LIGHTNING HITS FOUR SECTIONMEN

Two Killed Instantly, a Third Dies of Injuries, and the Fourth Badly Hurt.

Toronto, May 14. — Word was received today that at Callender station on Saturday a bolt of lightning instantly killed two sectionmen; that another has since died of injuries received, and that still another is in a dangerous condition. One story is to the effect that the men ran to take shelter in a lumber yard when the storm began, and were struck just as they reached the yard. Another report says they were carrying a rail along the tracks when the lightning struck them. The dead men were Italians.

TORN TO BITS BY ASSASSIN'S BOMB

Warsaw Riot Ends After Four Persons Are Killed and Nineteen Wounded.

Warsaw, May 15. — While Police Captain Constantinoff was standing in Marszalkowska street this evening, with two policemen and four soldiers, a young man threw a bomb into the group.

The explosion of the bomb literally tore Capt. Constantinoff to pieces and severely wounded a policeman and six other persons. The assassin tried to escape and firing his revolver, wounded a soldier.

The other soldiers replied with a volley killing the assassin and two other persons. The soldiers then attacked the people who had gathered, with their bayonets and the butts of their guns, wounding 11 persons, making a total of 4 killed and 9 wounded.

The Terrorists have sought Capt. Constantinoff's life since May Day of last year, when he ordered the soldiers to fire on a procession of Socialists, causing the death of 30 per sons.

GREAT THINGS FROM LITTLE CAUSES GROW.—It takes very little to derange the stomach. The cause may be slight, a cold, something eaten or drunk, anxiety, worry or some other simple cause. But if precautions be not taken, this simple cause may have most serious consequences. Many a chronically debilitated constitution today owes its destruction to simple causes not dealt with in time. Keep the digestive apparatus in healthy condition, and all will be well. Parmelee's Vegetable Pills are better than any other for the purpose.

Many of the 1,500 Russian students in Paris are said to be starving owing to the stoppage of the remittances which they have been accustomed to receive from their relatives at home. Most of them have been receiving $15 a month, but many have lived on as little as $10.

"MAN IS FILLED WITH MISERY."—This is not true of all men. The well, sound of lung, clear of eye, alert and buoyant with health, are not miserable, whatever may be their social condition. To be well is to be happy, and we can all be well by getting and keeping our bodies in a healthful state. Dr. Thomas' Eclectric Oil will help all to do this.

A scientist says that when people were cave-dwellers their diet consisted entirely of roots and fruits and that it is not unnatural to suppose that the food was often stored away. In course of time the fruit fermented, the sugar in it was turned into pure alcohol and the cave-dwellers drank it and got to like it. This was the beginning of the use of alcohol.

THERE IS NOTHING equal to Mother Graves' Worm Exterminator for destroying worms. No article of its kind has given such satisfaction.

Charged with allowing some of his sheep to stray, an English farmer sent a blank check to the magistrate, with a note reading: "Kindly write out your requirements and oblige." The court filled out the check for a small fine and the case was ended.

LIGHTNING HITS FOUR SECTIONMEN

Two Killed Instantly, a Third Dies of Injuries, and the Fourth Badly Hurt.

Toronto, May 14. — Word was received today that at Callender station on Saturday a bolt of lightning instantly killed two sectionmen; that another has since died of injuries received, and that still another is in a dangerous condition. One story is to the effect that the men ran to take shelter in a lumber yard when the storm began, and were struck just as they reached the yard. Another report says they were carrying a rail along the tracks when the lightning struck them. The dead men were Italians.

TORN TO BITS BY ASSASSIN'S BOMB

Warsaw Riot Ends After Four Persons Are Killed and Nineteen Wounded.

Warsaw, May 15. — While Police Captain Constantinoff was standing in Marszalkowska street this evening, with two policemen and four soldiers, a young man threw a bomb into the group.

The explosion of the bomb literally tore Capt. Constantinoff to pieces and severely wounded a policeman and six other persons. The assassin tried to escape and firing his revolver, wounded a soldier.

The other soldiers replied with a volley killing the assassin and two other persons. The soldiers then attacked the people who had gathered, with their bayonets and the butts of their guns, wounding 11 persons, making a total of 4 killed and 9 wounded.

The Terrorists have sought Capt. Constantinoff's life since May Day of last year, when he ordered the soldiers to fire on a procession of Socialists, causing the death of 30 per sons.

GREAT THINGS FROM LITTLE CAUSES GROW.—It takes very little to derange the stomach. The cause may be slight, a cold, something eaten or drunk, anxiety, worry or some other simple cause. But if precautions be not taken, this simple cause may have most serious consequences. Many a chronically debilitated constitution today owes its destruction to simple causes not dealt with in time. Keep the digestive apparatus in healthy condition, and all will be well. Parmelee's Vegetable Pills are better than any other for the purpose.

Many of the 1,500 Russian students in Paris are said to be starving owing to the stoppage of the remittances which they have been accustomed to receive from their relatives at home. Most of them have been receiving $15 a month, but many have lived on as little as $10.

"MAN IS FILLED WITH MISERY."—This is not true of all men. The well, sound of lung, clear of eye, alert and buoyant with health, are not miserable, whatever may be their social condition. To be well is to be happy, and we can all be well by getting and keeping our bodies in a healthful state. Dr. Thomas' Eclectric Oil will help all to do this.

A scientist says that when people were cave-dwellers their diet consisted entirely of roots and fruits and that it is not unnatural to suppose that the food was often stored away. In course of time the fruit fermented, the sugar in it was turned into pure alcohol and the cave-dwellers drank it and got to like it. This was the beginning of the use of alcohol.

THERE IS NOTHING equal to Mother Graves' Worm Exterminator for destroying worms. No article of its kind has given such satisfaction.

Charged with allowing some of his sheep to stray, an English farmer sent a blank check to the magistrate, with a note reading: "Kindly write out your requirements and oblige." The court filled out the check for a small fine and the case was ended.
