James Carter, Esquire, Jun., one of the Aldermen of Portsmouth, has been appointed one of the Puisne Judges of New-Brunswick.—*London Morning Herald, 30th July.*

Oaths.—A report has been made to Parliament on the subject of the expediency of substituting declarations, in lieu of many of the oaths, now required by law to be administered and taken. The committee declare, that the practice of administering the latter on trival occasions tends materially to diminish the respect paid to their sanctions, and the public reverence for the solemnity of their obligation; that recourse ought never to be had to them where it can safely be dispensed with; and never, where the purpose for which it is employed is not sufficiently important to warrant an appeal to the Deity. They therefore propose, that the Lords of the Treasury in all matters not of a judicial nature, as well as the Universities, and other Corporations, shall be empowered to direct the substitution of a declaration for an oath; that no accounts shall be henceforward required to be verified by oath; and that the legal penalties attached to perjury shall be in future incurred by false declarations, thus substituted.—*Boston D. Adv.*

At a meeting of the magistrates and other inhabitants of New Glasgow, near Pictou, held at Mr. James Fraser's, Innkeeper, on the 6th inst. it was unanimously resolved,—That all retailers of Ardent and Malt Liquor in the village of New Glasgow and its vicinity do desist from selling it from this day until the 1st Oct. ensuing.—*Halifax paper.*

From the Royal Gazette, September 17.

By His Excellency Major-General Sir ARCHIBALD CAMPBELL, Baronet, G. C. B. Lieutenant-Governor and Commander-in-Chief of the Province of New-Brunswick, &c. &c. &c.

Archibald Campbell.

A PROCLAMATION.

In consideration of the danger to be apprehended to this Province, from the progress of a grievous Disease with which its neighbouring Provinces, and many other parts of the world, are visited, I have thought fit, by and with the advice of His Majesty's Council, hereby to order and direct, that on Wednesday the eight day of October next, a Public Fast and Humiliation be observed throughout this Province, that so we may humble ourselves before Almighty God, and, in the most devout and solemn manner, send up our Prayers and Supplications to the Divine Majesty, for averting those heavy judgments which our manifold provocations have most justly deserved, and particularly beseeching God to remove that grievous Disease, and in his mercy to preserve us from its visitation; and I do hereby strictly charge and command that the said Public Fast be reverently and devoutly observed by all His Majesty's loving Subjects in this Province, as they tender the favour of Almighty God, and would avoid his wrath and indignation.

And whereas a suitable form of Prayer has been prepared for this purpose, I do hereby authorize and appoint the same to be used on this solemn occasion in all Churches, Chapels, and Places of Public Worship throughout this Province.

Given under my Hand and Seal at Fredericton, the seventeenth day of September, in the year of our Lord one thousand eight hundred and thirty-four, and in the fifth year of His Majesty's Reign.

By His Excellency's Command.

WM. F. ODELL.

Civil Appointments.—William Tyng Peters, Esquire, to be Clerk of the Circuits, in the room of J. T. Murray, Esquire, deceased.

Robert Fraser Hazen, Esquire, to be Registrar of the Court of Vice Admiralty, in the room of W. Tyng Peters, Esquire.

To the Editor of the Observer.

Sir.—In a long Editorial article of the Colonist of yesterday, Mr. Hooper has indulged the public with HIS views respecting a late Judicial appointment in this Province; and in doing so, has given a gross—I will not say—a wilful, misstatement of the circumstances attending the case of the Corporation of this City against Mr. Chubb. His words are as follows—"*We refer to the case 'Corporation vs. Henry Chubb,' when the right to the Shore of the Harbor of St. John was to have been contended for, but as in the determination of this question rested the fate of sundry snug properties, held by exalted personages, and by very precarious tenor,* [query, tenure,] *the Judges of this Province* DELICATELY *declined sitting on the question, and the consequence is, that the suit was dropped, and the Citizens, in addition to losing their property, had to unpocket the expences.*"—Now, Sir, as one of the Counsel for the Defendant in that case, I feel it my *duty* to contradict Mr. Hooper's report, by a plain statement of facts. The truth is, that an action of ejectment was brought by the Corporation against Mr. Chubb to recover a portion of certain Lots owned by him lying between high and low water mark, and to which the Corporation held themselves entitled under the terms of the City Charter. The decision of the various points of Law arising in that case, no doubt, in a degree bore also upon the Title to "other properties"—in so much that nearly all the proprietors of land in this city were more or less interested in it, and it actually was deemed necessary to assemble a Special Jury from distant parts of the County. From an anxious desire, I presume, that a cause of such general importance should have an unbiassed hearing, and a decision untainted by even the remotest suspicion of partiality, two of the Judges declined trying it. No inconvenience resulted from this, as the late lamented Chief Justice and Judge Bliss were both wholly disinterested in the question in all its bearings. The cause accordingly *came on for Trial* in June, 1831, before the last named excellent and highly respected Judge, who, after long and learned argument on both sides, ordered a *Non-suit*, upon the broad and intelligible ground that the Plaintiffs had *failed in establishing their right* to bring the action. Not content with this, the Corporation renewed the attack, and the cause was again entered at the Circuit in June, 1832, before Judge Bliss, who came down specially to try it, when, in consequence of the non-attendance of a sufficient number of the Jurors summoned, the cause was struck off. A third time was every thing "made ready for battle"—Numerous witnesses brought from distant places of abode—a Special Jury empannelled—Counsel from day to day in attendance, and Judge Bliss once more presiding on the Bench. But, on the very day appointed for the struggle, the Corporation yielded to suggestions of prudence—withdrew their record, paid costs, and thus tacitly acknowledged the justice of the Defence.

"The suit" therefore, was NOT dropped in consequence of the Judges of this Province having "delicately declined sitting on the question."—"The Citizens" did NOT "lose their Property," for they could not lose what they never had a right to possess—and if they "had to *unpocket* the expences," in *Colonist* phrase,—they have only to thank the indiscreet zeal of the Corporation.

I am, Sir, your obedt. servt.

W. WRIGHT,
Barrister at Law.

DREADFUL SHIPWRECK.

Extract of a letter from Pictou, dated 11th Sept. —"We have just received accounts of the loss of the ship Sybelle, of Liverpool, from Cremartty, for Quebec, with 340 emigrants, all of whom perished; six of the crew saved themselves in the boat, four of whom arrived here this morning.—Good God! can nothing be done to erect a Light House on that fatal Island, surely means should be taken, if possible, to prevent such fatal Shipwrecks."

[The above is indeed a most melancholy account of shipwreck and loss of human life. The sudden destruction of so large a number of our fellow creatures is truly awful. The writer of the letter may well complain of the want of a Light House on St. Paul's Island—the sad experience of very many years has forcibly shown the necessity of such an establishment being formed there, as well as at Scatarie. The Government of this Province has often shewn a disposition to contribute liberally to the object, and has strongly urged the other North American Colonies to unite with this in carrying it into effect. Still nothing is done. It would be most unjust that the expenses of erecting and maintaining Light Houses on those ill-fated Islands should be borne solely by this Province: Canada and New-Brunswick are as much interested in the measure as Nova-Scotia, and perhaps more so. The cause of humanity should not require additional calamitous disasters to strengthen the numerous appeals which have been made to the Governments of these Colonies for the adoption of measures for the protection of human beings against the dangers which surround St. Paul's and Scatarie Islands, and we anxiously hope another year will not be allowed to elapse before Light Houses are erected there.—*Nova-Scotia Royal Gazette.*]
