach, Kidneys

and BOWELS, giving tone, energy, and vigor to these great MAIN SPRINGS OF LIFE. They are confidently recommended as a never failing remedy in all cases where the constitution, from whatever cause, has become impaired or weakened. They are wonderfully efficacious in all ailments incidental to Females of all ages; and as a GENERAL FAMILY MEDICINE, are unsurpassed.

HOLLOWAY'S OINTMENT

Its Searching and Healing Properties are known throughout the World.

For the cure of BAD LEGS, Bad Breasts,

Old Wounds, Sores and Ulcers,

it is an infallible remedy. If effectually rubbed on the neck and chest, as salt into meat, it cures SORE THROAT, Diphtheria, Bronchitis, Coughs, Colds, and even ASTHMA. For Glandular Swellings, Abscesses, Piles, Fistulas,

Gout, Rheumatism,

And every kind of SKIN DISEASE, it has never been known to fail.

The Pills and Ointment are manufactured only at

533 OXFORD STREET, LONDON,

And are sold by all Vendors of medicines throughout the civilized world; with directions for use in almost every language.

The trade marks of these medicines are registered in Ottawa. Hence, any one throughout the British Possessions, who may keep the American Counterfeits for sale, will be prosecuted.

Purchases should look to the Label on the Pots and Boxes. If the address is not 533 Oxford Street, London, they are spurious. 15y
