GERMAN NOTE HAS CONCILIATORY TONE

Reply On Security Pact Makes No Mention of Cologne Evacuation.

Associated Press Despatch.

Paris, July 20.—The German reply to the French observations on Germany's offer of a security pact, which was handed to M. Briand, the French foreign minister by the German ambassador, Herr Von Hoesch, this evening has created a favorable impression in official circles. It permits of hope that negotiations for the guarantee of the frontiers of France and Belgium will proceed with chances of success.

The note dissipates the fear based on information from Berlin that the Reich government would make the negotiations for a pact dependent upon the early evacuation of Cologne. The only reservation which Dr. Stresemann, the German foreign minister, makes concerns the entry of Germany into the league of nations, and the consequent obligation on the part of the reich to participate in league action to protect the frontiers, under Article 16 of the covenant. This reservation is supposed to apply particularly to an eventual demand for the right of way for French forces to cross German territory to go to the aid of Poland or other countries of eastern Europe that might be attacked by the soviets.

The note evidences a desire to reach an understanding with France. It is couched in terms which lead French officials to suppose that Berlin regards the negotiations for a security pact as really under way.

Contrary to general expectations, the German note fails to suggest a conference between the interested parties, and exchanges of views will consequently continue through the regular diplomatic channels.

M. Briand will communicate with the allies before the publication of the note, Wednesday.
