

mily, weaned from savage habits, and allured by the superior advantages of civil life, shall exchange the tomahawk and scalping knife for the *plough* and the *bee*; and instead of ranging the forests in seeming affinity to the wild beasts of the desert, shall peacefully and rationally enjoy the productions of the *fruitful field!*—Nor is this all. Added to the cultivation of the earth, the first step in the view of the committee, towards many other important *temporal* advantages, to be derived to this people from civil life; may not the promotion of this concern, which has thus far evidently prospered, *prepare for*, and prove *the means* under the DIVINE BLESSING, through which, may finally spread and prevail amongst these, our fellow-men, that LIGHT and KNOWLEDGE, which so eminently distinguish the true CHRISTIAN?
