WANTS TO BUILD HOUSES.

English Contractor Submits Plans—City Hall Notes.

James Greenwood, an English contractor, in erecting workingmen's houses, will address the Associated Charities on the subject on Monday. He shows plans; one of these was for a double flat, with four rooms and a bathroom on each floor. The cost of this was £345. These rent for 18s 6d, 9s 6d up and 9s down. He also submitted a plan of a cottage with six rooms and a bathroom. These cost £20 less to build, and 12s 6d to rent. Mr. Greenwood came to this country from Hornsey, England, a short time ago. At that place he erected 500 of these houses, and 2000 or 4000 at Acton, Wimbledon and Ealing. He thinks that, owing to his experience, he would be able to build the houses for workingmen which it is proposed to erect here. These will be six-roomed houses and will cost about $1285 each. They will each be erected on 20 feet of land, which will, in addition, cost $100.

Impostors.

Three applications received for relief at the house of industry have been proved to be from impostors. A woman 82 years of age, asking fuel, has an income of $2 a week, and could easily get employment at $12 a month. Another woman, aged 60, earns $1 a day and has $1000 in the bank.

What City Cannot Do.

Engineer Rust said yesterday that the city has no power to insist on examining trolley cars for alleged defects, if the company is opposed.

Safe Until March 1.

A stay of proceedings was yesterday granted by Chancellor Boyd, whereby the city must continue to supply water to Messrs. Mackenzie and Kerr until March 1.

Recommended to Mercy.

Antonio Randazzo was found guilty with a recommendation to mercy in the sessions for stabbing another Italian, Sam Damere.

DAVID RUSSELL WRITES.

Explains Why Blair Threw Up Chairmanship of Commission.

St. John, N.B., Dec. 9.—The Daily Telegraph this morning publishes the following from David Russell:

Montreal, Dec. 3.

To the editor of The St. John Telegraph:

Sir,—My recent declaration that I persuaded Hon. A. G. Blair to resign the chairmanship of the railway commission seems to have afforded certain papers another opportunity of wilfully misrepresenting the motives and actions of Mr. Blair.

That this should be the case is not so surprising, considering the campaign of vilification that is being carried on by certain editors who, having no other means of attack, are forced to descend to the level of the common mudslinger.

It appears that it is preferable to these people to believe the lies manufactured out of whole cloth by irresponsible hangers-on of the Liberal party than believe the actual truth, simply because it does not suit their purpose that the truth should be known.

Public Property Soon.

While all the facts concerning the matters that have been causing such a commotion will soon become public property, as they will probably be proven under oath in the courts, and while it is not my intention at this time to make any attempt to justify my own personal actions, I feel that I am more or less bound to resent the aspersions that have been cast on the motives of Hon. A. G. Blair.

My own defence will be brought to light at the proper time and in the proper place. It is my purpose here to state the exact circumstances under which Mr. Blair resigned his position, and I feel certain that every man who knows me and is not influenced by direct malice, will be sure that I am stating the truth.

It was not a very long time after Mr. Blair assumed the chairmanship of the railway commission before it became a matter of common talk in Ottawa and Montreal that he was not being properly supported by the government. Later he mentioned this to me, and as I have the highest regard for Mr. Blair's ability as a lawyer, and more especially in the line of corporations, I began to make plans by which his valuable services could be made available.

Mr. Blair's Angel.

Within a short time I decided that I could find Mr. Blair sufficient of a more congenial employment as consulting attorney in corporation matters, to justify me in guaranteeing him a much larger income than he was then enjoying, and this arrangement will be carried out as made.

I felt that I was fully justified in suggesting his immediate withdrawal from a difficult position, and I can further state positively that Mr. Blair knew nothing of any so-called conspiracy against the Liberal party, knew nothing of the purchase of La Presse, and knew nothing of any of the other crimes with which I am being daily charged.

These stories are on a par with the other wonderful sights seen by some of my former friends in their moments of temporary hallucination, and apparently induced by a curious form of excitement which only counts dollars by the millions. They are on a par with the Standard Oil story, with the yarn that I tried to purchase the Canada Atlantic and was only out-generaled by Mr. Hays thru his taking a sudden leap by which he got in ahead of me by ten minutes.

"Fairy Tales."

They are, in fact, on a par with all the curious fairy tales imagined and concocted in the editorial rooms of The Montreal Herald, The Toronto World, and a few minor papers in the maritime provinces.

Yours faithfully,
David Russell.

FOR A NEW TRIAL.

The case of Alexander Martin, who was convicted of the murder of his child, reached the court of appeal yesterday. A. R. Hassard, counsel, addressed the court for over five hours, arguing for a new trial.

Deputy Attorney-General Cartwright will argue on behalf of the crown today.

Dr. Mackay's Specific for Alcoholism will reclaim the worst case of drunkenness. Directions are simple. It is the well-known remedy of the Medical Profession. It requires only the desire and determination to be cured to make an unhappy home happy. Write to the Leeming Miles Co., Limited, 288 St. James St., Montreal, for full particulars. All communications private.

A Significant Exhibition.

In reviewing the efforts of our home painters to create a better art appreciation in Canada, mention must invariably be made of George Chavignaud, a foreign name, perhaps, but one which has fully associated itself with Canadian art development and culture. This painter, embarrassed by the usual difficulties, has gradually advanced to an art entirely his own, and in its best efforts worthy of complete recognition by those wishing well to our painters. Mr. Chavignaud is holding an exhibition of his recent work in the art rooms of the Robert Simpson Company. Admirers of watercolor landscape treated in the broad masterful manner should visit this exhibition.

GUELPH WINTER FAIR ENDS VISITORS LEAVE FOR HOME

Cattle and Mutton Carcases Judged Yesterday Morning, But Few Attended Judging.

Guelph, Dec. 9.—The great gathering of agriculturists, who have been visiting the Ontario Provincial Winter Fair, are fast leaving for their homes. Every outgoing train is crowded. Very few remained to see the judging of cattle and mutton carcasses this morning, or to listen to the lectures afterwards, when the finest carcasses were hung up and their respective points professionally commented on. Prof. G. E. Day and A. W. Tyson discussed the points in the beef cattle carcasses, and Prof. J. H. Grisdale, Ottawa, and Prof. M. Cummings, the mutton sheep. In most of the breeds the competition was keen, especially in the grades and crosses. The results are:

Dressed carcasses, pure breds—W. R. Elliott & Sons, Guelph; H. McDougall, Guelph; W. J. Rudd, Eden Mills; E. Brien & Sons, Ridgetown.

Dressed carcasses, grade or crosses—H. McDougall, Guelph; Jas. Bowman, Guelph; C. B. Hood, Guelph; Alf. Hales, Guelph; E. Brien & Sons, Ridgetown.

Leicester carcass, 1 year and under—Hastings Bros., Crosshill, 1 and 2; Wether, under 1 year—A. & W. Whitelaw, Guelph, 1; John Orr, Galt, 2; John Kelly, Shakespeare, 3; David Rodger, Ayr, 4.

Oxford wether carcass, under 1 year—W. E. Wright, Glanworth, 1 and 2.

Southdown carcass, wether 1 year and under 2—Sir George Drummond, Beaconsfield, 1; Telfer Bros., Paris, 2; John Jackson & Son, Abingdon, 1 and 2. Wether, under 1 year—Sir George Drummond, 1; Telfer Bros., 2; J. Jackson, 3.

Dorset carcass, wether 1 year and under 2—John Hunter, Wyoming, 1; R. H. Harding, Thorndale, 2; J. Hunter, 3; R. H. Harding, 4. Wether, under 1 year—J. Hunter, 1 and 2; A. G. H. Luxton, Milton West, 1; R. H. Harding, 2.

Grades and crosses, wether, one year and under two—A. Rudell, 1 and 2; W. E. Wright, 3. Wether, under one year—A. G. H. Luxton, Milton, 1; H. McNally, Arkell, 2; W. E. Wright, 3.

Following the demonstration of carcases was an auction sale of the dead hogs, beef and poultry. Everything was weighed before being put up for sale, and the highest market price per pound was realized. A chicken plucking contest took place in the afternoon, and a large number of competitors showed how quickly a chicken can be dressed.

The fair has been a greater success than usual. There were 500 entries more than last year, and the receipts are about the same. As many Farmers' Institute tickets were exchanged for Winter Fair tickets, the money for which is not in yet, it is quite probable that the attendance during the fair was larger than a year ago. Very interesting to the farmers have been the institute meetings, with their lectures and discussions. It is in the discussions, more than in the lectures, that the farmers have found profit, for any question asked from the gallery was cheerfully answered. A very good feature was the bringing together, in one discussion, of the practical and theoretical agriculturist, with the business end of the live and dead meat trade in representatives from packing houses. These intermediaries between the farmer and his foreign markets were able to advise the class of animals he should raise, the breeds most in demand, and the manner in which they should be marketed to bring the highest price. The meetings were held morning, afternoon and night, and the lecture-room provided to hold them in was at all times too small. Judging in the prize ring was of the greatest interest, because the salient points were emphasized orally by the judges.

The poultry exhibit was a great success and drew to the city breeders from all parts of Canada. The annual meetings of several of these allied societies were held during the fair, and a club new to Canada, to be known as the Canadian Leghorn Club, was launched with a strong directorate. G. G. Henderson, Hamilton, who owns a pullet that took three first prizes at the World's Fair, St. Louis, is president, and William Cadman, St. Thomas, secretary-treasurer. The Dominion Shorthorn Breeders' Association made arrangements for their annual meeting in Toronto on Jan. 17, and the Leicester Breeders took advantage of the large gathering present to hold their annual meeting. J. M. Gardhouse, Weston, was elected president, and A. J. Temple, Cameron, Ill., secretary. The city council this year added to the comfort of the visiting exhibitors by holding a luncheon at the noon hour. Exhibitors in sheep were entertained on Tuesday, swine, on Wednesday, and cattle, on Thursday. The mayor presided at these luncheons, and addresses were given by city aldermen, visitors and directors of the fair. These events were made the occasion for presenting trophies won in the different classes, and as the repast was in the hands of the "King's Daughters," young ladies with remarkable culinary aptitude, the event, apart from its social side, was an innovation greatly appreciated.

GENERAL FEELING OF USELESSNESS

It Comes From the Stomach and Dodd's Dyspepsia Tablets Will Cure It.

It's not the pains and aches that are the worst feature of Indigestion and Dyspepsia. It is the general feeling of discomfort and uselessness. When the Stomach is wrong the whole body is wrong, because its source of supply is not working right, and the body lacks nourishment and lacks strength.

Put the Stomach right with Dodd's Dyspepsia Tablets if you would do a good day's work and enjoy it. They never fail. Mr. Joseph Leake, 194 McCaul St., Toronto, says:

"I was troubled for three years with Biliousness and Dyspepsia. I tried many medicines, but none could cure me till I began to use Dodd's Dyspepsia Tablets. They cured me. My daughter, too, was troubled with Headache and Dyspepsia, and Dodd's Dyspepsia Tablets cured her."

Your stomach is overworked and needs rest. It will find the rest it needs in Dodd's Dyspepsia Tablets.

Dr. Mackay's Specific Medicine FOR Alcoholism

NERVOUS DEBILITY CURED.

T. E. JENKS

Before Treatment.

T. E. JENKS

After Treatment.

T. E. Jenks says: "I was a victim of immoral habits in youthful days. Later on excesses of various nature completed my ruin. I became nervous and despondent, had no ambition, eyes sunken, back weak, poor memory, pimples on the face, dreams at night and restless, sediment in urine, palpitation of the heart, cold hands and feet, specks before the eyes, Varicocele in second stage, etc. I tried many specialists, patent medicines, electric belts—but all failed to cure me. I was growing desperate when a friend in whom I confided my trouble advised me to consult Drs. Kennedy and Kergan, as they had cured him of a similar disease some years before. As a last resort I did so and to my intense joy could feel a benefit during the first two weeks. I continued the New Method Treatment for three months, at the end of which time I was cured. This is over eight years ago and I have never had any signs of Nervous Debility since. I am now married and happy with two children to bless our home. You can use my testimonial and photo, as I cannot do too much to repay you."

BROCKTON'S NEW EQUIPMENT.

Easy to Live in Washington.

An administration official declares that it is all nonsense about men refusing cabinet positions and congressional nominations on the sole score that it is too expensive to live in Washington. "Nine-tenths of them," he says, "not only live within their salaries, but save money. Some spend a great deal more than they receive from the government, and they can well afford to do so. Good formal dinners and similar entertainments can be given in the capital as cheaply as in any other place, and at less cost than in many large cities."

School Burns Down.

Port Carling, Dec. 9.—Fire was discovered in the public school here about 4.30 this morning, and had gained such headway that the building was completely destroyed. The school was a two-roomed brick veneered building, one room built in 1896 and the other in 1902. The total loss is about $3000, and the insurance $2000.

ELECTRICITY CURES

The exact nature of electricity is as yet unknown. Scientists have learnt how to capture and utilize this wonderful force, but have failed as yet to thoroughly understand it. It is very evident, however, that it is joined in some mysterious way to the essence of life, and medical men have not been far behind their mechanical brethren in applying to electricity for help in relieving pain. Especially has this been the case in curing

RHEUMATISM

It is generally known that the electric current passing through the body dispels the pain, and when properly applied cures the disease entirely. In fact, it is the only means of reaching this most painful ailment and its kindred troubles, Sciatica, Neuralgia, Lumbago and effecting a permanent cure without the use of drugs which by their nature are sure to cause even more serious diseases than those they are supposed to cure. Doctors have tried batteries with more or less effect, and several Electric Belts have been offered for sale, all of which are more or less good, but the most recent and most effective apparatus for the successful application of electricity for the cure of disease is

DR. MACDONALD'S ELECTRIC BELT

Thousands of sick whom it has cured state it is positively the best means of applying electricity.

Its use supplies a gentle, all pervading, healing and revivifying current which creeps into every fibre and every tissue. It activates the circulation and strengthens the nerves. Its warmth can be clearly felt, but it will not burn. It requires no battery, nor yet soaking in vinegar, it is clean and easily understood. Where other Belts have been tried in vain the MACDONALD BELT cures. If you suffer from Rheumatism, Sciatica, Lumbago or any weakness or Nervous or Sexual Disease, you cannot afford to be without this wonderful healer.

IT IS EASY TO BUY

You can buy this Belt for a small payment in cash, or we send it FREE on certain conditions which we will gladly write you of. We have such confidence in our Belt and in you that we are prepared to make you unprecedentedly good offers.
