What "Semi-ready" really is

A brand of clothes introduced to meet the demands of practical 20th century business men.

As unlike any other kind as the bright, alert man of science and invention is unlike the old fossil of fifty years ago.

It is a short cut to made-to-measure excellence, embracing all the age-demanding features of ready-made. None of the inconveniences of the former. None of the offensive characteristics of the latter.

"Semi-ready" is only finished to that point when a tailor gives you the last fitting. Completed to order within an hour.

Because outlets in sleeves, legs, collar, etc., can be taken in or let out as the case may require.

You try on a suit and see at a glance if it is your style.

The price branded on every genuine "Semi-ready" suit or overcoat protects the buyer and guarantees satisfaction.

Summer suits and overcoats, $25.00, $22.50, $20.00, $18.00, $15.00. Sold on approval.

INVADER HAS ANOTHER TRIAL.

Gloria and Beaver Accompany New Challenger, But No Racing is Indulged in.

The Invader was given another tuning up yesterday, when Commodore George H. Gooderham had her out, manned by a professional crew and Capt. Andrews of Oakville on board as a guest. The new challenger went for a sail along side the Gloria, which was sailed by Mr. H. C. McLeod. The two sailed around the bay, then out into the lake for a short time, when the challenger returned and was met by the Beaver, she being sailed by Dr. Garratt. The Beaver put about, first having a short lead from the eastern gap, which the Slip boat never pulled down till they put about for the island.

There was practically no racing done between these boats, as the Beaver was late in coming out.

The crew for the challenger in the trial races will likely be: Skipper, Commodore Gooderham, Charles Lowndes, J. S. McMurray, F. Turney, V. H. Hughes and one professional.

Sixteen Footers Race.

The second race for 16-footers in the Royal Canadian series, was sailed yesterday, with four starters. The race was over the usual triangular course, starting to windward and leaving all buoys to starboard. The wind was from the northeast and just heavy enough to carry the skiffs along at a fair rate of speed. The race was won by the Zard Zara, Acushla next. The start was at 5.15 and the boats got away together and the last finished before 6 o'clock. The following is the way the boats finished:

Skiffs.	Start.	Finish.	Elapsed Time.
Zara Zara	5.15	5.50.10	35.10
Acushla	5.15	5.55.45	40.45
Whitecap	5.15	5.56.00	41.00

Boston Yachts on Trial.

Boston, June 12.—The first of the series of sail trials of the Lawson yacht, Independence, was finished to-day and the big 90-footer will not go out again until some changes have been made to correct a few slight defects brought out during the five days of sailing. These changes will be a shortening of the mast, a reduction of the sail area, due to tenderness shown by the boat while on the wind, and the substitution of a stern post rudder for the balance affair, which has not proved satisfactory. The Independence sailed to-day for the first time under racing canvas, main sail, foresail, jib, jib topsail and club topsail, and in the light breeze seemed to slip along very fast. The trial was more to test the big club topsail and the yarrying power of the topmast, as the latter stick has once or twice buckled slightly during a good breeze.

International Bird Shooting.

London, June 12.—The international clay bird trap shooting match, which was begun yesterday on the grounds of the Middlesex Gun Club, Hendon, was resumed under entirely new weather conditions to-day. Rain, with varying winds, fell during the early afternoon, making shooting extremely difficult. The Americans gathered confidence, however, from their work of yesterday and their growing familiarity with their surroundings. The match closed for the day in a driving rain, with the following totals: Americans 877, British 794.

Trap Shooting in August.

Ottawa, June 12.—The dates have been set for the big three days' trap shooting tournament, which will be given in Ottawa this summer by the Dominion of Canada Trap Shooting and Game Protective Association, and the events will be held on Thursday, Friday and Saturday, Aug. 15, 16 and 17. There is every prospect of the tournament being a big success. Nine gun clubs, representing Brantford, Hamilton, Toronto Junction, Montreal, Sherbrooke and Ottawa, have already guaranteed purses or have expressed their intention of doing so.

Short, chunky men and men of medium height were fashionable several years ago when the Bostons were at the top of the wave with Long, Lowe, Nash, McCarthy, Duffy and Bannon on the team.
