A CORNWALL MIRACLE.

AN AFFLICTED FAMILY RESTORED TO HEALTH.

Only One of Many Similar Cases—How the Restoration To Health Was Brought About—A Plain Recital of Facts.

[From The Cornwall Standard.]

There is no longer reason to seek far for proof of the miraculous cures effected by the use of Dr. Williams' Pink Pills. We have heard of numerous marvelous cures following the use of this wonderful medicine, and have been successful in obtaining the facts for publication in one of them. Mr. Andrew Bowen, an employe of the Canada Cotton Mill, was taken ill about three years ago, and compelled to give up his position and cease work entirely. He was suffering from rheumatism, which was followed by a complication of diseases, and in a few months became a helpless cripple. His wife became thoroughly worn out through waiting on him, and in a short time also became an invalid, and their plight was most pitiable indeed. They secured the best medical advice within their reach, spending a large amount of money in medicines which failed to give them any permanent relief. This went on for nearly three years and during that period they suffered untold agonies.

The above is summarized from the statements made by Mr. and Mrs. Bowen to The Standard representative. We will give the remainder of the story in Mr. Bowen's own words. He said: "We were both terribly run down and completely discouraged at seeing dollar after dollar go for medicine that did not seem to do us any good. We had about given up all hope of ever getting well again, when my attention was called to a wonderful cure effected by Dr. Williams' Pink Pills. I had nearly lost all faith in medicines, and had made up my mind that my wife and myself were past human aid and would have to endure our suffering.

"We were repeatedly urged by friends to try the Pink Pills, and at last consented. After taking a couple of boxes we did not see any noticeable benefit and were about to give them up, but were urged to persevere with them and did so. When my wife had taken the fifth box she began to feel a decided improvement in her health and I decided to keep on taking them. The seventh box marked the turning point in my case, and I have continued to improve ever since, and to-day, as you see, we are both enjoying excellent health, almost as good as we ever did. Many times I have thought we would never have been well again and I cannot tell you how glad I am that we tried Dr. Williams' great medicine. I am now able to do a good day's work without feeling the least bit tired, and my wife can perform her household duties without an effort. I consider that I have received hundreds of dollars value for the few dollars I spent on Pink Pills. We always keep them in the house now, although we do not need to use them, but think it safer to have them on hand in case they should be required."

Dr. Williams' Pink Pills are a specific for all diseases arising from an impoverished condition of the blood or a shattered condition of the nervous forces, such as St. Vitus dance, locomotor ataxia, rheumatism, paralysis, sciatica, the after effects of la grippe, loss of appetite, headache, dizziness, chronic erysipelas, scrofula, etc. They are also a specific for the troubles peculiar to the female system, correcting irregularities, suppressions and all forms of female weakness, building anew the blood and restoring the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of any nature.

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper (printed in red ink), and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N.Y., at 50 cents a box, or six boxes for $2.50.

BOARD OF TRADE NOTES.

The Nomination of Thirty Members For the New Arbitration Board.

The Council of the Board of Trade met yesterday afternoon. Thirty gentlemen were nominated to act on the new Arbitration Board, and as soon as consent is given 25 of these will be elected at a general meeting of the board.

A petition is to be sent to the Government urging the necessity of holding an exhibition in the city in 1895 under the auspices of the Toronto Industrial Exposition.

A communication will be forwarded to Ottawa calling the attention of the Government to the necessity of a fast trans-Atlantic service.

The following gentlemen were elected members of the board subject to the approval of the Gratuity Fund trustees: Messrs. James Lorne Campbell, James P. Northey and J. T. Johnston, Toronto; Daniel Hibner, Dilman B. Shantz, Berlin, and Henry S. Moore, Norwich.

Music At the Point.

The Toronto Ferry Co. have engaged the Grenadiers' Band, under Bandmaster Waldron, to play the following programs, weather permitting, at Hanlan's Point this afternoon and evening:

AFTERNOON.

March...Under the Double Eagle...Wagner

Selection..Reminiscences of Bellini..Godfrey
Polka.....Country Ramble.....Bucalossi
Overture.....Zampa.....Herold
Selection.....American Airs.....Beyer
Schottische..As the Days Grow Longer..——
Selection.....Scotch Airs.....Godfrey

Free Library Board.

Mr. Miles Vokes presided at yesterday's meeting of the Public Library Board. The members present were Messrs. A. R. Boswell, H. T. Kelly, James Kerr, W. D. McPherson, C. J. McCabe and John Taylor. The Library Committee was authorized to purchase 225 new books at an estimated cost of $360.

An offer from the Incandescent Electric Light Company to supply the current for all the lamps now in use for the sum of $800 per annum, in lieu of the meter rate as at present, was accepted. The cost last year was $1014.

The winter reading room for the unemployed will be prepared for the ensuing winter by extensive alterations and repairs.

Bicyclists! Don't Hesitate!

The bicycle element in Toronto are daily getting more important as a body. The Canadian Pacific Railway, recognizing this fact, have made efforts to cater to their particular taste for cheap trips, as their low rate to the Montreal meet will testify. Already the diagrams for the sleeping cars going down on the two or three nights preceding this event are open, and also the diagrams for the return trip, so that by securing berths early no doubt will be made of having a comfortable journey both ways, and the bicyclist may go back to work as fresh as if he had been in his own bed.

The brightest flowers must fade, but young lives endangered by severe coughs and colds may be preserved by Dr. Thomas' Eclectric Oil. Croup, whooping cough, bronchitis, in short all affections of the throat and lungs, are relieved by this sterling preparation, which also remedies rheumatic pains, sores, bruises, piles, kidney difficulty, and is most economic.

Book Tickets.

By referring to our advertising columns it will be seen that the Niagara Navigation Company is issuing books of tickets at very low rates. These, together with particulars as to running arrangements, etc., are obtainable at Barlow Cumberland agency, 72 Yonge-street, Toronto.

THOSE WHO EXCELLED.

Result of the Recent Provincial Examination in Drawing and Painting.

The examination of work from the Art Schools, Mechanics' Institutes, High Schools and Ladies' Colleges has now been completed. The examiners report a higher standard of efficiency in all grades.

Medals and Certificates.

Art Schools—Gold medal and certificate for advanced work, Martha Logan, Toronto; silver medal and certificate for machine drawing from models, N. Koffke, Ottawa; silver medal and certificate for building construction and architecture, John M. Byrens, Hamilton; silver medal and certificate for the highest number of marks in the mechanical course, Isaac E. Medler, Hamilton; silver medal and certificate for the best original design for industrial purposes, Martha Logan, Toronto; bronze medal and certificate, painting from life, E. Fosbery, Ottawa; bronze medal and certificate, drawing from life, F. Checkley, Ottawa; bronze medal and certificate, china painting, Miss Gibson, St. Thomas; bronze medal and certificate, modelling in clay, Alice Rose Baine, Hamilton; bronze medal and certificate, wood carving, Ethel M. Hamilton, Hamilton; bronze medal and certificate, drawings for lithography, J. Plaskett, Toronto.

Ladies' Colleges: Bronze medal and certificate for highest number of marks in the primary course, K. Donnelly, Loretto Abbey, Toronto.

Mechanics' Institutes: Bronze medal and certificate for highest number of marks in the primary course, Roy Cockburn, Beaverton.

High Schools and Collegiate Institutes: Bronze medal and certificate for highest number of marks in the primary course, Wilbur Spaulding, Jamieson-avenue, C. I., Toronto.

Public Schools: Bronze medal and certificate for highest number of marks in the primary course, Anna McCrae, Wallaceburg.

Independent Order Foresters.

It is expected that the Supreme Chief Ranger will pass through British Columbia this week, and if the floods do not prevent his progress he would be in Calgary yesterday morning, where he intends to form a high court for the Northwest Territories. The Doctor has had a long and tedious trip, having visited Colorado, California and a number of other places, and will visit Manitoba as well before his return. Mr. John A. MacGillivray, Supreme Secretary, has been visiting different points in Muskoka during the past week. A number of Foresters from Michigan and other Western States are expected to arrive in the city on Sunday morning by the C.P.R., and will spend the day in the city and leave in the evening for Boston.

City Hall Notes.

Tenders will be opened to-day for the cedar block pavement of Ulster-street and Rosebery-avenue.

Architect Herbert has taken out a permit for alterations to 5 and 7 Richmond-street west, to cost $3000.

Mr. John Stark will put a two-story brick addition and stone front to 89 Bay-street, to cost $2000.

The sub-committee of the Board of Works drove along the route of the proposed Rosedale valley road yesterday afternoon in order to better form an idea of the contemplated driveway.

The solicitors for Mrs. Maggie Hanlan state that the Hanlan Ferry Company, who have leased a part of lot 83 on the Island from her, will not pay their rent unless certain buildings said to belong to John Hanlan are removed from the roadway allowance. The buildings referred to are the shooting gallery and the cigar store.

When the Sherbourne-street pavement was laid 16 feet was allowed for the tracks. In relaying the tracks, which is now being done, they will occupy 16 feet 6 inches. A claim is being set up by some residents for a rebate, on the ground that they are paying for six inches more than they should. The case has been referred to Mr. Caswell, who says they have no claim whatever.

At the next meeting of the Board of Works a full report of a pure supply of water from the lake will be presented. The estimated cost of a six-foot cast-iron pipe from a new intake in the lake to the pumping well is $560,000. The estimated cost of a six-foot iron pipe from Hanlan's crib to the pumping well is $240,000. The estimated cost of a tunnel under the bay is placed at $625,000.

A TORONTO BUSINESS MAN

MAKES A VALUABLE DISCOVERY

He Learns How to Keep Well and Strong During the Hot Summer Months.

KEPT ROBUST AND STRONG BY USING PAINE'S CELERY COMPOUND.

"Last year I learned a very valuable lesson," said a well-known Toronto business man: "I found that I could maintain and keep up my bodily strength and nervous energy in a simple and very inexpensive way during the hot summer weather and feel as well and strong as in the winter months. How do I accomplish it? Simply by using Paine's Celery Compound every day during the month of June, before the terribly hot and enervating weather commences. In this way I brace up my system and nerves to meet the most weakening period of the year. Of course I find it an immense advantage to use Paine's Celery Compound twice a day—morning and night—during July and August."

The towns and cities of our Dominion are full of energetic business men, many of whom find life weary and burdensome in midsummer. They are weak, nervous, sleepless and run down; often appetite is poor; the blood is impure, and courses sluggishly through the body, and the whole human machinery is like a steam engine that cannot be worked properly until thoroughly overhauled and repaired.

It is pleasing to know that, like the Toronto business man who has given his experience, there are thousands of men—busy workers—in all callings of life, who are growing stronger, brighter and more robust every day, by using nature's restorer, Paine's Celery Compound. Pure, rich and healthy blood is sent through the deep parts of the heart, liver and kidneys, leaving in its passage material for rapid repair, and taking away in its stream the used-up, dangerous elements; seeds of weakness are driven from every organ, and all the functions receive new vigor and life.

Your own family physician will tell you that Paine's Celery Compound feeds worn-out nerves, fortifies the system and clears the brain. It is the only medicine in the world that truly "makes people well." Now is the time to brace up and get rid of your troubles, if you would be strong during the heated term. One bottle of Paine's Celery Compound will convince the most skeptical that it possesses virtue and great power. It will certainly do for you what it has done for your friends and neighbors. You have the past testimony of thousands of Canada's best people to guide and encourage you.

Don't fail to buy to-night's Toronto Sunday World.

DR. S. E. McCULLY, SPECIALIST.

CATARRH of Nose, Throat and Stomach; Dyspepsia, Piles treated successfully; cured without the knife or Ligature; patient can attend to business during treatment.
