DAUGHTER RESTORED, MOTHER OVERJOYED

"I am so Thankful I Just Want to Tell Everybody About Tanlac," Says Fairview Woman.

"I am so thankful to see my daughter strong and well again that I just want to tell everybody about Tanlac," declared Mrs. Frank Clark, of Fairview, N. S., recently.

"All last year Marjorie was in failing health. She was studying hard so as to finish up high school and the strain just seemed to affect her whole system. Her appetite left her and she ate so little you couldn't miss it from the table. She complained of severe pains in the chest and a heavy, pressing feeling around her heart and lungs. She had a bad cough that she just couldn't get rid of. She fell off in weight, looked pale and delicate and was all the time complaining of how weak and droopy she felt.

"But I'll declare I was surprised to see how quickly she began to improve after she started taking Tanlac. She took five bottles and now I never hear a complaint of any kind from her. Her appetite is splendid and she has gained a lot in weight and looks like a different girl. That cough has left her and she sleeps just fine and, in fact, is in the best of health."

Tanlac is sold by F. W. Munro, and the Ross Drug Co.; L. C. Allingham, Campobello, N. B.—(Advt.)

BIG SLEET STORM

Omaha, Neb., Jan. 25—Telephone and telegraph facilities were crippled in Nebraska, today by snow and sleet. Telephone company officials said that 2,000 poles had been levelled by the weight of sleet on the wires, resulting in $75,000 damage.

DOG ON TRIAL.

Wichetser, Ky., Jan. 26.—"Old King," a blooded foxhound owned by Frank Jones, is on trial for murder. He is alleged to have killed sheep. The trial is being conducted along regular lines, with a prosecutor, a defending attorney and several character witnesses.

ATTACKS SINN FEIN

Boston, Jan. 25—Rear Admiral William Sims, U. S. N., at a mass meeting arranged by the Loyal Coalition here, tonight, said that to him it was inconceivable that United States citizens of Irish nationality could support the Sinn Fein "knowing what they do about them."

SAYS STORK IS TOO BUSY.

Boston, Jan. 26.—A Spencer, Mass., physician complains that the stork is making too many trips to his patients. Five births within a day all within a few doors of each other, have kept the physician busy.

Surely, you want to keep well right through the winter.

YOU don't want to suffer with an ulcerated throat or inflamed tonsils.

You don't want to be bothered with a racking cough that is disagreeable all day and that keeps you awake at night. You don't want to be in bed for months with pleurisy or pneumonia.

If you wish to keep well, realize at once that a cough is a dangerous, insidious disease, which should be stopped at its very outset, and not allowed to develop into anything more serious.

An ounce of prevention is indeed worth many pounds of cure, in the case of a cold.

DOMINION C. B. Q. TABLETS are the ounce of prevention that prevents a cold from developing into tonsillitis, bronchitis, or pneumonia.

These tablets contain Cascara, Bromide and Quinine in a pleasant form; are mildly laxative; relieve headache and neuralgia; and break up a cold in a few hours.

All druggists sell DOMINION C. B. Q.

Insist on having them.

EXPANSION OF Y. M. C. A. WORK IS RECOMMENDED

At the annual meeting of the maritime division of the National Council of the Y. M. C. A. held yesterday at which C. J. Burchill of Halifax presided, much of interest was discussed. The annual report of the maritime territorial committee of the National council for 1920 was presented by L. A. Buckley. A. M. Gregg reported for the co-operative boys' programme through the churches dealing with the formation of the Tuxis Boys and Trail Rangers. The report of the military and immigration work was given by A. H. Jones and J. B. Hogan. Mr. Burchill reported on student work. P. F. Moriarty reported for the foreign work of the association and said that of the $55,000 contributed by the national council for this work the maritime division had contributed $3,800.

The financial statement, submitted by A. W. Robb, showed total receipts of $61,156.56, including $38,500; grant from headquarters, $7,756.76, balance of the previous year; regular receipts from the campaign, $10,759 11; from sale of equipment, $269 87, and interest $55, making total regular receipts of $11,083.98 and total military receipts of $3,815.85.

Disbursements for regular work were as follows: Administration, $6,578.87; boys' work, $5,193.18; industrial work, $750; student work, $1,860.54; district supervision, $2,621.26; campaign, $743.13; total, $17,746.98. Total military expenditure was $42,957.32 and the balance in the bank was $452.29.

Boys' Work Secretary.

A. M. Gregg in his report as Boys' Work secretary referred to the opening of the Glace Bay and Fredericton associations. The members of the various Y. M. C. A. divisions were given as follows: Halifax, 350; St. John, 465; Moncton, 167; Truro, 125; Fredericton, 150; Charlottetown, 98; Glace Bay, 75; total, 1430. Mr. Gregg made a strong plea for the carrying of Boys' work into the rural and isolated communities.

The report of the military and immigration work was given by A. H. Jones and supplemented by J. B. Hogan.

C. J. Burchill reported on student worw, saying that this branch of social service had been transferred from the Y. M. C. A. to the Students' Christian Association.

Recommendations.

The report of the committee on policy contained several recommendations. Those which were passed by the meeting were as follows: That the maritime division be asked to raise a minimum of $5,000 this year for foreign work; that in view of the importance of immigration work and owing to its national and international character and the opportunities presented to the local associations, it is recommended by the maritime division that this special branch of Y. M. C. A. activities be continued under the supervision of the national council; that the educational service re-correspondence courses and association night school for ex-service men be continued during 1921 on the same basis as now carried on; that the national council take into consideration a policy for the permanent militia forces, especially the summer training camps and the cadet camps.

The final recommendation of the policy committee was that the advisability of holding a maritime convention at an early date should be considered, the aim of the convention being to obtain a survey of the whole field of work for men and boys. The last convention of this kind was held twelve years ago.

Officers and Committees.

The report of the nominating committee was submitted by A. W. Robb and was accepted as follows:

Schofield, St. John; J. A. Reed, Fredericton; J. E. Masters, Moncton.

The Ladies' Auxiliary entertained the members at a supper served in the building which was greatly appreciated. A hearty vote of thanks was extended to the ladies for their hospitality.

To National Council.

Several of the members left last night to take the recommendations of the meeting to the National council. Among them were R. G. Schofield, A. B. Stokes and L. A. Buckley.

An Investment Better than Ponzi's

Even if Ponzi's get-rich-quick scheme had proved a wonderful success, it would not have been such a blessing to humanity as is Buckley's Bronchitis Mixture, the one sure remedy for colds, coughs, bronchitis, chronic asthma and other throat and chest troubles. Ponzi's scheme only meant wealth. Buckley's means health and perhaps life. If you have a cold or hacking cough, beware the saying: "Cold—cough—coffin." Don't run risks. Get a bottle of Buckley's Mixture—and get it to-day. One dose will bring relief. It has helped thousands, and it can do the same for you.

Buckley's Mixture is not a soothing syrup. It is a scientific preparation, twenty times more effective than other cough mixtures. Ask your druggist for it, and look for the name on the carton. Take no substitute. Price 75c. a bottle. For sale at all Drug Stores or by mail from W. K. BUCKLEY, LIMITED, 142 MUTUAL ST., TORONTO. 9

YOUNG HUNTER GOT MOOSE

12-Year-Old Boy Shot Magnificent Specimen in New Brunswick Woods.

Vancouver, Jan. 26—Morrison Scott, a sturdy English lad just past his twentieth birthday, and believed to be the youngest big game hunter in Canada, i here with his father, R. C. Scott, whose permanent address is London, England, but who is just as well acquainted with the forests of East Africa and the plains of Egypt as with Piccadilly or Hyde Park.

Scott, senior, has hunted big game the world over, but this is Morrison's first trip. His first trophy is a moose head of gigantic proportions, bagged near the source of the Miramichi river, in the woods of northern New Brunswick. The lad killed the bull with one shot, breaking its spine.

Father and son are here for a few days on their way to California. Next spring they will hunt in Alaska, and a little later will hunt for bear in northern British Columbia.

While here the Scotts have made the acquaintance of another celebrity, E. T. Bell, a Queensland millionaire cattleman, whose home ranch covers an area of 800 square miles. Another ranch measures 300 square miles, while scattered here and there are odd holdings of from 20,000 to 30,000 acres apiece. On this land Mr. Bell runs 25,000 sheep, 20,000 head of cattle, and 1,000 head of horses, many of blue-blooded pedigree stock.

Young Morrison Scott is keenly interested in Mr. Bell's stories of "station life," in the Antipodes, and doubly so in the incidents connected with the visit of the Prince of Wales, who was a guest of the cattle king for several days.

Mr. Bell, in addition to being a land baron, is interested in politics and is now serving his eighth term in the legislature. As one might naturally expect, Mr. Bell has little sympathy with the advanced labor legislation forced on his country by the party in power, and earnestly hopes for the return of what he terms a "safe and sane administration."

FREE KINDERGARTEN.

At a meeting of the executive of the Free Kindergarten Association yesterday afternoon with the president, Mrs. F. E. Holman, in the chair, it was decided to hold a tag day next month and arrangements were made. Mrs. Robinson, supervisor, submitted a report and the treasurer's report showed that the total amount received in contributions amounted to $914.35 which included a gift of $400 from W. F. Hatheway. Total receipts amounted to $823.68 and there is a balance on hand of $804.73 from the teacher's salaries are yet to be paid. Mrs. H. H. Pickett was appointed to represent the society in the nominations of officers for the women's council. A special programme will be given by the society before the women's council in which Mrs. Robinson, Mrs. Pickett, Mrs. Flewelling and Miss Gunn will take part.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get 16 ounces—a family supply—of much better cough syrup than you could buy ready-made for $2.50. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

RUNNING TO FATHER; CHILDREN DROWNED

Fell Into Cutting in Ice Made by Their Parents—Fatality at Vaudreuil, Que.

(Montreal Gazette.)

Running to meet their father, who was crossing the ice from Isle Perrot, Margaret Downs, six years of age, and her brother, William Downs, four years of age, of Vaudreuil, on Saturday afternoon and fell into a hole near the roadway and were drowned.

The children had been playing on the bank of the Ottawa river opposite their home during the afternoon and were on the lookout for their father, who had gone to Isle Perrot to bring back a load of lumber for his neighbor, Ulric Lalonde. Apparently the children saw their father starting from the opposite shore with his load of lumber. With their sled and a small snow shovel with which they had been playing, the children took the ice road across the river, but examination later showed that at a point where the road passes near a hole in the ice, the children had taken a short cut and fell into the water.

The hole had recently been made by the children's father, Stephen Downs, when he cut the ice to gather in his supply for the coming summer. The hole is about twenty feet square and not protected in any way.

Downs, coming across the river with his team, did not see anything of the children. It was nearly an hour later before he learned of the fatality.

At about 3.30 o'clock Mrs. Downs became aware that the children were not visible, searched for them and found the sled and the little shovel lying by the hole in the ice. She shouted and her neighbor's daughter heard the cry and called her father, Ulric Lalonde. The latter ran out on the ice and found the body of Willie floating in the open space. The body was quickly recovered from the water. Dr. D. Bellemare, of Vaudreuil, was summoned by telephone.

Recovered Second Body.

The doctor happened to have as a visitor Dr. Palement, of Cascades, and both proceeded to the Downs' home. The doctors worked over the boy's body for nearly two hours before they gave up their efforts. While the doctors were attempting artificial resuscitation the second body was recovered. Lalonde used a rake under the ice and finally found the body of Margaret.

It was just before the recovery of the second body that Downs arrived, the road from Isle Perrot ending opposite his home. He was told of the accident and set to work with Lalonde in the search for the body of the little girl.

Dr. Bellemare said last night that the children's footsteps could be traced to the edge of the hole from where they had left the road.

Coroner McMahon was notified of the accident Saturday night and disposed of the case yesterday without calling a jury.

Possess Good Health By Looking After THE BOWELS

A free motion of the bowels, once or twice a day, should be the rule of every one, as half the ills of life are caused by allowing the bowels to get into a constipated condition.

When the bowels are allowed to become constipated, the stomach gets out of order, and the liver does not do its work properly on account of holding back the bile so that it does not pass through the bowels, but is allowed to get into the blood, thus causing a poisoning of the whole system.

If you would escape constipation, sick and bilious headaches, heartburn, floating specks before the eyes, coated tongue, foul breath; the nasty irritating bleeding, itching and protruding piles you should keep your liver stirred up by the use of Milburn's Laxa-Liver Pills.

These pills, being purely vegetable, keep your liver working actively, helping it to resume its proper functions, and thereby removing the bile that is circulating in the blood and poisoning the whole system.

Mrs. H. Barrows, Enfield, N. S., writes: "I was troubled with sick headaches and constipation. One day a friend told me of Milburn's Laxa-Liver Pills. I got two vials, and found they did me a world of good. I therefore have great faith in them."

Milburn's Laxa-Liver Pills are 25c. a vial, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

WOMAN SO ILL COULD NOT WALK

Lydia E. Pinkham's Vegetable Compound Restored Her to Health.

Perth Amboy, N.J. — "For three years I suffered with a severe female trouble, was nervous, had backache and a pain in my side most of the time. I had dizzy spells and was often so faint I could not walk across the floor. The doctor said I would have to have an operation. I read about Lydia E. Pinkham's Vegetable Compound in my newspaper, and tried it. Now I am better, feel strong, have no pains, backache or dizzy spells. Every one tells me how well I look, and I tell them to use Lydia E. Pinkham's Vegetable Compound — that is what makes me feel well and look well. I recommended it to my sister and she is using it now. You can use this letter if you wish, for it is certainly a grand remedy for a woman's ills." — Mrs. MARTHA STANISLAWSKI, 524 Penn St., Perth Amboy, N.J.

For forty years Lydia E. Pinkham's Vegetable Compound has been overcoming such serious conditions as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.
