Parkinson, that the road leading to the lake on the 9th and 10th concs. be made down the hill at the lake; that the culvert on the 11th and 12th concs., Healy's corner, be repaired; that the road leading from the 10th to the 12th cons. be opened so as to allow wagons to pass through. McDONAGH, Clerk.

PORTER HILL.

PERSONAL.—Mark Hardy, who has been away for some time has returned home. He visited the Centennial. It cost him $1 for each meal, and it takes 25 cords made to make a good square one.

PIC-NIC.—The several schools of this vicinity had a grand picnic at Graham's Grove on Friday last.

CROPS.—The crops are looking splendid; the clover is in full bloom; the hay crop will be unusually good. Potato bugs and caterpillars are plenty.

STATUTE LABOUR.—The farmers have been doing road work during the past few days. Some people are of the opinion that it would be better to pay a little more taxes, and have the work done by contract.—Cor.

This Company, which has now been in successful operation for three years, has still on hand a large amount of money to invest upon the security of Real Estate in Ontario, and offers the following unrivalled advantages to the borrower.

1. Interest upon loans is paid yearly, not in advance, and is calculated from the time the amount of the loan is advanced, not from the date of application.

2. Interest may be made payable upon any day in the year the borrower may select.

3. The principal is payable at the end of the term for which the loan is made.

4. The borrower may repay the whole or any portion of his loan at any time without prior notice to the company and without payment of any interest in advance, and if a part of the loan be so repaid, interest on such part at once ceases.

5. The company imposes no fines upon non-payment of interest.

6. The principal may at the election of the borrower be made payable in yearly or half yearly instalments and in such case the interest upon each instalment ceases when the instalment is paid.
