The Toronto Railway Company Stuck for Damages—An Important Claim Against the I.O.O.F.—To-Day's Lists.

The Chancellor yesterday decided that the Toronto Railway Company must pay the whole amount of Mrs. McDougal's judgment against the city for $1700 damages for her injuries. She stepped off a car in Bloor-street into a hole in the street. He finds that the hole was made by the railway men and kept open for 16 days and that though a barrier was erected that the company must pay because they took the car past it and allowed the plaintiff to get out. He gives no costs.

DIVISIONAL COURT.

In the Divisional Court in Gillard v. I.O.O.F. the question was raised as to what constituted "good standing" of a member. Thomas H. Gillard, deceased, late Collector of Customs at Wallaceburg, was an Oddfellow, and his widow claims to be entitled to $150 under the order's rules and to $50 for funeral expenses. On the 9th May Mr. Gillard was taken seriously ill, on the 10th May his quarterly dues in arrear were paid, and he died on the 16th May. The widow claimed that the non-payment of dues prevented her husband from obtaining only certain sick benefits in his lifetime, and did not affect her rights or funeral benefits after his death, because the dues were paid in his lifetime. The case is a very important one to all Oddfellows ,and no doubt the language of their rules will be made more explicit in future. So far the widow has the judgment of Judge Bell of Chatham in her favor, from whose decision the present appeal is taken.

COURT OF APPEAL.

Language is used to conceal thought, it has been said, and the Court of Appeal in McCrea v. Millican was occupied yesterday in preparing to decide what the late Alexander McCrea meant when he said in his will, after devising his property to his wife to her own proper use and benefit, etc., etc., "confiding in her so to act and to distribute the same among my children as in the sight of God." It was contended that a precatory trust was created. The argument will be continued to-day.

TO-DAY'S LIST.

Single Judge at 11 a.m.: Coult v. Finch, Re Solicitor, Thibadeau v. Nicholson, Mags v. Moore.

Non-jury sittings: No sittings to-day. List for Friday at 10 a.m.: Lunness v. Toronto, Scottish American Investment Co. v. Walsh, Bank of Hamilton v. Barker, Bank of Hamilton v. Dyke.

Divisional Court at 11 a.m.: Gillard v. Oddfellows (to be concluded), Hodgson v. Vipond, Ireland v. Muir, Faulkner v. Clifford, Moore v. Stratton, Wilson v. Manes.

Court of Appeal at 11 a.m.: McCrea v. Millican (to be concluded), Johnston v. Catholic Mutual Benefit Association, Winn v. Milton, Young v. Ward.

The following cases will be taken in the order named by the Divisional Court of Court of Appeal, commencing September 21. If any of these cases are not ready solicitors are requested to notify the Senior Registrar of High Court at once. Four cases are to be put on the peremptory list each day. Anderson v. Warren, Badams v. Toronto, Small v. Thompson, Curtin v. Toronto Railway Co., Dance v. Morrison, Leak v. Lennox, McKibbon v. Williams, Hardy v. Neff, Preston v. Miller, Stephens v. Molsons Bank, Martin v. Sampson, Holmes v. Bready, Laughlin v. Harvey, Williams v. Ferris, Stephens v. Moore.

A Word for Halifax.

Editor World: Why not boom Halifax and Halifax only for the port of the contemplated Canadian and Great Britain line of ocean steamers? Halifax is the best harbor on the Atlantic coast, accessible at all seasons, with water to float ships of 30 feet draught on any tide. The Imperial Government have a perfect signal system in operation between York Redoubt and the Citadel. The G. T. R. can obtain from our own Canadian railroad, the Intercolonial, as favorable running arrangements as the C. P. R. now have. Then we will give our own railroad a paying traffic for all time. The people of Nova Scotia, New Brunswick, Ontario and all the great western provinces will be best served by making Halifax the port all the year.

Give Montreal the go-by. What on earth have we got to be tied down to and by Quebec forever! This is a good thing—push it along.

Methodist Superannuation Fund.

The Superannuation Fund of the Methodist Church had an income this year of $93,000, which was paid out to 230 ministers and 170 widows. In no previous year has so much money been paid into the fund, nevertheless the annuitants have been discounted 6 per cent. because of the extraordinary number of ministers that have been superannuated during the last two or three years. The invested capital of this fund has now grown to be $222,500.

TIPS FROM WALL-STREET.

The market closed heavy to-day, with money at 5 to 6 per cent.

The most active stocks to-day were: Sugar 58,000 shares, St. Paul 27,800, R. I. 4700, W. U. 4100, J. C. 1100, Reading, 4300, Burlington 22,300 C. Gas 5800, Manhattan 7500, T.C.I. 2100, Tobacco 12,800, Wheeling 2300, Leather pref., 2500.

McIntyre & Wardwell (John J. Dixon) send the following despatch to their branch office in Toronto: Rumors of trouble at Constantinople and probable advance in Bank of England rate to-morrow induced further aggressive selling by the bear party to-day. The market showed little resistance to the attack. Sugar broke over 2 per cent., and it was taken by the traders as indicating the attitude of large speculative interests. Gas also broke nearly 2 per cent., and American Tobacco went off 1 per cent. The standard railway shares lost 1 per cent. and over. Money worked higher to-day, and loaned up to 8 per cent. There is considerable demand on the banks here from the west and south. About one million gold was engaged to-day in London for shipment to this country by Kidder, Peabody & Co. Foreign exchange is dull at $4.83¾ to $4.84. The advance in the sterling rates at Paris is supposed to indicate withdrawals of gold from that city for shipment to this country. Mr. Cammack was credited with having been a considerable seller of stocks this afternoon. Moore & Schley were also active on the bear side. Just before 3 o'clock there was a slight rally, but the tone of the market at the close was heavy.

CHICAGO GOSSIP.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago:

Wheat had a firm tone to-day, prices advancing a cent over last night. One thing noticeable was that the leading bears have not been aggressive sellers to-day. They are evidently satisfied that the situation is too bullish to take very large risks on that side. Minneapolis reports unusually large demand for cash wheat by millers and elevator people. The Russian exportable surplus is 10 per cent. short of last year. Letter received this morning from Arvilla, N.D., says: "Threshing is turning out 5 bushels per acre, while last year it turned out 25 bushels." The heavy receipts is the only factor in the way of higher prices, 932 cars being reported to-day, against 1092 cars same day last year. Cables fairly firm and closed steady.

Corn and oats were dull to-day, while provisions crept up a little as has been their custom for several days past. Packers bought pork and ribs. Domestic markets reported a shade firmer.

McIntyre & Wardwell (John J. Dixon) send the following despatch to their branch office in Toronto:

The market opened very quiet and dull owing to the unchanged condition of cables and absence of any special buying. Bears started working vigorously, and for a time the market looked very weak and heavy, but late cables were higher and outside markets began to improve wonderfully and started a regular buying fever here, which resulted in an advance of 1 cent, and gave us a strong market. North-west receipts 932 cars, against 1092 last year, and advices from that section are to the effect that the rush probably caused by tight money conditions is about over, and much lighter receipts are expected. There was taken here for shipment 187,000 bushels and New York reported 10 loads taken there, although the advance checked business to some extent. The strength of cable news and condition of outside markets, especially St. Louis and the Northwest, is indicative of the situation, and will in all probability start speculation, which must result in higher prices.

Corn—The market opened easy at a small decline in sympathy with wheat, but in corn there was more pressure to sell, due to reports of increased country offerings and to the fact that some receiving houses were getting more acceptances on their bids made last night. For a time corn refused to show any sympathy with the strong wheat market, but finally reacted ¼c to ⅝c and closed steady at the advance. The opinion of the local trade is quite general that we will have a more liberal movement from the country, and consequently the feeling continues bearish. There is an excellent cash demand from eastern points and charters were made for 240,000 bushels.

Provisions—The market ruled dull but strong all day, without material change in prices. Armour bought October lard against cash sales to the Continent. Cudahy Packing Co. bought January pork and sold January ribs. Hogs are 10c lower at the close, and the strength in wheat prevented any decline in provisions. Market closes steady.

GOLD!
In the new Seine River district, near the Foley properties and other working mines, free-milling and richer than any at Rossland, I will sell away down (wanting sufficient capital to develop) a small share or the controlling interest in a location showing, as per expert's report, "a very fair quantity of gold even on the very surface," with a probability of "numerous other veins" as yet unexposed. This is a purchase. Title, Crown deed. Call or write for proof and particulars.
