ELECTRIC CARS OVER THE DON.

Local Manager Wragge Speaks With Respect to the Delay.

Local Manager Wragge of the G.T.R. was seen with reference to the delay that the Toronto Railway Company is experiencing in crossing the Grand Trunk tracks east of the Don.

Mr. Wragge stated that when the Toronto Railway Company commenced stringing its wire along Queen-street east that company was told that it would be necessary for it to apply to the Railway Committee of the Privy Council under the provisions of the Railway Act for permission to cross, as it would be illegal for it to run electric cars across without having first obtained permission to do so. He continued:

"This must have been some time in October or November last, when Mr. Bell and I had several interviews with Mr. Everett and Mr. Grace about the matter. Since then the Street Railway has run occasionally an electric street sweeper in Queen-street east, and at that time I wrote to Mr. Grace, under date of Feb. 23, telling him that the Grand Trunk not wishing to be unneighborly did not stop its being run, but that this concession must not be taken as waiving the necessity for an order from the Railway Committee of the Privy Council.

"You see," said Mr. Wragge, "we have given the Toronto Railway Company ample time to make the necessary application for authority to run electric cars, and if there is any delay when the company is ready to run cars it certainly does not rest with the Grand Trunk.

"The Railway Act passed in '92, since the operation of electric lines, has laid down precisely the precautions and regulations necessary at the crossings of steam railroads with one another or with an electric road.

"When the Davenport-road obtained permission to cross the railway tracks had to provide gates and interlocking signals. East of the Don there were no such guards and we are simply acting for the safety of the public in requiring the Toronto Railway Company to make the proper application to the Railway Committee of the Privy Council."

MANY FUNERALS YESTERDAY.

Mrs. Alexander Mackenzie, Miss Dick, Messrs. John Shuter and John Farley.

The remains of John Farley, 43 Lowther-avenue, were interred in St. James' Cemetery yesterday afternoon in the presence of hundreds of Orangemen, who had gathered to render their last homage to one who had ever been one of the most enthusiastic supporters of the principles of the order.

Rev. J. P. Lewis, rector of Grace Church, of which the deceased was a member, conducted services at the house and the pallbearers were Ald. Bell and Martin Gill, representing the Royal Black Preceptory Knights of Ireland; George E. Hill and William Fitzgerald of the True Blues, and Frank Somers and Ex-Ald. Adamson from L.O.L. No. 140. Large delegations from these orders also attended clad in full regalia.

The floral offerings at the funeral of the late Miss Agnes Dick of the Queen's Hotel yesterday were very numerous. Mr. McGaw's family sent a large floral pillow, the office staff of the Queen's an anchor, and there were many beautiful specimens from friends of the deceased. The services were conducted by Rev. Dr. Parsons of Knox and Rev. Mr. Broughall of St. Stephen's, and the pall-bearers were Messrs. William Cooke, T. A. Crane, Henry Totten, J. S. Blaikie, W. Mortimer Clark, and John Leys.

Rev. Dr. Thomas conducted religious services at the late residence of Mrs. Alexander Mackenzie, 82 St. Alban's-street, yesterday, after which the remains of the deceased were taken to the Union Station en route to Sarnia. The pallbearers were: Sir Oliver Mowat, William Buckingham (Stratford), Robert Jaffray, Thomas Hodgins, Q.C.; Major Greig, J. L. Blaikie and Mortimer Clark, Q.C.

The funeral of Mr. Joseph Shuter, after whom Shuter-street was named, took place from 507 King-street east to St. James' Cemetery yesterday. Rev. Canon Sanson conducted the services.

Our Parks.

Editor World: The time is now at hand when many of our citizens will decide where their families will spend the summer. We have a number of fine parks within an hour or two's sail from our docks, yet what a few avail themselves of these near-at-hand resorts! I believe the sole reason is on account of the poor hotel accommodation and the unbusiness-like way in which they are conducted. Our friends across the line know their business, and as a result get a large amount of our money that should remain at home. In conclusion allow me to give the Lorne Park Company credit for the very able manner in which their resort was managed last season. May they continue to give the public value for their money and thereby have the good-will and patronage of our pleasure-seekers. Caput est in omni negotiis, nosse quid agendum sit.

PLEASURE-SEEKER.

Parkdale Real Estate.

Mr. Turnbull of the Standard woolen mills has purchased No. 187 Jameson-avenue, a fine brick house, for $7000 cash.

Mr. George Hallen of Oakville has bought the residence, 62 Melbourne-avenue, for $3000 cash.

No. 1435 King-street west has been bought by Capt. Ewart of Rosedale.

Mr. Glendon of the Dominion Piano Co. has purchased 136 Close-avenue. The above sales were put through by Mr. Edwards during the past couple of weeks.

Mr. A. W. Dodd has had an offer of $17,000 for his property on the corner of King and Close-streets.

Liederkranz Ball.

The concert and ball held in Liederkranz Hall last evening was largely attended. Selections were rendered by the Liederkranz chorus, Misses Weihnacht and Yuhr, Frau Ahner, Frau Vogt, and Messrs. M. Klee, A. G. Glick, Herrman, Levan, Wehrle and Poehl. Subsequently several hours were spent in dancing.

Differences of Opinion

Regarding the popular internal and external remedy, Dr. Thomas' Eclectric Oil, donot, so far as known, exist. The testimony is positive and concurrent that the article relieves physical pain, cures lameness, checks a cough, is an excellent remedy for pains and rheumatic complaints and it has no nauseating or other unpleasant effect when taken internally.

Drowned in Florida.

Mr. James Duffy, G.T.R. baggagemaster, received a despatch yesterday stating that his son, Frederick, who left Toronto a short time ago to take charge of the freight department of the J., T. & K. Railway, had been drowned while boating at Jacksonville, Florida. Deceased was 24 years of age. The remains will be interred at Jacksonville.

Hard and soft corns cannot withstand Holloway's Corn Cure; it is effectual every time. Get a bottle at once and be happy.

The Ministerial Association.

At the meeting of the Toronto Ministerial Association yesterday, Prof. Thomson of Knox College read a paper on "Canon Driver's Introduction to the Old Testament." April 23 was selected as pulpit exchange day, 78 churches being included in the exchange. Rev. Drs. Brooks, McGregor and Inwood, three prominent British divines, will visit Toronto and preach sermons the same day.

TO TEACH ITALIANS ENGLISH.

A Room in Elizabeth-street School to be Used For That Purpose.

The Finance Committee of the P.S. Board met yesterday afternoon, with Messrs. Brown, Hambly, Weston, Douglas and W.D. Macpherson present and decided to place $5000 insurance on Shirley-avenue school.

A copy of estimates amounting to $441,985 was submitted and ordered to be forwarded on to the council.

The secretary was authorized to write to the City Council asking for a grant of $500 to aid in the celebration of Dominion Day.

A letter was received from W. B. McMurrich, Q.C., asking for $68 for witness fees in the case of Gee against Public School Board.

The recommendation of the Property Committee that the use of a room in the Elizabeth-street school be given two nights a week for a school for teaching foreigners English was passed.

Von Humboldt Englehart a New Man.

Mr. Englehart of Yonge-street is up at Preston. He writes to a friend here: "Krankness (sic) brought me to Preston, whither I came disgusted with Toronto. It was a great relief to me to find The World in both the hotels here. That paper should say something good of this place. The water is the finest in the world, and people afraid of cholera should come here to avoid the filthy water of the Toronto bay and the dangerous trolley car. Messrs. Walder and Kress have made a young man of me."

"German Syrup"

Asthma. "I have been a great sufferer from Asthma and severe Colds every Winter, and last Fall my friends as well as myself thought because of my feeble condition, and great distress from constant coughing, and inability to raise any of the accumulated matter from my lungs, that my time was close at hand. When nearly worn out for want of sleep and rest, a friend recommended me to try thy valuable medicine, Boschee's German Syrup. I am confident it saved my life. Almost the first dose gave me great relief and a gentle refreshing sleep, such as I had not had for weeks. My cough began immediately to loosen and pass away, and I found myself rapidly gaining in health and weight. I am pleased to inform thee—unsolicited—that I am in excellent health and do certainly attribute it to thy Boschee's German Syrup. C. B. STICKNEY, Picton, Ontario."

Gentle, Refreshing Sleep.

WONDER IN WELLAND!

A Representative Farmer Speaks.

MR. C. C. HAUN.

The following remarkable facts are fully certified to as being undeniably correct in every particular. Mr. Haun is well known in the vicinity, having resided here over fifty years, and is highly respected as a man of the strictest honor, whose word is as good as his bond.

As will be seen from his letter, four physicians had attended him, and it was only after he had given up hope of cure that he decided to try Burdock Blood Bitters on the recommendation of a neighbor who had been cured of a similar disease by its use. Mr. Haun writes as follows:

DEAR SIRS,—I think I have been one of the worst sufferers you have yet heard of, having been six years in the hands of four of our best doctors without obtaining permanent relief, but continually growing worse, until almost beyond hope of recovery, I tried your Bitters and got relief in a few days. Every organ of my body was deranged, the liver enlarged, hardened and torpid, the heart and digestive organs seriously deranged, a large abscess in my back, followed by paralysis of the right leg, in fact the lower half of my body was entirely useless. After using Burdock Blood Bitters for a few days the abscess burst, discharging fully five quarts of pus in two hours. I felt as if I had received a shock from a powerful battery. My recovery after this was steady and the cure permanent, seeing that for the four years since I have had as good health as ever I had. I still take an occasional bottle, not that I need it but because I wish to keep my system in perfect working order. I can think of no more remarkable case than what I have myself passed through, and no words can express my thankfulness for such perfect recovery.

C. C. HAUN,
Welland P.O.

In this connection the following letter from T. Cumines, Esq., a leading druggist of Welland, Ont., speaks for itself:

Messrs. T. Milburn & Co., Toronto.

GENTLEMEN,—I have been personally acquainted with Mr. C. C. Haun for the last 20 years, and have always found him a very reliable man. You may place the utmost confidence in anything he says with regard to your medicine. He has on many occasions within the last four years told me that it was marvellous the way the Burdock Blood Bitters had cured him, and that he now felt as able to do a day's work as he ever felt in his life. Although quite well he still takes some B. B. B. occasionally, as he says, to keep him in perfect health.

Yours truly,
THOMAS CUMINES,
Welland, Ont.

The steadily increasing sale of B. B. B., the length of time it has been before the people, and the fact that it cures to stay cured, attest the sterling merit of this monarch of medicines, the people's favorite blood purifier, tonic and regulator.

TIPS FROM WALL-STREET.

John J. Dixon & Co. received the following despatch over their private wire from H. Allen & Co. to-day:

NEW YORK, April 3.—Sentiment in the street has suddenly and enthusiastically become bullish. All the traders are buying and booming. The World's Fair and spring weather are the inspirations.

Underlying facts have not changed and in time are sure to bring a lower market, but for the moment the bull sentiment is well defined and aggressive. The western railroads and some of the Industrials have become favorites. Pools are at work in many stocks. Chicago Gas, Sugar and other easily manipulated stocks are being lifted, and as long as the present buying fever is not interfered with by more important and depressing developments the tendency is likely to be towards strength in the general market.

GOSSIP FROM CHICAGO.

John J. Dixon & Co. received the following dispatch over their private wire from Walker & Co. to-day:

CHICAGO, April 3.—Receipts of hogs were about as estimated, but prices were again lower. Provisions opened weak and lower. The nervous and unsettled feeling noticeable at the close of Saturday was continued this morning, and considerable long stuff was on the market. Very soon, however, it became evident that brokers had liberal buying orders for pork and lard, and these purchases caused rapid advance. The few realizing sales by scalpers were bought early caused a downward reaction, from which the market did not recover. Armour was a moderate seller of pork the latter part of the session. The close was very weak, bulls giving market no support, but there was selling and some buying of September lard. Wheat early was easy, with light trade. Spring-like weather locally was the bear argument for the local crowd, and they jumped on it right from the start and got big enough short interest out to bulge market up half cent towards the close of rumor that Illinois State crop was bullish. Report is average 70c against 81c year ago, and that about 25 per cent. is totally destroyed. Kansas is still suffering for want of rain. The clique brokers held May and bought liberally, it closes at about top. The July option don't break much, but on other hand bulls easily. No foreign markets to-day, holiday. Visible decreased, white year ago increased. Corn bluffed towards the close, shorts doing the buying; the big local traders were the sellers. Receipts continue very light.

JOHN STARK & CO

R. Cochran received the following from Kennett, Hopkins & Co. to-day:

CHICAGO, April 3.—Wheat—The influential factor to-day has been bad crop reports. They come from Michigan, Indiana, Kentucky, Illinois, Missouri, Kansas and Nebraska. Many of them come from reliable sources and are entitled to credit. It is reported that Illinois State report will show a condition of 70c against 81c last year. The secretary of the Michigan State Board of Agriculture says his correspondence indicates material changes in that state. The drought remains unbroken and is getting serious, not only in Kansas, but in other sections. It looks as if the Government report to be issued a week from to-day would be a bad one and it would be imprudent to be short of wheat. The May deal is getting active again and sharp bulges in that future may be looked for from time to time. Corn and oats have fluctuated within a narrow range but sympathize with wheat moderately. They are low enough to suggest the propriety of taking profits on the short side, and it would seem safe to buy for investment on the little breaks. Provisions—Weak and depressed. The long lines which have been held for months in anticipation of famine prices are liquidating. On any further material decline they will probably be found a purchase for a time. Stocks are small and do not increase in spite of reduced consumption.

Grain and Produce.

Wheat—As to-day was observed as a holiday in England there were no cable quotations on grain and the local market was quiet. Red and white wheat were quoted from 65c to 66c north and west, but very little business is being done. Spring is quoted at 61c and goose at 60c. Manitobas are dull and weak.

Rye—Held at 55c east.

Peas—Steady and unchanged at from 56½c to 57c outside.

Oats—Steady, mixed and white selling west at 30c.

Barley—Listless; demand very light and confined almost entirely to feed stuff. No. 1 is quoted at 44c, No. 2 at 40c and No. 3 extra at 37c.

Buckwheat—Odd cars selling at 50c outside.

Bran—Easy, selling Toronto freights at $14 and on track at $15 per ton.

Shorts—Steady, selling Toronto freights at $16 a ton.

Flour—Rather more demand, with prices higher. Sales were made on the basis of $3.20 for straight roller, Toronto freights.

Kootenay.

The name is the synonym of success in mining. Investors should call at the Kootenay office, Board of Trade Building, and see British Columbia papers for everyday news from the mines. Office open all day, abundance of reliable information about this remarkable mining district. The shrewdest financiers are buying stock, which will be worth double in a few months from present indications. Call and examine ores, maps, papers, reports, etc. 245
