LONDON, Feb. 22.

The *Times'* Berlin special says that one of the principal measures contemplated by Germany to check immigration is a prohibition of the enlistment of immigrants on foreign account by the payment of premiums. This is specially directed against Brazilian agents.

The rumors that Prince Hohenlohe is to be appointed to assist Bismarck have no foundation. Bismarck's labors will be lightened by arrangements facilitating his control over the Prussian Ministry Thus the Premier will be enabled to retain his post until summer, when it may become necessary for him to consult his health with regard to the possibility of continuing in office. The German press is indignant at the Pope's last encyclical.

No gold or stock quotations to-day. Business to day is suspended, flags flying at all points, and from all vessels in port. The weather has cleared and is milder, but not thawing. The wind is easterly, and the ice in the rivers is quite heavy, but broken to such a degree as not to seriously impede navigation. It is reported there is an open channel through Hell Gate to the Sound, but it is only wide enough for steamers to pass through.

It is stated the recognition of King Alfonso by the United States and the full settlement of the claims on account of the Virginius affair will be settled at the same time.

There was another exciting debate in the French Assembly yesterday over the Senate question.

M. Duval, Bonapartist, again moved his amendment that the Senate be elected by universal suffrage, which was rejected, the Bonapartist deputies only voting for it.

M. Whallon, Bonapartist, offered an amendment, providing that the Senate be composed of 300 members, of whom departments and colonies shall elect 225 and the Assembly 75, which was adopted by a vote of 422 yeas to 261 nays.

THE PARLIAMENT OF CANADA.

(*To Morning Papers.*)

OTTAWA, Feb. 22.

At the opening of the House a number of petitions were presented in favor of a prohibitory liquor law.

Mr Blake introduced a bill termed "Act relating to enquiries touching public matters," its effect being to prevent any government from appointing a Royal Commission, not members of the House, to enquire into charges made against any government by members of the House

Mr. Forbes asked whether the Government has accepted any tender for the conveyance of the mails between British West Indies, Foreign West Indies, British Guiana and the Dominion of Canada during the present year.

Mr. Macdonald said tenders had been received but were not accepted. The question was now under consideration by the Government.

Mr. Masson asked whether it is the intention to extend to Canadians who have emigrated to the United States and other emigrants the advantages which they purpose to extend to Mennonites.

Hon. Mr. Mackenzie replied that the Government had the matter under consideration to see what could be done.

Hon. Mr. Smith said the Government had made arrangements to make storm signal service more effective.

Dr. Tupper asked who performed the duties of Agent General of Canada at the office in England during the absence in this country of that officer in September and October last.

Hon. Mr. Mackenzie said there were no duties to perform which could not be performed by his Deputy.

In reply to Mr. Little, Mr. Mackenzie said it was not the intention of the Government to cause an enrollment of militia this year.

Mr. Mackenzie stated, in reply to Mr. Blake, that the Ontario Government had been asked if they would give a grant to such portion of the Pacific Railway as passes through the Province, but there was no result to the enquiry.

Mr. Thompson, of Cariboo, moved that the necessary steps be taken to have the boundary line between British Columbia and the Northwest Territory defined. On its being stated by Hon. Mr. Mackenzie that the matter would be attended to in due season, the motion was withdrawn.

Hon. Mr. Mackenzie said they would bring down everything they had touching the commutation of Lepine's sentence. They also intended to bring down a full account of the trial, together with the Judge's charge.

Dr. Tupper moved for all correspondence between the Government and Springhill Mining Company, in whose behalf the great Intercolonial railway policy had received so favorable a reception.

The House passed a number of items of supply.

Hon Mr. Mitchell asked that better provision be made for the Indians of New Brunswick who were in distress. There was a long discussion about the Indians and British Columbia.

In the Senate this afternoon, George Brown spoke for two hours and a half on his motion for papers in connection with the Reciprocity Treaty. He gave the history of the treaty of 1854 and subsequent negotiations; explained the steps taken last year which resulted in the celebrated Draft Treaty, and then defended at great length the provisions of the latter. At the close of his speech the debate was adjourned till to-morrow. A very large number of members of the House of Commons was present during the afternoon.

The Renfrew election, Saturday, resulted in favor of Ministerial candidate, Macdougall; majority 57.

The Public Accounts Committee, in reference to Fraser, Reynolds & Co., in connection with the Intercolonial Railway, met this morning. No member of the firm being present, instructions that Fraser should file an appearance were issued. After an unimportant examination of Langton, of the Audit Office, as to alterations made in the method of keeping books of survey, the committee adjourned.

OTTAWA, Feb. 23.

After recess last night, in the House of Commons, the debate on postal regulations was resumed by Colby, who urged the abolition of postal charges on newspapers. He held that the proposed system would result disastrously to Canadian newspapers, and that we would be flooded with American literature. At the suggestion of Sir John the debate was adjourned.

The bill for better protection of persons and property conveyed by Railways was read a second time and referred to the Committee of Railways.

The House then went into Committee of supply, and items down to No. 168 were passed, exclusive of Nos. 154, 155 and 157, which were allowed to stand. The appropriation of $3000 to the Indians of Prince Edward Island occasioned a debate, during which Hon. Mr. Mitchell asked for papers showing the number of Indians in that Province. He held that the proportion per capita granted to P. E. I. Indians was much larger than the Nova Scotia and New Brunswick, and asked to have it remedied.

Hon. Mr. Fraser introduced a bill to incorporate the Grand and Subordinate Orange Lodges of the Province.

Mr. Davidson introduced a bill concerning congregations of churches connected with the Church of Scotland in this Province.

In reply to Mr. Covert's law commission question of Saturday, the Provincial Secretary said a portion of the work of the commission was now in the hands of the printers, and, with the remainder, would be circulated among those interested and the public, who, by discussing it, would assist a future session in amending the bill, if necessary, and passing as complete a code of laws as possible next session.

Hon. Mr. Stevenson presented the petition of John D. Greenlaw and thirty others for an Act to incorporate the St. Croix Water Company.

Mr. Philips introduced a bill relating to highways.

Important Cure of Dyspepsia by Dr. Sweet's Magnetic Treatments and Medicine of a Well-known Citizen of Truro, N. S.

Dr. Sweet, Dear Sir: I have taken your Medicine according to your directions, and I have pleasure in stating to you the great benefit I have received thereby. After I had taken the Medicine for a few days all unpleasant symptoms which I experienced when first I saw you, began to disappear in fact I can say I have not had Water Brash since I took the first dose of your medicine. Now I can say I enjoy good health, I can eat heartily and I find no pain afterwards as I use to. I took the last of my Medicine a few days ago.

With many thanks, I am,
Yours respectfully,

FIRST MORTGAGE PREMIUM BOND

IN THE

N. Y. Industrial Exhibition Co.

THESE Bonds are issued for the purpose of raising funds for the erection of a building in the city of New York, to be used for a

Perpetual World's Fair,

a permanent home, where every manufacturer can exhibit and sell his goods, and every patentee can show his invention; a centre of industry which will prove of vast benefit to the whole country.

For this purpose, the Legislature of the State of New York has granted a charter to a number of our most wealthy and respectable merchants, and those gentlemen have purchased no less than eight blocks of the most valuable land in the city of New York. The building to be erected will be seven stories high (150 feet in height) surmounted by a magnificent dome, and will cover a space of 22 acres. It will be constructed of iron, brick and glass, and made fire-proof The bonds which are all for $20 each, are secured by a first mortgage on the land and building, and for the purpose of making them popular, the directors have decided to have quarterly drawings of $150,000 each; this money being the interest on the amount of the whole loan.

Every bondholder must receive at least $21, but he may receive

Election Cards.

To the Electors of the City and County of St. John.

GENTLEMEN,—By request I have consented to be put in nomination for the seat in the House of Assembly, made vacant by the death of the late Joseph Coram, Esq.

In soliciting your suffrages I am not unmindful of the important issue which has so recently been decided at the polls, and being in full accord with you on this great question of FREE SCHOOLS, I feel assured that you will not fail to recognize my willingness to continue this boon to the people of this Province.

In measures affecting the interests of the people I shall ever be a determined and persistent advocate, neglecting nothing that may be for the general good. In the interests of this County I shall seek the accomplishment of your wants.

Soliciting your support,
I am, gentlemen,
Yours respectfully,
ASAPH G. BLAKSLEE.

To the Electors of the City and County of St. John.

GENTLEMEN,—I am induced by an influential expression of opinion in my favor, and by the personal request of not a few of your number, to offer myself as a candidate to fill the vacancy in the General Assembly, caused by the death of your late lamented representative, Joseph Coram, Esquire.

My views on most public questions, and more particularly, on that which the last Provincial Election turned, have so frequently been placed before you and so often approved by the action of a majority of the constituencies of this Province, that I deem it unnecessary to trouble you with them, at length.

On the subject of our School Act, I am in favor of maintaining it in its integrity, subject only to such improvements in its operation as time and experience may suggest; I am also in favor of administering the same with the utmost moderation and the greatest economy; and I am opposed to all interference with the Act and with our New Brunswick Constitution by the Parliament and Government of Canada, and also by outside powers and influences whatever.

While Confederation has limited the sphere of the Provincial Legislature, there is yet much important work to be done by them, and should I be chosen as your representative in the General Assembly of this Province, it will be my endeavor to promote such legislation as, in my judgment, shall best tend to advance the interests of the Province in general and this constituency in particular. I shall, in that case, deem it alike a pleasure and a duty to make every section of the County feel that its special interests are fully considered and represented by me, without reference to geographical divisions or distinctions.

Reserving a more detailed statement of my views until I shall have had an opportunity of addressing you from the hustings or otherwise, and soliciting your votes and influence, so that this important constituency may give no uncertain sound on the chief issues of the late General Election.

I am, Gentlemen,
Your obedient servant,
WILLIAM ELDER.
