VETERANS WILL PETITION FOR PENSIONS AND LAND

A Home for Aged Soldiers Also Discussed by Big Gathering at Hamilton.

Hamilton, July 1.—(Special.)—The army and navy veterans have broken into the convention game. The Army and Navy Veterans of America began their first annual convention here today and it will last for two days. Veterans came from Boston, Winnipeg, Dundas, Caledonia, Smithville, Hagersville, Jarvis and other points. They think that the old soldiers of Canada are not being treated very well and their object in meeting in convention is to start an agitation for pensions, land grants and a soldier's home. The land that had been set aside by the Ross government for veterans was described by McCafferty of Winnipeg "as barren, desolate and Godforsaken." He said 160 acres of it was not worth 50 cents. The veterans decided to petition the Dominion government for pensions for every soldier who had been honorably discharged who had reached the age of 65 years and to ask the Ontario government to set aside one-quarter section of every mile surveyed in New Ontario for veterans. The Dominion government will also be asked to build and help to maintain a home for aged veterans.

Elect Officers.

The veterans had planned to devote this afternoon to sports, but the rain put a damper on that part. The 25 yard race for wives of veterans was won by Mrs. John Gardner, the 75 yard race for veterans over 70 years of age by John Barker, and the 100 yard race for veterans over 60 years by John Burk.

Next year the convention will meet at St. Catharines. These officers were elected: John Gardner, Hamilton, president; Leslie McMahon, Thorold, G. W. Goullard, Boston, and T. H. McCafferty, Winnipeg, vice-presidents; Capt. Walker, Caledonia, recording secretary; Rev. Howitt, Hamilton, treasurer; Rev. P. L. Spencer, Jarvis, chaplain; and E. J. Parnell, corresponding secretary. The delegates were entertained this afternoon by Lt.-Col. Stoneman and the officers of the 13th Regiment.

A Quiet Holiday.

As is usual in Hamilton on a holiday there was very little going on in the city. The many excursions were well patronized. Several hundred found their way to Britannia Park this morning and afternoon to see the baseball games. St. Patrick's club won the afternoon game from the Britannias by a score of 6 to 0. Frank Ross, the clever twirler of the St. Patrick's nine, secured the first shut-out of the season. The Britannias played good ball except in the fourth innings, when all the runs were scored. Their pitcher, Willie Smithson, did good work. The St. Lawrence nine lost to the W.E.P.C. in the morning game by a score of 9 to 2.

Deaths of a Day.

The deaths of the day were: Joseph Rea, tea merchant, 230 North Victoria-avenue; John Cole, 180 George-street; Mrs. Charles Olsen, 340 Wilson-avenue; and John Connors, 135 Erie-avenue, step-father of the late James Hennigan.

Rev. B. Caswell, pastor of the Hannah-street Methodist Church, Rev. F. W. Thompson, Brantford, and Richard Tope set out for a trip of two months to the Old World. They will sail tomorrow from New York for Naples.

Before 7 o'Clock.

The Toronto World is delivered to any address in Hamilton before 7 a.m. All the local and sporting news is published by specail correspondents. Subscriptions received at the local office, Arcade, North James-street. Leave your order to-day.

STOLE TO TRAVEL.

14-Year-Old Youngster Has Covered 10,000 Miles.

New York, July 1.—One of the most remarkable prisoners ever arraigned in the children's court was William Cook, 14 years old of No. 650 Ninth-avenue, who was tried and convicted of stealing $127.19 from a Sixth-avenue department store. The story of how the boy got away with the money and of his journey of more than 10,000 miles in parlor and freight cars nearly took Justice McKeon's breath away.

The boy said he once played with Andrew Mack and would have gone with him last season had he not grown too fat. He weighs 160 pounds and has an unusually handsome face. He stole because he "loved to travel," and, according to an officer of the Children's Society, the boy has been "stealing" and "traveling" since he was 10 years old.

DISASTER DID NOT MATERIALIZE,

But It Was Topic for Comment Around the Waterfront.

The dire prediction regarding a disaster to befall one of the local steamers may have had some detrimental effect on the passenger traffic yesterday, but there was no sign of it.

It was, however, a live topic around the water front and on the boats, and was considered as a passing fair jest. Apparently that was all. There were no panics from trivial causes, as some individuals who believed they had gauged the state of the public mind in view of the General Slocum incident and the later disturbing words of the prophet had foretold.

As the evening wore on it became a regular jocular inquiry around the wharves, "Any boats missing?" and the apprehensions of the persons who called up The World office late last night to seriously ask whether "anything had happened to the boats?" was apparently shared by few. It may have been the prophet himself.

THIS BUTCHER IS ALL RIGHT

Had Diabetes, But Was Cured by Dodd's Kidney Pills.

Great Interest in the Case as People Realize What Will Cure Diabetes Will Cure Any Kidney Disease.

Toronto, Ont., July 1.—(Special.)—As the people learn to realize how much the general health depends on keeping the kidneys right, and how many diseases are the direct result of bad kidney action every verified cure of a severe kidney disease is received with interest.

For that reason the case of A. W. Holman, the well-known butcher of 193 1-2 Mutual-street, this city, is well worthy of attention. Mr. Holman had diabetes. Now he is a well man. Dodd's Kidney Pills cured it. Asked concerning his case, Mr. Holman said:

"Yes, I had diabetes for six years. I tried all kinds of remedies, but to no use. My attention was called to Dodd's Kidney Pills by an advertisement and I began to use them. I only used six boxes when I was completely cured."

As it is conceded that what will cure diabetes will cure any kidney disease, it must be admitted that Dodd's Kidney Pills will cure any kidney disease.

NOSTRUMS AND CUREALLS DENOUNCED BY DOCTORS

Medical Council Will Seek Legislation to Compel Printing of Formulas.

The Ontario Medical Council sat yesterday, both morning and afternoon, and will conclude this morning. Both of yesterday's sessions were well attended, and some animated discussions took place on the reports presented.

The committee on complaints chosen to deal with the protests of 24 students, who claimed that justice had not been done them in their examinations, sustained the decisions of the examiners in every case, excepting that of F. A. Aylesworth, who took his primary, intermediate and final examinations together. The committee recommended that his claim be allowed.

Changes in Examinations.

A resolution, moved by Dr. Johnson and seconded by Dr. Macdonald, was referred to the education committee. It recommended that the subjects of medical jurisprudence and sanitary science should for the purpose of examination be considered as separate and distinct subjects, and that examiners be appointed in each. It also recommended that the spring examinations in Toronto and Kingston be changed from the second to the third Tuesday in May. To the education committee was also related the suggestion of the committee on complaints, of which Dr. A. Jukes Johnson was chairman, that in future in all oral examinations two examiners should be present together with one member of the medical council, and that the examiners should not be appointed from the same university.

The Discipline Committee.

The committee on discipline, to whom had been referred the petitions of Drs. R. H. Lemon and H. K. Shepard, that their names be restored on the register, reported in favor of granting the former's request, but declined the latter's case.

In the matter of Drs. A. Crichton of Castleton and H. E. Hett of Berlin, against whom the charge of unprofessional conduct had been laid, it was recommended that their cases be referred to the discipline committee for investigation.

Denounce Patent Medicines.

The most interesting feature of the afternoon's sitting was the report of the committee on patent medicines. It was recommended that the Dominion Government be memorialized in a petition setting forth the necessity of a law requiring that the formulae of all patent medicines be printed on the bottles containing them, and asking when such medicines were advertised to cure certain ailments which the formulae would not warrant, that such representations be made an indictable offence. The report declared that the majority of patent medicines contained alcohol, that their continued use was detrimental to the public health, and that they induced habits of intemperance.

Finances Are Satisfactory.

The financial statement presented showed a balance on hand of $5400, and that during the year $7500 had been paid off on the mortgage on the building, which was considered very satisfactory. It was estimated that during the coming year the receipts would amount to $29,300, with expenditures of about $22,000, and estimated surplus of over $7000. The registrar's salary was increased to $2500, and the treasurer's to $600.

Honored Dr. Thorburn.

An address of appreciation of the work of Dr. Thorburn was made, he having decided to retire from the council after many years' service.

LA PATRIE WILL CHAMPION UNITED LOYAL SENTIMENT

"We Enjoy All Liberties, Are Part of Powerful Empire, Let Us Be Proud."

Montreal, July 1.—(Special.)—"Let us be proud of the name Canada; let us also be proud of our British citizenship." The above concludes a very patriotic article which appeared in La Patrie this evening, coming, no doubt, from the pen of Hon. J. I. Tarte.

"This," begins the article, "is the anniversary of the Canadian confederation that is the fete of all Canadians. Thirty-seven years ago the several provinces of British North America were united under one government. As a matter of fact, we have only to rejoice at the progress accomplished by our country during that time. We have everything that is necessary to make us a strong and happy people.

"La Patrie, which has had the privilege of understanding the resources of Canada, will in future champion with more energy and perseverance than ever before the adoption of a policy capable of developing that great measure of riches and prosperity with which Providence has endowed us.

Of One Family.

"Let us have no prejudices the one against the other; let us remember that we are the members of one great family, and that we have been called to live under the same laws, the same flag, and under the same institutions. Let us not be carried away by mean jealousies; let us seek rather to rival one another in the rapid march towards material and moral development. Let us French-Canadians never permit ourselves to be distanced by those who surround us, for it was the practice of those solid civic virtues that constituted the force of our ancestors. Let us remain attached to that faith which was the force and consolation of our fathers in the days of battle for our national existence."

All the Liberties.

Then Mr. Tarte adds:

"In our opinion the present state of things is the best we can desire. We enjoy all the liberties to which any nation can aspire—liberty of worship, liberty of teaching, and parliamentary and municipal liberty. We form part of a powerful empire. The flag that floats over this Canadian land enjoys thruout the world an undisputed prestige. Let us, therefore, be proud of our Canadian and British citizenship."

RAIN SPOILED HOLIDAY STEAMER TRAFFIC HEAVY

Wet Dominion Day First in Thirteen Years and on a Friday.

While the weather yesterday was a decided disappointment to those who had relied on outdoor engagements for their pleasure, Toronto has been so well favored in the past on Dominion Day that there is little room for complaint. After all, the day might have been much worse, the rainfall only amounting to .26 of an inch, and being confined to an hour at noon and an hour in the afternoon.

One has to go back 13 years for a similar day. Then it rained in the morning, but ceased at 9.10 a.m., and there was a little more at noon, and again in the evening. In the previous year, 1830, an inch of rain fell as the result of a violent thunderstom between 6.30 and 7 in the morning, with thunder at intervals during the day and a little rain in the evening.

There was bad weather all over the province yesterday and it extended to the maritime provinces, tho there were local patches of sunshine and fair skies. There was no rain at Parry Sound, and the fall was very slight in Northern Ontario. Kingston had none and Quebec was fair, but Ottawa had a thunderstorm. Beautiful weather prevailed in Manitoba and the Northwest.

Toronto will have her turn to-day, when the weather bureau guarantees something good in the shape of a fine clear day, with Sunday to follow suit. No very warm weather is in sight at present.

S.O.E. PICNIC.

The threatening weather yesterday did not deter the Sons and Daughters of England from gathering in thousands at Exhibition Park to participate in their third annual demonstration. While the rain prevented the committee from carrying out the splendid program provided, it did not dampen the enthusiasm of the crowds which almost filled the grounds. The band of the Royal Grenadiers rendered an excellent musical program and were accorded very hearty applause. A number of the races were run off in the green sward in front of the stand and in the evening a fine vaudeville performance was given, in which Miss Lillie Blektsoe, the cornet soloist; T. E. Kyle, Fred Collett, Alf Couham and Mr. McGuir participated, in addition to other specialists and the band.

Field Battery's Noonday Salute.

While the awards in the horse parade were being distributed and the rain had just begun to fall, the Field Battery were seen marching up Queen's-avenue at a smart pace, dragging their guns to the saluting point. A large crowd waited for the drill, and the steps of the Parliament Buildings and the porch were filled with those in search of shelter and a sensation. With admirable briskness the guns were unlimbered and the battery stood to attention until the big clocks began "to hammer out the twelve great shocks of noon.' Captain Wyly Grier gave the word, "No. 1 Gun," and the ladies winced as the discharge followed the command. Another wrench from the gunner, and bang went No. 2, while No. 1 moved with a celerity truly military in getting ready for the next round. Thre round a were fired, and brought down a little more rain than was welcome. Not a few remarks were made in compliment to the smartness of the men in serving the guns, and in limbering up again and disappearing when the salute had ben fired. Down the avenue they marched thru the rain with a swift steadiness which has told of old on many a roaring field and in sterner patriotism than of yesterday.

Steamboat Traffic Heavy.

"It's the biggest Dominion Day traffic we've ever had," declared the representative of the Niagara and St. Catharines line. The Hamilton Steamboat Company had the same story to tell. With them it was a bigger 1st of July than had been. They had handled over 2500 passengers. The Niagara Navigation Company got away with a bumper crowd of well on to 5000, while the Toronto, Ojibway, Argyle and City of Owen Sound drew a measure of support that was more than satisfactory to the management.

The Turbinia, it may be said, swung into the holiday traffic in most auspicious style. She carried a goodly number of passengers on her three trips from Toronto and brought in large contingents from the Ambitious City. Hundreds watched her arrival here in the afternoon. The steamer pre-empted for the holiday the Argyle's new location on the east side of the city dock.

Biggest Yet.

The Owen Sound on arrival last night brought in the biggest consignment of strawberries so far this season.

Just as It Used to Be.

Bob Harrison was back at his old stand, the upper gate of the Union Station, for the first time yesterday, and received many a glad hand from old acquaintances.

LYNCHED AND RIDDLED.

Negro Meets Usual Punishment at Hands of Georgia Mob.

Cartersville, Ga., July 1.—John Jones, the negro assailant of Mrs. Oscar Banister, was lynched near the scene of his crime about nightfall to-day.

Judge Fite made a speech in an attempt to restrain the crowd of about 200, but it was useless.

The negro's body was riddled with bullets, more than 500 shots being fired.

Jones was arrested to-day and identified as the assailant of Mrs. Banister, who lives at Altoona, Ga.

He was taken away from Sheriff Maxwell by the mob late this afternoon.

CAPTAIN ALLOWED BAIL.

New York, July 1.—Capt. Van Shaick was to-day admitted to bail in the sum of $5,000. He was taken to the coroner's office in an ambulance for the Leb Hospital, to which he returned after his bond had been signed.

The game was fast and clean, no players on either side having to go to the line. The score was 2 to 1 in favor of Dundas. Detroit scored their goal in the last half minute. TROOPS, POLICE, FIREMEN TO EXPEL FRENCH MONKS

Violent Resistance and Barricades Were Futile and Occupants Were Flooded Out.

Nantes, July 1.—The extensive establishments of the Premonstrant and Capuchin orders were closed to-day after violent resistance. The Premonstrant monks barricaded their doors and windows.

A battalion of infantry and a detachment of dragoons assisted the police.

Firemen finally deluged the monastery with water, forcing back the monks from the barricades.

The occupants were taken out by means of ladders.

Similar expedients were used to expel the Capuchin monks.

ASSAULTED A POLICEMAN.

Midnight Affray at Bloor and Bathurst-Streets.

At one o'clock this morning P. C. Munro (31), while aresting Arthur Sell, 85 Jersey-avenue, for disorderly conduct, was struck over the head with a beer bottle. He landed his man at the patrol box at Bloor and Bathrust streets, however, and when the patrol arrived, Thomas Noble, who was with Sells, was also taken in charge for obstructing the policeman while making the arrest.

HEAVENS DECLARE FOR CLEVELAND

Stroke of Lightning Affords Queer Omen to Supporters.

Washington, July 1.—Former President Grover Cleveland's stock as a possible nominee of the St. Louis convention took a sudden rise here today, influenced by a freak of lightning.

A Democratic representative from the south was discussing politics with a Republican newspaper correspondent in the rotunda of the capitol during a thunder shower this afternoon, when the name of Mr. Cleveland was brought up as a candidate for the presidency.

"Why," said the representative, "Grover Cleveland has just about as much chance of being nominated at St. Louis as this capitol has of being struck by lightning."

These words were hardly spoken when lightning struck the capitol's dome and ran down to the steps on the west front, discoloring the stone. The shaft then passed thru a window in the hallway near the office of the clerk of the United States Supreme Court. Beyond shocking one of the capitol employes little damage was done.

THE PLOT THICKENS.

St. Louis, July 1.—Two distinct lines of operation developed to-day in the preliminary skirmishing of the Democratic National Convention.

One is a scheme to rush the nomination of Judge Parker on the first or second ballot, and the other is to scatter the vote and prevent an early nomination with a view to naming Cleveland or Gorman.

Battle in Gotham Streets.

New York, July 1.—Fifteen persons and possibly more than that were wounded in a race riot between Irish and Italians in East Fifteenth-street last night. Six of the wounded are injured severely and include two policemen. Ten arrests were made. For a quarter of an hour bullets flew in all directions, and knives and clubs were brandished over the heads of 200 angry men and women, and the police were unable to stop the fighting. Hundreds of shots were fired and many outsiders were slightly wounded. The row was the outgrowth of an old feud that has been making trouble for the police of that locality for several years.

SAME ALL OVER.

Windsor, July 1.—Over eighty thousand dollars' Increase for the fiscal year ended yesterday is the showing for the customs collection for the Windsor office. The total collections were $586,400.
