The World's telegraphic columns contain the cream of the latest special and press despatches, so edited and arranged as to give at a glance a complete summary of what is going on in the world at large.

The World's local columns contain the news, all the news and nothing but the news. Its crisp and complete record of daily happenings in this marvelously growing city has made it the Toronto people's paper.

The World's sporting columns contain all that is latest and best in the news of diamond and track, cross and crease, field and flood. The World is the sportsman's favorite paper.

ALL THE NEWS FOR ONE CENT

Thanksgiving Day.

"Whereas, it hath pleased Almighty God, in His great goodness, to vouchsafe unto our Dominion of Canada the blessings of a bountiful harvest,—We, therefore, considering that these blessings enjoyed by our people throughout the said Dominion, do call for a solemn and public acknowledgment, have thought fit, by and with the consent of our Privy Council for Canada, to appoint the sixth day of November as a day of general thanksgiving to Almighty God for the bountiful harvest with which Canada has been blessed this year; and we do invite all our loving subjects throughout Canada to observe the said day as a day of General Thanksgiving."

Such are the words of the proclamation issued by His Excellency the Governor-General, the Queen's representative in this country, year after year appointing Thanksgiving Day. The date is not fixed by Act of Parliament but by the Governor-General, with the advice of the Privy Council in Canada. This is wise, as a date fixed once for all might be found to clash in some years with other matters of provincial or national interest. In order to give additional force to the proclamation, other proclamations are issued by the Lieutenants-Governors of the different provinces composing the federation calling attention to the fact that the day has been fixed and proclaiming it throughout the respective provinces. The civic authorities in towns and cities need add their voice to the announcement, calling upon the citizens not to fail in due observance of Thanksgiving Day.

The day is clearly entitled to become a national one and to receive the same observance as Christmas and New Year's Day receive. A united voice of thanksgiving should be heard throughout the land. That the proclamations and the day are observed by a large portion of the community cannot be denied. But still more attention ought to be paid to them. The due observance of the day, whether in a distinctively religious sense or in joyful holiday or both, is a fitting tribute to the Lord of the Harvest which no one should be guilty of neglecting. It is a pity, to say the least, that some individual churches in different sections of the country have other days than that named in the proclamation set apart for thanksgiving purposes. It is more than a pity, since it savors of contempt of the proclamation of the Governor-General, and tends to break up the nationality of the observance.

This year the words of the proclamation may be by all men and women throughout the Dominion most heartily endorsed. With partial failure here and there, there has been on the whole a really plentiful harvest. What this means will be realized by letting the mind dwell on what famine or scarcity means for the country. Agriculture is really the backbone of the prosperity of the nation and of the world. International relations are such, or can be made such, that failure in one part of the world can be partly compensated by plenty in another, but it is to any given country, and not least to the Dominion, a matter of the very last importance that the harvest should be plenteous and of good quality.

Let our hearts be glad to-day because of the full harvest.

A Patent Arbitration.

The Commissioner of Patents at Ottawa has appointed Barrister W. G. Murdoch of Toronto as arbitrator in the matter of the conflicting applications for patents in the Dominion on suspenders made by W. L. Doran of Niagara Falls, Ont., filed under number 53,610, on June 10, and C. R. Harris of Williamsport, Pa., filed under number 54,005, on July 22. Doran has chosen as his arbitrator Alexander Fraser, barrister of Niagara Falls, and Harris has selected A. W. Bright of Washington. Mr. Murdoch has accepted the appointment and the arbitration will begin at an early date.

Will He Need it Where He's Gone?

The inventor of the Babcock fire extinguisher is dead. It is to be hoped that his spirit has found a place where it won't feel desirous of inventing any more contrivances of that particular character.—Anaconda Standard.

Vain regret won't help you when you see the lots we are offering you to-day at $200, selling for $400 or $500. Not the man who says I wish I had bought will be happy, but the man who wisely reasons out Mimico's future with ten or more large factories and thousands of employes, and promptly secures as many lots as he can of those now offered for a short time at $200, $5 down and $5 with interest by McCuaig & Mainwaring, 18 Victoria-street.

A new manufacturing town, with ten large factories, and no debt, cannot fail to advance with rapid strides. Mimico offers just such a chance, and you can double your money on the fine residence lots close to Station, which we offer at $200, $5 down and $5 per month with interest. McCuaig & Mainwaring, 18 Victoria-street

Good Advice.

If you do not want to injure your liver and kidneys, don't buy baking powder in bulk. Buy the Princina or Borwicke, both are absolutely pure and as cheap as the bad powders. Purity of the Princina and Borwicke proven by the Dominion Government and legally sworn declaration with each package.

Ten large factories, four of them almost completed, one to be completed by May 1, 1891, and five more to be in operation in 1892. Think what this means for Mimico, and you will not fail to secure one or more of the lots we are offering at $200 each, $5 down and $5 per month. McCuaig & Mainwaring, 18 Victoria-street.

The Prison Commission.

The commission will meet in room No. 16, Parliament Building, on Wednesday next at 11 a.m., and the commissioners will probably visit the Central Prison and the Mercer Reformatory on the afternoon of the same day.

Pelasant as syrup; nothing equals it as a worm medicine; the name is Mother Graves' Worm Exterminator. The greatest worm destroyer of the age.

From Police Blotters.

Harry, alias "Slim" Wynne will be in the Police Court to-morrow on a charge of using insulting language to Detective Wasson.

Samuel Berry, No. 9 Adelaide-street east, was arrested last night on a charge of assaulting his wife Catherine.

Arthur E. Baillie was arrested on a telegram from Hamilton last night on a charge of larceny.

Maggie Glenn, no home, was arrested last night for stealing a clock and some cloth from A. H. Cameron, 9 King-street east.

Mrs. Ransom, 120 Yonge-street, while listening to the exhorters last night on the corner of Richmond and Yonge-streets had her pocket picked of $21.

A REMARKABLE RUGBY GAME.

The Champion Princeton's Score 55 Points Against Columbia's Nothing—King Gets 10 Touch Downs.

NEW YORK, Nov. 5.—Columbia's football players might as well have been wooden posts for all the resistance they offered to Princeton's eleven at the Berkeley Oval yesterday morning. Fifteen hundred people saw the champions play a hard, aggressive game, and withal so fast that the Columbia men had difficulty in following the ball. Poor Columbia was in a crippled condition and played with five substitutes. Dilworth, one of her best men, was injured shortly after the game began. His substitute, Oakes, proved to be a much inferior player. King, the fair-haired half-back, played a remarkable game for the visitors, scoring ten touchdowns. Time and again he made gains of 30, 40, 50 and even 80 yards. Towards the close of the second half Capt. Poe gave his side partner, Spicer, a little work to do, as King was beginning to get a bit jarred up. Poe kicked his goals with fairly good precision and Homans' goal from field was a beauty. Thanks to the science of Jim Robinson, the Tigers are drafted right up to the mark, and when the game ended they appeared to be as fresh as when they started. The result was: Princeton 55, Columbia 0.

The teams and positions were:

Hayden	Left End	Christie
Wood	Left Tackle	Tuttle
Lewis	Left Guard	Bunzl
Rizzo	Centre	Hillyer
Thomas	Right Guard	Mackenzie
Spier	Right Tackle	Whyland
Furness	Right End	Rogers
Poe	Quarter Back	Bernard
Spicer	Left Half Back	Culver
King	Right Half Back	Sinsheimer
Homans	Full Back	Dilworth

COLLEGE FOOTBALL.

The Residence Butes Beaten By the School of Science Cracks.

The victorious career of the University College Residence Butes was brought to an abrupt termination yesterday afternoon on the lawn by the School of Science Association kickers, when they were beaten by 2 goals to 1.

Two shots by McCallum beat the Butes' goal keeper in the first half, and Carling sent in a hot one that got past Boyd in the second time.

The residence men had a goal kick within one minute of the close, when Chenevert mishandled the bladder so badly with his boot that it burst and spoiled the little chance they had left.

Another ball was not forthcoming and the game thus ended in favor of the School. The Butes are hunting for a committee in order to protest the game. The teams were:

School of Science (3): Goal, Boyd; backs, Dill, Fairchild; halves, Allen, Dunbar, Vickers; forwards, McCallum, Forrester, Lee, Carrol, Fraser.

Residence Butes (1): Goal, Chenevert; backs, Scott, Coleman; halves, White, Clayes, Mallock; forwards, Cross, Seckler, Carling, Gilmour, Green.

Referee—R. E. Hooper.

For the Caledonia Cup.

The great Association football event in Ontario to-day is the match at Berlin for the Caledonia Cup between representative elevens chosen from the Western Association and Toronto Leagues. The local men leave the city this morning and will be accompanied by a score of enthusiasts. The teams will be:

Western: Johns (Ayr), goal; Gourlay (Ayr), MacDonald (Huron), backs; Livingstone (Huron), Burnet (Ayr), Murray (Ayr), halves; Dewar (Huron), Crawford (Huron), Young (Rangers), or Pirie (Rangers), Green (Rangers), Aitken (Rangers), forwards.

Toronto: Anderson (Marlboros), goal; Wood (Osgoods), Gall (Scots), or Elliott (Osgoods), backs; Forrester (Varsity), Warbrick (Varsity), Langford (Osgoods), halves; Bowman (Scots), Duncan (Varsity), Thomson (Varsity), Elliott (Marlboros), McLay (Varsity).

Notes of the Kickers.

The Toronto Juniors (Rugby) play the Thistles in Hamilton to-day.

Yale 52, Crescent 0, Harvard 33, Orange 0, and Cornell 28, Trinity 0, were American Rugby games played Tuesday.

The Canadians play two games at Fort Hope to-day, the town team in the morning and Trinity school in the afternoon. Their train leaves the Union at 6.55 this morning.

The Varsity Second Rugby men are practising carefully for the final championship match with Guelph on the Lawn Saturday.

There is not a single local football (Rugby or Association) attraction announced for this afternoon. The kickers are evidently anxious to see the soldiers in battle array.

The Varsity-Rangers match next Saturday takes place at Rosedale, as the University committee yesterday secured the ground for that date.

A lively Association game was played on the St. Michael's College grounds between the students' eleven and the team of the Toronto Collegiate Institute, which resulted in a draw, each scoring a goal. The Collegiate's lucky shot was a splendid one sent in by Keith.

The Rugby Union Committee ordered Hamilton and Queen's to play at Rosedale next Saturday and yesterday these grounds were rented to Varsity for that date. There is little doubt, however that if Hamilton consents to come that the Union can yet secure that field from Varsity.

EVANGELINE AT WASHINGTON.

The Favorite, Elphin, Unplaced—Mackenzie and Killarney's Dead Heat.

WASHINGTON, Nov. 5.—The card to-day was a light one and the results had been fairly anticipated by the outside element.

Favorites won in each event except the steeplechase. In that race Elphin was the favorite, but didn't get a place.

Evangeline captured the event nicely and Mackenzie and Killarney made a dead heat for the place.

First race, ⅝ mile—Adair 1, Kitty T 2, Bertha B filly 3. Time 1.09¼.

Second race, 5½ furlongs—Syracuse 1, Pericles 2, Rustic 3. Time 1.06¾.

Third race, 1 1-16 miles—Larchmont won, Samaritan 2, Frank Ward 3. Time 1.52¾.

Fourth race, 1 3-16 miles—Prather won, St. Luke 2, Belle d'Or 3. Time 2.05¼.

Fifth race, the steeplechase course—Evangeline, 138 (Phair 3 to 1), won; Mackenzie, 148 (Loudon 4 to 1), and Killarney, 138 (Jenkins 4 to 1), dead heat. Time 3.54¼. Elphin, Schoolmaster and Grey Gown also ran.

Half-mile Dashes at Elizabeth.

ELIZABETH, Nov. 5.—First race, 5 furlongs—Now or Never won, Prince James 2, Meriden 3. Time 1.10¼.

Second race, 6 furlongs—Major Domo won Tipstaff 2, Ballyhoo 3. Time 1.16¼.

Third race, 1 mile—Elyton won, Mabel Glenn 2, Lady Jane colt 3. Time 1.46¼.

Fourth race, 5½ furlongs—Michael won, Stratagem 2, Equity 3. Time 1.10¼.

Fifth race, 1 1-16 miles—Little Jim won, Lynn 2, Count Luna 3. Time 1.52¼.

Sixth race, 5 furlongs—Sinbrook won, Latina 2, St. Patrick 3. Time 1.04.

Seventh race, 5 furlongs—Binnette won, Silent 2, Mohican 3. Time 1.04¼.

Gossip of the Turf.

The Suburban Stakes of the Coney Island Jockey Club will amount to $15,000 next season.

F. G. Watts, the official handicapper on Irish race courses, and well known in English sporting circles, died in Dublin recently.

The Canadian horse Alvin, 2 1-16, will make a season at a service fee of $75, which is the lowest fee ever asked for the services of a stallion with a record of 2.14¼.—N. Y. Sportsman.

Seventy bookmakers did business at Linden Park. Eighty-five applied for stands at the last drawing, but 15 were forced to stand out, because the club limits the number allowed to go on strictly to 70.

For running the mare Laura D. as Laura Dalton in a race at Nashville last week, that mare, her trainer Ben Payne, and her owner D. Logsdon, have been ruled off the turf by the West Side Park Association under the rule covering the fraudulent entry of a horse.

The Hon. August Belmont lost at his Nursery Stud, Lexington, Ky., on Oct. 15, the weaning chestnut filly by Kingfisher, dam imported Princess, by King Tom. As she was a full sister to Prince Royal the loss is a very severe one.

At the Messrs. Tattersall's sale at Newmarket, England, Oct. 8, the bay filly Democracy, by St. Simon, out of Morning Glory, by Silvio, her dam Anemone, by Lord Clifden, was bought by G. Barrett for $9180, which is the highest price ever paid for a weanling in England.

Thus far this season 19 of the get of Electioneer have entered the 2.30 list. They are: Alix B., 2.29¼; Colma, 2.25¼; Conductor, 2.25¼; Coral, 2.23; Fay, 2.25; Lady Nell, 2.25; Laura C., 2.29¼; May King, 2.29; Sulsun, 2.18¼; Susette, 2.25¾; Electricity, 2.24¾ and Alma, 2.28¾. There probably will be many more additions to the list before the close of the season.

The Prince of Wales has been exceedingly unfortunate in his turf speculations this season, and has in fact lost a great deal of money: $4000 went at Goodwood alone; and it is not obscurely hinted that the favor bestowed on Baron de Hirsch has a more substantial consideration than mere friendship for the Jewish Baron.

The wind-up of West Side Park Saturday, says The Inter-Ocean, was significant of the growth of racing in Indianapolis. Years ago the race track was patronized by citizens who took a day off now and then in the limited time allotted to a race meeting. Yesterday there attended the races some 2000 or more persons, many of whom do not miss one racing day in the year. Formerly racing was a recreation, now it is a business.

A Great Swimming Feat.

It is a question whether there has ever been a greater feat recorded in the history of swimming, at least as regards speed, than that of "Joe" Nuttall at Lambeth, Eng., Oct. 16 last, when he made the 1000 Yards Challenge Cup his own property. He was never pressed from start to finish, and though he did not appear to exert himself in the slightest, he beat her previous record by nearly half a minute, and this, too, in the same bath where nearly all the big swimming races have been decided. A short, deep bath gives a swimmer almost as great an advantage as a first-class track does a cyclist. Lambeth Bath, which is 40 yards long, is very shallow, and is generally considered to be one of the slowest in the country.

Fencing.

We just learn that a fencing club is to be again started in Toronto on the plan of the old Toronto Fencing Club, and great interest is centred in the movement, as the benefit of such a club is fully appreciated by all interested in this splendid pastime.

There will, no doubt, be many new participants in this art this year, and we take this opportunity of drawing general attention to the freshly imported stock of French foils, masks, gauntlets, jackets, etc., which Messrs. T. P. Davies & Co., 81 Yonge-street, are offering to those interested.

Duz: From the Diamond.

Foul tips caught should be made strikes by the Joint Committee on rules this fall.

The Preston baseball club of the English League is considered strong enough by Sir John Wood to cross the water to this country and trounce the Yankee clubs. He proposes to bring a club over next season.

If there is not a compromise effected it is almost a sure bet that Cincinnati will have two teams next season—one in the Players' League and another in the National League. Two clubs will mean a loss of a barrel of money for both organizations.—Philadelphia Record.

"Silver" Flint has failed in business and may go back to playing ball again. He says: "About all I have left is the regret that I didn't hold on to my money when I was making it and the satisfaction that comes of the consciousness of having been a good fellow."

The Rochester players only receive half of their salaries for October, as none of the stockholders, excepting General Brinker, would put any more money into the club. He consented to pay them up to Oct. 15 if they signed receipts in full. They did so.

When making your preparations for a big time on Thanksgiving Day don't forget that McDowall carries a complete stock of the best grades of ammunition, from the latest issue of the celebrated Schultz's smokeless down to the cheapest black powder, also loaded cartridges with all sizes of shot at lowest prices. W. McDowall, 81 Yonge-street. 246

"Old Headquarters."

There has been a marked change at "Head quarters" since Mr. Fred Hobson took hold of the rifle business, the entire establishment has been redecorated and finished in handsome oiled woods, with plate-glass electro-reflecting mirror bars, which are without a doubt the most brilliant in Canada. The best brands of liquors and cigars are always kept in stock. F. W. Hobson, proprietor.

Real Estate Men and the Business Tax.

Editor World: I notice that the prominent business men of the city are very busy at the city hall trying to get a business tax in lieu of an assessment of their stock, or, in other words, they are engaged in an unfair, mean attempt to shift their own burden of taxes on to the shoulders of the already scandalously loaded shoulders of the real estate owners. A much better and more manly way of getting out of these heavy taxes would be for some of these successful men to run for aldermen and displace some of the incompetents who are now busy ruining the city with their extravagance and incompetence. I notice Ald. Hallam has a great deal to say on this question of a business tax, as he will be a great gainer if the move is successful. It might occur to him that common decency should induce him to keep quite. JOS. L. THOMPSON.

23 Adelaide-street east.

The First Doctors.

The title of doctor was invented in the twelfth century at the first establishment of the universities. The first person on whom it was conferred was Irnerius, a learned Professor of Law, at the University of Bologna.

William Gordanio was the first person upon whom the title of Doctor of Medicine was bestowed. He received it from the College of Asti, in 1329.

Since that time it has ever been the great aim of all true and honest physicians to relieve pain and suffering.

It is really wonderful when we contemplate the almost miraculous strides that have been made, not only in the treatment of diseases, but in the science of surgery as well.

Our physicians of to-day are highly educated men and with few exceptions are just and honorable. It has been asserted by some that their great life object is money and that the welfare of their patients is only a secondary consideration. This we know from extended experience to be false and libelous; would to heaven that men in other professions were as honorable, noble and tender-hearted.

Physicians, however, like some other mortals, are liable to err; they are not infallible, and at times adhere too rigidly to old doctrines, formulas and remedies which to-day are obsolete and worthless. Physicians too often govern themselves by the opinions of old medical authorities for the treatment of certain diseases, when common sense and good judgment should be their light and guide.

This is especially the case in the treatment of many forms of nervous diseases which are now so prevalent amongst our Canadian people.

Overwork of brain and body, sleeplessness, unrest, dizziness, headache, languor and worry have brought on dreaded and dangerous nerve disorders, and in the cure of these our doctors are working, many of them in vain.

That they are working honestly in the majority of cases with the light they have we will not deny; but alas! they work in the dark and must in nine cases out of ten allow the poor sufferer to go down to the grave.

Other physicians who do not rely upon useless antiquated drugs and medicines are calling to their aid that scientific and wonderful preparation, Paine's Celery Compound, and through its use in their practice are meeting with grand success.

Hundreds of physicians on this continent are daily prescribing it for chronic cases of dyspepsia and indigestion as well as for liver and kidney troubles.

A word to all who suffer from any of the many nervous diseases or who are suffering from imperfect circulation of blood should be sufficient. If your physician does not recommend you Paine's Celery Compound, have the will and the courage to procure it yourself. It is nature's true remedy and has been the great restorer of thousands of poor helpless sufferers in our Dominion. It has never yet failed in its great work of building up broken-down nervous organisms and giving strength, vigor and new life to the whole body.

Your explanation for not insuring now is that you are unmarried. This excuse might be applicable to certain forms of insurance, but whether married or unmarried a compound investment policy in the North American Life Assurance Company is suitable, as it furnishes protection in case of death and an investment on attaining a certain age.

Cod Liver Oil.

This valuable medicine for weak lungs and debility is frequently rendered unavailable by its strong odor and taste. Caswell, Massey & Co's. Emulsion of Cod Liver Oil, with pepsin and quinine, entirely overcomes these objections. See letters from leading physicians. W. A. Dyer & Co., Montreal, and all druggists. ed

Among the pains and aches cured with marvelous rapidity by Dr. Thomas' Eclectric Oil, is earache. The young are specially subject to it, and the desirability of this Oil as a family remedy is enhanced by the fact that it is admirably adapted not only to the above ailment, but also to the hurts, disorders of the bowels, and affections of the throat, to which the young are especially subject.

Imperial Federation

Will present an opportunity to extend the fame of Dr. Fowler's Extract of Wild Strawberry, the unfailing remedy for cholera, cholera morbus, colic, cramps, diarrhœa, dysentery, and all summer complaints to every part of the empire. Wild Strawberry never fails. 246

Mimico having secured the best lands close to Station we now offer splendid level lots for $200, $5 down, and $5 per month with interest. Will double in value in 12 months. McCuaig & Mainwaring, 18 Victoria-street.

Five Years' Imprisonment

is the penalty for perjury. Don't buy Baking Powder unless the party is sworn to by a legal declaration. A recent package of the Borwicke will go as far as 6 cents worth of any other pure powder, a sworn declaration with each package.

Do not delay in getting relief for the little folks. Mother Graves' Worm Exterminator is a pleasant and sure cure. If you love your child why do you let it suffer when a remedy is so near at hand?

What is a Day's Labor?

One day's work for a healthy liver is to secrete three and a half pounds of bile. If the bile secretion be deficient, constipation, ennui, if profuse, biliousness and jaundice arise. Burdock Blood Bitters is the most perfect liver regulator known in medicine for preventing and curing all liver troubles. 246

YONGE-STREET'S NEW PAVEMENT.

Words of Warning from City Engineer Jennings.

Mayor Clarke was in receipt of the following letter yesterday:

"With reference to the paving of Yonge-street I beg to state that as the life of the present pavement from King to Bloor expires next year, and the property owners I understand propose putting down a permanent pavement, it will be necessary to have all the water and gas services made complete on the said street, between the limits mentioned, prior to the laying of the proposed permanent pavement. Mr. Hamilton, superintendent of the waterworks, informs me that to place his system in thorough order he will require to lay a 12-inch main on the side of the said street, between the points above mentioned, and that the cost of this work will be in the neighborhood of $17,000. I would strongly advise that immediate steps be taken to have this work carried out with the least possible delay, that the material refilled in the trench may have sufficient time in which to settle before the permanent pavement operations commence. I have written the Gas Company on this subject."

The Elite Billiard Hall.

Mr. J. H. Saunders, formerly proprietor of the Rossin House billiard room, opens to-day a new billiard room in the Yonge-street market building, corner of Gerrard-street. His new establishment is handsomely decorated, and is fitted with eight new Brunswick-Balke tables, five for billiards and three for pool. The place is newly carpeted and altogether presents a very attractive appearance. The name of the new place is "The Elite Billiard Hall," the name indicating the class of trade to be catered for.

City Hall Small Talk.

The water in the Rosehill reservoir is about five feet two inches, owing to another break in No. 2 engine.

The Executive Committee and Ald. Hallam's special committee on the business tax are called for to-morrow.

Building permits have been granted as follows: Allan Furniture Company for alterations and additions to its warehouse at 5 King-street east, to cost $3000, and to the Hughes estate for alterations to stores at 115 and 117 Queen-street west, to cost $2000.

A Correction from Mr. Goldwin Smith.

Editor World: In your issue of to-day it is stated that I have been investing heavily in mines in the vicinity of Gordon Lake and the Vermilion River. Permit me to say that you have been entirely misinformed. I have not been investing in mines in any of the districts. I am quite at a loss to imagine how such an idea could have got abroad. GOLDWIN SMITH.

Toronto, Nov. 5.

Mining News.

Mining experts note that cholera never attacks the bowels of the earth, but humanity in general find it necessary to use Dr. Fowler's Extract of Wild Strawberry for bowel complaints, dysentery, diarrhœa, etc. It is a sure cure. 246

Call and get a plan, and then go out to Mimico and look at the lots close to Church-street, close to the station, and you will acknowledge they are the finest property offered, and you can buy them now for $200, $5 down and $5 per month with interest. McCuaig & Mainwaring, 18 Victoria-street.

O. E. Comstock, Caledonia, Minn., writes: "I was suffering the most excruciating pain from inflammatory rheumatism. One application of *Dr. Thomas' Eclectric Oil* afforded almost instant relief, and two bottles effected a permanent cure."

Why Pay More?

You can buy a large package of the Borwicke Baking Powder for 20 cents. Purity guaranteed by legally sworn declaration before one of Her Majesty's commissioners.

Through Wagner Vestibule Buffet Sleeping Car Toronto to New York via West Shore Route.

The West Shore through sleeping car leaves Union Station, Toronto, at 4.55 p.m. daily except Sunday, arriving in New York at 10.10 a.m. Returning this car leaves New York at 5 p.m., arriving in Toronto at 10.25 a.m. Sundays leave Toronto at 12.30 p.m., connecting with through car at Hamilton.

Equal Rights.

All have equal rights in life and liberty and the pursuit of happiness, but many are hindered in the race by dyspepsia, biliousness, lack of energy, nervous debility, weakness, constipation, etc.; by completely removing these complaints Burdock Blood Bitters confers untold benefits on all sufferers. 246

If you feel languid and bilious try Northrop & Lyman's Vegetable Discovery and you will find it one of the best preparations for such complaints. Mr. S. R. Maginn, Ethel, used Northrop & Lyman's Vegetable Discovery and cured a severe bilious sick headache which troubled him for a long time.

A Brilliant Reception.

About 400 of the elite of the city honored Sir Alexander and Miss Marjorie Campbell with their presence at the first "at home" of the season at Government House yesterday afternoon. Corlett's band discoursed sweet music. Refreshments were served in the ball-room. The "At Home" was a brilliant success.

The People's Mistake.

People make a sad mistake often with serious cases when they neglect a constipated condition of the bowels. Knowing that Burdock Blood Bitters is an effectual cure at any stage of consumption, does not warrant us in neglecting to use it at the right time. Use it now. 246

Rev. J. B. Huff, Florence, writes: "I have great pleasure in testifying to the good effects which I have experienced from the use of Northrop & Lyman's Vegetable Discovery for Dyspepsia. For several years nearly all kinds of food disagreed with me and often after eating I had very distressing sensations, but from the time I commenced the use of the Vegetable Discovery I obtained relief."

Good Advice.

If you do not want to injure your liver and kidneys don't buy baking powder in bulk. Buy the Princina or Borwicke, both are absolutely pure and as cheap as the bad powders. Purity of the Princina and Borwicke proven by the Dominion Government and legally sworn declaration with each package.

Fever and Ague and Bilious Derangements are positively cured by the use of Parmelee's Pills. They not only cleanse the stomach and bowels from all bilious matter, but they open the excretory vessels, causing them to pour copious effusions from the blood into the bowels, after which the corrupted mass is thrown out by the natural passage of the body. They are used as a general family medicine with the best results.

Timely Wisdom.

Great and timely wisdom is shown by keeping Dr. Fowler's Extract of Wild Strawberry on hand. It has no equal for cholera, cholera morbus, diarrhœa, dysentery, colic, cramps and all summer complaints or looseness of the bowels. 246

No one need fear cholera or any summer complaint if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial ready for use. It corrects all looseness of the bowels promptly and causes a healthy and natural action. This is a medicine adapted for the young and old, rich and poor, and is rapidly becoming the most popular medicine for cholera, dysentery, etc., in the market.

NEW AND SUCCESSFUL BOOKS JUST RECEIVED.

Cæsar's Column—A story of the twentieth century, by Edmund Boisgilbert, M.D. Paper, price 50c. A suitable companion volume to Bellamy's "Looking Backward."

The following brief extracts are samples of what the critics have to say:

"A much more powerful book than Mr. Bellamy has produced."—Kansas City Times.

"To say the least of it, has the merit of startling originality."—Louisville Times.

"Powerful in the extreme. The effect of an honorable purpose is felt in every line."—Pioneer Press.

The Rag Picker of Paris, by Felix Pyat. Paper, price 50 cents. A rival of "Les Miserables."

A Kentucky Colonel, by Opie P. Read. Paper, price 50 cents. "His writings are fresh, sparkling, witty and agreeable." Brick Pomeroy.

A Thoughtless Yes, by Helen H. Gardener. Paper, price 50 cents.

The above books mailed, post free, on receipt of price.

AGAINST ANNEXATION.

Will Swansea Be Absorbed By West Toronto Junction or the City?

At the Queen's Hotel yesterday a conference was held between the people of West Toronto Junction and of Swansea, to see whether the objections of the latter to annexation can be removed. There was a large attendance, including Mayor St. Leger (chairman), Dr. Gilmour, M.L.A., Councillor Bond and Solicitor Going of West Toronto; Ald. Hallam, Saunders, Brandon, Bailey, Irwin, Lennox and Solicitor Caswell of Toronto; Reeve Humberstone and Solicitor J. H. Bull of York township, and Messrs. Worthington, Gemmill, Rennie, Pardoe, Clark, Chapman, Prittie, Boyd, Ellis, Childs and others interested in Swansea property. The Swansea people decidedly objected to coming into the Junction, but ultimately decided to appoint a committee without prejudice to discuss terms. Still the general opinion, as voiced by Messrs. Pardoe and Clark, was that the ultimate end of Swansea will be to become part of Toronto. The city delegates took no part in the discussion.

Fagged Out.—None but those who have become fagged out know what a depressed, miserable feeling it is. All strength is gone, and despondency has taken hold of the sufferers. They feel as though there is nothing to live for. There, however, is a cure—one box of Parmelee's Vegetable Pills will do wonders in restoring health and strength. Mandrake and Dandelion are two of the articles entering into the composition of Parmelee's Pills.

Thrifty Piety.

She: John, do go to church to-day. You haven't been with me for months and it doesn't look very well.

He (looking out of the window and seeing that it rains): All right, my dear. (Continuing to himself): Some one exchanged umbrellas with me yesterday, and if I can't get a good one to-day I'm a sinner.—Boston Post.

Toothache is cured instantly by using Gibbons' Toothache Gum. 246

NOTES FROM OSGOODE HALL.

A West Toronto Junction Case—Court of Appeal—Successful Students.

An interim injunction was granted yesterday, returnable on Friday, in the case of Farquhar v. West Toronto Junction restraining the defendants from removing gravel from a street in front of the plaintiff's property.

Owing to the absence of the rota judges and the impossibility of obtaining the services of an ad hoc judge, the Court of Appeal will not sit for the hearing of appeals on the 11th inst. as announced, nor during the ensuing week of election trials.

The following gentlemen have passed the first intermediate law examination:

W. Hoskin, A. E. Shaunessy, J. E. Day, J. M. Pike, J. A. Fish and F. C. Cook equal, H. T. Lyon, Alex. Cowan, H. J. McParlaine, F. C. Kerby, H. M. McConnell, C. G. Powell, J. B. Quintin and G. S. Henderson equal, F. W. Hall, without an oral, and E. McMartin, C. F. Gillan, H. W. Mowat and J. J. Coughlin with an oral.

A Change in Rates.

This notice was received by Secretary Wills of the Board of Trade yesterday:

On and after date the following rates will apply on grain in carloads, minimum 24,000 lbs., to Montreal for export, exclusive of all terminals:

	Per 100 lbs.
Toronto to Collins' Bay, inclusive Midland division main line Agincourt to Peterboro, Madoc and Belleville inclusive, points south of Midland, main line to Whitby and Port Hope inclusive	12½c
North Bloomfield Junction to Coboconk and Orillia inclusive, Mount Albert to Sutton inclusive, Lindsay to Lorneville Junction inclusive, and Hall's to Haliburton inclusive	14c
North of Orillia to Midland and Gravenhurst inclusive	16c
North of Gravenhurst to Callander inclusive	18c

Good until Nov. 21, 1890.

A. WHITE, District General Freight Agent.

A Favorable Outlook.

The long list of announcements made in this issue by Williamson & Co., the King-street publishers, is evidence that Canada is progressing in literature as well as in the more material line. Such works as Professor Campbell's "Hittites," Miss Duncan's "Trip Round the World," Mr. Lampman's "Among the Millet" and Professor Roberts' new translation will make for themselves places amongst the world of writers. The same house reports an unusual number of valuable works now offering for publication, and of these we shall take occasion to speak later on.

Nearly all infants are more or less subject to diarrhœa and such complaints while teething, and at this period of their lives the most critical, mothers should not be without a bottle of Dr. J. D. Kellogg's Dysentery Cordial. This medicine is a specific for such complaints and is highly esteemed by those who have used it. The proprietors claim it will cure any case of cholera or summer complaint.

NASAL BALM

NEVER FAILS

Is a certain and speedy cure for Cold in the Head and Catarrh in all its stages.

SOOTHING, CLEANSING, HEALING.

Instant Relief, Permanent Cure, Failure Impossible.

Many so-called diseases are simply symptoms of Catarrh, such as headache, partial deafness, losing sense of smell, foul breath, hawking and spitting, nausea, general feeling of debility, etc. If you are troubled with any of these or kindred symptoms your have Catarrh, and should lose no time in procuring a bottle of Nasal Balm. Be warned in time, neglected cold in head results in Catarrh, followed by consumption and death. Nasal Balm is sold by all druggists, or will be sent, post paid, on receipt of price (50 cents and $1.00) by addressing

FULFORD & CO.,
Brockville, Ont.
