VARIETIES.

P. Kelly Esq., of Blyth, was in town during the sitting of the Court of Assizes.

Tun Fisher farm, Colborne, will be sold at the Colborne Hotel, on Saturday at 12 o'clock by Mr. Currie.

Customer—What's the price of your 12½c Wall Paper? Mr. Butler—Eleven cents madam.

Mr. Shep Jones, tavern keeper, Nile, died very suddenly about one o'clock Friday morning.

Mr. F. Hutty formerly of the 'City 'Queen took his departure on Monday for Toronto where he intends to reside.

Change.—The order of service in Knox Church is to be changed. In future service will open with prayer, There will be four singings and two readings of scripture.

Gilt Elliott Esq., is back to Goderich after undergoing the pangs of an eight weeks absence in Exeter. He is still slightly lame from the effects of the accident he met with, but his genial countenance is as gloom dispelling as ever.

There will be a sale of furniture, etc., for Mr. Hugh Macmath at the house he is at present occupying, on Friday next, 25th inst. commencing at one o'clock p. m. Mr. M. is leaving town and the goods will be sold without reserve. Mr. J. C. Currie will officiate as auctioneer.

The Clinton Spring Show was held on Friday of last week. There was a splendid turn out of animals. A large number of persons were in attendance. On the grounds there was a fine display of Clinton made Agricultural Implements. Visitors from Goderich felt ashamed of this marked proof of the superiority of their neighbor's enterprise.

There is a rumor of legal proceedings being taken to unseat the lately elected councillor for St. David's Ward, the objection being that the seconder of the elected is not a qualified voter in the ward. As Mr. Elliott will likely make an efficient member we do not think that any informality of the kind mentioned should be taken advantage of.

Popular Song.—The Minstrel and Concert troups are all singing Will L. Thompson's new Song and Chorus, "Golden Years are passing by." There is now such a mania for the beautiful piece that dealers can scarcely get them fast enough to supply the demand. Send 35 cts to the publisher, W. L. Thompson & Co., East Liverpool, Ohio, and procure a copy.

New Churn Dasher.—What is known as Southward's Improved Dasher, an arrangement patented in February last, is likely to effect somewhat of a revolution in the farmer's household so far aschurning is concerned. The dasher is a very simple affair, but the speed and ease with which it knocks the butter out of cream, or even milk, is almost marvellous. On Saturday we saw the new dasher tested. Milk was used, probably five hours from the cow; and to the surprise of everybody unacquainted with the capabilities of the new "machine" butter was produced in a few seconds less than five minutes. Butter in less than five minutes from milk is truly something wonderful. Messrs. Wm. Garner and Isaac Cassiday have secured the sole right for the County of Huron and they will doubtless give parties interested an opportunity of witnessing the capabilities of their wonderful little dasher at an early day. As the price of the article is only some two dollars it is within the reach of every one.

BRUSSELS.

Fire.—A destructive fire occurred on Thursday at 4.45 a.m. in astore occupied by Good & Co., and totally demolished Fishleigh's Block. Had it not been for the valuable service of a new steam fire engine the best business part of the town would have been destroyed. The following are the losses as near as can be ascertained: Good & Co's. loss $10,000; insured in the Western for $1,000; Scottish Imperial $2,000; Gore $1,500; Citizen $1,500, Fishleigh's loss $3500; insured for $2,000 in the Western. WINGHAM.

Mr. W. R. Armstrong has returned to town, having put in a term at the Normal School, Toronto.

A Heavy Animal.—Mr. G Moffatt's two year-old Durham bull, "Lord Strathallan," which took 1st prize at the show held in this town on Tuesday, turned the scales at 2,163 pounds.

Fast Sawing.—On Wednesday of last week Messrs Andrew McDougall and Robert M. Currie cut on the farm of Mr Alexander McDougall, of East Wawanosh, 16½ cords of wood in ten hours.

Some time ago Mr. Daniel Diamond had his legaccidentally broken at Hutton hotel while wrestling in fun with a friend. Subsequently the leg was amputated, and it was thought that he would eventually get better. Mortification, however, set in, and, notwithstanding the efforts of his medical attendant, he died on Saturday night. His remains were conveyed to the Roman Catholic cemetery in Morris, and there interred.

COMMERCIAL NOTES.

H. L. E. Reeves is in New York to buy mules for the English Government. They are to be sent to Africa.

The exports of codfish from St. Johns, Newfoundland, since the first of January last, amount to 183,846 quintals in excess of shipments for the corresponding period last year.

An advance in the price of fresh meats is reported in the London market, consequent upon the absence, in the words of the London Times, of "the regular supply of American beef."

The total amount of salt marketed in the United States during the year 1878 was 7,662,656 barrels, of which 3,076,233 barrels were imported.

HOW BRANDY IS MADE.

A letter upon the wine product of France written to the New York Tribune by Dr. Knight, states that 'French brandy,' so called, will always be procurable at moderate prices so long as the distilleries of the United States and Britain furnish the whiskey and the beets yield sugar. "The quantity of spirits sent from ports to France is very great, and it nearly all becomes 'brandy' in that pleasant climate, and is shipped back in French casks and bottles. One large Scotch distillery sends its whole production to Havre to be converted. The firm of Champonnois, fils, has erected in France for various owners, more than 300 (speaking from memory) distilleries for the conversion of beet juice into alcohol for brandy manufacture."

ALWAYS READY TO LEARN.

The following free confession is made by an eminent French coachmaker: "I never build two carriages exactly alike, not because I do not build each one as well as I know how, but in building that I learn how to make the next one better. When I placed these carriages of mine in the Paris Exhibition building, I thought them perfect, but now that I have spent three months looking over the carriages of other builders, I see that they are not so." A little of this liberal and teachable spirit shown by the average English manufacturers in various lines would result in great good.

FACTS!

"Facts are chells that wunna ding"
So sang the poet—so I sing
Of facts. Plain facts to you I bring
Both short and tall;
I'll make you suits for gentle spring
For one and all.

It is a fact—my word I'll keep,
It is a fact—I'll make clothes cheap,
It is a fact—I'll not charge steep,
For aught I do.
It is a fact—I have a heap
Of goods quite new.

It is a fact—the N. P's come,
It is a fact—we hear the hum
Of distant murmurings from some,
Who cannot see,
How they will spend their little sum,
With Johne N. P.

It is a fact—I'll sell no trash;
It is a fact—I'll sell for cash;
It is a fact—you'll not get rash
By trying me.
I'll deck you out like a Beau—Nash—
Call and you'll see.

The last fact—I'd like to impress—
A fact—on which I would lay stress—
A fact—in four words I'll compress
Like lightnings flash
A fact I'm willing to confess,
I sell for Cash.

5,000 ACRES

of the very best farming lands in the State, well watered, of great fertility, and in a section that is rapidly opening up, are now offered to settlers at low prices and on

EASY TERMS OF PAYMENT

The Lands are situated in the Upper Peninsula, Chippewa County, between the Monuscong and Pine Rivers, one of the most beautiful locations in Michigan. They are known as the "Burnt Lands," having been burned over and cleared in the most thorough manner. They are easy of access by rail and boat, and have one of the best markets in the world for their surplus products—the Lake Superior mining regions. These lands are all cleared and can be put under cultivation at once, so that the settler can have a crop the first year, and the prices at which they will be sold at less than they could be cleared for.

Hardwood Lands

The proprietor of those burnt Burnt Lands has also secured a few thousand acres of prime hardwood lands, which will be sold at low prices to settlers, and thus enable each one to procure all the fuel needed.

Actual Settlers only are Wanted,

and to such only will they be sold. Pamphlets giving full discription to be had on application. A party will leave Detroit about May 1st to visit the lands. Fare for the round trip, $15, which includes meals. Address all inquiries to

NEW MILLS

on the old PIPER MILL property

The subscriber would respectfully inform the farmers in the surrounding country and the people of the town of Goderich, that the above Mills are now completed and in good working order for Gristing and Flouring, also for Chopping. And as the subscriber himself is a practical miller he hopes to be able to give general satisfaction here as he has given where he has milled hitherto. He asks a fair trial.

☞ Flour delivered in any part of the Town without extra charge.
