ARE YOUR EYES TO BLAME?
Don't try to stop pain until you have found the cause. Get at the root of the trouble first, and remember pain is only nature's message that something has gone wrong.
Take headache for instance; do you suppose for a minute that the tablet or powder you take to relieve it is in any sense a remedy? You merely drug the nerves so that they no longer give their warning.
90% of all headaches are from defective eyes, and it is our pleasure as well as our business to provide you with glasses that stop the suffering once and for all, by correcting the cause.
