"OF INTEREST TO ALL,"

TO THE LADIES.

THE GENUINE BALM OF COLUMBIA, FOR RESTORING THE HAIR.

"Long hair is a glory to woman," says Paul,
And all feel the truth of the pious quotation:
Preserve it then, ladies—your glory may fall,
Unless you protect it with this preparation.

If you wish a rich, luxuriant head of hair, free from dandruff and scurf, do not fail to procure the genuine Balm of Columbia. In cases baldness it will more than exceed your expectations. Many who have lost their hair for twenty years, have had it restored to its original perfection by the use of this balm. Age, state, or condition, appears to be no obstacle whatever; it also causes the fluid to flow with which the delicate hair tubes is filled, by which means thousands (whose hair was gray as the Asiatic eagle) have had their hair restored to its natural color by this invaluable remedy. In all cases of fever it will be found the most pleasant wash that can be used. A few applications only are necessary to keep the hair from falling out. It strengthens the roots, it never fails to impart a rich glossy appearance, and as a perfume for the toilet it is unequalled. It holds three times as much as other miscalled hair restoratives, and is more effectual.

☞ *Caution*—Never buy it unless you find the name of Comstock & Co., proprietors, on the wrapper of each bottle, or you are cheated with a counterfeit article.

DR. SPOHN'S SICK HEADACHE REMEDY

WORMS IN CHILDREN.

Louis, under the Montoe House; and COMSTOCK & Co., 21 Cortlandt st., N. York, proprietors of the original and only genuine Magical Pain Extractor, and Hays' Liniment for the Piles.

☞ *Have you a cough?—Do not neglect it.*—Thousands have met a premature death for the want of attention to a common cold. Rev. Dr. Bartholomew's Expectorant Pink Syrup will most positively give relief and save you from the most awful disease, Pulmonary Consumption, which annually sweeps into the grave thousands of the young, the old, the lovely and the gay.

HAYS' LINIMENT FOR THE PILES.

The worst attack of the Piles are effectually and permanently cured in a short time by the use of the genuine Hays' Liniment. Hundreds of our first citizens throughout the country have used this liniment with complete success. It is warranted to cure the most aggravated case.

Brown's Shakers!

PURE FLUIDEXTRACT OF ENGLISH VALERINA, (Valeriana Officinalis.)

Manufactured by the United Society of Shakers by a process peculiarly their own, from the pure green root, imported from England and raised by themselves, and from which only, and active property of the Valerian can be obtained. It is highly approved of by the Faculty. Physicians and others are respectfully invited to give it a fair trial.

Price, twenty five cents a bottle, or two dollars and fifty cents a dozen, with liberal discount to wholesale dealers. Directions accompany each bottle.

FRIEND SAMUEL BROWN, ESFIELD, N. H.

You ask me to give my opinion of the Fluid Extract of Valerian, which you prepare. When it a secret remedy or a patent medicine. I certainly would not reply. But from the honourable ground which you have taken in this matter, and knowing also the labor you have bestowed upon this preparation, I am willing to give publicity to my opinion of the preparation referred to. Ever since our knowledge of organic chemistry has been so much increased, we have found out that many very excellent remedies are in the natural state so combined and associated with other principles as to render them in a great degree useles to us. This was remarkably the case with the Valerian. We could not use it as often as we wished, because of the great bulk both of powder and infusion which it was necessary to throw into the stomach in order to get a full effect. Nausea and even vomiting resulted from the large doses. This compelled us to abandon its use. Chemistry showed us that the active principle is a peculiar acid (the Valerianic acid) which exists only in small quantity in the root. In your method of preparation this active principle is detached from the nauseating constituents of the root, and obtained in solution. We may then look upon your Fluid Extract of Valerian as a solution of Valerianic Acid. The action of this article upon the nervous system is most happy in all cases where the sum total of nervous energy is below the healthy standard, and it hence becomes a most important remedy. We owe you and others many thanks for putting so valuable a remedy as the Valerian into a convenient shape for use.

Yours respectfully,
EDWARD E. PHELPS, M. D.
Prof. Therapeutics and Mat. Med. in Dartmout.

The above invaluable Preparation is signally efficacious in all Nervous and Hysteric Affections, Sick Headache, producing quiet, and tranquil sleep, and leaving no unpleasant sensations after its use,—the inevitable result of Opiates, Camphor, and the many articles usually administered.

Having had an opportunity of giving a thorough trial to Brown's Shakers' Fluid Extract of Valerian, and having seen its good effects especially manifested in a severe case of Tic Douloureux, I have no hesitation in saying that I consider it superior to any other form in which the Valerian is ever used, and as eminently deserving the attention of the medical profession.

ON THE SECRET INFIRMITIES OF YOUTH AND MATURITY.

With Forty Coloured Engravings.

Just published, and may be had in French and English, in sealed Envelope, 2s 6d sterling,

SELF-PRESERVATION:

A MEDICAL TREATISE ON THE PHYSIOLOGY OF MARRIAGE, and *Disorders of Youth and Maturity* usually acquired at an early period of life, which enervate the physical and mental powers, diminish an enfeeble the natural feelings, and exhaust the energies of Manhood. With practical observations on the Treatment of Nervous Debility and Indigestion, whether arising from these causes, close study or the Influence of Tropical climates, Local and Constitutional Weakness, Syphilis, Stricture, and all Diseases and Derangements resulting from Indiscretion. With Forty *Coloured Engravings*, illustrating the *Anatomy, Physiology, and Diseases of the Reproductive Organs*, explaining their structure, uses and functions, and the various injuries that are produced in them "by solitary habits and excesses, and infection."

By Samuel La'Mert, M. D.

No. 37, BEDFORD SQUARE, LONDON.

Doctor of Medicine, Matricular Member of the University of Edinburgh, Licentiate of Apothecaries Hall, London, Honorary Member of the London Hospital, Medical Society, &c.

CONTENTS OF THE TREATISE:

CHAPTER I.—On the Philosophy of Marriage, with its Hindrances and Obligations, and on Infelicitous and Unproductive Unions.

CHAPTER II.—On the Anatomy and Physiology the Generative Organs, their functions, structures, and secret ons, proving that great Mental and Physical Power are dependant on their healthy action.

CHAPTER III.—On solitary Habits: their various effects on the Animal Economy; the concealed cause of Debility of the functions of the Stomach, Lungs, and Brain, and general Weakness of the Mental Faculties.

CHAPTER IV.—On the Secret Disorders of Youth and Maturity, and the Treatment of Nervous and Local Weakness, Mental Debility, and Premature Decay.

CHAPTER V. and VI.—On the Disorders arising from indiscriminate Excess, Gonorrhea, Gleet, Strictures, and other diseases of the Urethra.

REVIEW OF THE WORK.

Marriage requires the fulfilment of several conditions, in order that it may be really the cause of mutual happiness. Could the veil, which covers the origin of domestic wretchedness, be raised and its true source in every instance disclosed, in how many could it be traced to physical disqualifications and their attendant disappointments. Excesses are always injurious; the gift, which when used in moderation is fraught with advantage, becomes, when abused, the prolific source of mischief, and of greater or less injury to the constitution and vital powers. The particular excesses, on the nature and consequences of which this Treatise professes to dilate, are productive of greater misery to the human frame, than any other to which it is subject.

This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their relative conditions in health and disease. Not are these the sole contents of the Work, the means of escape, as well as the nature of the danger are pointed out in clear and intelligible language. It deservedly requires the closest attention and study, for what subject can be of more importance than the preservation of health, and the physical capabilities of which every man should be posessed. It unfortunately happens that the on appy victim of excesses indulgence and vicious habits, whether acquired in early life, or from the follies of advanced age, while suffering from their invariable consequences, unwisely entertains a fear of applying to the qualified physician for relief. Shame and the dread so frequently but erroneously entertained that these complaints are beyond the reach of art, alike restrict him, and, present his seeking for assistance where alone it can be procured. In acting thus, he forgets that actuate discrimination in ascertaining the causes of disease, sympathy with the sufferer, and above all, secrecy, invariably characterize the intelligent and practical physician and to the medical man, who can show by his possession of the requisite legal qualification that he is entitled to esteem and respect in his professional pursuits the utmost confidence should be extended, DR. LA'MERT, has obtained the highest medical honours, as his diplomas testify, and the great extent of his practice for many years is a guarantee for his professional experience, which has reference almost solely to the treatment of these diseases.

The work may be had in St. John, of H. Cunna & Co. price 2s. 6d. sig.; Halifax, Messrs. Mon on & Co.; Quebec, Mr. Neilson.

Don't permit your Horses or cattle to die, when the means of cure are within the reach of all!

The undersigned has spent several years in the study of Veterinary practice in "London and Edinboro'," he has also availed himself of the researches of Leibig, and other celebrated men, who have contributed so much towards a judicious treatment of animals; the principles of our practice consists of the rejection of general bleeding and the total rejection of all medicines that experience has shown is be of a dangerous tendancy. These remedies are in harmony with the vital principle, and when given according to the directions which accompany each article they are capable of exciting and increasing the natural functions, without diminishing or destroying their power, hence are safe in the hands of every one.
